Independent Auditor's Report

Plan Committee and Plan Participants
Kwik Trip Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kwik Trip Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kwik Trip Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Kwik Trip Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering employees of Kwik Trip, Inc. and its subsidiary, Convenience Transportation, LLC, hereafter collectively referred to as the Company or Employer, who have completed six months of service and are age 21 or older. For eligibility purposes, prior service with certain predecessor employers that have been acquired by the Company is included as defined in the Plan agreement. Employees whose employment is governed by a collective bargaining agreement, nonresident aliens and leased employees are excluded from eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the Plan Administrator.

The Company has appointed Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company) as the Plan's trustee. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

Employee (participant) deferral and rollover contributions: Participants can elect to make pretax or post-tax (Roth) contributions to the Plan by deferring a certain percentage of their eligible compensation as defined in the Plan agreement. Eligible employees are allowed to contribute to the Plan up to 80% of their eligible compensation, limited to the maximum allowed by the Internal Revenue Code. At the discretion of the Company, the Plan also permits rollovers, which allow employees to deposit into the Plan distributions they have received from other qualifying plans and certain individual retirement accounts.

The Plan has an automatic enrollment feature. Employees are automatically enrolled in the Plan at a pretax deferral rate of 6% of eligible compensation on the first day of the calendar month coinciding with or following the date on which the eligibility requirements are met (entry date), unless the employee elects out, selects a different percentage or selects a Roth feature. The participant's deferral rate applies to eligible compensation, excluding irregular pay (i.e., bonuses). The participant needs to specifically elect a deferral rate for bonuses. The Plan also has an automatic increase feature in which participating employees' deferral rates will increase annually in 1% increments up to 15% of their eligible compensation. The increases are applied as of the second period that begins after the period in which the initial deferral amount was withheld and will occur as of each anniversary of the participant's entry date. Participants can elect to waive this feature or change their deferral percentage at any time.

Employer QACA contributions: The Plan is a qualified automatic contribution arrangement (QACA) safe harbor plan. Employees are eligible for Company QACA contributions based on the same eligibility criteria as for employee deferral contributions. The Company's QACA contribution is equal to 3% of eligible compensation, as defined in the Plan agreement, and was approximately \$35,700,000 for the year ended September 30, 2025.

Employer profit sharing contributions: The Plan also allows for discretionary Company profit sharing contributions. Employees must be eligible to participate in the Plan and be an active participant at any time during the plan year to receive Company profit sharing contributions. This contribution is allocated to eligible employees based on their eligible compensation for the Plan year, as defined in the Plan agreement. The discretionary Company profit sharing contribution was approximately \$23,900,000 for the year ended September 30, 2025.

Kwik Trip Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, Plan investment earnings, and forfeitures of terminated participants' nonvested accounts, remaining after forfeitures are used to pay administrative expenses or fund Company contributions, and charged with an allocation of Plan investment losses and administrative expenses that are paid by the Plan. Allocations are based on participant contributions, eligible compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their accounts into various investment options offered by the Plan, including mutual funds and collective trust funds held by the trustee. Participants may elect to have all or part of their account balances and future contributions transferred from one investment option to another in any combination at any time.

Forfeited accounts: Amounts not vested upon termination of employment are forfeited by participants and can be used by the Plan to pay administrative expenses, fund Company contributions to the Plan, or the forfeited balances can be reallocated as additional contributions to participants. Forfeited nonvested accounts totaled approximately \$4,703,000 and \$4,434,000 as of September 30, 2025 and 2024, respectively. Rather than using forfeitures to fund a portion of the Company's contributions to the Plan for the year ended September 30, 2025, the Company elected to reallocate approximately \$4,692,000 of forfeitures to participants as additional contributions subsequent to September 30, 2025.

Vesting: Participants are immediately vested in their contributions including investment earnings thereon. Participants are 100% vested in QACA nonelective contributions after two years of vesting service. Participant vesting in the Company's discretionary profit sharing contribution portion of their account is based upon years of service as defined in the Plan agreement. For vesting purposes, a participant's prior service with certain predecessor employers that have been acquired by the Company is included as defined in the Plan agreement. A participant is fully vested in their entire account upon the earliest occurrence of death, permanent disability, attainment of age 65, Plan termination, or upon becoming fully vested based on years of service. Participants are vested in the Company's discretionary profit sharing contribution portion of their account according to the following schedule:

Years of Vesting Service	Percentage
Less than 1	0
1	20
2	40
3	60
4	80
5 or more	100

