INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Data Analysis, Inc. Investment Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Data Analysis, Inc. Investment Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

1. DESCRIPTION OF PLAN

The following description of Data Analysis, Inc. Investment Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

Data Analysis, Inc. adopted the Plan effective January 1, 1990. The Plan is a defined contribution plan, which covers employees of Data Analysis, Inc. and its affiliates (the Company), that include William O'Neil & Co. Incorporated; O'Neil Global Advisors Inc.; O'Neil Digital Solutions LLC; and O'Neil Securities, Incorporated. The Plan is designed to provide participating employees the opportunity to accumulate retirement funds through a tax-deferred contribution arrangement pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). In addition to the Code, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration of the Plan

The Board of Directors of the Company is responsible for oversight of the Plan. The Plan Committee, as appointed by the Board of Directors of the Company, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Voya Institutional Trust Company (VITC) serves as the Plan's trustee. Voya Retirement Insurance and Annuity Company (VRIAC) is the custodian and recordkeeper of the Plan. The Company acts as the Plan administrator (the Plan Administrator) and the Plan sponsor (the Plan Sponsor). Most administrative expenses of maintaining the Plan are paid by the Company.

Participation

Participation in the Plan is available to all eligible employees who have completed one month of service. Rehired employees who were previously participants in the Plan are eligible to reenter the Plan immediately.

The Plan accepts direct cash rollovers from other qualified plans regardless of whether the employee has met the Plan's eligibility requirements.

Employees who become eligible to participate in the Plan are automatically enrolled in the Plan to make pretax deferrals unless the employee affirmatively elects not to make pretax deferrals within the applicable time period as described by the Plan. The employee is deemed to have elected to contribute 4% of the employee's pretax compensation each payroll period into a Voya targeted fund, selected based on age and estimated retirement, until a subsequent valid election is made by the participant. The deferral amount is increased by 1% of compensation up to a maximum of 7% at the beginning of each Plan year.

DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Contributions

The Plan allows participants to contribute in whole percentages from 1% to 100% of their base compensation through July 1, 2025 on a pretax basis or after-tax contribution (Roth), through payroll deductions. Effective July 1, 2025, the Plan was amended to modify the elective deferral limit to 80% of their base compensation. A participant's total contributions, in any Plan year, cannot exceed the limits provided under Section 415 of the Code. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Plan Sponsor has the option of making matching contributions and discretionary contributions but is not obligated to make such contributions.

For the year ended December 31, 2025, the Company made a matching contribution equal to 100% of the amount of a participant's salary reduction contribution up to the first 3% of eligible compensation as defined by the Plan. The Company did not elect to make a discretionary contribution to the Plan in 2025.

Vesting

Participants are immediately 100% vested in both their elective deferrals and employer matching contributions upon contribution. Upon termination of employment, participants are entitled to receive a lump-sum distribution equal to the value of their account. Certain employer matching contributions made in 2022 and prior years were subject to specific vesting schedules.

Participant Accounts

Each participant's account is credited with participant's contributions and employer contributions and any earnings and/or gains/losses resulting from the investment of those contributions. Participants are charged with an allocation of administrative expenses that are paid by the Plan and upon any distributions from the participant accounts. Each participant may select the investment funds in which his or her contributions will be invested and may change his or her election anytime. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits, Distributions and Withdrawals

On termination of service due to death, disability, retirement or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or elect to keep the balance in the Plan. Participants with account balances under \$5,000 are required to withdraw their balances from the Plan within 60 days. Participants with account balances of \$5,000 or more may elect a distribution at any time following the termination of employment. Annuity payments are available if the participant selects one of the Voya Lifetime Income Protection Funds. All amounts are to be distributed in accordance with the minimum required distribution provisions of the Code.

Notes Receivable from Participants

Participants are permitted to borrow from their accounts subject to certain limitations and conditions established to comply with the current requirements of the Code. All notes receivable made to participants are secured by their accounts. Participants may borrow a maximum of one outstanding note receivable at any time.

**DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

Notes receivable may have a term of up to five years; however, the term can be extended up to 30 years if the loan is used to acquire or construct a principal residence of the participant.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$19,472 and \$21,692, respectively. During the year ended December 31, 2025, \$12,073 of forfeitures were used to fund employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of net assets available for benefits for a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Deferred Revenue

The Company remitted contributions for the 2026 plan year in 2025. As a result, the Plan had deferred revenue as of December 31, 2025, that will subsequently be recorded as contributions in 2026.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant initiated transactions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Effective June 1, 2026, the Plan changed its trustee to Charles Schwab Trust Company. In connection with this change, Schwab Retirement Plan Services, Inc. became the Plan's recordkeeper.

Management has evaluated subsequent events through June 26, 2026, which is the date the financial statements were available to be issued, and has determined that there are no additional subsequent events that require disclosure under FASB ASC 855, Subsequent Events.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data, by correlation, or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2025 and 2024:

Pooled separate accounts – valued based on each account's daily accumulated unit value (AUV), which is considered by Plan management to be the best approximation of fair value. Data for AUV's are distributed to the Plan Administrator on the qualified service providers' website and provide corroborative evidence to ascertain the relationship between each funds AUV and the values of the individual underlying holdings. Underlying holdings held in the separate accounts are mutual funds and common collective trust funds and are primarily valued using market quotations or process obtained from independent pricing sources.

Common collective trust funds: – Valued at NAV provided by the fund's Trustee. The NAV is based upon the fair value of the underlying investments held by the respective fund less its liabilities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

Description	Investment Assets at Fair Value as of December 31, 2025			
	Total	Level 1	Level 2	Level 3
Common collective trust fund	\$ 227,659	\$ -	\$ 227,659	\$ -

Description	Investment Assets at Fair Value as of December 31, 2024

Total investments in fair value hierarchy	<u>\$ 80,668,482</u>	<u>\$ -</u>	<u>\$ 80,668,482</u>	<u>\$ -</u>

There were no transfers of investment assets between Levels 1, 2 or 3 of the fair value hierarchy during the year ended December 31, 2025. The Plan did not hold investments considered to be Level 3 measured assets at December 31, 2025 and 2024.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with the VRIAC. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit VRIAC to terminate the agreement prior to the scheduled maturity date. The contract value of the guaranteed investment contracts at December 31, 2025 and 2024, was \$8,373,086 and \$8,294,381, respectively.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) Plan termination or merger, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that causes a significant withdrawal from the Plan, (4) premature termination of the contract, or (5) failures of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured

**DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The Plan Administrator does not believe that any events that may limit the ability of the Plan to transact at contract value or terminate the contract with the issuer are probable as of December 31, 2025, or the date these financial statements are available to be issued.

5. INFORMATION CERTIFIED BY THE CERTIFYING ENTITIES

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest income for the year ended December 31, 2025, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by VITC and VRIAC.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Some of the pooled separate accounts, common collective trusts, and the benefit-responsive investment contract are managed by the VITC and VRIAC. Fees paid for investment management services were included as a reduction of the return earned on each pooled separate account and common collective trust. Participant notes receivable are related party and party-in-interest transactions. These transactions qualify as party-in-interest transactions as permitted by Department of Labor regulations.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Directors has the right at any time to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all net assets available for distribution at the time of termination would be distributed to participants in proportion to their respective account balances.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**DATA ANALYSIS, INC.
INVESTMENT PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

9. TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan prepared by VRIAC. This prototype plan has obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
