(1) Name: **PRICE & ASSOCIATES**

(2) EIN: **46-2128596**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Trustees of the
TechLaw Consultants, Inc. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TechLaw Consultants, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the TechLaw Consultants, Inc. Profit Sharing 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of TechLaw Consultants, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TechLaw Consultants, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TechLaw Consultants, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TechLaw Consultants, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECHLAW CONSULTANTS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2025 AND 2024

Note 1 – Description of Plan

The following description of the TechLaw Consultants, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

Massachusetts Mutual Life Insurance Company (MassMutual) was the Plan's directed trustee and recordkeeper prior to MassMutual's retirement business being acquired by Empower Retirement, LLC (Empower) on December 31, 2020. Following an initial transition period, Empower became the sole administrator of this business in October 2023. In January 2024, the Plan changed its directed trustee and recordkeeper from Empower Trust Company, LLC (ETC) and Empower Retirement, LLC to Principal Trust Company and Principal Life Insurance Company, respectively. As a result of the change in trustee and recordkeeper, the assets of the Plan transferred from ETC to Principal Trust Company (the Trustee).

General – The Plan is a defined contribution plan covering substantially all employees of TechLaw Consultants, Inc. and its affiliated companies (the Company or Plan Sponsor) who are not leased or intern employees as determined by the Plan, nonresident aliens who received no U.S. source earned income, or covered by a collective bargaining agreement or the Service Contract Act. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Participant Contributions – Each year, participants may contribute up to 50% of compensation, as defined by the Plan, up to the maximum amount of annual compensation allowed by law. Employees can choose pre-tax contributions and after-tax Roth contributions or a combination of both, subject to the limits of the Internal Revenue Code (IRC). The Plan has an auto-enrollment feature where eligible employees are automatically enrolled in the Plan at a pre-tax contribution percentage of 3 percent per pay period, unless they make an affirmative election not to contribute to the Plan or to contribute a different percentage. Additionally, the Plan has an auto-escalation feature where the initial 3 percent pre-tax contribution percentage will automatically increase by 1 percent at the beginning of each Plan year until the contribution percentage reaches 6 percent. Participants may, at any time, change their contribution percentage or suspend any future deductions from their pay. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment allocations and transfer accumulated savings between funds on a daily basis, subject to certain limitations defined in the Plan.

Company Contributions – The Company may make a discretionary matching contribution, as determined by the Company's Board of Directors. During the year ended September 30, 2025, the discretionary matching contribution was equal to 50% of the first 3% of each participant's salary deferred into the Plan through December 2024. Beginning in January 2025, the discretionary matching contribution was equal to 50% of the first 4% of each participant's salary deferred into the Plan. The Company may also make discretionary profit-sharing contributions. Participants must be employed on the last day of the Plan year to receive a match "true-up" and discretionary profit-sharing contribution. The Company's discretionary matching contribution totaled approximately \$253,000 for the year ended September 30, 2025, consisting of cash and forfeitures. The Company's discretionary profit-sharing contribution was approximately \$66,000 for the year ended September 30, 2025, consisting of cash and forfeitures. The Company may also make fail-safe contributions for any Plan year in which it is necessary to do so to satisfy the non-discrimination tests. Contributions are subject to certain Internal Revenue Service limitations.

TECHLAW CONSULTANTS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2025 AND 2024

Participants' Accounts – Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions and allocations of (a) the Company's discretionary profit-sharing contributions, if any, (b) investment earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately fully vested in their contributions and rollover contributions and the earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant vests at a rate of 20% per year beginning after the second year of service and is 100% vested after six years of credited service. In the event of death, disability or attainment of age 65 by the participant prior to termination of employment, a participant becomes 100% vested in his or her total account balance.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by any outstanding loan balance. Loans are secured by the balance in the participant's vested account. The term of the loan may not exceed five years unless the proceeds are used to acquire, construct or rehabilitate the participant's primary residence. The interest rate on loans outstanding at September 30, 2025 and 2024 ranged from 5.25% - 10.50% and are due at various dates through August 2030. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service due to disability, retirement or termination, a participant will receive a lump-sum payment in cash or upon death, survivors may elect to be paid in installments. Participants may also transfer the vested amount to another qualified plan. If the vested participant's account is less than \$1,000, the distribution shall be paid in the form of a lump sum benefit. If the account balance is greater than \$1,000 but less than \$7,000, and the participant does not elect to have such distribution paid directly to an eligible retirement plan, the distribution will be paid in the form of a direct rollover to an individual retirement account. In-service distributions are permitted for participants who have reached age 59½. Hardship distributions are permitted if certain conditions are met.

