INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Goodwin Procter LLP Cash Balance Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Goodwin Procter LLP Cash Balance Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2025, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, the statement of accumulated plan benefits as of October 1, 2024, the related statement of changes in accumulated plan benefits for the year ended October 1, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2025 audit of Goodwin Procter LLP Cash Balance Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goodwin Procter LLP Cash Balance Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Basis of Accounting on the 2025 Financial Statements

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The 2025 financial statements are prepared under the liquidation basis of accounting, as a result of the Plan termination. Under this basis, assets are stated at estimated net realizable value and liabilities include estimated costs to complete the Plan's termination. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwin Procter LLP Cash Balance Retirement Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNI). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goodwin Procter LLP Cash Balance Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwin Procter LLP Cash Balance Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter*Supplemental Schedules Required by ERISA*

The supplemental schedule H, line 4j - schedule of reportable Transactions for the year ended September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

We have audited the September 30, 2024 financial statements, and in our report dated July 11, 2025, we expressed an unmodified opinion on those 2024 financial statements.

GOODWIN PROCTER LLP CASH BALANCE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 1. DESCRIPTION OF PLAN

The following description of the Goodwin Procter LLP Cash Balance Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a cash balance retirement plan created for the exclusive benefit of the Equity Partners of Goodwin Procter LLP (the "Firm"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was created effective October 1, 2014. Effective October 1, 2020, the Plan was amended and restated to incorporate the amendments to the Plan since October 1, 2014.

Effective October 1, 2022, the Plan amended certain language within the Plan, including expanding eligibility to equity partners in the firm who are residents of Singapore. Effective September 30, 2023, the Plan was further amended to update certain language as it relates to earnings credits. Effective October 1, 2023, the Plan amended certain language within the Plan regarding eligibility as it relates to the location of residence and services performed by partners within the Firm, and was amended to change how certain lump-sum or other benefits subject to Internal Revenue Code Section 417(e)(3) are calculated for minimum value purposes.

The Plan was administered by the Firm through the Retirement Plan Committee, which is a committee appointed by the Firm. The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Firm. During the Plan year ended September 30, 2025, the Committee approved the termination of the Plan, and a plan termination amendment was issued effective February 28, 2025. Beginning in April 2025 through September 2025, assets were paid out of the plan to the participants and the Plan was terminated under the provisions of ERISA.

Eligibility

Each Partner became a participant on the October 1st coincident with or next following the date (1) they are an Equity Partner, and (2) they have completed 30 days of service. Notwithstanding the foregoing, a Partner who is neither a U.S. citizen nor a U.S. permanent resident and who performs substantially all of their services outside of the United States shall not be eligible to participate in the Plan unless they are (1) a resident of, and perform services primarily in Germany, Hong Kong or Singapore and an Equity Partner, or (2) a U.S. citizen or expatriate and an Equity Partner, and perform services primarily in France, Luxembourg or United Kingdom.

Participant Accounts

Under the plan provisions, amounts were credited by the Firm to the participants' hypothetical accounts. The accounts were allocated based upon current attained age and units at the end of the plan year as defined in the plan document.

Participants' hypothetical accounts also received investment credits at the end of every plan year based on the underlying performance of the Plan's assets subject to a cumulative earnings cap of 7%.

GOODWIN PROCTER LLP CASH BALANCE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Pension Benefits

Participants were entitled to annual pension benefits in the plan year in which a) attaining normal retirement age as defined by the plan document and completing 10 years of participation in the Plan, b) termination of service, or c) attaining age 62 and completing three years of service with the Firm even if the participants are still with the Firm. Participants could elect to receive the value of their accumulated plan benefits as a lump sum distribution upon retirement or termination, could elect to receive their benefits as a life annuity, or a lump sum distribution could be rolled over to an IRA, the Firm's Profit Sharing Savings plan or another eligible employer retirement plan. Participants who attained normal retirement age as defined in the Plan document must receive their benefits after terminating. They do not have the option to defer their distribution. If the participant's account balance does not exceed \$1,000, the distribution will be in the form of one lump sum payment. Effective August 28, 2021, a participant who remains in service with the firm after attaining age 59.5 could elect to commence payment of retirement income, subject to the provisions within the plan agreement.

