MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒

INDEPENDENT AUDITOR'S REPORT

To the Participants, Plan Administrator, and Those Charged with Governance
Sports South 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sports South 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information, schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPORTS SOUTH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Note 1 – Description of the Plan

Sports South (the Employer) sponsors the Sports South 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Employer's employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Ascensus Trust Company (the Trustee) serves as the trustee of the Plan and holds the Plan assets. Ascensus, LLC maintains the records of the participant data. The Trustee is a wholly owned subsidiary of Ascensus, LLC.

Eligibility

Employees who have completed three months of service, as defined in the Plan document, are eligible to participate in the Plan. Participants are automatically enrolled in the Plan on the first day of the quarter after satisfying eligibility requirements.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 2% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage.

The Plan provides for Employer safe harbor matching contributions of 100% of deferrals up to 4% of a participant's compensation.

The Plan also provides for discretionary Employer matching contributions. For the year ended December 31, 2025, no discretionary Employer matching contributions were authorized.

Additional amounts may be contributed by the Employer under the Plan's profit sharing provisions at the discretion of the Employer's board of directors. Unless termination is due to death, disability, or retirement, participants must be employed on the last day of the Plan year to receive an allocation of the Employer profit sharing contributions. Allocations of Employer profit sharing contributions are based on the participant's compensation using an integrated formula based on the Social Security taxable wage base. There were no Employer profit sharing contributions for the year ended December 31, 2025.

Additional amounts may be contributed by the Employer under the Plan's nonelective provisions at the discretion of the Employer's board of directors. Allocations of Employer nonelective contributions are based on the proportion of each participant's compensation to the total of all eligible participants' compensation. There were no Employer nonelective contributions for the year ended December 31, 2025.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account is credited with participant contributions, Employer safe harbor and discretionary matching contributions, and allocations of Employer profit sharing and nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Employer nonelective contributions, and Employer safe harbor matching contributions plus actual earnings thereon. Participants are fully vested in Employer discretionary matching and profit sharing contributions after three years of service. Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$7,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the Trustee. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan have the option to withdraw their deferrals without penalty within 30 days of their automatic enrollment date.

Forfeitures

Forfeitures are first used to restore participant balances previously forfeited, then may be used to pay Plan administrative expenses, and lastly to reduce Employer contributions. The Plan had no unallocated forfeitures as of December 31, 2025 and 2024. For the year ended December 31, 2025, forfeitures in the amount of \$3 were used to pay Plan administrative expenses.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup. The Plan participates in an agreement with the Trustee, where excess revenue may be returned and deposited into an unallocated administrative fee credit account. The amounts in the unallocated administrative fee credit account may be used to pay reasonable and necessary Plan expenses.

or may be allocated to participants. As of December 31, 2025 and 2024, there were \$132 and \$942 of unallocated funds in the administrative fee credit account, respectively. During the year ended December 31, 2025, the Plan used \$10,060 from the administrative fee credit account to pay certain Plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the valuation policies utilizing information provided by the Trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant contributions and the related Employer matching contributions are recorded in the year in which the participant deferrals are withheld from compensation. Employer profit sharing and nonelective contributions are recorded as contributions once approved by the Employer's board of directors for the respective Plan year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through July 9, 2026, the date the financial statements were available to be issued.

Note 3 – Information Certified by Ascensus, LLC

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC, as agent for the Trustee, has certified that the following data included

in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information of assets (held at end of year).

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as of December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Exchange traded funds – Valued at closing price reported on the active market on which the funds are traded.

Mutual funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 7,490,674	\$ -	\$ -	\$ 7,490,674
Mutual funds	26,369,469	-	-	26,369,469
Total investments at fair value	\$ 33,860,143	\$ -	\$ -	\$ 33,860,143

	Fair value measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 6,639,199	\$ -	\$ -	\$ 6,639,199
Mutual funds	22,724,734	-	-	22,724,734
Total investments at fair value	\$ 29,363,933	\$ -	\$ -	\$ 29,363,933

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services. Certain administrative expenses, totaling \$16,600, were paid by the Employer on behalf of the Plan for the year ended December 31, 2025. The Employer does not expect reimbursement from the Plan for these expenses.

Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contributions portion of their accounts.

Note 7 – Tax Status

The Employer adopted a nonstandardized preapproved plan (the Preapproved Plan) sponsored by Ascensus, LLC. The Internal Revenue Service has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. The Preapproved Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.