Kwik Trip Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Benefits: Upon termination of service due to death, permanent disability, retirement or other reasons, a participant with an account balance less than \$7,000 may receive a lump-sum payment in cash or as a rollover in an amount equal to the value of the participant's interest in their account. Federal law requires the Plan to automatically rollover a participant's vested account balance that is between \$1,000 and \$7,000 into an individual retirement account if the participant has not reached age 65 and has not elected a lump-sum cash payment or direct rollover. If the participant's account balance is \$7,000 or more, the participant may elect to receive a lump-sum payment in cash or as a rollover, keep the funds in the Plan, or have the balance paid in installments over a period of time. If the participant's account balance is less than \$1,000, the balance may be distributed automatically in a lump-sum payment in cash without the participant's consent. Participants may choose to receive a distribution prior to termination if they have attained 59½ years of age or become permanently disabled. Participants may also choose to receive an in-service hardship withdrawal, as defined by the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The Plan's financial statements are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors, the trustee and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date.

Participant contributions: Contributions from Plan participants are recorded in the year in which a participant compensation is earned (even if participants' deferrals are not yet withheld).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company as permitted by the Plan document and as determined by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through June 29, 2026, the date these financial statements were available to be issued.

Note 3. Information Certified or Provided by Principal Trust Company

The following is a summary of the Plan's investment information as of September 30, 2025 and 2024, and for the year ended September 30, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), obtained by management and agreed to or derived from information provided by Principal Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule of assets (held at end of year) related to the following investments:

	2025	2024
Investments at fair value:		
Mutual funds	\$ 110,222,698	\$ 89,064,903
Collective trust funds	941,427,401	781,080,415
	<u>\$ 1,051,650,099</u>	<u>\$ 870,145,318</u>

The trustee also certified to the completeness and accuracy of \$123,424,749 of net appreciation in fair value of investments as well as \$3,055,533 of interest and dividends related to the aforementioned investments for the year ended September 30, 2025.

Note 4. Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Kwik Trip Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Mutual funds are valued at the unadjusted quoted prices of the shares of the funds held by the Plan at year-end.

Collective trust funds: Collective trust funds are valued at the net asset value (NAV) of the shares of the funds held by the Plan at year-end, as reported by the funds' investment managers. The NAVs are used as a practical expedient to estimate fair value. The NAVs are based on the fair value of the underlying investments held by the funds less liabilities. The practical expedient would not be used if it is determined to be probable that the Plan will sell the fund for an amount different from the reported NAV. The underlying assets of the collective trust funds vary by type and include primarily investment contracts and mutual funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of September 30, 2025 and 2024:

Assets at Fair Value as of September 30, 2025				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 110,222,698	\$ -	\$ -	\$ 110,222,698
Investments measured at NAV (a)				941,427,401
Total investments at fair value				<u>\$ 1,051,650,099</u>

Assets at Fair Value as of September 30, 2024				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 89,064,903	\$ -	\$ -	\$ 89,064,903
Investments measured at NAV (a)				781,080,415
Total investments at fair value				<u>\$ 870,145,318</u>

- (a) Certain investments that are measured at NAV per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

Investments measured using the NAV per share practical expedient: The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of September 30, 2025 and 2024. There are no participant redemption restrictions for these investments.

Fair Value Estimated Using NAV Per Share as of September 30, 2025					
Investment	Fair Value	Redemption Frequency	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
Collective trust funds:					
Target date funds	\$ 930,711,511	Daily	None	None	None
Stable fund	10,715,890	Daily	None	None	None
Fair Value Estimated Using NAV Per Share as of September 30, 2024					
Investment	Fair Value	Redemption Frequency	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
Collective trust funds:					
Target date funds	\$ 770,920,165	Daily	None	None	None
Stable fund	10,160,250	Daily	None	None	None

Note 5. Income Tax Status

The Plan adopted a nonstandardized defined contribution pre-approved plan sponsored by Principal Financial Group. The pre-approved plan provider received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. This opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate income tax positions taken by the Plan. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain income tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party and Party-in-Interest Transactions and Administrative Expenses

The Plan has investments in a collective trust fund, which is managed by an affiliate of Principal Trust Company. Principal Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company and are excluded from these financial statements. Fees paid by the Plan to certain service providers are included in administrative expenses in the statement of changes in net assets available for benefits. Investment-related expenses reduce total investment results.

Kwik Trip Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8. Risk and Uncertainties

Participants are allowed to invest in various investment securities. Investment securities are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities have occurred since September 30, 2025, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.