Death Benefits

If an active participant died prior to their pension starting date, a death benefit equal to the value of the participant's accumulated pension benefits would be paid to the participant's beneficiary in a lump sum distribution or a life annuity in accordance with the plan document. If a participant died after their pension starting date, then the death benefit would be paid to the participant's beneficiary in accordance with the participant's elected payment option prior to death.

Vesting and Forfeitures

Participants were vested in Firm contributions, based on years of service, as follows:

<u>At Least</u>	<u>But Less Than</u>	<u>Vesting Percentage</u>
-	1 year	None
1 year	2 years	25%
2 years	3 years	50%
3 years	-	100%

All forfeitures of Firm contributions were be used to reduce future Firm contributions and/or for payment of plan expenses. Participants became fully vested in the Firm contribution portion of their accounts and benefits payable amounts upon the Plan termination (see Note 1).

SEPTEMBER 30, 2025 AND 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). As a result of the plan termination (see Note 1), the Plan's financial statements as of and for the year ended September 30, 2025 are presented using the liquidation basis of accounting. There are no material changes to the 2024 financial statements as a result of the change under the liquidation basis of accounting. All investments of the Plan are stated at fair value as of September 30, 2025, which is the equivalent to estimated amounts to be collected. The financial statements for the year ended September 30, 2024, are using the going concern basis.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determined the Plan's valuation policies utilizing information provided by its investments advisers and custodian.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

The Plan follows the guidance in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are as follows.

GOODWIN PROCTER LLP CASH BALANCE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement (Continued)

The three levels of the fair value hierarchy are described as follows:

- **Level 1** - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date
- **Level 2** – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as (1) Quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of asset or liability.
- **Level 3** – Unobservable inputs based on the Plan's assessment of the assumptions that market participants would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2025 and 2024. .

- **Mutual Funds** – The fair value of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Expenses

The Plan's expenses were paid either by the Plan or the Firm, as provided by the plan document. Expenses that were paid directly by the Firm were excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions in the accompanying statement of changes in the net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

GOODWIN PROCTER LLP CASH BALANCE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated all subsequent events through the date which the financial statements were available to be issued, July 10, 2026, and has determined that there are no subsequent events that require disclosure under the FASB ASC 855, *Subsequent Events*.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025. Accordingly, Vanguard Fiduciary Trust Company, the custodian through November 8, 2024, and PNC Bank, NA, the trustee of the Plan beginning on November 8, 2024, have certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of September 30, 2025, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended September 30, 2025.

NOTE 4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions. Accumulated plan benefits included benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits under the plan were based on the participant's age and units held in the Firm, in accordance with Plan provisions. The accumulated plan benefits for participants were based on the participant's accumulated cash balance account at the valuation date. Benefits payable under all circumstances, retirement, death, and termination of employment – were included, to the extent they were deemed attributable to participants at the valuation date.

The actuarial present value of accumulated plan benefits was determined by an actuary from October Three Consulting LLC, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of October 1, 2024 and 2023, were (a) life expectancy of participants (IRS 2024 and 2023 Static Mortality Tables) and (b) retirement age assumptions (the assumed retirement age was 62) and the completion date of three years of service and (c) investment return subject to a cumulative earnings cap of 7%.

The October 1, 2024 and 2023, valuations included assumed discount rates ranging from 5.05% to 5.31% and 3.82% to 4.59%, respectively. The October 1, 2024 valuation followed the low-default-risk obligation measure (LDROM) approach. The computation of actuarial present value of accumulated plan benefits was made as of October 1, 2024 and 2023. Had the October 1, 2023, valuation been performed as of September 30, 2024, the accumulated plan benefits would be \$119,616,739. The Plan was terminated effective February 28, 2025. Following termination, all participant account balances were distributed in accordance with plan provisions, through lump-sum distributions. As a result, no accumulated plan benefits remain as of year end.

