INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator of
Raymond James Financial, Inc. and Affiliates
Employee Stock Ownership Plan
St. Petersburg, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Raymond James Financial, Inc. and Affiliates Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2025, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended September 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RAYMOND JAMES FINANCIAL, INC. AND AFFILIATES
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

NOTE 1 – PLAN DESCRIPTION

The following description of Raymond James Financial, Inc. and Affiliates Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established on October 1, 1975 and most recently amended and restated on January 1, 2023. The Plan covers substantially all U.S. employees of Raymond James Financial, Inc. and its consolidated subsidiaries (the Company or Employer) who have met certain requirements as to length of service with the Company. All plan assets are in the custodianship of Principal Trust Company. Principal Financial Group performs all recordkeeping functions. The Plan continues to be managed and administered by certain employees of the Company who have been designated as trustees.

Eligibility: Employees are eligible to participate on the date of employment. Participants are eligible for an allocation of Company contributions if employed on the last day of the Plan year, regardless of hours of service. Participants who retired, became totally disabled, or died during the allocation year are also eligible for an allocation of Company contributions.

Contributions: Contributions by the Company are determined annually by the Company's Board of Directors on a discretionary basis. The Plan does not provide for employee contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Plan has a two-step process for contribution allocations. Step one only applies when there is an outstanding loan to the Plan. Step two provides that the allocation of contributions and forfeitures is based on the ratio of the participant's eligible compensation to the total eligible compensation of all eligible participants.

The contribution allocation is determined annually by the Company's Board of Directors. The Company made a contribution of \$44,555,893 during the year ended September 30, 2025. For the year ended September 30, 2025, eligible compensation, as defined by the IRS, was limited to \$345,000 per participant.

Investment Income: Dividends from the Company's common stock are allocated based on the number of shares held by each participant. Other investment income, including earnings, gains and losses, is allocated proportionately among participants on the basis of participants' daily account balances.

Participant Accounts: Each participant's account is credited with the contribution allocation as outlined above, as well as allocations of any Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings/losses, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants will vest 20% after one year of service and an additional 20% each year thereafter through the fifth year in which they will be 100% vested. Participants vest 100% upon retirement, death, or total disability. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2025 and 2024

NOTE 1 – PLAN DESCRIPTION (Continued)

Payments of Benefits: Participants are eligible to receive benefits: (1) upon reaching age 65, (2) upon the death or the disability of the participant, or (3) attainment of age 59½ if 100% vested. The Plan also provides for the distribution of the vested amounts upon termination of employment. Benefits are generally paid in a single lump sum. Benefit distributions may be made in whole shares of Raymond James Financial, Inc. stock or in cash.

Diversification: Participants who have attained the age of 55 and have completed 10 years of participation in the Plan are eligible to diversify a portion of their accounts. Participants ages 55 through 56 may diversify up to one-third of their shares, ages 57 through 58 may diversify up to two-thirds of their shares, and from age 59, participants may diversify 100% of their shares. All diversified funds are transferred to the Raymond James Financial, Inc. 401(k) Plan and are invested according to the participant's current investment allocations.

Forfeited Accounts: Forfeitures may be used to pay Plan expenses or to reduce employer contributions made after the forfeitures are accumulated. Forfeitures not used for either of these two purposes are to be allocated to participants in the subsequent year. Forfeitures totaling \$445,700 were used to pay plan expenses and \$675,805 were used to reduce employer contributions during the year ended September 30, 2025. Forfeited nonvested accounts to be allocated to participant account in the subsequent year as of September 30, 2025 and 2024, were \$1,295,212 and \$941,995, respectively.

Voting Rights: Participants are entitled to direct the voting rights of the Company common stock for any matter put to the vote of shareholders and are notified by the Company prior to the time that voting rights are to be exercised. Each participant is entitled to one vote for each share credited to their account.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Administrative Expenses: Recordkeeping fees and certain participant transaction fees are paid by the Plan. Certain transaction fees are paid by the plan participants. Other administrative expenses are paid directly by the Company.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 12, 2026, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures, and actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions: Contributions to the Plan are accrued when authorized by the Company's Board of Directors. All contributions are non-participant directed.

Payment of Benefits: Benefit payments are recorded when paid.

Risks and Uncertainties: The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, credit and risks related to global events. Due to the level of risk associated with the investment in the common stock, it is at least reasonably possible that changes in the value of the common stock will occur in the near-term and that such changes could materially affect participant account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at September 30, 2025 and 2024, net appreciation in fair value of investments and dividends for the fiscal year ended September 30, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (adjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Employer common stock: Valued at the quoted price of the shares held. The stock is registered with the Securities and Exchange Commission (SEC) and is deemed to be actively traded (Level 1 inputs).

Registered investment companies: Valued at the quoted price of the shares held. The money market fund held by the Plan is an open-end money market fund that is registered with the SEC and is deemed to be actively traded.

Investments measured at fair value on a recurring basis are summarized below:

	2025			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Raymond James Financial, Inc. employer common stock	\$ 1,084,477,849	\$ -	\$ -	\$ 1,084,477,849
Registered investment companies	1,295,213	-	-	1,295,213
Total investments at fair value	<u>\$ 1,085,773,062</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,085,773,062</u>
	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Raymond James Financial, Inc. employer common stock	\$ 793,366,731	\$ -	\$ -	\$ 793,366,731
Registered investment companies	941,972	-	-	941,972
Total investments at fair value	<u>\$ 794,308,703</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 794,308,703</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest securities are shares of common stock of Raymond James Financial, Inc. The number of shares of employer stock held by the Plan at September 30, 2025 and 2024, was 6,283,448 and 6,478,579 respectively, with a fair market value of \$1,084,477,849 and \$793,366,731, respectively.

Participant investments are transferred to the Raymond James Financial, Inc. 401(k) Plan when the election to diversify is made to allow those participants a selection of diversified investment options. A total of \$25,964,005 was transferred to the Raymond James Financial, Inc. 401(k) Plan during the year ended September 30, 2025, and are included in benefits paid to participants on the accompanying statement of changes in net assets available for benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Principal Financial Group (Principal) provides recordkeeping services to the Plan pursuant to a Service and Expense Agreement. Recordkeeping and participant transaction fees totaling \$579,549 were paid from Plan funds to Principal for the year ended September 30, 2025. These transactions qualify as party-in-interest transactions.

NOTE 6 – DIVIDENDS PAID

Under the Plan provisions, participants may elect to receive the dividends paid on shares of the Company's common stock in cash or re-invest the dividends for additional shares. For the year ended September 30, 2025, \$104,236 was paid to participants who elected to receive dividends in cash.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved profit-sharing plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
