Independent Auditors' Report

To the Plan Administrator and Plan Participants
MNX 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of MNX 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2023 Supplemental Schedule Required by ERISA

The 2023 supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2023 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of MNX 401(k) Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in

the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

a. General

The Plan is a 401(k) defined contribution plan sponsored by MNX Global Logistics Corp. (the "Company"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC") and was established January 1, 2004. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, and financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

The plan was most recently amended effective April 1, 2023, to update the name of the Trustee.

b. Participant eligibility

Employees of the Company must be at least 21 years of age to be eligible for elective deferrals. Additionally, employees must complete up to 90 days continuous service to participate in matching contributions. Excluded employees are employees covered by a collective bargaining agreement for which retirement benefits have been negotiated, employees hired through a contractual arrangement with an external agency, independent contractors, certain nonresident aliens, leased employees, and employees not otherwise classified by the Company as a common law employee.

Entry dates for participation in the Plan are the first day of each month after meeting all eligibility requirements. Participants direct the investments of their contributions and any matching employer contributions into various investment options offered by the Plan.

1. Description of Plan (Continued)

c. Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an automatic enrollment feature, whereby eligible participants when hired are automatically enrolled in the Plan at a 1% deferral rate. New hires can opt-out or choose a different deferral rate upon request. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

For the year ended December 31, 2023, the Company made a discretionary employer matching contribution equal to 50% of the participant contributions up to 6% of compensation.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of (a) the Company's contributions and (b) Plan earnings less an allocation of investment and operating expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are 100% vested in employee contributions and earnings on their contributions.

1. Description of Plan (Continued)

e. Vesting (Continued)

Participants become vested in their Company discretionary matching contributions and earnings thereon as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Certain participants in the Plan had previously participated in the Network Global Logistics, LLC 401(k) Retirement Plan which was merged into the Plan in 2020. Participants who have allocated matching contributions transferred to the Plan from the Network Global Logistics, LLC 401(k) Retirement Plan are 100% vested in those contributions.

Participants become fully vested in all of their accounts upon termination due to death, disability, early retirement age of 55 and 4 years of service, or normal retirement age of 65.

f. Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at 1 percent above the prime rate published by the Wall Street Journal. Loans must be repaid within five years. Principal residence loans are not allowed by the Plan. Participants may only have 2 loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

g. Payment of Benefits

Upon termination of service, death, disability, or reaching retirement age, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in their account. Normal retirement under the Plan is age 65.

1. Description of Plan (Continued)

g. Payment of Benefits (Continued)

Terminated participants with a total vested benefit of less than \$5,000 are subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant's consent will be rolled over to an individual retirement plan with an affiliate of the Plan's trustee.

In-service withdrawals are permitted at any time from a participant's rollover contribution account. Upon attainment of age 59 ½, in-service withdrawals are permitted from all of a participant's vested account balances. In the event of undue financial hardship, in-service withdrawals, are permitted from a participant's deferral contribution account as well as the vested portion of their profit sharing and match accounts. In-service distributions are allowed from matching contributions maintained in a participant's account for at least 24 months or after at least 60 months of participation.

h. Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and included in administrative expenses. Additionally, Plan recordkeeping fees and investment consulting fees that are not paid by forfeitures are charged directly to participant accounts. Investment management related expenses are included in net appreciation of fair value of investments.

i. Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their discretionary matching contributions and earnings on those contributions are used to first pay reasonable Plan expenses and then to reduce future employer matching contributions. For the year ended December 31, 2023, approximately \$26,800 of forfeitures were used to pay plan expenses. As of December 31, 2023 and 2022, there were approximately \$20,600 and \$60,800, respectively, of unallocated forfeitures available.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the net assets available for benefits and the changes in those net assets. Other than unallocated forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

b. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measure them at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

2. Summary of Significant Accounting Policies (Continued)

e. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

f. Income Taxes

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2020 and forward.

3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan). This information has not been audited by the Plan's independent auditors.

4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

MNX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2023

4. Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund (Stable Value Fund): The investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest less expenses thereon. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment, at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as it is the value that participant's transactions are reported.

4. Fair Value Measurements (Continued)

The common/collective trust fund is subject to certain restrictions. Transfers from this fund to a “competing” fund might be prohibited and a transfer into the fund will not be permitted if a prior transfer was made out of the fund in the last 30 days. There are no redemption notice requirements, or unfunded commitments related to the common/collective trust fund as of December 31, 2023 and 2022.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has adopted a non-standardized pre-approved plan document which received a favorable opinion letter on June 30, 2020, from the Internal Revenue Service stating that the non-standardized pre-approved plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan document has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

8. Party-In-Interest and Related Party Transactions

Certain Plan investments are mutual funds and units of participation in a common/collective trust fund, which are managed by JPMorgan, an affiliate of JPMorgan Invest Holdings LLC, the record-keeper of the plan. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include revenue sharing fees which are paid to the investment advisor of the Plan. Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA and these fees are included in administrative fees.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

9. Form 5500 Reconciliation

The difference between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500:

	December 31,	
	2023	2022
Net Assets available for benefits per the financial statements	\$ 19,753,013	\$ 17,019,956
Add: Excess contribution payable	<u>76,258</u>	<u>57,393</u>
Net assets available for benefits per the Form 5500	\$ <u>19,829,271</u>	\$ <u>17,077,349</u>

The following is a reconciliation of net increase in net assets available for benefits from the financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 2,733,057
Add: Change in excess contribution payable	<u>18,865</u>
Net increase in net assets available for plan benefits per the Form 5500	\$ <u>2,751,922</u>

10. Subsequent Events

The Company has evaluated all events subsequent to December 31, 2023 through August 6, 2024 the date these accompanying financial statements were available to be issued.
