INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Spalding Auto, Inc. 401(k) Profit Sharing Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spalding Auto, Inc. 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of September 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule(s), we evaluated whether the supplemental schedule(s), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule(s), other than the information in the supplemental schedule(s) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPALDING AUTO, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Note 1 – Description of the Plan

The following description of the Spalding Auto, Inc. 401(k) Profit Sharing Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and profit sharing plan, which became effective on July 1, 1987 and was most recently restated effective April 1, 2024 to comply with Department of Labor guidelines. The Plan covers all employees of Spalding Auto, Inc. and Pull & Save Auto Parts, Inc. (together referred to as “the Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees may enter the Plan on the first entry date immediately following the completion of three months of service and having attained age 21. Entry dates occur quarterly. Participants (includes union, part-time, temporary and seasonal) with one year of service and having attained age 21 will be eligible for employer matching contribution and a discretionary employer profit sharing contribution.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined by the plan document, up to the maximum amount allowed by laws promulgated by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer may make a matching contribution equal to a uniform percentage of qualifying employee salary deferrals. This percentage is determined each year. Matching contributions are subject to a maximum of 40% of the first 8% of deferred eligible compensation. The Employer may make a profit-sharing contribution in addition to any match at its discretion. No profit-sharing contributions were made during the year ended September 30, 2025. Employees with one year of service and 1,000 hours are eligible, part-time, temporary, and seasonal employees who worked at least 500 hours annually for three consecutive years are eligible for the Employer matching and profit-sharing contributions. The Employer’s contributions are invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s deferral contributions and the Employer’s matching contributions, as well as earnings thereon. Participant accounts may be charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their deferral contributions and employer matching contributions, plus actual earnings on those contributions, or upon death or permanent disability. Vesting in the discretionary employer profit sharing contribution is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants also become fully vested in discretionary employer profit sharing contributions upon death, disability, or upon reaching age 55.

SPALDING AUTO, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Notes Receivable from Participants

Participants are not permitted to borrow from their fund accounts.

Forfeitures

As of September 30, 2025, the forfeiture balance totaled \$7,898 and \$645, respectively. When forfeitures occur, the amounts are used to reduce employer contribution of the Plan. During 2025 and 2024, Employer contributions were reduced by \$774 and \$6,201, respectively from forfeiture.

Benefit Payments

Normal retirement under the Plan occurs at age 59½. Upon retirement or termination of employment, participation in the Plan will cease and benefits will be distributed according to provisions set forth in the Plan document. All vested account balances less than \$7,000 shall be distributed in a lump-sum payment or rolled over into another qualified plan, at the election of the Employer. Participants with vested account balances exceeding \$7,000 that have retired or terminated employment are not required to take a payout until reaching the age of 73. The Plan amended the automatic rollover threshold for mandatory distribution to \$7,000 from \$5,000 retroactively and considered as part of the Plan amendment effective April 1, 2024.

In-service distributions may be made to current employees of the Employer provided the participant has attained age 59½. Hardship distributions of participants' pretax deferral, Roth deferral and employer contribution balances are allowable, if the participant has a qualifying hardship, as defined by the Plan document.

Termination of the Plan

Although it has not expressed intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are recorded at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and related disclosures. Actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Employer matching contributions are recorded in the same period as the participant's deferral being matched. Profit-sharing contributions are recorded in the period the related compensation was earned.

SPALDING AUTO, INC. 401(k) PROFIT SHARING PLAN NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through July 8, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures* ("Topic 820"), provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted and observable quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are as follows:

- **Level 1** - Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- **Level 2** - Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly, including:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- **Level 3** - Unobservable inputs where there is little or no market data, which required the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

SPALDING AUTO, INC. 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at September 30, 2025 and 2024.

Pooled separate accounts – The fair value of the pooled separate accounts is based on quoted prices, but in a market not considered active. The market price is determined based on the value of the underlying investments, adjusted for amounts such as fund dividends and administrative charges. These investments are measured at fair value on a recurring basis and classified within Level 2 of the fair value hierarchy.

There are no unfunded commitments. There are also generally no restrictions on redemption on the ability to sell the pooled separate account investments, and redemption notice periods are almost immediate.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 16,170,584	\$ -	\$ 16,170,584
Total investments, at fair value	<u>\$ -</u>	<u>\$ 16,170,584</u>	<u>\$ -</u>	16,170,584
Stable value fund, at contract value*				325,602
Total investments				<u>\$ 16,496,186</u>

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 14,568,290	\$ -	\$ 14,568,290
Total investments, at fair value	<u>\$ -</u>	<u>\$ 14,568,290</u>	<u>\$ -</u>	14,568,290
Stable value fund, at contract value*				288,823
Total investments				<u>\$ 14,857,113</u>

*Certain investments that were measured at contract value have not been classified in the fair value hierarchy. The amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to total investments as presented in the statements of net assets available for benefits.

Note 4 – Related-Party and Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds managed by Standard Insurance Company, a subsidiary of StanCorp Financial Group and included with the pooled separate accounts. The Standard Insurance Company is the Plan's record-keeper and custodian. Purchases and sales of shares of these mutual funds qualify as exempt party-in-interest transactions.

SPALDING AUTO, INC. 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Note 5 – Information Prepared and Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at September 30, 2025 and 2024, as well as net appreciation of fair value of investments and interest income for the year then ended September 30, 2025, was obtained or derived from information supplied by plan administrator and certified as complete and accurate by The Standard Insurance Company (the custodian of the Plan).

Note 6 – Fully Benefit-Responsive Investment Contract

The Plan invests in a fully benefit-responsive contract with The Standard Insurance Company. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The balance of the investment contract was \$325,602 and \$288,823 at September 30, 2025 and 2024, respectively.

The contract held by the Plan is a guaranteed investment contract. With this type of contract, the Plan only owns the contract itself and is designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by The Standard Insurance Company but may not be less than 1%. The crediting rate is reviewed at least annually for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events, such as the premature termination of the contract by the Plan, or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan administrator believes that the occurrence of such events is not probable. Both management of the Plan and the contract issuer can terminate the contract with 30 days' advance notice, although the contract issuer can only terminate the contract for reasonable cause. There are no unfunded commitments and no restrictions on redemptions. A surrender charge may apply to transfers or withdrawals from unmaturing guaranteed accounts.

Note 7 – Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Plan is qualified and the related trust is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management analyzed tax positions taken by the Plan, and has concluded that as of September 30, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTES TO THE FINANCIAL STATEMENTS

For the Years ended September 30, 2025 and 2024

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
