INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management of
Stokes Hodges 401(k) Plan
Augusta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stokes Hodges 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stokes Hodges 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stokes Hodges 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stokes Hodges 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stokes Hodges 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stokes Hodges 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and schedules of assets held for investment purposes at December 31, 2025 and 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STOKES HODGES 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. General Description of the Plan

The following brief description of the Stokes Hodges (the "Company" or "Employer") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Stokes-Hodges Aiken, Inc. dba Honda Cars of Aiken, Stokes-Hodges Aiken II, Inc. dba Stokes-Hodges Ford, S&H Motors, Inc. dba Stokes-Hodges Kia (the "Company" or "Employer"), who have met certain requirements such as length of service and age. Part-time, seasonal and temporary employees who work less than 1,000 hours during the year are excluded from having a one-year eligibility provision. Each employee is eligible to participate on the first plan entry date following the attainment of age 21 and the completion of a one-year service period. Plan entry dates are the first day of the month following the completion of the one-year service period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Company and Participant Contributions

Each year, participants may choose to make salary deferral contributions of pre-tax compensation, or after-tax compensation as Roth contributions, as defined in the Plan, subject to regulatory limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a pooled separate account as investment options for participants. Beginning January 1, 2013, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation and a default investment choice. In accordance with the plan document, matching contributions from the Company are discretionary. The discretionary Company match in 2025 and 2024 was the lesser of 50% of the participant's contribution that do not exceed 4% of the participant's total compensation. The maximum match was 2% of the participant's compensation for 2025 and 2024. The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Participant Accounts and Benefits

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service, as follows:

1. General Description of the Plan (Continued)

Vesting (Continued)

Credited Years of Service	Non-Forfeitable Vesting Percentage
1 Year	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 Years	100%

Notes Receivable from Participants

Effective January 1, 2013, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (excluding the value from Roth contributions). The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2025 and 2024, outstanding loans bore interest rates ranging from 4.25% to 8.50%. Payments of principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Payment of benefits from the Plan is allowed for normal retirement, disability, death, in service, termination and hardship.

The Plan will distribute the participant's vested account balance in a lump sum. Participants who are required by law to receive required minimum distributions may elect to receive installment payments over a specified period of time.

The Plan also provides for involuntary distribution of account balances for terminated participants with account balances of less than \$5,000.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$8,652 and \$21,532, respectively. These amounts will be used to reduce future employer contributions or administrative expenses. During the years ended December 31, 2025 and 2024, administrative expenses were paid from forfeited non-vested accounts in the amount of \$12,880 and \$7,133, respectively.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's insurance investment contract provides an investment option to invest in Stable Value Option. Assets in Stable Value investment are in general accounts and are considered a fully benefit-responsive contract. See Note 5 for further discussion of the investment contract with the insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a plan participant does not make the scheduled loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and delinquent participant notes receivable is recorded as a benefit payment based on the terms of the plan document. Consequently, management does not consider it necessary to record an allowance for credit losses as of December 31, 2025 and 2024.

Payment of Benefits

Benefits payments are recorded upon distribution.

Administration Expenses

The plan sponsor absorbs the cost of auditing services, as well as certain administrative costs related to the administration of the Plan by Company personnel. No such officers receive compensation from the Plan. The Plan pays the costs associated with contract administration and third-party administration fees, as defined by the Plan.

3. Unaudited Information Certified by the Plan Trustee or Custodian

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Standard at December 31, 2025 and 2024, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets Held for Investment Purposes.

Investments held and the related investment income (loss) certified by the Standard at December 31, 2025 and 2024, are as follows:

	2025	2024
Insurance Company Investment Contracts:		
Cash Equivalents in General Accounts		
Stable Value Option Investments	\$ 661,793	\$ 610,887
Pooled Separate Accounts	5,074,295	4,073,060
Total Investments	5,736,088	4,683,947
Net Investment Income:		
(Including Realized and Unrealized Gains)		
for Assets Held in Pooled Accounts	\$ 609,536	\$ 406,829
Interest and Dividends Received	143,561	123,864
Net Investment Income	753,097	530,693

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts

Valued at the net asset value (NAV) provided by the administrator of the investment. These investments can be redeemed at their respective net asset value as of the measurement date. There are no unfunded commitments, redemption frequency, or other redemption restrictions.

