Independent Auditor's Report

To Plan Administrator
The Adam Corporation/Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Adam Corporation/Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Adam Corporation/Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Adam Corporation/Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Adam Corporation/Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Adam Corporation/Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Adam Corporation/Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Adam Corporation/Group 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. Description of the Plan

The following description of The Adam Corporation/Group 401(k) Plan (the “Plan”) provides only general information. An employee of the Company who has satisfied the eligibility requirements and entered the Plan, is a “Participant”. A Participant should refer to the Plan Agreement or Summary Plan Document for a more complete description of the Plan’s provisions relating to eligibility, vesting service, matching contributions, vesting schedule, in service withdrawals and notes from Participant.

General

The Plan was created on April 1, 2005, to provide retirement benefits for eligible employees of The Adam Corporation/Group and subsidiaries and affiliates (collectively referred to as the “Corporation” and each entity individually referred to as the “Company”.) The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Secure 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("Secure 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within Secure 2.0 vary through 2026. The Corporation will incorporate changes related to Secure 2.0 in 2026 Plan year.

Eligibility

All employees, beginning on the first day of the month following 30 days of consecutive eligibility service, who are twenty-one, are eligible to participate in the Plan.

Contribution

A Participant may authorize the Company to make a salary reduction contribution by reducing the employee’s salary and contributing to the Plan an amount subject to the limitations of the Internal Revenue Code (“IRC”) and the actual deferral percentage tests defined in the Plan. Each year a Participant may contribute up to 100% of their pre-tax compensation, as defined in the Plan, up to the maximum annual deferral limitation amount allowed by IRC of pre-tax annual compensation. A Participant may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”). A Participant over 50 years of age may also make catch up contributions in excess of the annual deferred limitation. For each Participant, annual Participant contributions shall not exceed the maximum deferral percentage computed in accordance with section 401(k) (3) of the IRC.

The Company contributes one dollar for each dollar contributed by the Participant, up to 6% of the Participant’s salary.

An eligible Participant will automatically contribute 2% of their pre-tax compensation, as defined in the Plan, unless specifically elected otherwise by the Participant.

The Participant directs the investment of their and the Company contributions into the investment options offered by the Plan.

The Adam Corporation/Group 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants and Corporation contribution receivables are contributions withheld and made by the Corporation as of December 31 which were transferred to the Plan subsequent to year end.

Participant Accounts

Ascensus Trust Company (the “Trustee”) maintains an account in the name of each Participant (“Individual Account”) which reflects the total value of their vested accrued benefits (“Benefit”). Each Participant’s Individual Account is comprised of the following sub accounts (a) Participant contributions, (b) Company contributions, (c) Participant rollover contributions, and (d) Participant transfer contributions. The value of a Participant’s Individual Account equals the fair market values of the assets less any applicable charges and penalties. The Benefit represents the accrued benefit, less the portion of the Company contribution that is not vested.

Vesting

A Participant is immediately vested in their contribution and actual earnings thereon as well as, any rollover. If a Participant terminates employment due to death, disability or attains an age of 65, the Company contribution, as well as, any earnings thereon, shall be 100% vested. If a Participant terminates employment due to any reason other than death or disability, vesting in the Company contribution portion of their accrued benefit is based on years of continuous service. A Participant is 100% vested in the Company contribution after five years of eligible service, as defined in the Plan.

Payment of Benefits

A Benefit becomes available to a Participant or Participant’s beneficiary upon the earlier event of (1) termination of employment, (2) retirement of the Participant, (3) reaches the age of 65, or (4) death or disability of the Participant. The payment options related to these events are described in detail in the Plan Agreement and the payment of Benefit is recorded when paid.

The timing of the payment of a Benefit after a separation of employment is dependent upon the amount of vested benefits payable. If the value of the Benefit is \$7,000 or less, the Company will direct the Benefit to be paid as soon as possible. If the Benefit balance is more than \$7,000, the Participant’s Individual Account will remain in the Plan until the Participant requests a payment in writing. A distribution is made based on the vested portion of the Participant’s Individual Account at the time of the distribution.

A Benefit cannot be withdrawn as long as the Participant is employed by the Company except for “hardship” reasons or if the Participant remains employed after reaching the age of 65. However, after reaching the age of 73 (subject to certain exceptions), active Participants must begin to take Required Minimum Distribution.

Notes from Participants

A Participant may borrow from their Individual Account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or one-half of their vested Benefit with only one loan outstanding at any time. Loans are secured by the remaining balance in the Participant’s Individual Account and bear interest of Prime plus 1%. Principal and interest is paid through monthly payroll deduction.

The Adam Corporation/Group 401 (k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeited Accounts

If a terminated Participant requests a distribution, the non-vested portion of the terminated Participant's benefit is forfeited. If the terminated Participant has neither received a distribution nor has been deemed to receive a distribution and incurs five consecutive one-year breaks in vesting service, the portion of the Participant's Individual Account which is not vested shall be forfeited. A one-year break-in-service is defined as any Plan year in which the Participant does not complete more than 500 hours of service. Any forfeiture may be utilized to reduce future Company matching contributions. As of December 31, 2025 and 2024, the forfeited portion of Participants non-vested accrued benefits was \$307,333.82 and \$204,430 respectively. For the year ended December 31, 2025, Company matching contributions were reduced by \$173,082.01 from forfeited non-vested accrued benefits.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, Participants will become 100% vested in the Corporation's contributions and any earnings thereon.

