INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Kearny Bank Employee Stock Ownership Plan
Fairfield, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kearny Bank Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets (deficit) available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kearny Bank Employee Stock Ownership Plan

Note 1 - Description of the Plan

The following brief description of the provisions of the Kearny Bank Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution employee stock ownership plan (“ESOP”) which covers substantially all employees. The assets of the Plan are held in a trust to which all contributions are made and from which all benefits are paid. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Kearny Bank (“Employer Company”) employed the services of Empower Retirement, LLC to serve as administrator and Empower Trust Company, LLC to serve as trustee of the Plan.

Participant Accounts:

The Plan operates, in relevant part, as a leveraged employee stock ownership plan, in accordance with the applicable sections of the Internal Revenue Code (the “Code”). The Plan purchased common stock of Kearny Financial Corp. (“KFC”), the 100% owner of the Employer Company, using the proceeds of a bank borrowing (see Note 9) and holds the stock in a trust established under the Plan. The borrowing is to be repaid by fully tax-deductible contributions of the Employer Company to the Plan over a period of twenty years.

As the Plan makes each payment of principal, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. The borrowing is collateralized by the unallocated shares of stock. The lender had no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated stock (allocated); and
- b. stock not yet allocated to employees (unallocated).

Eligibility Requirements:

All employees are eligible on the enrollment date coincident with or next following the attainment of age 21 and the completion of one year of service. The entry dates are January 1 and July 1.

Voting of Shares:

The Trustee votes allocated shares of stock held under the Plan in accordance with instructions of the Plan participants. In addition, the Plan Administrator and/or the Employer Company will direct the Trustee to vote (i) KFC stock held in the unallocated KFC stock suspense account, (ii) allocated KFC stock for which it has received no voting instructions, and (iii) KFC stock for which a Participant or Beneficiary votes to “abstain” in the same proportions as it votes the allocated KFC stock for which it has received instructions from Participants or Beneficiaries.

Normal and Early Retirement Dates:

Normal retirement is the date on which a participant attains age 65. A participant who is employed by the Employer Company on or after the date they attain age 55 and complete five years of service may opt for early retirement at which point the participant will become 100% vested in their account balance.

Disability Retirement:

A participant who incurred a termination of service prior to normal retirement date due to total and permanent disability, as defined, will become entitled to 100% of their account balance. Payments of the disability benefits will begin on or after the first anniversary date following the date of becoming disabled.

Kearny Bank Employee Stock Ownership Plan

Note 1 - Description of the Plan (continued)

Vesting:

Participants generally vest in their proportionate share of the allocated account based on the following schedule based on years of service. Up to three years of service with the Bank prior to January 1, 2005, will be recognized for vesting purposes. This includes service with Pulaski Savings Bank, West Essex Savings Bank and Central Jersey Bank. Participants will always be 100% vested upon early retirement (the attainment of age 55 and five years of service) or normal retirement date, or upon their death or disability.

<u>Number of Years of Service</u>	<u>Vested Percentage</u>
Less than three full years	0%
Three years or more	100%

Forfeitures:

Forfeitures occur when participants terminate employment prior to vesting. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. For the years ended December 31, 2025 and 2024, forfeitures of terminated non-vested account balances totaling \$4,575 and \$8,085, respectively, were fully allocated to the remaining participants.

Contribution and Forfeiture Allocation:

The Employer Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted. Contributions and forfeitures are allocated to eligible employees pro-rata based on eligible compensation.

Only participants who are actively employed on the last day of the Plan year, have completed a year of service during the Plan year and have attained the age of 21 will be eligible to receive an allocation of contributions and forfeitures for the Plan year. However, participants who have terminated service for reasons of retirement (normal or late), death or permanent disability shall share in the allocation of contribution regardless of the number of hours credited.

KFC Dividends:

KFC paid cash dividends on the unallocated and allocated shares held in the Plan in the amount of \$0.44 per share or a total of \$2,034,942 during the year ended December 31, 2025. During the year ended December 31, 2025, dividends on allocated shares were not applied to debt service and \$905,147 of dividends on unallocated shares were applied to debt service. Dividends on allocated and unallocated shares are included within the separately reported interest and dividend amounts on the Statement of Changes in Net Assets (Deficit) Available for Benefits. If dividends on allocated shares were applied to debt service, the Plan document requires shares with a fair market value of not less than the amount of such dividends must be allocated to participant accounts for the year in which the dividends would have been paid to the participants.

Payment of Benefits:

Except as otherwise provided, the Plan Administrator will direct the Trustee to pay benefits when the participant is eligible to receive a distribution as a single lump-sum payment. Distribution will be in the form of cash or KFC stock, or both, as determined by the Plan Administrator, however, the participant or beneficiary may request distribution in the form of KFC stock. Cash may be paid in lieu of partial shares of KFC stock, and/or in certain circumstances where it may not be possible for the Plan to purchase KFC stock for distribution.

