Independent Auditor's Report

Plan Administrator and Plan Participants
Fiore & Sons, Inc. Employee Stock Ownership Plan
Denver, Colorado

Opinion

We have audited the accompanying financial statements of Fiore & Sons, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets (deficit) available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of Fiore & Sons, Inc. Employee Stock Ownership Plan as of September 30, 2025 and 2024, and the changes in net assets (deficit) available for benefits for the year ended September 30, 2025, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fiore & Sons, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiore & Sons, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fiore & Sons, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiore & Sons, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended September 30, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fiore & Sons, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Fiore & Sons, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established on October 1, 2023, is a leveraged employee stock ownership plan, designed to provide eligible employees the opportunity to participate in ownership of their employer. Fiore & Sons, Inc. ("Fiore" or "the Employer") is the Sponsor of the Plan. The Plan is intended to satisfy the requirements of an Employee Stock Ownership Plan, as defined under Section 4975(e)(7) of the Internal Revenue Code ("IRC"), and as a stock bonus plan under Section 401(a) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan has a note payable to the Sponsor which was used to acquire 880,000 shares of Fiore & Sons, Inc. common stock (effective December 31, 2024). As the Plan makes payments on the note payable, an appropriate percentage of stock is allocated to eligible participants' accounts in accordance with applicable regulations under the IRC.

The note payable is collateralized by the unallocated shares of common stock and is guaranteed by the Sponsor. The note holder has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of participants with vested rights in allocated stock ("allocated"), and (b) common stock not yet allocated to participants ("unallocated").

Plan Administration

The Sponsor is the administrator of the Plan and has appointed a third party as Trustee. The Trustee oversees the valuation process and the accounting of the Plan's transactions pertaining to the accounts of participants with vested rights in allocated and unallocated stock. Principal Life Insurance Company is the recordkeeper of the Plan.

Eligibility

Substantially all employees of the Sponsor are eligible to participate in the Plan upon reaching age 18 and completing two months of service, as defined in the plan document. An employee who is eligible becomes a participant on the first day of the month coinciding with or following the date of the attainment of the above requirements. Employees who met requirements as of Plan adoption on October 1, 2023 became participants at that time.

Fiore & Sons, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions

The Employer is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividend and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due under the note payable. The Sponsor may also fund the Plan with discretionary Employer contributions made in the form of cash. Participant contributions are not permitted.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Sponsor common stock released from the unallocated account and forfeitures of terminated participants' non-vested accounts and cash contributions, if any. Only those participants who complete 1,000 or more hours of service and are employed as of the last day of the Plan year will receive an allocation, unless the participant terminated during the year due to retirement, death, or disability.

Vesting and Forfeited Accounts

A participant is vested in the Sponsor's common stock and earnings thereon according to the following schedule:

<i>Years of Service</i>	<i>Vesting %</i>
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years	100 %

Participants who die, become disabled or attain retirement age become fully vested in Employer contributions and earnings thereon regardless of years of service.

Forfeitures of nonvested participant balances may be used to pay expenses of the Plan or may be allocated among participants in the same manner as Employer contributions. During the year ended September 30, 2025 3,131.3697 shares were forfeited and were reallocated to eligible participants. There are no unallocated forfeitures as of September 30, 2025 and 2024.

Fiore & Sons, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, death, or termination of employment. Benefits are paid in a single lump sum or in annual installments for a period not greater than five years, unless certain thresholds are met. Payments can be made in either cash or shares of Sponsor common stock that must be immediately repurchased by the Sponsor. Force-out payments are also made to participants who have separated from service and have a balance less than \$7,000.

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Sponsor.

Voting Rights

The Sponsor common stock held in the Plan will be voted by the Trustee. However, participants are entitled to direct the Trustee on how to vote the shares of Sponsor common stock allocated to their account with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all of the assets of a trade or business. If a participant does not notify the Trustee of how they would like their shares of Sponsor common stock to be voted with respect to any of the transactions described above, those shares will be voted at the discretion of the Trustee.

Plan Termination

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participants or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Put Option

Under federal income tax regulations, the Sponsor's common stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Fiore & Sons, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Diversification

Diversification is offered to participants who are at least 55 years old and have participated in the Plan for at least 10 years (a "Qualified Participant") so they have the opportunity to allocate part of the value of their investment in the Sponsor's stock into other investments. During each of the first five years of eligible diversification, participants may elect to receive a cash distribution of up to 25% of the total number of shares in Sponsor stock that have been allocated to the participant during the qualified election period (reduced by the number of shares of Sponsor stock previously distributed in cash pursuant to a prior election). In the sixth year of eligible diversification, the percentage of shares that can be distributed increases to 50%. There were no diversifications for the year ended September 30, 2025.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

The financial statements include Fiore & Sons, Inc. common stock whose value has been estimated by an independent valuation specialist in the absence of a readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a readily available market for the securities existed, and the difference could be material.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 13, 2026, which is the date the financial statements were available to be issued.

Fiore & Sons, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Note 3: Investments

Investments at fair value in Fiore & Sons, Inc. common stock as of September 30 are as follows:

	2025		
	Allocated	Unallocated	Total
Number of shares	86,199	793,801	880,000
Acquisition cost	\$ 1,819,664	\$ 16,757,136	\$ 18,576,800
Estimated fair value	\$ 924,055	\$ 8,509,545	\$ 9,433,600
Estimated fair value per share			\$ 10.72

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of September 30, 2025.

Fiore & Sons, Inc. Common Stock: Shares of Fiore common stock are valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of acceptable valuation methods: a debt-free discounted cash flow method was the primary valuation method which was supplemented with a high-level market transaction approach.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2025. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of September 30, 2025

Notes to Financial Statements

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Plan investments are shares of Sponsor common stock. Fiore & Sons is the plan sponsor and lender to the Plan, as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not prohibited transactions as defined by Department of Labor's regulations.

Except as noted in Note 1 and Note 5, as of September 30, 2025, the Plan had no amounts due to or from the Sponsor.

Note 7: Tax-Exempt Status of the Plan

The Internal Revenue Service has determined and informed the Sponsor by a letter dated April 6, 2026, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8: Risks and Uncertainties

The Plan investments consist primarily of the Sponsor's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in values of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
