INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Champion Credit Union 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Champion Credit Union 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing our audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHAMPION CREDIT UNION 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 AND 2024

Note 1 – Description of the Plan

General

The Champion Credit Union 401(k) Savings Plan (the Plan) is a defined contribution plan that was established on January 1, 1932 by Champion Credit Union (the Credit Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Adoption Agreement or the Summary Plan Description, including amendments thereto, for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Credit Union. The Plan Administrator is responsible of the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees and reports to the Plan's Trustees. The Plan's investment custodians are Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) and Minnesota Life Insurance Company. The investment custodians hold all the Plan's assets and execute all of the Plan's transactions. The Plan has retained Principal Life Insurance Company to provide recordkeeper services and Colton Groome to provide administrative services.

Eligibility

The Plan covers all employees of the Credit Union, excluding nonresident aliens and interns. Eligible employees must be 18 years of age and must have completed 60 days of service. Eligible employees may begin participating immediately following the date eligibility requirements are met. Participants with salary deferrals are eligible to receive Credit Union matching, safe harbor, and nonelective contributions, with the same eligibility requirements and entry date as employee elective salary deferrals.

Contributions to the Plan

Each year, participants may make deferred contributions pre-tax and after-tax of their annual compensation, as defined in the Plan, through payroll withholdings. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan includes an automatic enrollment provision whereby all newly eligible participants are automatically enrolled at a deferral rate of 4% unless they affirmatively elect to not to participate. Automatic enrollment contributions are invested in a designated fund until changed by the participant.

The Credit Union makes matching contributions on behalf of participants equal to 100% of the first 4% of a participant's pre-tax and after-tax contributions. Total matching contributions for 2025 were \$265,194. The Credit Union makes safe harbor contributions on behalf of participants equal to 3% of a participant's compensation. Total safe harbor contributions for 2025 were \$206,348. During the year ended December 31, 2025, no discretionary contributions were made.

Participants direct the investments of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Credit Union's contributions are allocated in the same manner as the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2025 AND 2024

Participant Accounts

Each participant's account is credited with the participant's contributions, the Credit Union's matching and discretionary contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain Department of Labor (DOL) and IRS requirements. Participants may have up to two loans outstanding at any time. The loans are secured by the balance in the participant's account. The loan's interest rate, determined quarterly, is set at 2% above the prime rate, as defined in the Plan document. Principal and interest are paid through payroll deductions. Loan terms may not exceed a maximum of five years unless used for the purchase of a primary residence.

Distribution of Benefits

On termination of service, participants with vested account balances of \$7,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent unless they elect a rollover. Participants whose vested account balances exceed \$7,000 may elect to receive a lump sum distribution, partial withdrawal, or rollover their account balance to another qualified account. Those participants whose account balances exceed \$7,000 may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full Plan document for details.

The Plan allows for in-service distributions upon attainment of age 59½ for all deferral contributions, discretionary and matching contributions, and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the Plan document, from vested balances.

Vesting

Participants are immediately vested in their contributions and safe harbor nonelective contributions plus actual earnings thereon. Vesting in the Credit Union's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant vests ratably over a period of five years. In order to qualify as a year of service for vesting, a participant needs to work a minimum of 1,000 hours. However, a participant becomes 100% vested upon death, permanent disability or upon reaching early retirement age.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay Plan expenses. Approximately \$10,000 and \$5,000 in forfeitures were used to reduce employer contributions and for the payment of Plan expenses respectively, during the Plan year ended December 31, 2025. The forfeited account maintained a balance of approximately \$0 and \$3,000 as of December 31, 2025 and 2024, respectively.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 AND 2024

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make use of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expense when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

CHAMPION CREDIT UNION

401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 AND 2024

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Credit Union. Expenses that are paid by the Credit Union are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassification and Presentation

Certain amounts reported in the 2024 financial statements have been reclassified to conform with the 2025 financial statement presentation. Reclassification adjustments did not affect total net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through and including July 2, 2026, the date the financial statements were available to be issued. No such events have been identified for disclosure.

Note 3 – Unaudited Investment Information Certified by the Investment Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Principal and Minnesota Life Insurance Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024,
2. All investment activity reflected in the statement of changes in Net Assets Available for Benefits for the year ended December 31, 2025,
3. All investment-related information included in the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and
4. The note receivable from participants balance as of December 31, 2025 and 2024 and the related note receivable from participants income for the year ended December 31, 2025.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

CHAMPION CREDIT UNION

401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2025 AND 2024

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed insurance contracts: The fair value of guaranteed insurance contracts is estimated using discounted cash flow models incorporating observable market inputs, including current interest rates and credit spreads for contracts with similar terms and maturities. These investments are classified within Level 3 of the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

As of December 31, 2025

Level 3 Gains and Losses

The following tables set forth a summary of changes in fair value of the Plan's Level 3 assets:

	Level 3 Assets Year Ended December 31, 2025 Guarenteed Insurance Contracts	Level 3 Assets Year Ended December 31, 2024 Guarenteed Insurance Contracts

Purchases	-	-
Sales	(179,074)	(175,152)
Balance, end of year	<u>\$ 548,701</u>	<u>\$ 715,604</u>

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan offers a fully benefit-responsive guaranteed investment contract, the Principal Fixed Income Guaranteed Option (PFIGO). The PFIGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. As a result, the average yield earned by the Plan is the yield earned on the group annuity contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2025 AND 2024

Note 6 – Party-in-Interest Transactions

Certain Plan investments are managed by Principal and Minnesota Life Insurance Company, who are the Plan's investment custodians. During the year ended December 31, 2025, the Plan paid direct compensation to the investment custodians for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the investment custodians from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, management has the right, under the Plan, to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. Upon termination, participant accounts become 100% vested.

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized Principal pre-approved 401(k) plan which has been filed with IRS has received a favorable opinion dated June 30, 2020. The Credit Union has elected not to apply for an individual IRS determination letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

The Plan permitted provisions of SECURE Act 2.0 during the year ended December 31, 2025 and 2024, Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 10 – Prohibited Transactions

During 2024, the Credit Union failed to transmit participant contributions totaling \$116 to the Plan within the time frame required by the DOL's Rules and Regulations. During 2025, the Credit Union made corrective contributions to the affected participants account to compensate the participant for potential lost income due to the delays. The untimely remittance of participant contributions constitutes a nonexempt prohibited transaction.
