Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WOLF & COMPANY, P.C.**

(2) EIN: **04-2689883**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

To the Plan Sponsor
Consolidated 403(b) Program of
Mass General Brigham and Member Organizations

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Consolidated 403(b) Program of Mass General Brigham and Member Organizations (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of September 30, 2025 and 2024 and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

The Consolidated 403(b) Program of Mass General Brigham and Member Organizations (the Plan) is a defined contribution plan covering substantially all eligible employees of Mass General Brigham Incorporated (the Company, the Plan Sponsor) and most of its affiliated organizations.

The following description of the Plan provides only general information. Participants should refer to their respective plan agreements for a complete description of their plan provisions.

The Plan includes certain legacy plans that over time have merged into the Plan. The mergers did not result in any change in the benefits, rights or features of any participants or beneficiaries under the respective plans.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan allows participants and employers to make contributions based on the Plan provisions applicable to their respective employer group. Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting

As of September 30, 2025 and 2024, participants in the Plan are vested in their account balance based upon the plan provisions applicable to their respective employer group.

Investment Options

The Company utilizes a four-tier investment structure for all retirement savings plans. The tiered structure allows participants to select investments based on their desired level of involvement.

Tier 1	Easy Choice	Vanguard Target Retirement Date Funds
Tier 2	Guided Choice	Ten prescreened registered investments
Tier 3	Open Choice	Registered investments available through a self-directed brokerage account, via Fidelity Management Trust Company (FMTCT) BrokerageLink
Tier 4	Annuity Choice	Teachers Insurance and Annuity Association of America (TIAA) Traditional Annuity, College Retirement Equity Fund (CREF) Total Global Stock Account Variable Annuity, TIAA Real Estate Account Variable Annuity and Nuveen Money Market Fund

FMTCT is the lead administrative vendor and assists participants with Tier 1, Tier 2 and Tier 3 fund options under the line-up. This arrangement streamlines services, enhances retirement planning tools and reduces plan expenses, leading to increased returns and lower service-fee investments.

Employees who were members of certain legacy plans are allowed to maintain their former investments in Lincoln National Life Insurance Company (LFG), Corebridge, Voya Retirement Insurance and Annuity Co. (Voya), Security Benefit Life, Inc. (SBL), Lincoln Investment Planning, LLC as authorized agent for Pershing LLC, N.A. Custodian (Lincoln), American Funds, Mutual of America, New York Life Trust Company, Metropolitan Life Insurance Company and MetLife Insurance Company USA (MetLife), Brighthouse Life Insurance Company (Brighthouse), Nationwide Life Insurance Company (Nationwide) and Delaware Life Insurance Company (Delaware Life).

The Plan custodians (Custodians) are FMTC, TIAA, LFG, Corebridge, Voya, SBL, Lincoln, American Funds, Mutual of America, New York Life Trust Company, MetLife, Brighthouse, Nationwide and Delaware Life.

Participant Account

An account is maintained in the name of each plan participant. Each participant's account is credited with the participant's contributions and with company contributions and charged an administrative fee. Investment earnings and losses are allocated to the participant's account based upon the participant's particular investment selections and the actual returns of those investments. Participants may change their investment options daily. Contributions for participants who do not make an investment allocation election are placed into the appropriate Vanguard Target Retirement Date fund based on age.

Notes Receivable from Participants

Eligible participants may borrow from their accounts up to a maximum amount, which is equal to the lesser \$50 or 50 percent of their vested account balance subject to certain limitations. In no event will the participant be granted more than two outstanding loans. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 2.95 percent to 9.50 percent equal to the prime interest rate as determined on the first business day of each calendar quarter when published in the Wall Street Journal, which were commensurate with prevailing rates at the time the loans were initiated or the rate provided by the insurance contract. The loan must be repaid in ratable installments of both principal and interest.

Prior to April 1, 2020, participants could borrow directly from TIAA, subject to the same limitations as described in the preceding paragraph. Collateral equaling 110 percent of the requested loan amount must be held in the TIAA Traditional annuity contract. Loans borrowed directly from TIAA (Plan loans) are not shown in the Plan's statements of net assets available for benefits, as the loans are not made from Plan assets and therefore are not assets of the Plan. When the Plan loan is issued, the collateral for the Plan is held within the borrowing participant's TIAA Traditional annuity account balance. Loan interest rates are variable at prevailing interest rates and can be increased or decreased once a year by TIAA. Principal and interest is paid ratably by the participant to TIAA. A default charge will be assessed against the portion of loan collateral used to foreclose on all or part of any loan.

Loan balances outstanding to TIAA from the Plan's participants were \$1,271 and \$1,611 as of September 30, 2025 and 2024, respectively. As of September 30, 2025 and 2024, loan collateral of \$359 and \$379, respectively, was foreclosed upon by TIAA and segregated from participant accounts to repay the defaulted loan and at the proper time, a distributable event occurs.

See independent auditor's report.

Payment of Benefits

On termination of service due to retirement, death, disability, or, if actively employed upon reaching age 59½ (age 65 for employer contributions), a participant may elect several distribution options. A distribution whose value is \$5 or less shall be distributed in a lump-sum cash payment or can be rolled over, in part or in whole, to another qualified retirement plan. For distributions greater than \$5, the participant may elect to continue to maintain an account balance in the Plan until they reach the Minimum Required Distribution age according to federal rules; elect to receive income from the account through the purchase of an annuity, scheduled cash payments or periodic cash withdrawals; or receive a lump-sum distribution.

