Independent Auditor's Report

Retirement Management Committee
Penn State Health Tax Sheltered Annuity Program
Hershey, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Penn State Health Tax Sheltered Annuity Program, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Penn State Health Tax Sheltered Annuity Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Penn State Health Tax Sheltered Annuity Program. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Penn State Health Tax Sheltered Annuity Program has not maintained sufficient accounting records and supporting documents relating to certain annuit contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

As described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Penn State Health Tax Sheltered Annuity Program's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Our responsibility is to conduct an audit of Penn State Health Tax Sheltered Annuity Program's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Penn State Health Tax Sheltered Annuity Program, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section it is inappropriate to and we do not express an opinion on this supplemental schedule.

Note 1. Description of the Plan

The following description of the Penn State Health Tax Sheltered Annuity Program (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by Penn State Health (Sponsor). The Plan was established on October 1, 2017, for the benefit of the employees of the Sponsor who are age 18 or older. Related employers who also participate in the Plan include Penn State Health Community Medical Group, LLC; Penn State Health Milton S. Hershey Medical Center; St. Joseph Regional Health Network; St. Joseph Medical Group; Penn State Health LifeLion, LLC; Penn State Health Holy Spirit Medical Center; Penn State Health Hampden Medical Center; Penn State Health Lancaster Medical Center; and Pennsylvania Psychiatric Institute. Effective March 1, 2024, the Pennsylvania Psychiatric Institute Retirement Plan was merged into the Plan. Assets of approximately \$19,560,000 were transferred during March 2024.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower) serves as a trustee of the Plan and holds a majority of the Plan assets. TIAA and CREF (TIAA) also serves as the trustee of the Plan. The Variable Annuity Life Insurance Company (VALIC) serves as the Plan custodian. Empower, TIAA and VALIC are all recordkeepers of the Plan.

Contributions

The Plan permits eligible employees to make annual contributions of up to 75 percent of eligible compensation through a salary deferral election. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his contributions into any of the investment options offered by the Plan and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, a partial payment, or installment payments through an annuity contract. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Penn State Health Tax Sheltered Annuity Program
Notes to Financial Statements
December 31, 2025 and 2024

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Interest on the loans varies and is based on local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through an electronic funds transfer from the participant's personal bank account or by personal check or through payroll deductions.

Other Unallocated Assets

In accordance with the service agreement with the Sponsor, a portion of the Great West Guaranteed Interest Fund account represents a plan level expense account that is primarily funded by expense reimbursements provided by Empower (formerly known as Great West). The balance of this account was \$74,664 and \$46,026 at December 31, 2025 and 2024, respectively. The Sponsor has the ability to use these funds to pay for future Plan expenses. This account is regarded as an asset of the Plan for financial statements and Form 5500 reporting. Expenditures exceeding reimbursements totaled \$73,736 and \$42,529 for 2025 and 2024, respectively. During 2025 and 2024, respectively, \$46,018 and \$5,796 was allocated to participant accounts as contributions from the expense reimbursement account.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the pooled separate and variable annuity accounts are valued at the NAV of the units of the investment as provided by the issuer. The NAV is used as a practical expedient to estimate fair value of the pooled separate accounts and variable annuity accounts.

Penn State Health Tax Sheltered Annuity Program
Notes to Financial Statements
December 31, 2025 and 2024

The fair value of guaranteed investment contracts (excluding fully benefit-responsive investment contracts) are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Loans

While the Plan does allow for participant loans through Empower (formerly known as Great West), both TIAA and VALIC issue loans to Plan participants outside the scope of the Plan. Participants pledge as security a portion of their balance in the TIAA Traditional Annuity or VALIC Loan Collateral Fund, which represents 110 percent of the outstanding loan balance. The amount pledged as collateral at December 31, 2025 and 2024 was approximately \$24,770 and \$28,113, respectively. Plan loan interest rates were 2.0 percent to 6.1 percent as of December 31, 2025.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by the EBSA.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not obtained or requested a determination letter as the Internal Revenue Service does not generally provide that service for individual 403(b) plans. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants that are charged directly to the participant's account are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3. GAAP Departure

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of the ERISA. The removal of this exemption subjected the Plan to the same Form 5500 reporting and audit requirements as 401(k) plans, effective with the Plan's 2009 Form 5500 filings.

In complying with the new ERISA annual reporting requirements, the Plan Administrator has been faced with considerable challenges related to Plan records management. Historically, the Plan Sponsor, similar to other plan sponsors, did not consider 403(b) annuity contracts and custodial accounts to be Plan assets for which they were responsible to monitor. Accordingly, in many instances, sufficient Plan records were not maintained or proper governance controls established over the recording and maintenance of Plan data. Also, vendors used by the Plan have not been able to provide such data prior to 2008. The Plan Sponsor has found in some cases, it is impossible to identify and gather all of the Plan records necessary for the fair presentation of the Plan's annual financial statements that accompany the Form 5500. The Plan's records relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, are insufficient for the Plan Administrator to prepare and fairly present, in all material respects, the Plan's annual financial statements in accordance with accounting principles generally accepted in the United States of America.

As permitted by DOL Field Assistance Bulletin No. 2009-02, the Plan Administrator has elected to exclude from the Plan assets certain inactive contracts for which (a) the contract or account was issued to a current or former employee before January 1, 2009; (b) the employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact, ceased making contributions to the contract or account before January 1, 2009; (c) all of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and (d) the individual owner of the contract is fully vested in the contract or account. The amount of these contracts cannot be readily determined.

