Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ERNST & YOUNG**

(2) EIN: **34-6565596**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Plan Participants and the Plan Administrator of ConocoPhillips Savings Plan

Opinion

We have audited the financial statements of ConocoPhillips Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Shape the future
with confidence

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1--Plan Description

The following description of the ConocoPhillips Savings Plan (Plan) is as of December 31, 2025 and provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, 401(k) profit sharing plan, which includes an employee stock ownership plan (ESOP) component. Fidelity Workplace Services LLC serves as record keeper for the Plan and Fidelity Management Trust Company (Fidelity) serves as trustee.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2024, ConocoPhillips acquired Marathon Oil Corporation. Effective December 31, 2025, the Marathon Oil Company Thrift Plan was merged into the Plan with a net asset transfer of \$793.8 million, which included a frozen self-directed brokerage account feature (see Note 3).

Eligibility

Generally, active employees of ConocoPhillips Company (the Company) and its subsidiaries on the direct U.S. dollar payroll are eligible to participate in the Plan.

Contributions

Most U.S. employees are eligible to participate in the Plan. Employees can deposit up to 75 percent of their eligible pay, subject to statutory limits, in the Plan to a variety of investment funds. Employees who participate in the Plan and contribute at least 1 percent of their eligible pay receive a 6 percent company cash match with a potential company discretionary cash contribution of up to 6 percent. For the plan year ended December 31, 2025, a company discretionary cash contribution of 3 percent was approved for January through June and 3 percent was approved for July through December.

New employees, rehires, and employees that elected to opt out of the Cash Balance Plan (Title II of ConocoPhillips Retirement Plan) are eligible for a Company Retirement Contribution (CRC). These participants receive a 6 percent company contribution. The CRC does not require any employee contributions.

Active employees are eligible to make catch-up contributions to the Plan beginning in the year they attain the age of 50.

Plan assets are invested in a variety of investment funds; however, the ConocoPhillips Leveraged Stock Fund, Phillips 66 Leveraged Stock Fund, and Phillips 66 Stock Fund are closed to new contributions. Investments in the Plan are participant-directed.

Participant Accounts

Each participant's account is allocated active employee contributions, company contributions, Plan earnings and losses, and charged with an allocation of investment and administrative expenses, as applicable. Allocations are based on participant earnings or account balances. Recordkeeping expenses are charged directly to each participant's account on a quarterly basis. The benefit to which a participant is entitled is the balance in the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, company match and discretionary contributions. Participants in the CRC are 100% vested after three years of service with the Company.

Voting Rights

As a beneficial owner of ConocoPhillips Stock, Plan participants and beneficiaries are entitled to direct the trustee to vote the ConocoPhillips Stock attributable to their accounts.

Diversification

Generally, participants may make unlimited exchanges out of any investment fund in any dollar amount, whole percentages, or shares of their account to another investment fund subject to the exchange rules of the Plan. In addition, using selected investment percentages, a participant may request a reallocation of both the existing account and future contribution allocations or a rebalancing of the participant's existing account.

Share Accounting Method for ConocoPhillips Stock

Participants have the ability to buy or sell shares in real time. Real-time trading allows a participant to see a quote of the current market price and submit a buy/sell market or limit order eligible for immediate execution during normal market hours.

Distributions

Total distributions from participant accounts can be made upon the occurrence of specified events, including the attainment of the age of 59½, death, disability, or termination of employment. Partial distributions are permitted in cases of specified financial hardship.

Installment Payments

A terminated employee or a beneficiary who is the surviving spouse of a participant is eligible to elect a distribution based on a fixed dollar amount or life expectancy installment payments.

Dividend Pass Through

A participant can make an election to receive cash dividends on the shares of ConocoPhillips Stock attributable to the participant's account invested in the ConocoPhillips Stock Fund and the ConocoPhillips Leveraged Stock Fund. The distribution of these dividends is made on each dividend payment date.

Forms of Payment

Generally, distributions from participant accounts invested in ConocoPhillips Stock and Phillips 66 Stock can be made in cash, stock, or a combination of both. Distributions from all other funds in the Plan are made in cash. An election to make an eligible rollover distribution is also available.

