Plan Administrator
Northern Light Health Retirement
Partnership 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Northern Light Health Retirement Partnership 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section for the financial statements of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Northern Light Health Retirement
Partnership 403(b) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Northern Light Health Retirement Partnership 403(b) Plan (formerly the EMHS Retirement Partnership 403(b) Plan) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan sponsored by Northern Light Health (NLH). Substantially all employees of NLH and certain affiliated organizations named as participating employers in the Plan's adoption agreement (collectively, the Employer) are eligible to participate in the Plan. Employees are eligible immediately upon hire. Employees who complete 1,000 hours of service in the 12 months following their date of hire, and have attained age 21, are eligible to receive employer matching contributions beginning January 1 or July 1 following their one-year anniversary. Fidelity Management Trust Company serves as the Plan's custodian and maintains the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides that eligible employees can contribute to the Plan through payroll deferrals at specified percentages of their compensation (as defined under the Plan). Participants may defer up to 84% of their compensation subject to Internal Revenue Service (IRS) limits. Under current IRS regulations, amounts contributed by participants are excluded from the participants' taxable income until such amounts are received by them as a distribution from the Plan. However, the Plan also provides that the employer, when extending the benefits of the Plan to any employee, may place limitations on the amount of employee contributions to comply with certain statutory limitations.

Except for those affiliated organizations mentioned below, employees of the employer who are eligible and participate in the Plan receive an employer matching contribution of 50% (100% for certain grandfathered participants) on the first 4% of the participant's eligible compensation. Effective July 1, 2025, employees of the employer who are eligible and participate in the Plan with five or more years of service receive an employer matching contribution of 75% on the first 8% of the participant's eligible compensation and employees with less than five years of service receive an employer matching contribution of 50% on the first 6% of the participant's eligible compensation.

Employees of Mercy Hospital and Northern Light Home Care and Hospice who are eligible and participate in the Plan receive an employer matching contribution of 50% (75% for participants with 15 or more years of service) on the first 5% of the participant's eligible compensation. Participants who meet certain eligibility requirements also receive an employer nonelective contribution of 2% (3% if, on the last day of the plan year, the employee earns an hourly wage of $13.50 or less) of the participant's eligible compensation.

Participants employed by Maine Coast Hospital who meet certain requirements will receive an employer matching contribution of 25% of the first 4% of eligible participants' compensation. Maine Coast Hospital participants may also receive a discretionary non-elective contribution. This discretionary non-elective contribution was 1.25% of the participant's eligible compensation (3% for union employees) for 2025 and 2024.

Participants employed by Sebasticook Valley Hospital who meet certain requirements will receive an employer matching contribution of 50% of the first 7% of participant's eligible compensation.

Participants employed by A.R. Gould Hospital who meet certain requirements will receive an employer matching contribution of 100% on the first 1% of the participant's eligible compensation (2% for participant's with at least five or more years of service). Participants who meet certain eligibility requirements also receive an employer nonelective contribution ranging from 2% - 3.5% dependent upon years of service.

Participants employed by Mayo Hospital who meet certain requirements received an employer matching contribution of 100% of the first 2% of the participant's eligible compensation. Mayo Hospital participants may also receive a discretionary matching contribution.

Investment Options – Participants may direct their contributions, employer match contributions and any related earnings into various investment options. Investment objectives are as stated in the prospectus. The Plan currently offers several mutual funds and a guaranteed annuity contract as investment options for participants.

Vesting – Participants are fully vested at all times in their employee elective deferral account and are not subject to forfeiture for any reason. Participants are fully vested in employer contributions after three years of vesting service.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled $274,369 and $269,703, respectively. Forfeited balances of terminated participants will be used to reduce administrative fees and future employer contributions. During the years ended December 31, 2025 and 2024, $338,399 and $89,305, respectively, of forfeitures were used.

Payment of Benefits – Participants receive distributions upon the occurrence of the following events: (i) termination of employment, (ii) attaining normal retirement age, (iii) becoming disabled, (iv) demonstration by the participant to the plan administrator that the participant is experiencing hardship, as defined in applicable regulations promulgated or to be promulgated pursuant to Section 403(b) of the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or his/her delegate, or (v) attainment of age 59½. Participants may elect to receive part or all of his/her distribution in a lump sum, installment, an annuity, or have the amounts rolled over. Absent an election by the participant, distributions of less than $1,000 are made in a lump sum; distributions between $1,000 and $7,000 are automatically rolled over to an IRA; and amounts over $7,000 are maintained in the Plan.

Participant Accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, rollovers and allocations of (1) employer discretionary contributions, and (2) plan earnings, and charged with an allocation of Plan losses and expenses. Allocations are based on participant earnings of account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their own contributions up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's accounts and bear interest at rates that range from 4.25% to 9.50%. Interest rates are set at prime plus 1% at the time of the loan. Principal and interest is paid ratably through a monthly debit from the participant's savings or checking account.

2. Summary of Significant Accounting Policies

Method of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various mutual funds and a group annuity contract which invests in various securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefits – Benefits to participants are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are stated at net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. See Note 8 for discussion of fair value measurement.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses – The Plan allows for payment of any expenses incurred in administering the Plan to be paid by either the Employer or the Plan. For the years ended December 31, 2025 and 2024, respectively, the Plan paid for $1,060,196 and $1,092,397 of administrative expenses related to plan administration, with remaining expenses paid for by the Employer. Expenses paid for by the Employer are not reflected in these financial statements.

3. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

4. Information Certified by the Custodian of the Plan

The Plan's financial statements and supplemental schedule were derived from information prepared and certified by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. This information is disclosed in the following:

Statements of Net Assets Available for Benefits
- Participant-directed investments – at fair value
- Participant-directed investment – at contract value
- Notes receivable from participants

Statements of Changes in Net Assets Available for Benefits
- Net appreciation in fair value of investments
- Interest and dividend income

Supplemental Schedule – Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

5. Party-in-Interest Transactions

ERISA defines a party-in-interest to include any person who provides services to the Plan. Plan investments include shares of mutual funds sponsored and managed by Fidelity Investments (Fidelity). Fidelity Management Trust Company, an affiliate of Fidelity, is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Services Agreement (MSA) between the Employer and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2025 and 2024, $162,013 and $152,606, respectively, were remitted to the Plan and $29,435 and $29,128, respectively, were applied to the payment of administrative expenses. The remaining unallocated balance of $223,447 and $159,748 as of December 31, 2025 and 2024, respectively, is included in investments at fair value in the accompanying financial statements.

Participants are directly charged a quarterly flat fee of $10.75 for 2025 and 2024. Total record keeper fees paid to Fidelity were $728,364 and $774,109 for the years ended December 31, 2025 and 2024, respectively. Audit and retirement consultant fees paid by the Plan were $331,832 and $318,288 for the years ended December 31, 2025 and 2024, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Tax Status of the Plan

The Plan utilizes a prototype 403(b) plan document. The IRS approved the prototype plan document, and the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Fair Value Measurement

The framework for measuring fair value in accordance with U.S. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds – The fair values of mutual funds are based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

	Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**

Total	$ 1,129,638,862	$ -	$ -	$ 1,129,638,862

9. Subsequent Events

Management has considered transactions or events occurring through June 24, 2026, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.
