INDEPENDENT AUDITOR'S REPORT

Board of Trustees
IBEW Local 1357 Insurance Trust

Opinion

We have audited the financial statements of IBEW Local 1357 Insurance Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of September 30, 2025 and 2024, the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of September 30, 2025 and 2024, and the changes in its net assets available for benefits and in plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of September 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of IBEW Local 1357 Insurance Trust (the Plan) provides only general information. Participants should refer to the Plan documents for more complete information.

General

The Plan was established on October 5, 1976, under an agreement between Hawaiian Telcom, Inc. (Employer) and the International Brotherhood of Electrical Workers, Local 1357 (Union). The purpose of the Plan is to provide insurance benefits to all eligible participants and their dependents. All Union members working in Hawaii and in good standing can voluntarily participate in the Union's Group Life Insurance plan with Pacific Guardian Life, which provides life insurance, accidental death and dismemberment benefits. In January 2007, the Plan established a Long-Term Care Insurance program with UNUM Life Insurance Company of America, which is available to all members enrolled in the group life insurance program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a Board of Trustees comprised of various Union representatives. The Board of Trustees has overall responsibility for the operation and administration of the Plan. The Board of Trustees determines the appropriateness of the Plan's investments and monitors investment performance.

Benefits

Members who voluntarily participate in the group life insurance plan with Pacific Guardian Life (PGL) are charged different premiums based on their age. Working members, who are under the age of 60, pay a monthly premium of $4.01 to the Plan and receive life insurance coverage of $20,000. Working members or retirees, who are 60 years old and over, are covered by the Plan who pays their premium of $3.88 and receive life insurance coverage of $1,000.

In January 2007, the Plan established a Long-Term Care Insurance program with UNUM Life Insurance Company of America to attract more members to enroll in the PGL group life insurance plan. Coverage for basic long-term care varies depending on age and is paid for by the Plan. Additional coverage for members and their spouses is available to participants at their own expense. In October 2010, the Plan elected to allow members to enroll in the Long-Term Care Insurance program after they have been a participant in the PGL Plan for at least 90 days.

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits
Premiums paid by the Plan are recorded as premium payments when paid.

Experience-rated Contracts
Certain insurance contracts are subject to experience-rating adjustments. Experience ratings (calculated as the difference between premiums paid and the total of claims paid, and fees charged by the insurance company) are determined by the insurance company in the following year and may result in a premium surplus or deficit.

For these experience-rated contracts, premium surpluses are recorded as a receivable from the insurance company and reflected as a separate income item in the Statements of Changes in Net Assets Available for Benefits. Surpluses are transferred to the Voluntary Stabilization Reserve at the beginning of the subsequent year. Premium deficits are carried forward and offset against the following years' experience.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment consultant, managers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Voluntary Stabilization Reserve
The Retention Agreement established a Voluntary Stabilization Reserve to alleviate the fluctuations in claims experience. Experience gains are accumulated in the account. Funds are available for withdrawal by the Plan or can be retained in the account. For the Plan years ended September 30, 2025 and 2024, withdrawals amounted to $18,000 and $15,545, respectively.

The Voluntary Stabilization Reserve earns interest at a rate determined by the insurance company. For the plan years ended September 30, 2025 and 2024, the interest rate was 1.50%. Amounts in the voluntary stabilization reserve account are not federally insured.

Benefit Obligations
Benefits under this Plan are intended to continue indefinitely; however, benefits under this Plan are not guaranteed. The Board of Trustees reserves the right, in its sole and absolute discretion, to amend or modify benefits as they deem necessary or desirable, from time to time, or to terminate the Plan at any time, if necessary.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or by the Union, as provided in the Plan document. Expenses that are paid directly by the Union are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits.

Subsequent Events

Subsequent events have been evaluated through June 2, 2026, which is the date the financial statements were available to be issued.

As of September 30, 2025, the Plan's group life insurance contract with PGL expired. In January 2026, the Plan received monies from PGL of $239,696 representing the return of the Plan's final voluntary stabilization and mandatory claims reserve previously held by PGL. Effective October 1, 2025, the Plan executed a contract with Standard Insurance Company (the Standard) for life insurance and accidental death and dismemberment coverage. The policy with the Standard contains provisions for experience rated adjustments as well as a claims fluctuation reserve, from which the Plan may withdraw funds up to a minimum balance equal to 100% of annual premiums.

NOTE 3 – PLAN TERMINATION

Although they have not expressed any intention to do so, the Board of Trustees have the right under the Plan to modify the benefits provided to, and contributions required of, participants at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of participants and/or to pay administrative expenses of the Plan. No assets of the Plan may revert to the Employer or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

PGL – Voluntary Reserve: Valued at cost which approximates fair value.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025 and 2024.

	Assets at Fair Value as of September 30, 2025			
	Level 1	Level 2	Level 3	Total
PGL – Voluntary Reserve	$ 233,026	$ -	$ -	$ 233,026
Total assets at fair value	$ 233,026	$ -	$ -	$ 233,026

	Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3	Total
PGL – Voluntary Reserve	$ 239,698	$ -	$ -	$ 239,698
Total assets at fair value	$ 239,698	$ -	$ -	$ 239,698

NOTE 5 – TAX STATUS

The trust established under the Plan to hold the Plan's assets was exempt from federal income taxes under Section 501(c)(9) of the Internal Revenue Code (IRC). This exemption was revoked on October 17, 2011, due to failure to file the IRS Form 990. The Plan refiled for tax exemption under Section 501(c)(9) and received a new tax determination letter dated February 9, 2014, which reinstated the Plan's exempt status retroactive to February 15, 2011. However, as a result of the Plan's funding policy, from time to time, the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 or 2024 for unrelated business income taxes.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain its tax-exempt status. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has concluded that there are no uncertain tax positions taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements as of September 30, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain trustees of the Plan are also on the Executive Board of the Union.

The Union provides administrative services for the Plan, which is equal to one hour at the staff assistant rate of pay. For the plan years ended September 30, 2025 and 2024, administrative fees paid to the Union were $403 which is reflected in the Statements of Changes in Net Assets Available for Benefits. The Union may pay for Plan expenses from time to time, however, only expenses paid by the Plan are reflected in the financial statements.

As described in Note 2, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 7 – CONCENTRATION OF CREDIT RISK

The Plan maintains its cash in a checking account and a Voluntary Stabilization Reserve account with the insurer. The funds in the Voluntary Stabilization Reserve account may not be federally insured, may exceed federally insured limits, or may be insured by an entity other than an agency of the federal government. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk related to cash or the Voluntary Stabilization Reserve account.