Participant Loans

Active employee participants can request a loan from their account in the Plan. The minimum loan is \$1,000. Generally, the maximum loan is the lesser of \$50,000 or one-half of the vested value of the participant's account. For those eligible for loans, three outstanding loans are available at any one time, one of which can be a home loan. Generally, the maximum term of a home loan is 238 months, and the maximum term of a general purpose loan is 58 months.

Plan Trust Agreement

The trust agreement with Fidelity provides for the administration of all assets in the Plan.

Administration

The Plan is administered by the ConocoPhillips Company Benefits Committee (Committee). Members of the Committee are appointed by the Board of Directors of the Company and serve without compensation, but may be reimbursed by the Company for necessary expenditures incurred in the discharge of their duties. Administrative expenses of the Plan are paid from assets of the Plan to the extent allowable by law, unless paid by the Company.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions for Plan Year 2025 to the applicable participants by May 1, 2026.

Note 2--Significant Accounting Policies

Basis of Presentation

The Plan's financial statements are presented on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP). Distributions to participants or their beneficiaries are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Receivable for Securities Sold

As of December 31, 2025, certain trades related to the merger of the Marathon Oil Company Thrift Plan were pending settlement and are therefore shown as a receivable at period end. This is largely related to Marathon Oil Company Thrift Plan Stable Value Fund assets that were mapped to the Plan's Stable Value Fund (SVF).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Change in Presentation

In prior financial statements, the Plan's 100% interest in the SVF was presented as a single line item titled "Plan interest in Stable Value Fund Master Trust." For the year ended December 31, 2025, the Plan presented the underlying investments of the SVF within "Investments, at fair value" for the short-term investment fund (STIF) and "Investments, at contract value" for the fully benefit-responsive synthetic guaranteed investment contracts (SYNs). SVF-related fair value disclosures have been incorporated into Note 3 - Investments.

Note 3--Investments

Investment Valuation and Income Recognition

Investments held by the Plan (except the SYNs) are stated at fair value less costs to sell, if those costs are significant. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Common stock and mutual funds are valued using quoted market prices. Common/collective trusts (CCTs) are valued at net asset value (NAV) per share as determined by the issuer based on the fair value of the underlying investments. Self-directed brokerage accounts may be holding stocks, corporate bonds, treasury securities, or other securities available on the active market. These securities are valued using quoted market prices. The assets in the SVF include SYNs and a STIF. SYNs are recorded at contract value. Contract value is the relevant measurement attributable to SYNs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant

withdrawals and administrative expenses. SYNs are backed by units of CCTs. The STIF is valued at amortized cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Stable Value Fund

The SVF consists of six SYN's backed by units of CCTs and a STIF. Fidelity serves as trustee.

The STIF seeks to provide safety of principal and daily liquidity by investing in high-quality money market instruments. Participant directed withdrawals or exchanges from the SVF may be made on any business day. For each SYN, the underlying investments consist of units of fixed-income CCTs supported by a wrapper contract issued by an insurance company or bank to provide market and cash flow protection to the Plan to allow for participant transactions at contract value. The wrapper contract amortizes the difference between the market value and contract value of the underlying investments resulting from realized and unrealized gains and losses, typically over a period related to the duration of the underlying portfolio, through adjustments to the future interest crediting rate. The wrapper contract includes provisions that generally prevent the calculated interest crediting rate from falling below zero.

As of December 31, 2024, the SVF was \$690.2 million, including \$672.2 million of SYN's, measured at contract value and \$18.0 million in a STIF, measured at fair value using Level 2 inputs.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. In these scenarios, transactions could instead occur at fair market value. These events include, but are not limited to, termination of the Plan or SVF, a material adverse change to the provisions of the Plan, a decision by the administrator of the Plan to withdraw from or terminate an investment contract without securing a replacement contract, and in the event of a spin-off or sale of a division if the terms of a successor plan do not meet the investment contract issuer's underwriting criteria for issuance of a clone investment contract. However, the Committee does not anticipate that limitations on book value transactions resulting from the events described above are probable of occurrence.

