Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024 and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Cart Co., LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Cart Co., LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Cart Co., LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Cart Co., LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

National Cart Co., LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the *National Cart Co., LLC 401(k) Profit Sharing Plan* (the "Plan") provides only general information. Participants should refer to the Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on July 1, 1984 and most recently restated on October 1, 2021 by National Cart Co., LLC (the Plan Sponsor or Employer), is a defined contribution profit sharing plan covering all employees of the Plan Sponsor who have completed a half year of service and are age 21 or older. An employee will become eligible for participation after meeting the Plan's eligibility requirements as stated in the Adoption Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan also allows employees of National Cart Co. East, LLC and National Cart Co. West, LLC to participate in the Plan.

SECURE 2.0 Act

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date ranging from the date of enactment to 2028 and beyond, with the bulk of the provisions taking effect in 2023 and 2024. In accordance with SECURE 2.0, the Plan increased the age for required minimum distributions (RMD) from age 72 to age 73 effective January 2023. Further changes set forth in the SECURE 2.0 Act include eliminating pre-death RMD rules for Roth accounts and several voluntary changes to distribution provisions, effective January 2024. The Plan is in the process of evaluating other voluntary provisions. The Plan is required to be amended in regard to other requirements of SECURE 2.0 by December 31, 2026.

Contributions

Participants may defer salary up to an annual maximum of the lesser of 100% of eligible compensation or the Internal Revenue Service (IRS) limits. The total of participant and employer contributions for a given year cannot exceed the lesser of the IRS limits or 100% of the participant's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of these contributions into various investment options offered by the Plan.

The Plan has automatic enrollment at a rate of 3% of compensation after meeting the eligibility requirements above. The automatic deferral provisions will apply only to employees who become participants on or after April 1, 2022, provided the participant does not make a salary deferral election (including an election not to defer).

Each year, the Plan Sponsor may make a discretionary matching contribution to be determined by the Plan Sponsor. If a discretionary matching contribution is made, the amount shall be based on a percentage of employee salary deferrals. The Plan Sponsor made matching contributions of \$599,268, before forfeitures, during the year ended September 30, 2025.

National Cart Co., LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

Each year, the Plan Sponsor may make a discretionary profit-sharing contribution to be determined by the Plan Sponsor. Each eligible participant employed by the Plan Sponsor for the entire Plan year will receive a portion of the discretionary profit-sharing contribution based on their eligible compensation. The Plan Sponsor made a discretionary profit-sharing contribution of \$318,906, before forfeitures, to the Plan during the year ended September 30, 2025. Subsequent to September 30, 2025, this discretionary profit-sharing contribution was deposited into the Plan totaling \$304,800 because \$14,106 of forfeitures were used to partially fund the contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor's matching contributions, an allocation of the Plan Sponsor's discretionary profit-sharing contribution, if any, and the Plan earnings. Each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Adoption Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 20% vested after two years of credited service and increases 20% per year until the completion of six years of credited service. A participant becomes 100% vested upon death or total/permanent disability.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their Plan Sponsor's discretionary profit-sharing contributions and employer matching accounts will forfeit their non-vested portion. Forfeitures may be allocated to participants through a reduction of the Plan Sponsor's matching contribution or discretionary profit-sharing contribution. As of September 30, 2025 and 2024, there was a balance of \$48,368 and \$71,220, respectively, in the forfeiture account. Forfeitures of \$48,368 were used to reduce employer contributions during the Plan year ended September 30, 2025.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their pre-tax and after-tax elective deferral and rollover accounts. Loan terms range from one to five years or greater than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the Prime rate during the year ended September 30, 2025, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through weekly payroll deductions. Interest rates ranged from 4.25% - 9.50% for the year ended September 30, 2025.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Hardship Withdrawals

Participants may withdraw from the Plan, that portion of their account resulting from salary deferrals in the event of financial hardship. The maximum hardship withdrawal is the total of the participant's salary deferrals.

Payment of Benefits

The Plan provides for retirement benefits to begin at the age of 65, but not later than April 1st of the calendar year in which participants attain the age of 70½. Upon death or total or permanent disability of a participant while employed, the account balance becomes fully vested.

On termination of service, if the total vested account balance does not exceed \$1,000, the participant's vested account balance will be distributed automatically in a lump sum. If the total vested account balance is between \$1,000 and \$7,000, the balance will be automatically rolled into an Independent Retirement Account (IRA) with Charles Schwab Trust Bank (Charles Schwab). If the participant's vested account balance exceeds \$7,000, the balance will be distributed to the participant in a lump sum or rolled into a qualified retirement plan designated by the participant.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The Plan follows the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or net asset value as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

National Cart Co., LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Adoption Agreement.

Payment of Benefits

Benefits are recorded when paid.

The Plan had one distribution, in the amount of \$9,312, that was requested, processed and approved before year end, but was not paid until after September 30, 2025.

Administrative Expenses

Administrative expenses of the Plan are paid both by the Plan and the participants of the Plan. Investment related expenses are included in the net appreciation/depreciation of fair value of investments.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through July 9, 2026, which is the date the financial statements were available to be issued. Effective October 1, 2025, the Plan was amended to revise the vesting schedule for employer and matching contributions such that participants become fully vested after one year of service.

National Cart Co., LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Composed primarily of collective investment funds that are valued at net asset value of units of the fund's underlying assets. Each collective trust has a different risk/reward profile with diversified holdings. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4: Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Notes to Financial Statements

Note 5: Related Party Transactions

Party-in-interest transactions include those with fiduciaries or participants of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Charles Schwab was the trustee of the Plan assets and therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended September 30, 2025.

EPIC Retirement Plan Services is the third-party administrator for the Plan and is therefore considered a party-in-interest.

Note 6: Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including non-interest bearing cash, investments and notes receivable from participants at September 30, 2025 and 2024, and total investment income and interest income on notes receivable from participants for the year ended September 30, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
