(1) Name: **DELOITTE & TOUCHE, LLP**

(2) EIN: **13-3891517**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Opinion

We have audited the financial statements of the Best Buy Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Best Buy Retirement Savings Plan (the "Plan") as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Report on Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2025, has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconcile to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, such schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

BEST BUY RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Best Buy Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a profit-sharing plan with a "cash or deferred" salary reduction savings arrangement intended to qualify under Internal Revenue Code (the "Code") § 401(k). Eligible employees of Best Buy Co., Inc. ("Best Buy") and subsidiaries (the "Company") may participate after reaching the age of 18. No minimum period of service is required.

The Benefits Committee ("Plan administrator") is appointed by a committee of the Board of Directors of the Company and has been delegated the Company's fiduciary and/or administrative responsibilities under the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Plan. Voya Financial serves as the Plan recordkeeper and the Plan's trustee. The Plan is subject to the provisions of ERISA.

On January 1, 2024, the Current Health, Inc. 401(k) Plan was legally merged with the Plan and employees of Current Health, Inc. began participating in the Plan. During the year ended December 31, 2024, the Current Health, Inc. 401(k) Plan net assets available for benefits totaling \$3,377,825 were transferred to the Plan.

Contributions - Each year, participants may contribute up to 50% of their annual compensation through pre-tax contributions, after-tax Roth contributions or a combination of the two contribution types as defined by the Plan, subject to the Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. After one year of service with the Company, the Company will match 100% of the participant's eligible contributions that do not exceed 3% of compensation, plus 50% of eligible contributions that exceed 3% but do not exceed 5% of compensation.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, as well as allocations of Plan earnings and losses. Participants' accounts are also reduced by any withdrawals taken, where applicable, per the Plan document. Participants' accounts are also charged with an administrative expense to cover expenses paid by the Plan. Charges are a flat monthly rate plus any service fees based on specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions and the Company's matching contributions into various investment options offered by the Plan, including the Best Buy Co., Inc. stock fund, registered investment companies, pooled funds and a stable value fund.

Effective March 31, 2025, the Target Date 2020 Fund merged into the State Street Target Retirement SL Fund - Class V. Effective May 30, 2025, the Target Date 2070 Fund was added to the Plan. There were no other changes made to the investment options of the Plan during the year ended December 31, 2025.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Effective January 1, 2007, the Plan agreement was amended to adopt a safe harbor matching contribution provision intended to satisfy Section 401(k)(12)(B) of the Code. This provision provides that the participants' account balances holding such safe harbor matching contributions will be immediately 100% vested.

Notes Receivable from Participants - Employees hired on or after June 1, 2014, may not borrow from their fund accounts, and effective January 1, 2015, no participant may request a new loan under the Plan. Prior to April 1, 2014, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of the prime interest rate plus one percentage point on the first business day of the month in which the loan was processed. Loans require repayment within five years from the loan date, unless the loan was for the purchase of the participant's primary residence, in which case the repayment term is up to 15 years. Principal and interest is paid ratably through bi-weekly payroll deductions.

During the period between April 20, 2020, through September 20, 2020, the Company adopted a provision of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") that allowed a qualified participant to request a loan from the Plan for a minimum of \$1,000 and up to a maximum of 100% of their vested balance or \$100,000 to be repaid over a period of five years.

At December 31, 2025, notes receivable from participants matured through October 19, 2029, with interest rates of 4.25%.

Payment of Benefits - Upon termination of service with the Company (including termination of service due to death, disability, or retirement), a participant has options to withdraw or leave funds within the Plan if their balance is over \$1,000. Participants may also withdraw some or all of their account balances prior to termination in limited circumstances, subject to Plan terms. The Plan requires that non-active employee participants with a balance of less than \$1,000 are to have accounts distributed as soon as administratively practicable following termination.

2. Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements and supplemental schedule of the Plan were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections including active and passively managed funds covering multiple asset classes. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, except for security-backed (synthetic) guaranteed investment contracts ("GICs"), which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3, *Fair Value Measurements*, for discussion on fair value measurements, and Note 4, *Stable Value Fund*, for discussion on investments stated at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025, or December 31, 2024.

Contributions - Employee contributions and Company matching contributions are recorded when withheld and earned, respectively.

Benefit Payments - Benefits are recorded when paid. As of December 31, 2025, and December 31, 2024, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not been paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments. Plan participants were charged \$3.60 per month for the period January 1, 2024, through September 30, 2025, and \$2.90 per month for the period October 1, 2025, through December 31, 2025.

Subsequent Events - Plan management evaluated the period from December 31, 2025, through the date the financial statements were issued for material subsequent events requiring recognition or disclosure. No such events were identified.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. To measure fair value, we use a three-tier valuation hierarchy based upon observable and non-observable inputs:

Level 1 — Unadjusted quoted prices that are available in active markets for identical assets or liabilities at the measurement date.

Level 2 — Significant other observable inputs available at the measurement date, other than quoted prices included in Level 1, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by other observable market data.