Examples of events that would permit a contract issuer to terminate an investment contract upon short notice include the Plan's loss of its qualified tax status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these occurred, the investment contract issuer could terminate the investment contract at fair value. The Committee does not anticipate that any of these events are probable of occurrence.

Institutional and Vanguard Trusts

Institutional Trusts including BlackRock, Fidelity, Geode Capital Management, PIMCO and State Street Trusts, are comprised of low-cost domestic equity, international equity, and domestic fixed-income investment funds. Each investment option employs a full replication indexing approach in which the trust seeks to match the performance of a specified index while minimizing net tracking error. Participant transactions for the BlackRock Institutional Trusts occur in a custom portfolio which holds shares of the underlying trust. Since participant transactions occur at the portfolio level instead of directly into the trust itself, NAV per share will trend with but not equal the NAV per share in the underlying trust held by the Plan.

The Vanguard Target Retirement Trusts are highly diversified funds whose objective is to offer an appropriate balance of risk and return at every stage of retirement investing. The year in the trust name refers to the approximate year (the target retirement date) when an investor in the trust would retire and leave the workforce. Each trust automatically rebalances and adjusts its asset mix over time, gradually shifting to become more conservative as the trust approaches its target retirement date. Once a trust has passed its target retirement date, its allocation is gradually adjusted to match that of the Vanguard Target Retirement Income Trust and it may merge with that trust in seven years.

The trustees of the Institutional and Vanguard Trusts, in their sole discretion, but upon consultation with the Plan, shall decide whether to honor a redemption request in cash, in kind, or a combination of both. The trustees will use their best efforts to distribute proceeds as soon as practicable; provided however, that (i) cash proceeds from the sale of securities liquidated to fund a withdrawal need not be paid until after the actual settlement date or dates of the sale of such securities; and (ii) the trustees may suspend redemptions and/or postpone the payment of redemption proceeds at times when the New York Stock Exchange is closed or during other emergency circumstances.

Self-directed Brokerage Accounts

In connection with the merger of the Marathon Oil Company Thrift Plan into the Plan, the Plan added a frozen self-directed brokerage account feature. As a frozen feature, interest and dividends generated from investments in such brokerage accounts would be credited to the investments that generated them, but no further trading activity is permitted other than to sell investments and deposit cash proceeds into the participant's core cash investment option of the brokerage account.

Note 4--Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value.

**In accordance with FASB ASC Subtopic 820-10, "Fair Value Measurement – Overall", certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.*

The CCTs held by the Plan are the Vanguard Retirement Trusts, as well as BlackRock, Fidelity, Geode Capital Management, PIMCO and State Street Institutional Trusts.

Note 5--Employee Stock Ownership Plan

All ConocoPhillips Stock held by the Plan is considered part of the ESOP. This includes the ConocoPhillips Stock Fund and the ConocoPhillips Leveraged Stock Fund. The ConocoPhillips Stock Fund contains shares of ConocoPhillips Stock purchased with active employee contributions, company contributions, dividends reinvested in participant accounts, and shares allocated to participant accounts as a result of allocations other than those purchased with the proceeds of acquisition loans. The ConocoPhillips Leveraged Stock Fund primarily contains shares of ConocoPhillips Stock that were purchased with the proceeds of acquisition loans and allocated to participant accounts. Participants may direct that these contributions be exchanged from the ConocoPhillips Stock Fund and the ConocoPhillips Leveraged Stock Fund into other investment funds at any time.

Note 6--Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated June 18, 2024, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan was further amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Committee has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7--Related Party and Party-in-Interest Transactions

Certain of the Plan's assets are invested in ConocoPhillips Stock. Because ConocoPhillips is the ultimate parent of the Company, transactions involving ConocoPhillips Stock qualify as party-in-interest transactions. These types of transactions are exempt from the prohibited transaction rules.

Note 8--Plan Termination

In the event of termination of the Plan, participants and beneficiaries of deceased participants would be vested with respect to, and would receive, within a reasonable time, any funds in the participants' accounts as of the date of the termination.
