Report of Independent Auditors

To the Participants and Trustees of
Brunner & Lay Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Brunner & Lay Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Brunner & Lay Employees' Retirement Plan

Notes to Financial Statements

September 30, 2025 and 2024

Note 1. Description of the Plan

General - Brunner & Lay Employees' Retirement Plan (the Plan) is a defined contribution retirement plan covering eligible employees of Brunner & Lay, Inc. (the Company). Any employee of the Company who has attained the age of 18 and has not previously enrolled in the Plan, is eligible to participate. Each new employee is also eligible to contribute to the Plan on the first of the month following their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation. Participants should refer to the Plan document for more complete information.

Employee Contributions - Each year, participants may contribute up to 60% of pre-tax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated mutual fund. Such deferrals automatically increase each year by 1% to a maximum of 6%. Employees may opt out of the automatic enrollment features or revise their elections.

Subsequent to year end, the Plan was amended effective November 2025 to allow participants to designate a portion or all of the deferral contributions as Roth 401 (k) contributions that are includable in the participant's gross income at the time deferred.

Employer Contributions - The Company may make discretionary matching contributions. Discretionary matching contributions, if made, will be computed based on eligible compensation deferred into the Plan each Plan year. Participants become eligible for matching employer contributions only if they make deferral contributions. For purposes of determining matching contributions under the Plan, contributions will not include age 50 and over catch-up contributions. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the contribution period to be eligible to receive any matching contributions that may be made for that Plan year. For the years ended September 30, 2025 and 2024, the Company approved matching contributions of \$77,000 and \$65,000, respectively, which was allocated to participants based on their prorata share of the lower of 50% of the total deferrals made or 50% of the first 6% of base compensation. For the years ended September 30, 2025 and 2024, employer contributions are shown net of forfeitures of \$0 and \$20,000 respectively. Although the Company may also make a discretionary non-elective employer contribution to the Plan as approved by the Company's management, the Company did not make any non-elective employer contributions for the years ended September 30, 2025 and 2024.

Note 1. Description of the Plan (continued)

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of any Company matching contributions made to the Plan, as well as allocations of investment earnings or losses and certain administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants may direct contributions into various investment options offered by the Plan. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their balances to be lower than the amounts contributed to the Plan on their behalf.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer matching contributions made on behalf of participants is based on years of service. A participant is 100% vested after six years of credited service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, and may be extended to 10 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator, which ranged from 5.25% to 10.50% during the years ended September 30, 2025 and 2024. Principal and interest are paid ratably through payroll deductions. These loans mature at various dates through October 2030.

Payment of Benefits - Payments of benefits are made in accordance with Plan provisions. Upon termination of service, participants will receive either a lump-sum amount equal to the value of the vested interest in their account, periodic payments or any other lawful method of payment. The Plan also provides for in-service withdrawals in the event of financial hardship, as defined by the Plan.

Note 1. Description of the Plan (continued)

Forfeited Accounts - At September 30, 2025 and 2024, net assets available for benefits included unallocated amounts totaling \$13,252 and \$30,374 respectively, of forfeited nonvested accounts. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions. Forfeitures incurred during the years ended September 30, 2025 and 2024 totaled \$1,961 and \$4,616 respectively. Forfeitures used to pay administrative expenses totaled \$117 and \$678 during the years ended September 30, 2025 and 2024, respectively. During the year ended September 30, 2025, the forfeiture account was used to reduce employer contributions related to the year ended September 30, 2024 by \$20,000. During the year ended September 30, 2024, the forfeiture account was used to reduce employer contributions related to the year ended September 30, 2023 by \$30,000. The forfeiture account was not used to reduce employer contributions related to the year ended September 30, 2025 that were paid during the year ended September 30, 2026. The forfeiture account is also credited with investment earnings and charged with administrative fees, which netted to \$1,034 and \$3,518 for the years ended September 30, 2025 and 2024, respectively.

Revenue Credit Program - The Plan holds assets in a revenue credit account which receives deposits as a result of a revenue sharing agreement with Fidelity Management Trust Company. Funds in the account are available to be used for the payment of administrative expenses or allocated to participant accounts. During the years ended September 30, 2025 and 2024, deposits to the account totaled \$6,363 and \$1,054 respectively. Unallocated assets included in the revenue credit account totaled \$7,615 and \$1,061 at September 30, 2025 and 2024, respectively.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 30, 2025 and 2024, no allowance for credit losses has been recorded. Delinquent participant notes receivable are classified as distributions based on the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable - Amounts payable to participants totaling \$9,709 and \$6,515 at September 30, 2025 and 2024, respectively, for contributions in excess of amounts allowed by the Internal Revenue Code are recorded as excess contributions payable, with a corresponding deduction from net assets. The Plan made the corrective distributions prior to December 15, 2025 and 2024, respectively.

Payment of Benefits - Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan but were not yet paid at either September 30, 2025 or 2024.

Expenses - Certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from the financial statements. Fees and expenses included in the financial statements represent direct charges to participants' accounts related to investment management fees and processing of notes receivable. Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events - Subsequent events were evaluated through July 9, 2026, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

Note 3. Fair Value Measurements (continued)

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Note 4. Party-in-Interest Transactions

Certain of the Plan's investments are managed by affiliates of Fidelity Management Trust Company, who serves as the Plan's trustee and recordkeeper. Fees incurred by the Plan for the investment manager services are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balance. The Company is also a party-in-interest to the Plan. These transactions are considered to be exempt party-in-interest transactions under ERISA.

Note 5. Priorities upon Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account shall become fully vested. In no event may any of the Plan assets revert to the Company.

Note 6. Tax Status

The Plan uses a volume submitter plan document created by an affiliate of the Plan's recordkeeper, Fidelity Management Trust Company (Fidelity). The Internal Revenue Service has determined and informed Fidelity by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not requested its own determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7. Information Certified by Plan Trustee

The following information was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, as of and for the years ended September 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Investments:		
Mutual funds	\$ 15,618,919	\$ 14,151,896
Notes receivable from participants	\$ 80,100	\$ 109,807
Net appreciation in fair value of investments	\$ 1,012,286	\$ 2,527,516
Dividends	\$ 775,143	\$ 492,682
Interest on notes receivable from participants	\$ 8,109	\$ 8,139

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and these changes could materially affect the participant account balances and amounts reported in the statements of net assets available for benefits.

The Plan has a significant portion of its assets invested in one mutual fund, Fidelity Contrafund, which represented approximately 23% of the Plan's net assets available for benefits as of both September 30, 2025 and 2024. It is reasonably possible that changes in the value of this investment could materially affect the participant account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

Supplemental Schedule

Report of Independent Auditors on Supplemental Schedule Required by ERISA

To the Participants and Trustees of
Brunner & Lay Employees' Retirement Plan

We have audited the financial statements of Brunner & Lay Employees' Retirement Plan (the Plan) as of and for the years ended September 30, 2025 and 2024, and our report thereon dated July 9, 2026, which expressed an ERISA Section 103(a)(3)(C) audit opinion on those financial statements, appears on pages 1 through 4. Our audits were conducted in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Therefore, as permitted by ERISA Section 103(a)(3)(C), the audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP).

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