The pooled separate accounts with Transamerica and the Standard are stated at fair value based on the quoted market prices of the underlying mutual funds converted into unit value of the pooled separate accounts (Level 1 input under ASC 820). Separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2 input under ASC 820).

Stable Value Option Investment

Valued at contract value, and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses. The contract value listed is also the fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025.

Investments at Fair Value December 31, 2025				
	Level 1	Level 2	Level 3	Total
The Standard				
Intermediate/Long-Term Bond	\$ 1,203,223	\$ -	\$ -	\$ 1,203,223

International Stocks	762,609	-	-	762,609
Total Investments at Fair Value	5,074,295	-	-	5,074,295

4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024.

Investments at Fair Value December 31, 2024				
	Level 1	Level 2	Level 3	Total
The Standard				
Intermediate/Long-Term Bond	\$ 1,057,928	\$ -	\$ -	\$ 1,057,928

Small/Mid-Cap Stocks	10,588	-	-	10,588
International Stocks	602,071	-	-	602,071
Total Investments at Fair Value	4,073,060	-	-	4,073,060

5. Contract with Insurance Company

The Plan has entered into investment contracts with the Standard for the years ended December 31, 2025 and 2024, in which plan assets invested under the contracts are maintained in general accounts. The accounts are credited with contributions and earnings based on the specific contract rate and charged for plan withdrawals and administrative expenses.

The Stable Value Option investment choice of the Standard's contract meets all criteria and is considered a fully benefit-responsive contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Standard Insurance Company, approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the Standard. The contract value of the Standard Insurance Company Stable Value investments seeks to protect against any losses of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and becomes effective for the six-month period. There is no stated minimum or maximum interest rate. The average yield of the Stable Value Core fund based on actual earnings and interest credited to participants yielded 2.19% and 2.06% for the years ended December 31, 2025 and 2024, respectively. The contract value of the investment contract at December 31, 2025 and 2024 was \$661,793 and \$610,887, respectively.

6. Plan Amendments

The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into law at the end of 2022. This Act includes both required and optional provisions with effective dates ranging from beginning after December 31, 2022, to beginning after December 31, 2024. Plan management is currently reviewing the impact of this Act.

Effective May 1, 2023, the Stokes Hodges 401(k) Plan was amended to adopt Amendment 2. Amendment 2 replaced Items 29.A and 29.C in the plan document, which set out how employer matching contributions are made to the plan. Following the adoption of Amendment 2, employer matching contributions are now made as a "Flexible Discretionary Match", which means the employer has sole discretion over the formula or formulas for allocating the flexible discretionary match, including the Discretionary Matching Contribution rate or amount, the limits on Elective Deferrals or Employee Contributions subject to match, the per participant match allocation limits, the Participants or categories of Participants who will receive the allocation, and the time period applicable to any matching formula.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter from the trustee, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Related Party Transactions

The Plan absorbs expenses charged by a third-party administrator for administration of the Plan. These fees paid by the Plan for administration services amounted to \$12,515 and \$10,166 for the years ended December 31, 2025 and 2024, respectively.

The Plan is managed by The Standard, the trustee or custodian of the plan assets. Transactions managed under The Standard qualify as party-in-interest transactions. Fees paid to The Standard by the Plan for contract administration services amounted to \$22,330 and \$20,300 for the years ended December 31, 2025 and 2024, respectively.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	\$ 5,912,654	\$ 4,780,502
Dividend Accrual Included on Form 5500	3,993	3,406
Adjustments to Receivables	(74)	128
Net Assets Available for Benefits per the Form 5500	5,916,573	4,784,036

10. Reconciliation to Form 5500 (Continued)

The following is a reconciliation of the total contributions per the financial statements to the Form 5500 at December 31:

	2025	2024
Total Contributions per the Financial Statements	\$ 1,145,356	\$ 861,587
Adjustment to Prior Year Receivables	(140)	11,759
Total Contributions per the Form 5500	1,145,216	873,346

11. Subsequent Events

The Plan has evaluated subsequent events through June 19, 2026, the date the financial statements were available to be issued.
