Independent Auditors' Report

To the Plan Administrative Committee of
Best Western International, Inc. 401(k) Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Best Western International, Inc. 401(k) Investment Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended November 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of November 30, 2025 and 2024 and for the year ended November 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent contributions for the year ended November 30, 2025 and the supplemental schedule of assets (held at end of year) as of November 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEST WESTERN INTERNATIONAL, INC. 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(1) Description of the Plan

The **Best Western International, Inc. 401(k) Investment Plan** (the “Plan”) was established by Best Western International, Inc. (the “Company” and “Sponsor”) to allow employees to participate in the Internal Revenue Code Section (“IRC”) 401(k) provisions. The following description of the Plan provides general information about the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. General** - The Plan is a defined contribution plan sponsored by the Company. Employees of the Company are eligible to participate in the Plan for the purpose of pre-tax contributions immediately upon hire and the attainment of age 18. The Plan Administrative Committee is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).
- B. Contributions** - Each year, participants may contribute, subject to IRC limits, up to 75% of pre-tax annual compensation to the Plan. The Plan includes an automatic enrollment feature known as an Automatic Contribution Arrangement, whereby the Company withholds as the automatic deferral amount, 4% of the eligible compensation as 401(k) contributions, until changed by the participant. The Company makes a Safe Harbor contribution on behalf of each eligible employee each payroll period. A non-excluded employee is eligible for the Safe Harbor non-elective contribution beginning on the first day of the fiscal quarter after having completed a year of eligibility service. For the year ended November 30, 2025, the Safe Harbor non-elective contribution was 3% of each eligible employee’s qualifying compensation. The Plan allows for Roth contributions and in-Plan Roth conversions.

In addition, the Company, at the discretion of the Board of Directors, may elect to match employees’ elective deferrals with discretionary matching contributions determined by the Board of Directors. Company discretionary matching contributions are made for eligible employees who remain employed by the Company on the last day of the Plan Year and have completed 1,000 hours of service with the Company during the Plan Year – an exception to these allocation requirements applies to an employee whose Company employment terminates during the Plan Year due to death, disability, or retirement after attaining age 65. The gross discretionary matching contribution for the Plan Year was \$6,129,120, of which \$227,412 was funded through the use of forfeitures. The net amount is included in employer contributions and the employer contribution receivable for the year ended November 30, 2025, which represents a rate of matching contribution of 100% of the first 6% of qualifying compensation deferred by an eligible employee; provided, however, that the matching contribution is limited to 4% of compensation for certain higher paid employees.

- C. Investment options** - Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants that are automatically enrolled and have not made their election will default to the applicable target date fund based on the participant’s age and estimated retirement date. The Company’s contributions are invested in the same manner as that of the participant’s elective contributions.
- D. Participant accounts** - Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions and an allocation of: (a) 3% Company Safe Harbor contribution, (b) the Company discretionary match, if any, (c) Plan earnings or losses, and is charged an allocation of (d) administrative expenses. Allocations of administrative expenses are based on the participant account balance as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(1) Description of the Plan (continued)

