The Retirement Plan Committee
Gordon Flesch Company, Inc. 401(k)
Profit Sharing Plan and Trust
Fitchburg, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gordon Flesch Company, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - (Schedule of Assets Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Gordon Flesch Company, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective July 1, 1966, and Gordon Flesch Company, Inc. (the Company or Employer) is the sponsor of the Plan. The Plan is a defined contribution plan covering substantially all employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee (Custodian) and Administration of the Plan

The trustee (custodian) and recordkeeper of the Plan is Fidelity Management Trust Company. The administrator of the Plan is the Company. The trustee (custodian) holds all assets of the Plan in accordance with the service provider contract with the Company. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible to contribute on the first day of the following month after the second month of employment. Employees are eligible for any discretionary Employer match or profit sharing on the first day of the following month after having completed 1,000 hours of service during the 12-month period commencing on the date of employment and must be employed on the last day of the Plan year.

Effective March 12, 2025, participants must be 19 years of age to participate in the Plan, as it was previously 21 years of age. Leased employees are not considered eligible for participation.

Contributions

Employees may contribute up to 75% of their annual compensation subject to statutory limits in place for any calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The deferral rate increases annually on October 1 at a rate of 1% up to 9%. Participants may also elect to make designated Roth contributions. The Employer will make a discretionary matching contribution equal to a percentage of the amount of compensation for the current year contributed by all participants eligible to share in allocations. The Employer contributions for 2025 and 2024 were calculated at 50% of salary deferrals up to 9% of eligible compensation.

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

The Company may also make discretionary profit-sharing contributions to the trust each fiscal year in which there are profits sufficient in the judgment of the Board of Directors for that purpose. No such contributions were made in 2025 or 2024.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, and an allocation of (a) the Employer's contribution, (b) Plan investment earnings, and (c) forfeitures of terminated participants' nonvested accounts, and is charged with any distributions and an allocation of (a) administrative expenses and (b) Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant-requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants are allowed to direct their account balances, their contributions, the Employer's discretionary matching contribution, and the Employer's discretionary profit-sharing contribution into any of the investment funds listed in the supplemental Schedule of Assets (Held at End of Year), or into other segregated (self-directed) investments, as described in the Plan document. Participants may change their investment options daily.

Vesting

Participants are immediately 100% vested in their elective deferral and rollover contributions, as well as the Employer's discretionary matching contribution, plus earnings thereon.

Vesting of the Employer's discretionary profit-sharing contribution and earnings thereon is based on years of service. Participants who leave the Plan because of death, retirement, or disability, as defined in the Plan document, are considered 100% vested in their account balance related to the Employer's discretionary profit-sharing contribution. A participant who terminates for any reason other than the aforementioned shall have a nonforfeitable right to a percentage of the accrued benefit derived from the Employer's discretionary profit-sharing contribution in accordance with the following schedule:

Years of Service	Percentage Vested (%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans a participant may have outstanding at any specific date is one. The term of loan repayment shall not exceed five years or up to ten years if the purpose of the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Maturity dates range from October 2025 to September 2035. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, net of any allowance for uncollectible amounts. Interest income is recorded on the accrual basis.

No allowance for credit losses has been recorded as of September 30, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

On termination of service, a participant may elect to receive (a) a lump-sum amount based on the value of his or her account; (b) installments over a specified period, which cannot exceed the normal life expectancy of the participant; (c) equal installments over a period of time, which cannot exceed the joint and last survivor life expectancy of the participant and his or her designated beneficiary; or (d) a transfer of a lump sum to another qualified plan or Individual Retirement Account (IRA). A participant may also elect to receive a hardship distribution, as defined by the terms of the Plan or in-service withdrawals per the attainment of age 59½.

Upon the death of a participant prior to the commencement of distribution of any benefit under the Plan, or prior to the complete distribution of his or her accounts, his or her surviving beneficiary shall be entitled to a death benefit equal to the sum of such participant's accounts as of the date of his or her death.

On termination of service for reasons other than retirement, the following shall apply:

- 1) If the value of the vested portion of the participant's account is less than \$1,000, the Retirement Plan Committee, in its discretion, may elect to distribute such vested portion currently.
- 2) If the value of the vested portion of the participant's account is greater than \$1,000, the account will be retained in the trust until early retirement age is reached. The Retirement Plan Committee can, in its discretion, elect, with the consent of the participant, to distribute such vested portion to the participant currently. When the participant becomes entitled to the payment of benefits, the Retirement Plan Committee, in its sole discretion, determines the mode of settlement from those options listed above.

As of September 30, 2025 and 2024, there were no distributions requested that had not been paid.

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Forfeitures

Forfeitures arise as a result of participants who separate from service with the Employer before becoming 100% vested in the Employer's discretionary profit-sharing contributions and earnings thereon. Forfeitures of non-vested participant balances are used to pay administrative expenses or reduce the amount of future discretionary Employer contributions. For the years ended September 30, 2025 and 2024, there were no forfeitures. As of September 30, 2025 and 2024, there were no unallocated forfeited balances.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of investments.

Plan Amendments

The Plan has been amended to address the required changes enacted pursuant to the Setting Every Community Up for Retirement Act (SECURE 2.0 Act). Provisions of the SECURE 2.0 Act that the Plan has adopted include the following:

- Disaster relief distributions (effective November 24, 2024)
- Eligible distributions for domestic abuse victims (effective November 24, 2024)
- Withdrawals for Emergency Expenses (effective November 24, 2024)
- Repayment of Qualified Birth or Adoption Distribution (effective November 24, 2024)
- Updating the dollar limit for mandatory force-out distributions from \$1,000 to \$7,000 (effective January 1, 2024)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), except benefit payments, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Investment Valuation and Income Recognition

Shares of registered investment companies (RICs) are stated at fair value. These investments are valued at the daily closing price as reported by the fund. RICs held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

The U.S. government securities funds represent investments with various government bonds, which approximate fair value.

The money market fund is reported at amortized cost, which approximates fair value.

Common collective trusts represent investments with various investment managers. Units held in common collective trusts, including stable value funds, are valued at the NAV as reported by the investment managers as of September 30, 2025 and 2024.

While the majority of the underlying asset values are based on quoted prices, the NAV of the common collective trust fund is not publicly quoted. The NAV is reported by the fund managers as of the financial statements date based on recent transaction prices. The common collective trust funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. As of September 30, 2025 and 2024, there were no unfunded commitments.

Net appreciation in fair value of investments, which is included in the accompanying statements of changes in net assets available for benefits, includes realized gains or losses from the sale of investments and unrealized appreciation (depreciation) in the fair value of investments. Net unrealized appreciation (depreciation) in the fair value of the investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the year or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, equity price, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

As of September 30, 2025 and 2024, the Plan held investments in the Fidelity 500 Index Fund and the Fidelity Contrafund K, which represented 10% or more of total investments.

Notes to Financial Statements

Contributions Receivable

Participant contributions and any related Employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During 2025 and 2024, \$51,044 and \$55,717 was recorded as a deemed distribution, respectively.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of September 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company discretionary contributions.

5. Tax Status

The IRS has determined and informed the Plan administrator in a letter, dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS to retain qualified tax status. Although the Plan has been amended and restated since the date of the determination letter, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity Management Trust Company or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to the recordkeeper by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

7. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at September 30, 2025 or 2024. The description of the valuation methodologies used for assets measured at fair value is described in Note 2.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:
