INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Silver Cloud Inns Retirement Plan
Bellevue, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Silver Cloud Inns Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Silver Cloud Inns Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Silver Cloud Inns Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Silver Cloud Inns Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Silver Cloud Inns Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Silver Cloud Inns Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Silver Cloud Inns (“Company”) Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except construction workers, who have reached age 21 and completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company pays the administrative costs of the Plan, except certain maintenance and

Contributions

Participants may elect to contribute 100% of pretax annual compensation, up to a limit of \$23,000 for calendar year 2024 and \$23,500 for calendar year 2025, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contribution, to a limit of \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of his or her account within options offered by the Plan. The Company may contribute a matching contribution equal to a percentage of each participant’s elective deferrals. The Company contributes a matching contribution equal to 50% of the first 6% of each participant’s elective deferrals. The Company may also make an additional profit-sharing discretionary contribution, if desired by management. The Company pays the accounting and legal fees incurred by the plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan currently offers investment options through Voya Retirement Insurance and Annuity Company (Voya).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contributed portion of the account is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Participant Loans

The plan does not allow participant loans.

RETIREMENT PLAN**

Notes to Financial Statements
December 31, 2025 and 2024

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The trustees may elect to make the distribution in a lump-sum payment without consent or transfer the money to an IRA if the present value of a participant's benefit at termination is less than \$1,000. If the present value of a participant's benefit at termination is at least \$1,000 but less than \$5,000, the trustees can only transfer the money to an IRA without consent. The Plan also allows for hardship withdrawals.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$22,751 and \$73,350, respectively. Forfeitures of non-vested accounts are used to reduce future Company contributions to the Plan and pay administrative expenses. During the year ended December 31, 2025, forfeitures used to reduce employer contributions and to pay administration expenses totaled \$30,084. The balance in the forfeitures account at December 31, 2025 is \$5,311.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan follows the fair value measurement and disclosure requirements of Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in an orderly transaction between market participants. See Note 3 for the discussion of fair value measurements. The Plan Administrator determines the Plan's valuation policies using information provided by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RETIREMENT PLAN**

Notes to Financial Statements
December 31, 2025 and 2024

Credit Risk

The Plan is exposed to a concentration of credit risk. All funds are presently invested and managed by Voya. Participants have the ability to choose from various funds. Investment funds available carry varying degrees of investment risk. In addition, the Plan is dependent on the Company's ability to fund employer contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

General Plan administrative expenses, such as legal fees and administrative costs, have generally been paid for directly by the Company. Fees specific to the participant's investment selections and accounts are charged against that participant's account balance.

Recent Accounting Pronouncements

There are no recent accounting pronouncements that have a significant impact on the financial reporting of the plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments Measured at Contract Value				<u>\$ 1,189,200</u>
Investments at Fair Value				<u>\$ 12,873,962</u>

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

If present, mutual funds are Level 1 investments and fund holdings are generally valued using market quotations. Each fund determines its share price or net asset value (NAV) daily. The funds invest principally in domestic and international equity securities, fixed-income instruments, real estate securities, asset allocation, and other mutual funds and short-term instruments in accordance with each fund's investment objectives.

NOTE 4 - INVESTMENTS

The Plan's investments are maintained under an investment contract with Voya Retirement Insurance and Annuity Company. It is funded through general account obligations and pooled separate accounts. The Plan owns units of participation in the fair value of the underlying pooled assets. The fair value represents the approximate contract value, and does not take into account surrender charges or certain market value adjustments that would apply if the contract was terminated. Each participant may direct the allocation of his or her own account balance among the various underlying investment options. The Plan sponsor has determined that the contract is not fully benefit-responsive as described in the plan accounting – defined contribution pension plans accounting literature.

**SILVER CLOUD INNS
RETIREMENT PLAN**

Notes to Financial Statements
December 31, 2025 and 2024

NOTE 5 - RELATED PARTY TRANSACTIONS

Voya Retirement Insurance and Annuity Company is the issuer of the group funding contract as defined by the Plan and therefore is a party-in-interest. Certain Plan investments are sponsored by Voya. Voya received no eligible direct compensation for the year ended December 31, 2025. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

The Plan is intended to be a qualified plan under Section 401(a) of the Internal Revenue Code, and the Plan is interpreted, applied and administered consistent with the intent to qualify. The Plan was established through a regional prototype plan of Pension Design & Administration, Inc., who has received a letter from the Internal Revenue Service indicating the Plan is acceptable. The Plan has been amended and restated since the Pension Design & Administration, Inc. prototype plan received its letter from the Internal Revenue Service stating it was acceptable.

The Company has not obtained a specific determination letter from the Internal Revenue Service for the Plan as adopted, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's annual return/report is subject to examination by the Department of Labor and the Internal Revenue Service. Because many types of transactions are susceptible to varying interpretations under Department of Labor and Federal tax laws and regulations, the amounts reported in the accompanying financial statements may be subject to change at a later date upon final determination by the Department of Labor.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan as of December 31, 2025, has certified as being complete and accurate the following information:

- All investments reported in the Statement of Net Assets Available for Benefits
- Investment activity reported in the Statement of Changes in Net Assets Available for Benefits

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 24, 2026, the date the financial statements were available to be issued.