- E. Vesting** - Participants are at all times 100% vested in their contributions and the 3% Company Safe Harbor contributions, and earnings thereon. Participants' vested percentage of employer discretionary contributions is determined by years of service (20% vested after each year until fully vested after five years of service). One year of service is deemed to be a minimum of 1,000 hours worked during the period. Vested contributions may be withdrawn after retirement or upon termination of employment.
- F. Forfeitures** - Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to pay Plan expenses or reduce Company matching contributions in the year following the year after which they were forfeited. Forfeited non-vested accounts totaled \$227,412 and \$203,569 at November 30, 2025 and 2024, respectively. During 2025, the Plan used forfeitures of \$22,020 to pay Plan expenses and \$203,762 to reduce Company matching contributions related to the 2024 discretionary contribution.
- G. Notes receivable from participants** - Notes receivable from participants represent participant loans. Participants may borrow up to 50% of their vested account balance subject to a minimum of \$1,000 and a maximum of \$50,000, reduced by the highest outstanding balance on all loans during the preceding 12 months. A participant may have a maximum of two loans outstanding at any given time. The loan term may be for a period not to exceed five years, or if the purpose of the loan is to acquire a principal residence, the loan term may be for a period not to exceed 15 years. All loans are secured by the individual participants' vested account balances and bear interest at rates ranging from 3.25% to 8.50%, as determined periodically by the Plan administrator. Principal and interest are paid through payroll deductions. If a participant terminates employment with the Company and has an outstanding loan, the loan is due and payable at the end of the calendar year quarter following the calendar year quarter in which a participant has terminated employment. If the loan is not repaid during that period, it will automatically be treated as a distribution to the participant.
- H. Payment of benefits** - Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$5,000 may elect to roll their balance into another qualified plan, receive either a lump sum payment or installment payments on a monthly, quarterly, or annual basis, or leave their balance in the Plan. A participant, whose vested balance is greater than \$1,000, but less than \$5,000, is subject to be automatically rolled over to an IRA with Millenium Trust if a distribution is not elected within 60 days after termination. A participant whose vested balance is \$1,000 or less will automatically receive a lump-sum distribution equal to their vested account balance if a distribution is not elected within 60 days after termination.
- In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS").
- I. Administrative expenses** - Certain administrative expenses of the Plan related to loan setup, distributions, brokerage account fees and qualified domestic relations orders are paid by participants. All other Plan administrative or operating expenses are paid by either the Plan or the Plan Sponsor.
- J. Plan termination** - Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become fully vested in their accounts at the date of termination.

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2025 or 2024, respectively. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Risks and uncertainties - The Plan provides for investments in various fund options, which in turn invest in any combination of stocks, bonds, and other investment securities. Investment securities are exposed to interest rate and overall credit, volatility, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received if an asset was sold or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events - Management evaluated subsequent events for the Plan through July 10, 2026, the date the financial statements were available to be issued.

BEST WESTERN INTERNATIONAL, INC. 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(3) Information certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurement

FASB ASC 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BEST WESTERN INTERNATIONAL, INC. 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(4) Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at November 30, 2025 and 2024.

Mutual funds: Valued at fair value using published market prices, which represent the net asset value of shares held by the Plan at year-end.

Pooled separate account: Investments in a sub-account of the Plan's group annuity contract with Principal Life Insurance Company (U.S.A.) are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed one time every 30 days with a notice period of up to 90 days. The Plan had no unfunded commitments as of November 30, 2025.

Common/collective trusts: Common/collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of November 30, 2025 and 2024 and can be redeemed daily with no redemption notice period or other redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at November 30, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 202,342,459	\$ 202,342,459	\$ -	\$ -
Common/collective trusts*	15,636,874	-	-	-
Pooled separate account*	3,611,073	-	-	-
Total investments	<u>\$ 221,590,406</u>	<u>\$ 202,342,459</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at November 30, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 171,957,245	\$ 171,957,245	\$ -	\$ -
Common/collective trusts*	16,278,253	-	-	-
Pooled separate account*	3,439,252	-	-	-
Total investments	<u>\$ 191,674,750</u>	<u>\$ 171,957,245</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

**BEST WESTERN INTERNATIONAL, INC. 401(k)
INVESTMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

November 30, 2025 and 2024

(5) Party-in-interest transactions

The Company is the Plan Sponsor and provides all employer contributions to the Plan; consequently, these transactions qualify as party-in-interest transactions. Certain Plan investments are managed by the trustee; therefore, these transactions qualify as party-in-interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or the Company. Total fees paid by the Plan amounted to \$190,850 for the year ended November 30, 2025 for certain fees related to the administration of the Plan.

(6) Tax status

The Plan has received a determination letter from the IRS dated September 27, 2022, stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Sponsor were remitted late based upon guidelines established by the DOL.

Management identified late contributions amounting to \$96 for the Plan year ended November 30, 2023. The late contribution and lost earnings were corrected during the Plan year ended November 30, 2024, which were not significant to the financial statements as a whole. Plan management filed a document under the Voluntary Fiduciary Correction Program with the DOL on July 9, 2025 for the late contribution and lost earnings. Plan management received the "No Action Letter" on July 25, 2025 which signifies that the Employee Benefits Security Administration/DOL will not take any action against the Plan with respect to the prohibited transaction resulting from the delinquent contribution of participant deferrals into the Plan.