GOODWIN PROCTER LLP CASH BALANCE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 5. FUNDING POLICY

The Firm's funding policy was generally to contribute at least the minimum required contribution as determined under Internal Revenue Code ("IRC") section 430. This funding policy was consistent with the Plan accumulating adequate assets to make benefit payments when due, assuming that all actuarial assumptions were being realized and that the plan sponsor would make contributions when due. Under this funding policy, future contributions were expected to very closely match aggregate cash balance principal credits each year and the funded status was expected to remain near or exceed 100%. During 2025, the Firm did not make contributions to the Plan. During 2024, the Firm made contributions of \$21,518,667 to the Plan, which exceeded the minimum funding requirements of ERISA.

The Firm has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions set forth by ERISA (see Note 1).

NOTE 6. PLAN TERMINATION

At Plan termination, the net assets of the plan were allocated, as prescribed by ERISA, its related regulations and the plan document, generally to provide the following benefits in the order indicated:

- (a) Accrued benefits that participants or their beneficiaries have been receiving for at least three years, or that participants eligible to receive for that three-year period would have been receiving if they had elected to receive the accrued benefits under the Plan.
- (b) Accrued benefits that participants or their beneficiaries have been receiving or those participants were eligible to receive on the Plan termination date.
- (c) Accrued benefits that participants are eligible to receive on the Plan termination date.
- (d) Additional accrued benefits that participants are eligible to receive in accordance with (a), (b), and (c) above.
- (e) Accrued benefits that participants are otherwise entitled to under the Plan.

Each of the above allocations is limited to the amount of the benefit insured by the Pension Benefit Guaranty Corporation ("PBGC").

The condition that participants received their benefits at Plan termination, depended on the sufficiency of the Plan's net assets to provide for accumulated benefit obligations as well as the financial condition of the Firm and the level of benefits guaranteed by the PBGC.

As of September 30, 2025, all participant benefits have been settled and the Plan has no remaining benefit obligations.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 7. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024. Classification within the fair value hierarchy table was based on the lowest level of any input that is significant to the fair value measurement. There were no Plan assets as of September 30, 2025, as a result of the termination of the Plan.

Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3
Mutual funds	\$110,674,566	\$ -	\$ -
			\$110,674,566

NOTE 8. PARTY IN INTEREST TRANSACTIONS

During the year ended September 30, 2025, certain plan investments were shares of mutual funds managed by PNC Bank, NA (PNC). PNC was the trustee as defined by the Plan and, therefore, these transactions qualified as exempt party in interest transactions. During the year ended September 30, 2024 and through November 8, 2024, certain plan investments were shares of mutual funds managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard was the custodian as defined by the Plan and, therefore, these transactions qualified as exempt party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the investments.

NOTE 9. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on February 16, 2017, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's ERISA counsel believe that the Plan is designed and was being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan was qualified and tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions were made, and the actuarial present value of accumulated plan benefits were reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11. RECONCILIATION WITH FORM 5500

Schedule H Parts I and II of Form 5500 are in substantial agreement with the Statements of Net Assets Available for Benefits as of September 30, 2025 (in liquidation) and 2024 (ongoing), and the Statements of Changes in Net Assets Available for Benefits for the plan years ended September 30, 2025 and 2024, and there are no reconciling items.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	5.05%	5.05%	5.05%
Second segment rate (years 5 to 19):	5.31%	5.31%	5.31%
Third segment rate (years 20 and after):	5.59%	5.37%	5.37%
Effective interest rate (current year):	5.30%	5.29%	N/A

Interest crediting rate: 2.50%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule upon attainment of 3 years of service, but no earlier than one year from the valuation date of October 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Actuarial Methods

VALUATION DATE

The valuation date is October 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.