Death Benefit:

Upon death, beneficiaries will become entitled to 100% of the employee's account balance. Payment of the death benefit will begin on or after the first anniversary date following death.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in KFC common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a distribution by way of a tax-free transfer to the Kearny Bank Employees' Savings Plan. During the year ended December 31, 2025, the plan distributed \$142,542 to the Kearny Bank Employees' Savings Plan on behalf of eligible participants.

Note 1 - Description of the Plan (continued)

Put option:

If Company stock which was not acquired with the proceeds of an exempt loan is distributed to a participant and such Company stock is not readily tradable on an established securities market, a participant has the right to require the employer to repurchase the Company stock distributed to such participant under a fair valuation formula. The put option must permit a participant to put the Company stock to the Employer Company.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments are stated at their aggregate fair value, as determined by quoted market prices on the last business day of December. The change in the difference between the aggregate fair value and the cost of such investments is reflected in the Statement of Changes in Net Assets (Deficit) Available for Benefits as net (depreciation) appreciation in fair value of investments. See Note 5 for a discussion of fair value measurements.

Interest income and expense is accrued as earned or incurred and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net (depreciation) appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Benefit Payments:

Benefit payments are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties:

The Plan investments consist primarily of KFC's common stock, which is exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets (Deficit) Available for Benefits.

Subsequent Events:

The Plan has evaluated subsequent events for recognition or disclosure through June 18, 2026, the date the financial statements were available to be issued.

Note 3 – Plan Termination

Although it has not expressed an intent to do so, the Employer Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, each participant's interest in the trust fund shall become 100% vested and will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employer Company shall direct the Plan Administrator to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account, if any, to the extent it determines such sale to be necessary in order to repay the loan. Trust assets remaining shall be allocated to Participant Accounts.

Note 4 – Administration of the Plan Assets

The Plan's assets, which consist primarily of KFC common stock, are administered by Empower Trust Company LLC. Employer Company contributions are held and managed by the Trustee. The Trustee invests cash received, and interest and dividend income, in the Federated Hermes Government Obligations Fund and makes distributions to participants.

The Trustee administers the payment of interest and principal on the loan, which is reimbursed to the Plan through contributions as determined by the Employer Company.

Note 5 – Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

The fair value hierarchy consists of the following three levels:

- Level 1:* Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2:* Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
- Level 3:* Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no significant changes in the methodologies used during the years ended December 31, 2025 and 2024.

Level 1 Fair Value Measurements:

The fair value of the money market mutual fund and cash is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of the common stock is valued at the closing price reported in the active market in which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

	<u>\$ 34,800,623</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 34,800,623</u>

Note 6 – Related Party Transactions and Party-in-Interest Transactions

At December 31, 2025 and 2024, the Plan held investments totaling \$34,613,099 and \$33,422,888, respectively, in the common stock of KFC. The Plan earned dividends related to the common stock of KFC of \$2,034,942 during 2025. In 2025, dividends of \$1,129,795 were reinvested as elected by participants and as a result, the Plan purchased 173,890 shares of KFC common stock. The Plan sold 227,635 shares of KFC common stock for total proceeds of \$1,445,134 during 2025. Additionally, the Plan had 646 forfeited shares of KFC common stock reallocated to participants and 3,485 shares of KFC common stock allocated to participants from residual dividends in 2025.

The Employer Company generally pays audit, trustee and legal fees incurred by the Plan. The Plan may also pay various administrative expenses that are incurred. The Employer Company provides administrative services to the Plan at no cost. Additionally, certain employees and officers of the Employer Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. These are related party and party-in-interest transactions. In addition, the Plan has a number of service providers who are also parties-in-interest under ERISA.

Note 7 – Investments

The Plan's investments, at December 31, are presented in the following table:

	2025		2024

Kearny Bank Employee Stock Ownership Plan

Note 8 – Income Tax Status

The Plan obtained its most recent determination letter dated August 25, 2016, in which the Internal Revenue Service ruled that the Plan, as then designed, was in compliance with the appropriate sections of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 9 - Note Payable

On May 18, 2015, the Plan entered into a promissory note agreement in the amount of \$39,913,258, which is guaranteed by the Plan. The term of the note is for twenty years payable in quarterly installments of principal and interest of \$677,751, maturing on March 31, 2035, bearing interest at a fixed rate of 3.25%, and is collateralized by 1,856,456 shares of KFC common stock as of December 31, 2025.

The outstanding loan balance as of December 31, 2025 and 2024 was \$21,582,978 and \$23,552,577, respectively.

Scheduled principal payments on the note payable consist of the following for each of the next five years and thereafter:

2026	\$ 2,034,396
2027	2,101,324
2028	2,168,862
2029	2,241,806
2030	2,315,557
Thereafter	10,721,033
Total	\$ 21,582,978

Under the terms of the Plan, the common stock will be allocated to Plan participants as the loan is repaid in accordance with a formula as set forth in the agreement. The annual debt service requirement is funded through dividends on the common stock and contributions from the Employer Company.

Note 10 – Information Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Empower Trust Company, LLC, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets (Deficit) Available for Benefits as of December 31, 2025 and 2024 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reported in the Statement of Changes in Net Assets (Deficit) Available for Benefits for the year ended December 31, 2025.
