INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
LeMans Corporation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of LeMans Corporation 401(k) Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The schedule of assets (held at end of year) as of September 30, 2025 and schedule of delinquent participant contributions for the year ended September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the schedule of assets (held at end of year) related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LeMans Corporation 401(k) Savings Plan

Notes to Financial Statements

September 30, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The LeMans Corporation 401(k) Savings Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to September 30, 2025 through June 26, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - LeMans Corporation is the plan sponsor, employer and the plan administrator. Empower Trust Company, LLC is the trustee that holds custody of the plan's mutual funds. Empower Retirement, LLC is the third party administrator which maintains investment and participant records and performs various compliance tests as tax counsel. Both Empower entities are collectively referred to as "Empower". Robert W. Baird & Co. Incorporated is the plan's investment advisor.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate the contributions and transfer existing balances among the available investment options. Participants should refer to the prospectuses and annual reports of the investments for more information. Earnings, including the net appreciation (depreciation) of investments bought, sold and held during the years, is reflected in the accompanying statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

LeMans Corporation 401(k) Savings Plan

Notes to Financial Statements

September 30, 2025 and 2024

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of September 30, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$119,663,360	\$ -	\$ -	\$119,663,360

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on October 1, 1988, as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Prior to July 1, 2024, employees were eligible once they had completed one year of service (defined as 1,000 hours of service in the eligibility contribution period) and had reached age twenty-one. An employee could enter the plan on October 1 or April 1 after meeting the eligibility requirements. Effective July 1, 2024, the service requirement was eliminated and the entry date was changed to immediately upon meeting the eligibility requirements. At that time, employees are also eligible to receive employer matching contributions as long as they are employed on the last day of the year in which the contribution relates. For purposes of employer nonelective contributions, an employee must have completed 1,000 hours of service in that plan year and must be employed on the last day of the year in which the contribution relates.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible participants are automatically enrolled in the plan and have 2% of compensation withheld as elective deferral contributions. These participant deferral percentages automatically increase by 1% each year thereafter until they reach a maximum of 5%. Such participants have the option to increase, decrease, or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. For the years ended September 30, 2025 and 2024, the employer contributed 60% of the first \$1,000 that a participant contributed to the plan plus 25% of participant contributions in excess of \$1,000 up to 5% of the participant's plan compensation. Total employer matching contributions, funded annually subsequent to year-end, were \$876,000 and \$791,000 in 2025 and 2024. Effective October 1, 2025 the employer discretionary matching contributions were eliminated.

- d. Employer nonelective contributions may be made at the employer's discretion. Such contributions are allocated to participants in the ratio that each participant's compensation bears to the compensation of all eligible participants. Total employer nonelective contributions, funded annually subsequent to year-end, were \$1,800,000 in 2025 and 2024.
- e. Effective October 1, 2025 the plan has safe harbor provisions that require the employer to make safe harbor matching contributions equal to 100% of the first 3% of compensation that a participant contributes to the plan and 50% of the next 2% of compensation that a participant contributes to the plan. Such contributions are remitted to the plan coinciding with each payroll. Additionally, the employer may make discretionary additional matching contributions, which will not apply to elective deferral exceeding 6% of participant's plan compensation. These contributions would be funded annually, subsequent to year-end. The requirement to be employed as of the last day of the plan year is not applicable to these contributions.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and rollover contributions and an allocation of employer contributions. Participants are allowed to transfer funds between the various investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at a rate of 20% for each year thereafter. Upon death, disability or attainment of normal retirement age (defined as 65) while employed, participants become 100% vested. Effective February 2, 2026, all active participants who have an account balance on October 1, 2025 will be 100% vested at all times in their discretionary matching contributions.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Participants may elect their distribution to be in the form of a single lump sum or installment payments. In-service withdrawals can commence upon attaining the age of 59½. In addition, hardship withdrawals are also permitted under certain circumstances.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and are recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distributions and non-participant directed fees for advisory, service and administrative services. Non-participant directed fees are allocated to participants on an account value basis.

Forfeitures - Forfeited nonvested accounts may be used to pay plan expenses or may be reallocated to eligible participants. Forfeited nonvested accounts reallocated to eligible participants were \$109,000 and \$58,000 in 2025 and 2024. Such reallocations are allocated to participants in the ratio that each participant's compensation bears to the compensation of all eligible participants. Unapplied forfeitures were \$135,000 and \$109,000 as of September 30, 2025 and 2024.

Notes receivable from participants - Loans to participants are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

The plan's investments are managed by Empower. Empower is the investment agent as defined by the plan, and therefore, these transactions qualify as party-in-interest transactions. In addition, Empower receives indirect compensation from the plan's mutual fund investment providers for services Empower provides to the funds. Certain revenues received by Empower from such service providers are remitted to the plan in the form of service credits (as part of an administrative services agreement between the plan sponsor and Empower). Such service credits received by the plan are used by the plan to pay advisory services and other plan fees. If the revenue received from Empower exceeds the amount owed under the services agreement, Empower remits the excess to the plan. There are also certain other plan expenses that Empower charges that are paid directly. Direct fees paid by the plan to Empower, recorded as a component of administrative expenses in the accompanying financial statements, were \$120,000 and \$88,000 in 2025 and 2024.

Notes to Financial Statements

September 30, 2025 and 2024

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted a Great-West Trust Company, LLC pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of September 30, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY EMPOWER

Management has obtained certifications from Empower, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of September 30, 2025 and 2024;
- b. Dividends and interest income from investments, other income and the net appreciation (depreciation) of investments during 2025 and 2024;
- c. Contributions to and withdrawals from accounts, administrative expenses, purchases, sales and inter-fund transfers of investments during 2025 and 2024; and
- d. The report of individual participant accounts as of and for the years ended September 30, 2025 and 2024.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During 2024, the plan sponsor remitted certain employee elective deferral contributions later than required by Department of Labor Regulation 2510.3-102. The plan sponsor calculated and remitted lost earnings related to the late contributions in November 2025 to account for the investment income that would have been earned had the contributions been remitted on a timely basis. In addition, the plan sponsor filed the Internal Revenue Service Form 5330 and paid the associated excise tax.
