INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Hallstar Services Corporation
Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hallstar Services Corporation Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hallstar Services Corporation Incentive Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The firm of Philip+Rae & Associates, CPA's, which audited the financial statements of the Plan for the year ended September 30, 2024, was acquired by Platform CPA's, LLP effective November 4, 2024.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hallstar Services Corporation Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hallstar Services Corporation Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hallstar Services Corporation Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hallstar Services Corporation Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of Hallstar Services Corporation Incentive Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined-contribution plan, which is administered by a committee comprised of representatives of the Hallstar Services Corporation (Company). In accordance with the provisions of the Plan, all employees of the Company, other than union employees subject to a collective bargaining agreement and covered by a separate pension plan, are eligible to participate in the Plan on the earliest monthly date after meeting the minimum age requirement of 21 years old. A separate account is maintained for each participant. The Plan was amended on July 15, 2022 upon change to Principal Trust Company as the trustee.

Contributions

The Plan is funded by participant contributions in the form of “before-tax” payroll deductions from 2% up to 100% of participant’s annual compensation. Participant “before-tax” contributions are limited to the maximum allowable annual contribution as provided for in the Internal Revenue Code (IRC). Participants may change their contribution levels daily. Subject to certain limitations with respect to the Company’s profits, the Plan is also funded by Company contributions at 50% of participant contributions withheld from “before-tax” earnings, up to 1½% of the participant’s compensation.

Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants’ non-vested accounts may be used to reduce future Company contributions.

Vesting

Participants’ contributions and earnings thereon are immediately fully vested. A participant’s portion of the Company’s contributions and related investment income vests according to the following schedule:

<u>Full Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	- %
2 years	25
3 years	50
4 years	75
5 or more years	100

Full vesting occurs at age 65, upon death, or upon termination of employment, if the participant has reached 65 years of age or is permanently disabled.

Investment options

A participant may direct employer and employee contributions in 1% increments. The Company offers a choice of investment options through the Principal Trust Company (the Trustee). The assets of the Plan are invested in units of various collective trusts and mutual funds either managed by the Trustee or offered through other mutual fund companies.

Participants may change their investment direction of future contributions and may elect to transfer their existing account balances from one fund to another daily.

Note 1 – Description of the Plan (continued)***Withdrawals***

In the event of retirement, death, disability, or termination of employment, a participant's vested interest in the Plan will be distributed in a single lump-sum payment of cash. "Before-tax" contributions and the vested portion of the Company's contributions may, in the event of financial hardship, as defined, be withdrawn before age 59½.

Loans

Loans are available to all participants. A participant may take a loan only once in any period of 12 consecutive months. A loan shall be made for no less than one thousand dollars (\$1,000) and total loans outstanding shall not exceed the portion of the participant's vested interest under the Plan available for borrowing according to the following table:

Vested Interest	Maximum Loan
\$2,000 but less than \$100,000	50% of vested interest
\$100,000 or more	\$50,000 reduced by the participant's highest outstanding loan balance during the preceding twelve month period, if applicable

Loans are secured by the participant's vested interest and shall bear a rate of interest that provides a return commensurate with the interest rate that would be charged by entities in the business of lending money for loans, which would be made under similar circumstances. Loans shall be repaid via payroll deductions over a maximum of five years (30 years for loans to finance principal residences).

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Fees for administration of loans are included in administrative expense and charged directly to the participant's account. It is the intent of the Company to pay the administrative expenses of the Plan, but if the Company fails to make the payments or so directs the Trustee, there may be a charge against the Plan for these expenses.

Plan termination

The Company anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event that the Plan is terminated, all participants shall be fully vested, and each participant will be entitled to a distribution equal to his or her contributions and his or her share of Company contributions, investment income and loss, and unrealized appreciation or depreciation in the fair value of investments.

Note 2 – Summary of Significant Accounting Policies***Investment valuation using fair value measurements***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment transactions and investment income

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)***Forfeited Accounts***

For the years ended September 30, 2025 and 2024, employer contributions were reduced by \$42,960, and \$39,763, respectively, from forfeited non-vested accounts.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Employer Contributions and Receivables

Contributions from the Plan Sponsor are recognized as additions to net assets available for benefits when due, in accordance with the terms of the Plan and statutory funding requirements. Contributions are deemed receivable when they are formally approved by the Plan Sponsor or legally mandated under ERISA guidelines prior to the Plan's fiscal year-end, but not yet received by the trustee. As of September 30, 2025, and September 30, 2024, there were no employer contributions receivable due to the Plan.

The Plan evaluates its receivables for expected credit losses in accordance with ASC 326. The estimate of expected credit losses is based on historical experience, current conditions, and reasonable and supportable forecasts. No allowance for credit losses has been recorded as of September 30, 2025 and 2024, as management believes the receivables are fully collectible.

Date of management's review

Subsequent events have been evaluated through July 2, 2026, which is the date the financial statements were available to be issued.

Note 3 – Tax Status

The Internal Revenue Service ruled September 13, 1994, that the Plan qualified under Section 401(a) of the IRC and, therefore, the related trust is not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 4 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5 – Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditors to not perform any auditing procedures with respect to the following information certified by Principal Trust Company, the trustee of the plan, as complete and accurate, except for comparing such information certified by the trustee with information in the plan's financial statements and supplement Schedule H, line 4i – Schedule of Assets (Held at End of Year). The investments of the Plan at September 30, 2025 and 2024 are held, and all transactions therewith are initiated and executed, by the Trustee.

The investments held and participant loans receivable at September 30, 2025 and 2024 are as follows:

September 30,	2025	2024
Investments		
Mutual Funds	\$ 15,712,741	\$ 18,751,235
Pooled Separate Accounts	6,865,065	11,610,942
Common Collective Trusts	11,465,442	1,866,354
Stable Value Collective Trust	987,466	921,984
Receivables		
Notes receivable from participants	140,584	150,230
Total assets	\$ 35,171,298	\$ 33,300,745

Note 6 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such investments pursuant to the fair value hierarchy.

Level 1 – Mutual Funds – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Investments Measured at Net Asset Value (NAV)

The Plan's investments measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

September 30, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Common Collective Trust	\$ 11,465,442	None	Daily	1 business day

Pooled Separate Accounts	2,788,338	None	Daily	1 business day
Stable Value Collective Investment Trust	921,984	None	Daily	1 business day
Total investments	\$ 14,399,280			

Note 6 – Fair Value Measurements (continued)**Investment Descriptions**

Common Collective Trusts - Common /Collective Trusts consist of pools of investments used by institutional investors to obtain exposure to equity and fixed income markets by investing in mutual funds and equity index funds. They are valued at the net asset value (NAV) as provided by the investment account manager as a practical expedient. There are no redemption restrictions on these funds.

Pooled Separate Accounts - The fair value of the pooled separate accounts is based on a per unit allocation of the net asset values (NAV) of the underlying mutual funds in which the separate accounts invest. The NAV of mutual funds are reported daily at their quoted close. The Plan utilized the fair value as reported by the Custodian as a practical expedient to valuing these assets

Stable Value Collective Investment Trust - The stable value collective investment trust invests primarily in fixed income investments and other instruments designed to provide capital preservation and stable returns. The Plan's investment is valued at the NAV of units held at year-end as provided by the trustee. The Plan reports the investment at fair value. Although the fund may invest indirectly in investment contracts and fixed income accounts, the Plan does not directly hold such contracts.
