INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of the
Shoshone-Bannock Gaming 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Shoshone-Bannock Gaming 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net position available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net position available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from ADP Retirement Trust Services as of December 31, 2024 and for the period from November 1, 2024 to December 31, 2024, and Nationwide Financial Services, Inc as of December 31, 2023 and for the period from January 1, 2023 to November 1, 2024 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, *Schedule H, Line 4a – Schedule of Delinquent Participant Contributions* and *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)*, as of December 31, 2024, and for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHOSHONE-BANNOCK GAMING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1: Description of the Plan

The following description of the Shoshone-Bannock Gaming 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, which was adopted January 1, 2007, is a defined contribution plan covering all employees of Shoshone-Bannock Gaming ("ShoBan Gaming") who have completed one year of service consisting of working 1,000 hours during a consecutive 12-month period. Participants are eligible to enroll in the Plan once becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Shoshone-Bannock Gaming 401(k) Plan Committee (the "Committee") is responsible for the general administration of the Plan. The Plan assets are held in a trust fund established with ADP Retirement Trust Services (the "Trustee"), who also serves as the custodian for the Plan.

Contributions – Each year, participants may elect to defer a percentage of their compensation, as defined by the Plan, up to the maximum allowable limits established by the Internal Revenue Service (IRS). Effective July 1st, 2018, the Plan added a Roth option to participants. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. ShoBan Gaming may elect to make discretionary matching contributions up to 50% of the first 6% of base compensation that a participant contributes to the Plan. Matching contributions are subject to certain limitations.

Investments – Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options anytime throughout the year. The Plan currently offers 27 investments options for participants. ShoBan Gaming's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts – Each participant account is credited with the participant's contribution and allocations of (a) ShoBan Gaming's contribution and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administration fees that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in ShoBan Gaming's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Less than 1	0%

Note 1: Description of the Plan (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator (8.75% for outstanding loans as of December 31, 2024). Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

In-service withdrawals are available in certain circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. These withdrawals are included with benefits paid and may not exceed the participant's elective deferral contributions plus allocated earnings and vested benefits. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of the withdrawal.

Forfeitures – At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and \$8,005, respectively and are used to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB) as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide *Employee Benefit Plans*.

During 2024, the Plan implemented GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*, the objective of this statement is to enhance the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Implementation of this statement did not have a significant impact on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2: Summary of Significant Accounting Policies (Continued)

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*, the objectives of which were to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. GASB Statement No. 99 became effective as follows: (a) the requirements in paragraphs 26-32 of this statement were effective upon issuance, (b) the requirements in paragraphs 11-25 of this statement became effective for the Plan during the 2023 reporting period, (c) the requirements in paragraphs 4-10 of this statement became effective for the Plan for the 2024 reporting period. Implementation of the requirements in paragraphs 4-10 of this statement did not have a significant impact on the Plan's financial statements.

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. The objective of this statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. GASB Statement No. 102 becomes effective for the Plan for the 2025 reporting period.

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The objective of this statement is to improve key components of the financial reporting model to (a) enhance the effectiveness of the financial reporting model in providing information that is essential for decision making and assessing a government's accountability and (b) address certain application issues identified through pre-agenda research conducted by the GASB. GASB Statement No. 103 becomes effective for the Plan for the 2026 reporting period.

The effect of the future adoption of GASB Statements No. 102 and No. 103 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as certified by the Plan's custodians, ADP Retirement Trust Services and Nationwide Financial Services, Inc. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is received. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Expenses

Administrative, investment, and processing fees attributable to active participants are allocated among the active participants by charging each particular expense to the account balance of the active participant responsible for the expense. Administrative, investment, and processing fees attributable to terminated participants are allocated among the terminated participants by charging each particular expense to the account balance of the terminated participant responsible for the expense.

Date of Management's Review

Subsequent events were evaluated through July 9, 2026, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GASB Statement No. 72, *Fair Value Measurement and Application*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available. There were no Level 3 inputs required to be utilized by the Plan.

The following is a description of the valuation methodologies used for assets measured at fair value, there have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

The fair value of mutual funds is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (the "SEC"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively funded.

SHOSHONE-BANNOCK GAMING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 3: Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

Collective trust fund valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Note 7: Investment Information Prepared and Certified by the Custodians

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends, interest income on notes receivable from participants, and administrative expenses for the years ended December 31, 2024 and 2023, was obtained by management and agreed to, or derived from, information certified as complete and accurate by ADP Retirement Trust Services and Nationwide Financial Services, Inc.

The Plan's independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 8: Related Party/Party-in-Interest Transactions

Certain Plan investments were shares of mutual funds managed by ADP Retirement Trust Services and Nationwide Financial Services, Inc., the custodians as defined by the Plan and, therefore, these transactions qualified as related party/party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$3,850 and \$34,582 for the years ended December 31, 2024 and 2023, respectively. Fees paid to a third party administrator amounted to \$0 and \$8,634 for the years ended December 31, 2024 and 2023, respectively. Also, certain administrative functions are performed by employees of ShoBan Gaming on behalf of the Plan. Certain other administrative expenses are paid directly by ShoBan Gaming on behalf of the Plan.

Note 9: Tax Status

On March 31, 2008, the IRS stated that the prototype plan adopted by the Plan, as then designated, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 10: Plan Termination

Although it has not expressed any intent to do so, ShoBan Gaming has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and all accounts will be distributed in a lump sum.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

Note 12: ERISA Fidelity Bond

ERISA requires that employee benefit plans obtain a fidelity bond to protect the Plan against theft of Plan assets by fiduciaries and other Plan officials. The amount of the bond is fixed at the beginning of the Plan year, in an amount that is not less than 10% of the Plan assets as of the beginning of the Plan year, up to a maximum bond requirement of \$500,000. Bonds were in place during the years ended December 31, 2024 and 2023.

Note 13: Delinquent Participant Remittances

During the years ended September 30, 2024 and 2023, the Plan Sponsor failed to remit certain participant salary deferrals aggregating to \$140,017 and \$140,017, respectively, to the Plan in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions that may result in the imposition of a 15-percent excise tax on the amount of the transactions. The Plan Sponsor intends to pay any fines imposed, including the excise tax resulting from these late remittances. The Plan Sponsor also intends to compensate participants for lost income resulting from the delay in remitting the contributions. The Plan Sponsor believes that these non-exempt transactions will not affect the tax status determination of the Plan.