Forfeitures – At September 30, 2025 and 2024, forfeited non-vested accounts totaled approximately \$27,000 and \$6,000. These accounts are used to either pay the Plan's administration fees or to reduce employer contributions. The Company utilized forfeitures of approximately \$35,000 and \$28,000 to reduce the matching and discretionary profit-sharing contributions, respectively, for the year ended September 30, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuations – Investments are reported at fair value with the exception of fully-benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian, and insurance companies. See Note 4 for discussion of fair value measurements.

TECHLAW CONSULTANTS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2025 AND 2024

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The contract value is the relevant measurement since it represents the amount that the participant would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. No allowance for losses has been recorded as of September 30, 2025 and 2024.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

Note 3 – Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Principal Trust Company, the trustee, except for comparing such information certified by Principal Trust Company to information included in the Plan's financial statements and supplemental schedule.

The following information and related data included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, a qualified institution, as of September 30, 2025 and 2024, and for the year ended September 30, 2025:

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical assets or liabilities that the Plan has the ability to access on the reporting date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Each pooled separate account invests its assets solely in the shares or units of a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the NAV of the pooled separate account, which is not publicly quoted but is available to current investors via the Plan Sponsor website or when plan participants access their account values. The fair value of the underlying mutual fund is based on third-party pricing vendors and utilize observable market information.

The following table sets forth by level, within the fair value hierarchy, the Plans assets at fair value measured on a recurring basis.

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan holds an investment in the Principal Guaranteed Option, which is a fully benefit-responsive investment contract with Principal Life Insurance Company (Principal) totaling \$5,626,626 and \$5,514,826 at September 30, 2025 and 2024, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

At September 30, 2025, the crediting rate was 4.95%. However, the Plan entered into an Account Credit Rider with Principal which provided for an account credit to the Plan equal to the amount of the market value adjustment of approximately \$177,000 incurred by the Plan to Empower, upon termination of the Investment Agreement with MassMutual, in January 2024. Principal charged a premium for the account credit. Effective January 15, 2024 and through February 28, 2026, the Guaranteed Option crediting rate is reduced by 1.80%. In addition, while the Account Credit Rider is in effect, a Discontinuation Charge will be applied if certain events occur, including termination of the Plan, termination of the contract with Principal, and reduction of the amount of the investment in the Guaranteed Option below a certain amount.

TECHLAW CONSULTANTS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2025 AND 2024

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

As described in Note 2, because the guaranteed option meets the fully benefit-responsive criteria, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed option. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. As of September 30, 2025, no events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Excess Contributions Payable

The Plan failed the Average Deferral Percentage (ADP) test for the year ended September 30, 2024. The refund of excess contributions is reported as a liability in the accompanying statement of net assets available for benefits as of September 30, 2024. The Plan distributed the refund of excess contributions to the applicable participants prior to December 15, 2024. During the year ended September 30, 2025, Plan management determined that the data used to calculate the ADP test was not correct. The Plan used the correct data to calculate the ADP test and the Plan passed the test. Accordingly, the refund of excess contributions was returned to the Plan as of September 30, 2025. There was no excess contribution distributions for the year ended September 30, 2025.

Note 7 – Tax Status

Effective January 15, 2024, in connection with a change in recordkeeper to Principal, the Plan adopted a non-standardized pre-approved plan sponsored by Principal. The Internal Revenue Service (IRS) ruled, in a letter dated June 30, 2020, that the non-standardized pre-approved plan, as then designed, qualifies under Section 401 of the Code and was, therefore, exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has

TECHLAW CONSULTANTS, INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or require disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or in the event that an affiliate terminates their participation in the Plan, participants would become 100% vested in their accounts.

Note 9 – Related Party Transactions and Parties-in-interest

Certain Plan investments, and the related transactions at September 30, 2025 and 2024, are invested in funds managed by Principal. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 10 – Subsequent Events

The Plan was amended, effective October 1, 2025. As a result of the amendment, employees covered under the Service Contract Act can participate in the Plan. Additionally, for those participants that are auto-enrolled in the Plan, the automatic elective deferral contribution increased to 5 percent from 3 percent, and will automatically increase by 1 percent at the beginning of each Plan year until the contribution percentage reaches 12 percent.

The Plan has evaluated events through July 6, 2026 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