Forfeiture Accounts

Forfeitures resulting from non-vested terminations will be used to reduce future employer contributions to the Plan. At September 30, 2025 and 2024, forfeited non-vested accounts totaled \$950 and \$380, respectively. In 2025, \$931 were used from forfeited non-vested accounts to offset employer contributions.

Revenue Sharing

As part of the administrative agreements with FMTC and TIAA, the Plan Sponsor receives revenue credits based on revenue earned and the value of plan assets held by FMTC and TIAA. The Plan Sponsor uses these revenue credits to reduce administrative expenses charged to plan participants.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, with the exception of fully benefit responsive investment contracts which are reported at contract value. The Plan's valuation policies are based on information provided by the Plan's Custodians and insurance companies.

The Plan's fully benefit responsive investment contracts with TIAA and LFG are valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

See independent auditor's report.

Consolidated 403(b) Program of Mass General Brigham and Member Organizations

Notes to Financial Statements

(\$ in thousands)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the employer contributions are recorded in the year in which participant compensation is earned.

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan's expenses are paid either by the Plan or Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred and paid in connection with the general administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

3. Information Certified by the Custodians

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to certain investments and notes receivable from participants held as of September 30, 2025 and 2024 totaling \$16,725,158 and \$14,906,907, respectively, and net appreciation in fair value of investments and interest and dividend income for the year ended September 30, 2025 totaling \$1,918,786 was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC, TIAA, LFG, Corebridge, Voya, SBL, Lincoln, Mutual of America, MetLife, Brighthouse and Nationwide, all of which are qualified institutions.

Investments at fair value amounting to \$2,138 and \$1,938 as of September 30, 2025 and 2024, respectively, and related net appreciation in fair value of investments and interest and dividend income \$300 for the year ended September 30, 2025 are not certified.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (also referred to as exit price). Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. In determining fair value, the use of various valuation approaches, including market, income and cost approaches, is permitted.

Fair Value Hierarchy

A fair value hierarchy has been established based on whether the inputs to valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's assumptions about the inputs market participants would use. The fair value hierarchy requires the reporting entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. In addition, for hierarchy classification purposes, the reporting entity should not look through the form of an investment to the nature of the underlying securities held by an investee.

The hierarchy is described below:

- Level 1:** Valuations using quoted prices in active markets for identical assets or liabilities. Valuations of these products do not require a significant degree of judgment. Level 1 assets and liabilities primarily include debt and equity securities that are traded in an active exchange market.
- Level 2:** Valuations using observable inputs other than Level 1 prices such as quoted prices in active markets for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in markets that are not active; broker or dealer quotations; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3:** Valuations using unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Valuation Techniques

Following is a description of the valuation techniques used for assets measured at fair value:

Registered investments: Registered investments characterized as mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at the closing price reported on the active market in which the individual accounts are traded. The account includes registered investments, common stock, cash and non-interest bearing cash.

See independent auditor's report.

Consolidated 403(b) Program of Mass General Brigham and Member Organizations

Annuity contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Pooled separate accounts: Valued at accumulated unit value (AUV), which is determined by the account manager based on the market value of the underlying real estate holdings or other real estate-related investments. Although the underlying assets of the pooled separate accounts cannot be quickly sold and converted to liquid assets, TIAA provides the pooled separate accounts with a liquidity guarantee. The AUV is used as the practical expedient to estimate fair value. There are no restrictions as to the redemption of these investments, nor did the Plan have any unfunded commitments as of September 30, 2025 and 2024.

The following tables summarize fair value measurements for financial assets measured at fair value on a recurring basis or valued using AUV as a practical expedient:

5. Fully Benefit Responsive Guaranteed Investment Contracts

The Plan entered into a fully benefit responsive guaranteed investment contract with TIAA and LFG. TIAA and LFG maintain the contributions in a general account. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the

principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA and LFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Only upon certain events, such as a plan termination, merger or spin-off, which are specifically outlined in the contract, are the participants or the Plan limited in their ability to transact at contract value and a market value adjustment is made. As of September 30, 2025, no such events have occurred or are probable of occurring that might limit the ability of the Plan or the participants to transact at contract value with the contract issuers.

6. Related-Party and Party-in-Interest Transactions

During the plan year, certain Plan investments were managed by the Custodians or affiliates of the Custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

FMTC provides certain administrative services to the Plan pursuant to a Master Custodial Account Agreement between the Company and FMTC. The Plan receives revenue from various mutual funds which are used to offset certain amounts owed to FMTC for its administrative services to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine. Upon termination, participants become fully vested in their accounts.

8. Tax Status

The Plan Sponsor and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan continues to be tax-exempt. Accordingly, no provision for income tax has been recorded in the accompanying financial statements.

Accounting guidance requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has concluded that there are no uncertain positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to examinations for years prior to 2022.

See independent auditor's report.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has assessed the impact of subsequent events through June 22, 2026, which is the date the financial statements were available for issuance. There were no such events that required adjustment or disclosure in the notes to the audited financial statements.