Note 4. Certifications of Plan Trustees and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, Teachers Insurance and Annuity Association of America "TIAA" and College Retirement Equities Fund "CREF" and Corebridge Retirement Services a representative of The Variable Annuity Life Insurance Company, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the measurement date. Such instruments valued at Level 1 primarily consist of securities that are directly held and actively traded in public markets
- Level 2** Inputs other than unadjusted quoted prices that are observable for the asset or liability, directly or indirectly, including quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from observable market data by correlation or other means
- Level 3** Unobservable inputs that cannot be corroborated by observable market data. In instances in which the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of significance of a particular item to the fair value measurement in its entirety requires judgment, including consideration of inputs specific to the asset

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and self-directed brokerage accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. The Plan does not hold any Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Mutual Funds & Self-Directed Brokerage Accounts - The Plan measures its mutual funds that are exchange-traded using the fund's quoted price, which is in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy. Equity mutual funds are invested separately in domestic large-cap and small-cap companies, as well as developing international equities. Debt mutual funds invest in U.S. government and agency bonds and investment grade corporate debt and structured credit.

Penn State Health Tax Sheltered Annuity Program
Notes to Financial Statements
December 31, 2025 and 2024

Traditional Annuity Accounts - See Note 6 for further information regarding the investment contracts with insurance companies.

Pooled Separate Accounts & Variable Annuity Accounts - Strategies that include investments that aggregate assets from multiple investors and are managed collectively following a prescribed strategy. There are no redemption notice periods; therefore, redemptions are daily. There are no unfunded commitments. The non-U.S. equity strategy is invested in developed countries outside of the United States and spans the entire equity capitalization spectrum. The fixed income strategy is focused on U.S. government and agency bonds and investment grade corporate debt and structured credit. The Plan measures commingled funds at NAV per share.

The TIAA Real Estate Pooled Separate Account (Account) seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the Account. The Account will also invest in publicly traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the Account to meet participant redemption requests, purchase or improve properties or cover other expense needs.

Level 3 Valuation Process

Fair value determinations for Level 3 measurements of securities are the responsibility of Plan management. Plan management challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Activity

There were no withdrawals of Level 3 investments during 2025 or 2024.

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2025 and 2024:

	Fair Value at December 31, 2025	Valuation Technique	Unobservable Inputs	Range	Weighted- Average
TIAA Traditional annuity contract	\$ 50,649	Discounted cash flow	Risk-adjusted discount rate applied	4.75% - 5.25%	3.46%
	Fair Value at December 31, 2024	Valuation Technique	Unobservable Inputs	Range	Weighted- Average
TIAA Traditional annuity contract	\$ 48,658	Discounted cash flow	Risk-adjusted discount rate applied	5.25% - 5.50%	5.38%

Sensitivity of Significant Unobservable Inputs

The following is a description of the sensitivity of significant unobservable inputs, the interrelationships between those inputs and other unobservable inputs used in recurring fair value measurement and how those inputs might magnify or mitigate the effect of changes in the unobservable inputs on the fair value measurement.

TIAA Traditional Annuity Contract

The significant unobservable input used in the fair value measurement of the Plan's TIAA traditional annuity contract is the interest rate of the investment contract. Changes in the contractual interest rate would have resulted in a significant change in fair value to the extent the change deviates from changes in market interest rates. Generally, an increase or decrease in the difference between the contractual interest rate and the market interest rate would have been accompanied by a directionally opposed change in the fair value.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024:

Note 6. Investment Contract With Insurance Company

The Plan invests in fully benefit-responsive investment contracts with TIAA, Empower (formerly known as Great West), and VALIC, as well as a nonbenefit-responsive investment contract with TIAA. The insurance companies maintain the contributions in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Penn State Health Tax Sheltered Annuity Program
Notes to Financial Statements
December 31, 2025 and 2024

A portion of the TIAA investment contracts, the Great West guaranteed investment contract, and the VALIC fixed annuities are fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by the custodians, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contracts that are not fully benefit-responsive are reported at the estimated fair value as provided by TIAA.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

Note 7. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are units of variable annuity accounts, a pooled separate account, or mutual funds that are managed by an entity related to TIAA. Other variable annuity accounts are managed by VALIC. The Plan's traditional annuity contract is maintained in TIAA-CREF's general account. Certain Plan investments in shares of fixed annuity accounts is maintained in Empower's (formerly known as Great West's) and VALIC's general account. These entities are custodians and recordkeepers as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Sponsor pays directly certain other fees related to the Plan's operations.

The Plan paid \$83,778 and \$129,544 of recordkeeping fees to Empower (formerly known as Great West) and others during 2025 and 2024, respectively. The Plan paid \$76,464 and \$59,209 of fees to investment advisors during 2025 and 2024, respectively. Individually nonmaterial expenses paid to other parties in interest aggregated to \$28,770 and \$21,893 for 2025 and 2024, respectively. The Sponsor provides certain administrative services at no cost to the Plan.

During 2025 and 2024, the Plan received Plan Servicing Credits in the Revenue Credit Account. This account is credited with excess revenue generated by the Plan. Funds are typically credited quarterly, but may be allocated at any time and are considered Plan assets. The credits may be used to pay Plan expenses or any excess funds available may be allocated to Plan participants. Credits contributed to the Plan during 2025 and 2024 were \$266,725 and \$246,037, respectively. The credits are presented net with administrative expenses.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10. General Litigation

The Plan may be subject to claims and legal proceedings arising in the ordinary course of its operations. In the opinion of plan management, the ultimate resolution of such matters is not expected to have a material adverse effect on the Plan's net assets available for benefits. However, outcomes of such matters could differ from current estimates and may change materially in the near term.

Note 11. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Sponsor remitted all employee contributions to the Plan during the time period for the year ended December 31, 2025, employee contributions of \$2,243 were not remitted within the required time period for the year ended December 31, 2024.

Note 12. Subsequent Events

Subsequent events have been evaluated through June 26, 2026, which is the date the financial statements were available to be issued.