Level 3 — Significant unobservable inputs that cannot be corroborated by observable market data and reflect the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

The fair value hierarchy requires the use of observable market data when available. In instances where the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. Our assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset or liability.

The Plan's assets recorded at fair value were as follows:

	Fair Value Hierarchy	Fair Value At	
		December 31, 2025	December 31, 2024
Cash and cash equivalents	Level 1	\$ 4,054,675	\$ 3,788,479
Best Buy Co., Inc. stock fund	Level 1	78,478,924	97,909,706
Registered investment companies	Level 1	35,531,037	35,893,169
Stable value fund	Level 1	5,949,146	7,706,660
		124,013,782	145,298,014
Pooled funds ⁽¹⁾	NAV	3,256,692,931	2,821,160,184
		<u>\$ 3,380,706,713</u>	<u>\$ 2,966,458,198</u>

(1) Certain investments that are measured at fair value using the net asset value per share ("NAV") (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as Investments at fair value in the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and December 31, 2024.

Cash and cash equivalents - Investments that are comprised of money market funds with initial maturities of three months or less. Such amounts are valued at cost plus accrued interest.

Best Buy Co., Inc. stock fund - A unitized stock fund consisting of Best Buy common stock. The total fair value of the fund is equal to the quoted market value of total common stock, which approximates fair value.

Registered investment companies - Shares of mutual funds traded and valued at quoted market prices, which approximates fair value.

Stable value fund - The portion of the Galliard Stable Value fund, the Short Term Investment Fund II, which invests in highly liquid assets used for daily liquidity needs and is traded and valued at quoted market prices. See Note 4, *Stable Value Fund*, for additional information.

Pooled funds - Not classified in the fair value hierarchy as they are valued using the NAV (or its equivalent), based on the value of the underlying assets owned by the fund less its liabilities, and this difference is then divided by the number of units outstanding. The investments measured at NAV include pooled separate accounts. The unit prices of the investments are quoted on a private market that is not active; however, the unit prices are based on underlying investments which are based on observable inputs. There were no unfunded commitments for the periods presented.

4. Stable Value Fund

The Plan holds investments in the Galliard Stable Value Fund (the “Fund”). The Fund is exclusively managed for the Plan and all underlying investments are held directly by the Plan. The Fund primarily invests in security-backed (synthetic) GICs that meet the fully benefit-responsive investment contract (“FBRIC”) criteria and, therefore, are reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less withdrawals and administrative expenses. The Fund also invests in Short Term Investment Fund II, which invests in highly liquid assets used for daily liquidity needs, and therefore is reported at fair value. See Note 3, *Fair Value Measurements*, for additional information.

Synthetic GICs are issued by insurance companies or other financial institutions, backed by a portfolio of bonds. The bond portfolio is owned directly by the Plan. The issuer guarantees that all qualified participant withdrawals will be at contract value and that the crediting rate applied will not be less than 0%. Crediting rates are typically reset quarterly to account for the difference between the contract value and the fair value of the underlying portfolio.

If the Plan defaults in its obligations under the contract (including the issuer’s determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Plan will receive the fair value as of the date of termination. Each contract recognizes certain “events of default” which can invalidate the contracts’ coverage. Among these are investments outside of the range of instruments which are permitted under the investment guidelines contained in the investment contract, fraudulent or other material misrepresentations made to the issuer, changes of control of the investment adviser not approved by the contract issuer, changes in certain key regulatory requirements, or failure of the Plan to be tax qualified.

The contracts also generally provide for withdrawals associated with certain events which are not in the ordinary course of Plan operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment; however, such events may include, but not be limited to, the following:

- material amendments to the Plan’s structure or administration;
- complete or partial termination of the Plan, including a merger with another plan;
- the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- the redemption of all or a portion of the interests in the Plan at the direction of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the plan sponsor, the merger of the plan with another plan, or the plan sponsor’s establishment of another tax qualified defined contribution plan;
- any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan;
- changes to competing investment options; and
- the delivery of any communication to plan participants designed to influence a participant not to invest in the stable value option.

At this time, the occurrence of any event that would result in a market value adjustment is not probable.

5. Related-Party and Party-in-Interest Transactions

Best Buy Co., Inc. stock fund – Activity related to the common stock of Best Buy was as follows:

	Years Ended	
	December 31, 2025	December 31, 2024
Number of common shares purchased	129,860	48,800
Cost of common shares purchased	\$ 9,464,571	\$ 4,392,981
Number of common shares sold	101,326	140,759
Market value of common shares sold	\$ 7,592,420	\$ 12,143,173
Cost of common shares sold	\$ 5,070,450	\$ 6,635,455

Notes receivable from participants – Notes receivable from participants are secured by the vested balances in the participants' accounts.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan was terminated, participants will remain 100% vested in the Company's contributions.

7. Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 15, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. No such tax liabilities have been recorded as of December 31, 2025, or December 31, 2024.

8. Reconciliation of Financial Statements to Form 5500

Reconciliations of changes in net assets available for benefits per the financial statements to the Form 5500 were as follows:
