INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Section 403(b) Retirement Plan for Ohio
Heartland Community Action Commission
Marion, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Ohio Heartland Community Action Commission 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of September 30, 2025 and 2024, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to the Summary of Significant Accounting Policies note of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SECTION 403(B) RETIREMENT PLAN FOR OHIO HEARTLAND COMMUNITY ACTION COMMISSION

NOTES TO FINANCIAL STATEMENTS

September 30, 2025 and 2024

DESCRIPTION OF PLAN

The following brief description of the Section 403(b) Retirement Plan for Ohio Heartland Community Action Commission (the Plan) provides only general information. Participants should refer to the summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Ohio Heartland Community Action Commission (the Organization). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The purpose of the Plan is to provide eligible employees with a qualified plan which meets the requirements of Section 403(b) of the Internal Revenue Code of 1986.

Eligibility

An employee must be at least 18 years of age and have completed 3 months of service prior to entering the Plan. Entry dates into the Plan occur each month.

Contributions

Participants may contribute an elective percentage of their compensation annually, subject to certain limitations as defined by the Plan. Contributions more than allowable amounts are refunded to the participants. The Organization matches 3% of the employee's eligible wages. The Organization contributed approximately \$183,013 and \$184,809 for the years ended September 30, 2025 and 2024, respectively.

Each participant's account is charged or credited with (a) the participant's contributions, (b) the Organization's contribution, (c) the Plan's investment earnings or losses and (d) certain Plan administration costs not covered by the Organization.

Vesting

Participants are immediately vested in their elective deferrals and earnings thereon. Participants are 100% vested in employer contributions after two years in contributions made by the Organization.

Participant Accounts

Participant's accounts are credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees and Expenses

The Plan Sponsor absorbs a portion of trustee and administrator fees and expenses. Fees and expenses paid by the Plan are allocated to participant accounts on a prorated basis.

Forfeited Accounts

During the years ended September 30, 2025 and 2024, forfeited nonvested accounts totaled \$11,115 and \$10,270 respectively. During the years ended September 30, 2025 and 2024, \$11,120 and \$9,648 were used to reduce employer contributions, respectively. At September 30, 2025 and 2024, no forfeited accounts remained available to reduce future employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to various mutual funds consisting of different investment types and goals as made available and determined by the Trustees. Participants may change their investment options any time throughout the year via internet or direct phone access to American United Life Insurance Company and Metropolitan Life Insurance Company. The change becomes effective the next business day.

DESCRIPTION OF PLAN - Continued

Payment of Benefits

The normal form of benefit payments under the Plan are lump sum distributions. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Normal retirement date is upon attainment of age 65. Distributions may be made from any vested accounts upon attainment of age 59 ½. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Notes Receivable from Participants

Participant loans are permitted under the Plan. A participant must repay the loan within five years, unless the loan is being used to purchase a primary residence. Loans must be approved by the Plan administrator and Trustees. The maximum amount available to a participant is the lesser of 50% of his or her vested account balance (less any previous outstanding loans) or \$50,000 reduced by the highest outstanding loan balance in the past twelve months. One loan per participant is allowed at any one time with \$1,000 being the minimum amount available for each loan.

Termination of the Plan

Although it has not expressed any intention to do so, the Plan Sponsor may terminate or amend the Plan in whole or in part at any time.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the Plan's modified cash method (basis) of accounting. This method utilizes a modified cash approach whereby cash receipts and disbursements are recorded in the period received or made, respectively. Investments are recorded at fair value where unrealized gain/loss is recorded as income/loss.

Investments

Investments in mutual funds are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined on the average cost basis and used to determine realized gains and losses upon disposition.

The Plan invests in a trustee's common collective trust which is valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value for the investment contract is based upon contributions, withdrawals and earnings of the trust as reported by the trustee. The statements of net assets available for benefits and the statements of changes in net assets available for benefits present the guaranteed investment contract on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

Contributions

Contributions are recorded as remitted to the Plan by the Plan Sponsor.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options consisting of various types of mutual funds. The funds and their underlying investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

FAIR VALUE MEASUREMENTS

The Plan complies with Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets and liabilities are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

FAIR VALUE MEASUREMENTS - Continued

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025 and 2024:

	<u>Total</u>	<u>Fair Value Measurements Using:</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<i>September 30, 2025</i>				
Mutual funds	\$ 3,561,330	\$ 3,561,330	\$ -	\$ -
<i>September 30, 2024</i>				
Mutual funds	\$ 3,042,577	\$ 3,042,577	\$ -	\$ -

The mutual funds are publicly traded, and their fair value represents the closing price or net asset value published as of September 30, 2025 and 2024. As a result, these investments are listed as Level 1.

The investments in the trustees general account included in investments on the statement of net assets available for benefits is reported at contract value and therefore not included in the fair value table.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Metropolitan Life Insurance Company and American United Life Insurance Company, trustees of the Plan have certified all investment balances and transactions contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits as of and for the years ended September 30, 2025 and 2024. No auditing procedures were performed on the information provided, except to confirm participant loans and to compare other certified information to the related information in the financial statements and in the notes to financial statements.

RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments may be managed by the Plan's investment advisor, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

BHM CPA Group, Inc. serves as the Plan's auditors and qualifies as a party-in-interest.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and, as a result, the schedule of reportable transactions is not required.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements were prepared on the modified cash basis of accounting, and the Form 5500 was on the accrual basis. As of September 30, 2025, this resulted in a difference of \$58 and \$99 related to employee contributions and employer contributions being recorded in the financial statements but not the Form 5500. For the year ended September 30, 2024, this resulted in a difference of \$4,646 and \$7,190 related to employee contributions receivable and employer contributions receivable recorded on Form 5500 but not the financial statements. This also caused a difference in employee contributions receivable and employer contributions receivable of \$4,646 and \$7,190, respectively, for the year ended September 30, 2024. The differences above resulted in no differences in Net assets available for benefit as of September 30, 2025. Differences between the audited financial statements and the information on Form 5500 were not significant and primarily related to different classifications as of and for the year ended September 30, 2024.

INCOME TAX STATUS

The Plan Sponsor adopted a prototype plan on which an opinion letter relating only to the acceptability of the form of the Plan was obtained on March 31, 2014. A determination letter from the Internal Revenue Service has not been requested specifically for the Plan.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. The Plan administrator is not aware of any tax positions taken by the Plan that they consider to be uncertain. The tax returns for the years ended 2022, 2023 and 2024 are open and subject to examination by the Internal Revenue Service.

SUBSEQUENT EVENTS

Subsequent events were evaluated through July 14, 2026, which is the date the financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
