Report of Independent Auditors

The Plan Administrator of

HP Inc. Retirement Medical Savings Account Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of HP Inc. Retirement Medical Savings Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended October 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Shape the future
with confidence

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Shape the future
with confidence

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of October 31, 2025, delinquent participant contributions and reportable transactions for the year then ended

Shape the future
with confidence

(referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HP Inc. Retirement Medical Savings Account Plan

Notes to Financial Statements

October 31, 2025 and 2024, and
for the Year Ended October 31, 2025

1. Description of the Plan

The following description of the HP Inc. Retirement Medical Savings Account (RMSA) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The purpose of the Plan is to allow participants to obtain reimbursement, on a tax-free basis, for certain health care expenses incurred following a participant's termination with HP Inc. (the Company). Employees 45 years old or older paid through the Company's U.S. payroll who are regularly scheduled to work 20 or more hours per week are eligible to participate in the Plan, subject to the provisions noted below. Participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan's trustee is The Bank of New York Mellon/BNY Mellon, N.A. (BNY).

Participant Accounts

Each participant's RMSA, as defined, is credited with the participant's contributions and interest at an annualized rate equal to the average yield calculated by the Federal Reserve corresponding to a one-year Treasury security for the 12-month period preceding the plan year, plus an additional 1%. For the year ended October 31, 2025, the annualized interest rate was 5.84%.

Contributions

Participants may elect to contribute, on an after-tax basis, up to $200 per pay period to the Plan through payroll deductions. Employee contributions are remitted to the trust funding the Plan subsequent to each pay period.

Effective November 1, 2008, the Plan was amended to allow benefits offered under the Plan to be funded in whole or in part through the Plan's trust. To the extent benefits are not funded through the Plan's trust, they shall be paid from the Company's general assets.

1. Description of the Plan (continued)

Plan Benefits

Participants are entitled to reimbursement for eligible medical care expenses incurred by the participant, the participant's spouse, or the participant's dependents (as defined by Section 152 of the Internal Revenue Code (Code)), without regard to the gross income limitations under Code Section 152(b)(1)(B) following termination of employment with the Company, up to the amount in the participant's RMSA. Participants are always entitled to their RMSA. Upon death of the participant, the participant's spouse and all eligible dependents of the participant may use the participant's RMSA for reimbursement of eligible medical care. After all outstanding eligible benefits have been paid, any amounts remaining in the participant's RMSA will be forfeited and used to pay administrative expenses or other plan benefits.

Administrative Expenses

Expenses of the Plan may be paid by the Plan. In the event expenses are not paid by the Plan, expenses are paid directly by the Company. For the plan year ended October 31, 2025, the Company paid certain administrative expenses of the Plan.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to modify the benefits provided to participants and to terminate the Plan subject to the provisions set forth by ERISA. In the event of such termination, amounts previously contributed to the Plan would be utilized for payment of benefits and eligible expenses.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Benefits are recorded when paid to the participant.

Investment and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (continued)

Postretirement Benefit Obligations

The postretirement benefit obligations (see Note 3) represent the actuarial present value of those estimated future benefits that are attributed to employee service rendered prior to October 31. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered prior to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to participant account data to estimate the future annual benefit costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death or retirement prior to earning eligibility) between the valuation date and the expected date of payment.

The following are the significant assumptions used to determine the postretirement benefit obligations at October 31, 2025 and 2024:

Discount rate	5.27% and 5.31%, respectively
Long-term interest crediting rate	4.60% and 4.70%, respectively
Mortality	Pri2012 White Collar table projected generationally with scale MP-2021

Health care cost trend rates do not have a material impact on the benefit obligation due to the Plan being an account-based reimbursement plan where the account balance available to participants does not change with increases in healthcare costs.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through June 16, 2026, the date the financial statements were available to be issued.

3. Benefit Obligations

The Plan's benefit obligations are as follows (in thousands):

	October 31	
	2025	**2024**
Benefits payable	**$ 25**	$ 17
Postretirement benefit obligations:		
Participants currently receiving benefits	**35,948**	34,771
Other fully eligible participants	**22,028**	19,878
Total postretirement benefit obligations	**57,976**	54,649
Total benefit obligations	**$ 58,001**	$ 54,666

The changes in the Plan's benefit obligations for the year ended October 31, 2025, are as follows (in thousands):

Postretirement benefit obligations at beginning of year:	**$ 54,649**
Increase (decrease) during the year attributable to:	
Benefits accumulated	**4,642**
Interest	**2,910**
Benefits paid	**(4,119)**
Change in assumptions	**(106)**
Postretirement benefit obligations at end of year	**$ 57,976**

3. Benefit Obligations (continued)

The change in assumptions was mainly composed of (i) a decrease of approximately $0.3 million due to the change in the interest crediting rate from 4.70% at October 31, 2024 to 4.60% at October 31, 2025 and (ii) an increase of approximately $0.2 million due to the change in the discount rate from 5.31% at October 31, 2024, to 5.27% at October 31, 2025.

4. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments, at fair value at October 31, 2025 and 2024, net appreciation in the fair value of investments, and interest and dividend income for the year ended October 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

5. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy with which the fair value measurement is classified is determined on the lowest level input that is significant to the fair value measure in its entirety.

5. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Registered investment companies: Valued at the daily closing price reported on the active market on which the individual securities are traded. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common collective trusts and 103-12 investment: Valued at NAV as the practical expedient, established by the fund's sponsor on the last business day of the plan year, based on the fair value of the assets underlying the funds. These investments have no redemption restrictions or future commitments, and they have a daily redemption frequency with a 3-5 day redemption notice period.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate the fair value could result in a different fair value measurement at the reporting date.

The Plan's assets measured at fair value on a recurring basis were as follows:

	October 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 34,398,136	$ -	$ -	$ 34,398,136
Investments measured at NAV				36,063,042
				$ 70,461,178

5. Fair Value Measurements (continued)

	October 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 34,682,338	$ -	$ -	$ 34,682,338
Investments measured at NAV				31,652,105
				$ 66,334,443

6. Risks and Uncertainties

The Plan invests in registered investment companies and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

The following table represents a concentration of Plan investments at October 31, 2025 and 2024, respectively. A significant decline in the fair value of this investment could significantly affect the net assets available for benefits.

	2025		2024	
	Fair Value	%	Fair Value	%
Baird Ultra Short Bond Fund	**$ 31,160,155**	**44%**	$ 30,683,290	46%

The actuarial present value of the postretirement benefit obligations is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to inherent uncertainties in the estimation process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts disclosed in the accompanying financial statements.

7. Income Tax Status

The trust funding the Plan has received an exemption letter from the Internal Revenue Service (IRS), dated August 21, 2001, stating that the trust is tax exempt under the provisions of Section 501(c)(9) of the Code as a Voluntary Employee Beneficiary Association. The Plan and trust are required to operate in conformity with the Code to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trust is tax exempt.

Plan management evaluates any uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2025, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

The Plan engages in certain transactions with the Dreyfus Government Cash Management Fund, a mutual fund managed by an affiliate of BNY, which is a party-in-interest under the provisions of ERISA.

9. Nonexempt Party-In-Interest Transactions

The Company remitted certain 2025 participant contributions of $191,432 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3 102. The Company subsequently made the appropriate corrections and paid the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	October 31	
	2025	**2024**
Net assets available for benefits per the financial statements	**$ 70,375,535**	$ 66,243,514
Less benefits payable	**(25,205)**	(17,233)
Net assets available for benefits per the Form 5500	**$ 70,350,330**	$ 66,226,281

The following reconciles benefits paid to participants per the financial statements to the Form 5500:

Benefits paid per the financial statements	**$ 4,118,840**
Add benefits payable at October 31, 2025	**25,205**
Less benefits payable at October 31, 2024	**(17,233)**
Benefits paid per the Form 5500	**$ 4,126,812**
