INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Springfield Hospital Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Springfield Hospital Pension Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended, the statement of accumulated plan benefits as of September 30, 2024, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Board of Trustees
Springfield Hospital Pension Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Board of Trustees
Springfield Hospital Pension Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

1. Description of the Plan

The following description of Springfield Hospital Pension Plan (Plan) provides only general information. Participants should refer to the Plan provisions for more information.

General

The Plan is a tax-exempt, noncontributory defined benefit retirement plan covering substantially all employees of Springfield Hospital Corporation (Hospital). The Plan is subject to Employee Retirement Income Security Act of 1974 (ERISA). As of February 28, 2006, the Plan was frozen. Principal Bank is the recordkeeper and custodian of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits are based on employees' compensation during the five consecutive years of employment which produce the highest average, or total service if less.

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial methods and assumptions used in the valuation as of October 1, 2024 and 2023 are presented below. The calculations were made by New England Retirement Consultants, LLC.

Mortality:	The Internal Revenue Service (IRS) prescribed mortality tables; RP-2014 Mortality Table with fully generational mortality improvement using Scale MP-2021	
Asset return:	<u>2024</u>	<u>2023</u>
	17.24%	10.59%
Funding target:	Present value of the benefits accrued on the valuation date	
Asset valuation method:	Fair market value	
Segment rates:	The segment interest rates used for liabilities in the calculation of the Annual Cost, AFTAP and 4010 Funding Shortfall. These stabilized interest rates reflect the MAP-21 and HATFA interest rate corridor as defined in IRC §430(h)(2)(C)(iv) as of June 2024	
Normal retirement age:	Age 65	
Early retirement age:	Age 55 with ten years of credited service, reduced by 1/15 for each year of the first five years and 1/30 for each of the next five years by which commencement of such allowance precedes age 65	
Salary scale:	Not applicable - frozen plan	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

Changes in Actuarial Assumptions

The assumptions prescribed by law have changed. The valuation is based off of the 2022 prescribed mortality table and the compensation and maximum benefit limitations in effect at the beginning of the plan year.

The segment interest rates used for liabilities in the calculation of Annual Cost and Adjusted Funding Target Attainment Percentage (AFTAP) have changed as follows:

	Segment 1 Years 0-5	Segment 2 Years 5-20	Segment 3 Years 20+	Effective Interest Rate
2024	4.93%	5.27%	5.59%	5.29%
2023	4.75%	5.00%	5.74%	5.13%

The segment interest rates used for liabilities in the determination of the Calculated Internal Revenue Code (Code) §404 Deduction, HCE Benefit Payment Restrictions, 4010 Funded Status, and 4010 Shortfall have changed as follows:

	Segment 1 Years 0-5	Segment 2 Years 5-20	Segment 3 Years 20+	Effective Interest Rate
2024	4.93%	5.27%	5.26%	5.23%
2023	3.03%	4.11%	4.27%	4.05%

The rates used for the Pension Benefit Guaranty Corporation (PBGC) variable rate premium have changed as follows:

	Segment 1 Years 0-5	Segment 2 Years 5-20	Segment 3 Years 20+
2024	4.17%	4.76%	5.25%
2023	5.58%	5.66%	5.56%

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Substantially all administrative expenses (including actuarial) and Pension Benefit Guaranty Corporation (PBGC) premiums are paid from the Plan. In 2025, the Plan paid \$83,408 related to PBGC expense which is included in investment and related expense on the statements of changes in net assets available for benefits. In 2024, the Hospital paid \$98,100 related to PBGC expense on behalf of the Plan. The Plan is required to make premium payments to the PBGC which provides for certain guaranteed benefits upon Plan termination.

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date, but before financial statements are issued. Management has evaluated subsequent events through July 6, 2026, the date the September 30, 2025 financial statements were available for issuance, and no events occurred requiring recognition or disclosure.

3. Funding Policy

Each year, if necessary, the Hospital contributes an amount to the Plan that has been actuarially calculated. Such an amount is sufficient to meet the minimum funding standards under ERISA.

4. Plan Termination

Participants should refer to the Summary Plan Description previously provided to them for more information regarding benefits guaranteed by the PBGC.

Should the Plan terminate at some future time, its net assets will generally not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

5. Tax Status

The Plan obtained its latest determination letter on April 29, 2002, in which the IRS stated that the prototype plan used by the Hospital, as then designed, was in compliance with the applicable requirements of the Code. The Plan document has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Information Prepared and Certified by the Custodian

The investments, investment transactions, and net appreciation in fair value of investments were obtained by management and agreed to or derived from the information certified by Principal Bank, the custodian of the Plan, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statements of Changes in Net Assets Available for Benefits;
- Schedule H, line 4i - Schedule of Assets (Held at End of Year);
- Schedule H, line 4j - Schedule of Reportable Transactions.

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

7. Party-in-Interest Transactions

Principal Bank, the custodian, provides administrative services to the Plan. Fees paid were \$8,031 and \$7,603 for the years ended September 30, 2025 and 2024, respectively. In addition, the Plan paid investment advisor fees and actuarial fees of \$79,505 and \$89,350 for the years ended September 30, 2025 and 2024, respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Freezing of the Plan

Effective February 28, 2006, the Plan was frozen related to eligibility and benefit accruals. Participants' benefits will no longer accrue but will remain in existence as long as necessary to pay already accrued benefits.

10. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

SPRINGFIELD HOSPITAL PENSION PLAN

Notes to Financial Statements

September 30, 2025 and 2024

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodology used for measuring the Plan's assets at fair value, which are comprised solely of mutual funds at September 30, 2025 and 2024, is based on market quotes. These assets are all considered Level 1 within the fair value hierarchy.