Plan Administrator and Trustee

The general administration of the Plan is performed by the Corporation ("Plan Administrator"), which has broad powers regarding supervision and administration of the Plan. The Trustee is responsible for the administration, management and investment of the Plan, as directed by the Plan Administrator. The Trustee maintains Participant and Company contributions in pooled accounts. The pooled accounts are credited with earnings on the underlying investments and charged for Benefits and distributions paid and administrative expenses of the Trustee. In addition, the Trustee makes all Benefits and distributions payments for the Plan to the Participant and Participant beneficiaries as well as, maintains the investments in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting and financial reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying supplemental schedules are in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Use of estimates and assumptions

In preparing the financial statements the Plan Administrator is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the statements of net assets available for benefits and the reported amounts of additions to and deductions from net assets in the statement of changes in net assets available for benefits. The actual realized results could differ from current estimates and assumptions.

Valuations

The investments have been recorded at the fair values as provided by the Trustee. The Plan relies upon the Trustee to determine the fair value of the investments by utilization of quoted market values when available or alternative approaches when market prices are not available, with such valuation techniques consistently applied. Shares of mutual funds are valued daily at quoted market prices which represent the net assets value of

The Adam Corporation/Group 401 (k) Plan

2. Summary of Significant Accounting Policies (continued)

shares held by the Plan as of the valuation date. Shares of the collective trust are not actively traded and the Company relies upon the Trustee for valuation. Participant notes are valued at their unpaid principal balances plus any accrued interest. While the Plan Administrator believes the Trustee's valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value.

Purchases and sales of investments are recorded on the trade date. Interest income is recorded as earned and dividends are recorded when received. Net appreciation in fair value of investments includes the Plan's unrealized gains and losses on Investments held as of year end and realized gains and losses on Investments sold during the year.

Risk and uncertainties

The Plan invests in various securities, whose underlying securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the near-term could materially affect a Participant's account balance and the amounts reported in the statements of the Net Assets Available for Benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related expenses are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Income Tax Status

The Plan has received an opinion letter from Internal Revenue Service ("IRS") dated June 30, 2020 stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving this opinion letter, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires an evaluation of uncertain tax positions taken by the Plan. The Plan Administrator has concluded that as of December 31, 2025, there are no uncertain tax positions taken by the Plan.

Expenses

Expenses reflect expenditures for administration and operation of the Plan that are not otherwise paid by the Corporation.

**The Adam Corporation/Group 401 (k) Plan
Notes to Financial Statements (continued)**

Subsequent events

The Plan has evaluated subsequent events through July 02, 2026, the date the financial statements were available to be issued.

Subsequent to year-end, the Plan formally adopted the applicable provisions of SECURE 2.0, effective January 1, 2026. In addition, subsequent to year end, a plan spinoff occurred as a result of the Corporation's divestiture of one of its Companies.

3. Fair Value Measurements

The fair value measurement accounting standard establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The valuation techniques used maximizes the use of observable inputs and minimizes the use of unobservable input. The fair value hierarchy is as follows:

- Level 1 Inputs - Unadjusted quoted prices in active markets for identical assets that the reporting entity has the ability to access as of the measurement date.
- Level 2 – Inputs, other than quoted prices included in Level 1, which are observable for investments, either directly or indirectly. These inputs might include quoted prices for similar investments in active markets, quoted prices for identical or similar investments in markets that are not active, inputs other than quoted prices that are observable for the investment (such as interest rates, volatilities, prepayment speeds, credit risks) or inputs that are derived principally from or corroborated by market data or other means.
- Level 3 Inputs - Unobservable inputs for determining the fair values of assets that reflect assumptions that market participants would use in pricing the assets.

The mutual funds are valued at the net asset value (“NAV”) of shares held as of the reporting date. The NAV is based on the fair value of the underlying investments held by the mutual funds less liabilities. A collective trust fund holds fully benefit responsive investment contracts and is measured at NAV, as a practical expedient for fair value, thus have not been categorized in the fair value hierarchy in accordance with Accounting Standard Update (ASU) 2015-07.

The Plan invests in mutual funds and Columbia Trust Stable Government I-15, which is a collective trust. These securities are redeemable at fair value on a daily basis and there are no unfunded commitments as of December 31, 2025 and 2024.

The Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumption to determine the fair value of mutual funds and the collective trust could result in a different fair value measurement as of the reporting date.

The Adam Corporation/Group 401 (k) Plan
Notes to Financial Statements (continued)

As of December 31, 2025 and 2024, the reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits are as follows:

	2025		2024	
	<u>Level 1</u>	<u>Total</u>	<u>Level 1</u>	<u>Total</u>
Investments:				
Mutual funds	\$73,019,125	\$73,019,125	\$61,191,916	\$61,191,916
Collective Trust	-	7,075,741	-	8,158,967
	<u>\$73,019,125</u>	<u>\$80,094,866</u>	<u>\$61,191,916</u>	<u>\$ 69,350,883</u>

4. Party-in-Interest Transactions

Plan investments are managed by the Trustee. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

5. Information Certified by Trustee

Certain information included in the financial statements such as investments and notes from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income and interest on notes from participants for the year ended December 31, 2025, were obtained from data that has been prepared and certified as complete and accurate by the Trustee.
