INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and participants of the
Northeast Sales Distributing, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of the Northeast Sales Distributing, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of September 30, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of September 30, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the 2025 financial statements is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2025 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The 2025 supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2025, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended September 30, 2025, are presented for purposes of additional analysis and are not a required part of the 2025 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the 2025 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the 2025

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2025 supplemental schedules, we evaluated whether the 2025 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the 2025 supplemental schedules, other than the information in the 2025 supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the 2025 supplemental schedules agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Northeast Sales Distributing, Inc. 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 1, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements September 30, 2025 and 2024

1. Description of Plan

The following description of the Northeast Sales Distributing, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Northeast Sales Distributing, Inc. (the Company). All employees of the Company, except union employees, nonresident aliens, leased employees and residents of Puerto Rico, become eligible to participate in the Plan on the first day of the month following the date they complete three months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may make pre-tax, Roth, and/or after-tax contributions of up to 100% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of \$23,500 in 2025, plus an additional \$7,500 catch-up deferral for participants who are at least 50 years of age by the end of the Plan year. Upon satisfying the eligibility requirements, employees are automatically enrolled in the Plan on the first day of the following month at 4% of their eligible compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan allows for in-plan Roth conversions for participants that are currently employed with the Company. In-plan Roth conversions allow participants to transfer amounts from their pre-tax accounts into a Roth account and pay all applicable taxes in the year of the transfer.

The Company may make a discretionary employer match contribution and a discretionary employer profit-sharing contribution on behalf of eligible employees. The discretionary employer match contributions are based on a ratio determined by the Company on an annual basis. For 2025, the Company made discretionary employer match contributions equal to 25% of the amount of each eligible participant's deferred contribution to the Plan. The discretionary employer profit-sharing contributions are based on the ratio of an employee's compensation to total Plan compensation. There were no discretionary employer profit-sharing contributions made by the Company in 2025. Employees have to complete 6 months of service in order to be eligible for matching contributions.

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements September 30, 2025 and 2024

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, earnings and losses on the investments in their account, and charged with administrative expenses and certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Company discretionary employer match contribution and discretionary profit-sharing contributions and the earnings thereon vest 20% per year of service beginning at the completion of two years of service and are fully vested after 6 years of service.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. During 2025, notes had fixed rates of 5.25% to 10.50% for the term of the note, not to exceed 5 years. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount equal to the value of the participant's vested interest in their account. The participant's contributions may also be withdrawn for certain hardship situations. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance less than \$7,000, the participant will automatically receive a lump-sum payment equal to the vested interest in their account.

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements September 30, 2025 and 2024

Forfeited Accounts

As of September 30, 2025 and 2024, forfeited non-vested accounts totaled \$50,897 and \$37,408, respectively. Forfeitures may be used to reduce future Company contributions or to pay Plan administrative expenses. In 2025 and 2024, no forfeitures were used to reduce future Company contributions or pay Plan administrative expenses.

Administrative Expenses

Certain account activity charges are paid from the accounts of the participants that incur the charge. The Plan allows for payment of administrative expenses from the Plan's assets which are allocated either as an equal dollar amount to each participant based on the number of participants in the Plan or proportionately based on the value of participant account balances. These expenses are paid to service providers of the Plan and therefore qualify for party-in-interest transactions. All other expenses are paid by the Company. The Company does not expect reimbursement from the Plan for these expenses.

The Plan has an ERISA spending account where the qualified institution deposits revenue sharing payments that are used to pay certain Plan administrative expenses. During 2025, \$4,265 was deposited to the account, and no amounts were used to pay administrative expenses. Of this amount, \$2,784 was allocated to participants during the year. Deposits to this account are included in net change in fair value of investment in the accompanying statement of changes in net assets available for benefits. The account had a balance of \$3,243 and \$1,762 as of September 30, 2025 and 2024, respectively. Expenses are recorded in the year paid.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The discretionary employer match contributions are considered payable to the Plan when the related participant's contributions are payable to the

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements

September 30, 2025 and 2024

Plan and approved by the Company. The discretionary employer profit-sharing contributions are considered payable to the Plan when approved by the Company.

Valuation of Investments

The Plan's investments are stated at fair value, except for the investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes realized and unrealized gains and losses on respective investments, interest, and dividends. Interest income is recorded when received, primarily monthly.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balances. Interest income is recognized when received by the Plan, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded as a deemed distribution. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain 2024 amounts have been reclassified to conform to the 2025 presentation. The effects of the reclassifications are not considered material to the financial statements taken as a whole.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 9, 2026 which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, Schedule of Assets (Held at End of Year), including investments held at September 30, 2025 and 2024, (except for notes receivable from participants at September 30, 2025 and 2024), and the net change in fair value and contract value of investments for the year ended September 30, 2025,

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements September 30, 2025 and 2024

was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (VRIAC), the Plan's qualified institution.

4. Investments

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by VRIAC. VRIAC is a service provider for the Plan and, therefore transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair or contract value of the investment as they are paid through revenue sharing rather than as a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attacks, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for similar assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Northeast Sales Distributing, Inc. 401(k) Plan

Notes to Financial Statements

September 30, 2025 and 2024

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Investments in pooled separate accounts are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. Participants can trade the pooled separate accounts daily at the published NAV (Level 1).

The Plan invests in a fully benefit-responsive guaranteed interest contract, which is a general obligation of the insurance company that issues the contract. Contract value is the relevant measure for fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest rate is based on the claims paying ability of VRIAC. Restrictions may apply to transfers of funds from this guaranteed interest contract to other contract investment options.

The following table summarizes the Plan's investments carried at fair value based on the inputs used to determine their fair values as of September 30, 2025 and 2024:

	Level 1	
	2025	2024
Pooled separate accounts	\$ 14,755,360	\$ 12,318,607

5. Income Tax Status

The Plan is a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA plan (pre-approved plan) prepared by VRIAC. The Internal Revenue Service has determined and informed VRIAC by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.
