The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section, the amounts and disclosures in the accompanying financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at September 30, 2025 and the supplemental Schedule of Delinquent Participant Contributions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Clay Center, Kansas

NOTES TO FINANCIAL STATEMENTS

September 30, 2025 and 2024

Note 1: Description of the Plan

The following description of the Ray's Apple Market Stores, Inc. Profit Sharing/401(k) Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established in 1992, and most recently restated on July 1, 2025, is a defined contribution plan covering employees of Ray's Apple Market, Inc. (the Company). The Plan was amended on July 1, 2025 to include participants for Homestory LLC DBA Gibson/ACE Hardware. Employees are eligible to begin deferring contributions following the completion of a year of service employment with entry dates of October and April and attainment of age 21. A year of service has been earned when the employee has been credited with 1,000 hours of service during their first twelve consecutive months of employment, or 1,000 hours of service during the Plan year. Employees are eligible for company matching contributions when they become eligible to defer contributions. Employees are eligible for any employer contributions regardless of the service hours completed during the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to contribute a percentage of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Transfers from qualified plans are allowed under the provisions of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and one common collective trust fund to Plan participants as core investment options or they can select mutual funds outside of the core funds.

Employer Contributions

The Company may make a matching contribution equal to a uniform percentage of the employee's salary deferral, which percentage is determined annually at the discretion of the Company's Board of Directors. During the years ended September 30, 2025 and 2024, the Company has chosen to match 20% of the deferral contributed by the participant up to 2.4% of their annual compensation which amounts to \$40,529 and \$37,514 respectively.

At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, also may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. The Company has not elected to provide discretionary contributions for the years ending September 30, 2025 and 2024. Company contributions, both matching and profit-sharing, are invested in the participant directed accounts in the same manner as the employee deferrals.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's matching contribution, any employer discretionary profit-sharing contribution and plan earnings, which are allocated proportionately among all participants based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides vesting in the employer's contributions of 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service. An employee who becomes disabled or dies will become 100% vested in employer's contributions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2025 and 2024

Note 1: Description of the Plan

Participant Loans

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at a rate determined by the Plan Administrator. Employees may borrow from any source of funds except Roth deferrals. Loan repayments are made ratably through payroll deductions no less frequently than on a quarterly basis. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Administrator may permit a longer repayment term. For the years ending September 30, 2025 and 2024 the interest rates on outstanding loans ranged from 5.25% to 10.5%.

At September 30, 2025 and 2024, no participant loans were in default.

Payment of Benefits

Distributions are made upon death, disability, retirement, or termination of employment. Automatic distributions are required to be made for terminated participants with account balances under \$7,000 as soon as administratively feasible. The participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions are made in a lump sum, substantially equal payments or a partial withdrawal to the participant and/or designated beneficiaries. In-service distributions are permitted from the participant's fully vested balance at age 65.

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Participants forfeit the non-vested portion of employer contributions made on their behalf upon the earlier of the date they withdraw from the Plan or upon the occurrence of five one-year breaks in service, as defined in the Plan. Forfeited amounts are used to reduce any employer matching contributions or pay plan expenses. Amounts forfeited during the years ended September 30, 2025 and 2024 were \$2,141 and \$1,093, respectively. For years ended September 30, 2025 and 2024, forfeitures of \$2,231 and \$58, respectively were used to reduce employer contributions or pay plan expenses. The forfeiture account balance at September 30, 2025 and 2024 was \$1,684 and \$1,704, respectively.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of the participants accounts or distributions are charged directly to the participant's account. Other expenses to Invisor Solutions LLC and Invisor Financial LLC. such as administrative fees are included in administrative expenses.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2025 and 2024

Note 2: Summary of Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of September 30, 2025 and 2024, the Plan had no pending distributions where a distribution request had been requested before plan year end but not yet paid to the participant until the subsequent year.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value, as determined and certified by Nationwide Trust Company, FSB, Nationwide Life Insurance Company, and Matrix Trust Company (the Custodians) as of the Plan's year end. Shares of mutual funds and common collective trust funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

RAY'S APPLE MARKET STORES, INC. PROFIT SHARING/401(K) PLAN

Clay Center, Kansas

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2025 and 2024

Note 3: Fair Value Measurements

The following table provides the hierarchy and fair value for each major category of assets and liabilities measured at fair value at September 30, 2025 and 2024:

September 30, 2025	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 4,335,623	\$ -	\$ -	\$ 4,335,623
Common Collective Trust Funds	-	143,506	-	143,506
	<u>\$ 4,335,623</u>	<u>\$ 143,506</u>	<u>\$ -</u>	<u>\$ 4,479,129</u>
September 30, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 3,917,676</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,917,676</u>

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract

Guaranteed investment contracts are valued at contract value by the insurance company and are not required to be disclosed in fair value measurement hierarchy according to ASU 2015-12, thus are not included in the table above.

Common Collective Trust Funds

Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash Equivalents

The cash equivalents are held by the Plan's Custodians and reported at face value. This account is not subject to market fluctuations. Therefore, they are not included in the fair value hierarchy table.

Note 4: Related Party and Party in Interest Transactions

The Company absorbs the cost of audit fees related to the Plan, some administrative fees and the cost of fidelity bonds. The Company provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements.

Certain plan investments are shares of proprietary funds managed by the Custodians, for which they are paid a minimal fee. SS&C GIDS, Inc. who is partnered with Nationwide Life Insurance Company and Nationwide Trust Company, FSB are related entities as Custodians, as well as Matrix Trust Company as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Keating & Associates, Inc., and Invisor Financial LLC are the recordkeepers for the Plan and Varney & Associates, CPAs, LLC provides audit services.

RAY'S APPLE MARKET STORES, INC. PROFIT SHARING/401(K) PLAN

Clay Center, Kansas

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2025 and 2024

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6: Tax Status

The Company adopted a non-standardized prototype plan document. The Internal Revenue Service issued an opinion letter, dated June 30, 2020, on the prototype plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Reconciliation of Financial Statements to Form 5500

The financial statement amounts reconcile with the annual Form 5500 filing to the Internal Revenue Service.

Note 9: Information Prepared and Certified by Custodians (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including net appreciation in fair value of the investments and interest and dividends for the years ended September 30, 2025 and 2024 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians.

Note 10: Subsequent Events

Management has evaluated subsequent events through July 10, 2026, the date on which the financial statements were available to be issued.
