Independent Auditor's Report

Administrative Committee and
Participants of Grace Manufacturing, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Grace Manufacturing, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of October 20, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period ended October 20, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Grace Manufacturing, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 20, 2025 and December 31, 2024, and for the short year ended October 20, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

* the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

* the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

We draw attention to Note 4 in the financial statements, which describes the condition related to the Plan's ability to continue as a going concern. During the plan year, management elected to move all plan assets into a Pooled Employer Plan (PEP) in order to gain operating efficiencies and manage administrative costs. As a result of this change, all of the remaining plan assets and related participant accounts, including participant loans, were transferred to the new plan and the current plan is terminated. Our opinion is not modified in respect of this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grace Manufacturing, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grace Manufacturing, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

* Exercise professional judgment and maintain professional skepticism throughout the audit.
* Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
* Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grace Manufacturing, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
* Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
* Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grace Manufacturing, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time. We have concluded based on the transfer of all plan assets to a new plan that this plan is effectively terminated as a going concern.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain intern control-related matters that we identified during the audit.

GRACE MANUFACTURING, INC. 401(K) PLAN

Notes to Financial Statements

October 20, 2025 and December 31, 2024

(1) DESCRIPTION

The following description of the Grace Manufacturing, Inc. 401(K) Plan (the "Plan"), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

(a) General

The Plan is a participant directed defined contribution plan sponsored by Grace Manufacturing, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(K) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed one year of service, as defined, are eligible to participate, provided they are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2011, the Plan was amended to allow Safe Harbor Matching Contribution provisions of the IRC. The amendments include provisions that expand the amount of employer matching contributions and the related vesting of Safe Harbor amounts contributed to the Plan. Effective October 19, 2015, the Plan was amended to allow Plan participants to roll over other eligible plan assets to the Plan. During 2019, the plan was amended to include a participant loan program. These amendments were made in accordance with regulatory authority and are not believed to impact the qualified status of the plan.

(b) Plan Administration

The Company has adopted a Prototype Standardized Profit Sharing Plan. American Funds is responsible for the custody and management of the Plan's assets. The Company is represented by the trustees of the Plan. The trustees of the Plan are appointed by the Company.

(c) Contributions

Eligible employees can contribute up to 100% of their pretax annual compensation as defined by the Plan, subject to certain limitations under the IRC. The Company will make a Safe Harbor Matching Contribution equal to 100% of the participant deferrals that do not exceed 3% of eligible compensation plus 50% of participant deferrals in excess of 3% up to a maximum of 5% of eligible compensation. An additional profit sharing contribution may also be made at the Company's discretion.

(Continued)

(d) Vesting

Participants are fully vested in their contributions, the employer Safe Harbor matching contributions and the earnings thereon. Forfeitures accumulated and not applied from prior years when vesting provisions applied to the Plan may be used to supplement the employer's contribution to the Plan and total $0 at October 20, 2025.

(e) Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance.

(f) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances.

(g) Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant may have one Plan loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest based on the prime rate plus 2%, as specified in the Wall Street Journal.

Loans are repaid through payroll withholdings unless the participant elects to pay the loan in full, and must be repaid within five years unless the loan is used to acquire a principal residence. Loan balances unpaid upon a participants termination are reclassified as participant deemed distributions unless paid in full.

Loan balances remaining in the plan at the plan termination date were transferred to the participant account in the new plan and are included in the transfers from this plan reflected in the changes in net assets.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuations

Investments are stated at fair value determined by quoted market prices, which represents the net asset value of shares in mutual funds held by the Plan at year end.

(d) Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan sponsor and are not reflected in the accompanying statements.

(3) TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). While the Plan has been amended since receiving the determination letter (January 1, 2022), the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan continues to be qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of October 20, 2025 and December 31, 2024, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) PLAN TERMINATION

During the plan year, management elected to move all plan assets into a Pooled Employer Plan (PEP) in order to gain operating efficiencies and manage administrative costs. As a result of this change, all of the remaining plan assets and related participant accounts, including participant loans, were transferred to the new plan and the current plan is terminated.

(5) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially adversely affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. The financial statements have been prepared using values and information currently available to the Plan.

(6) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at October 20, 2025 and December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the short year ended October 20, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the custodian of the funds for 2025:

	2025	2024
Money market funds	$ -	278,524
Mutual funds	-	5,514,789
Total investments at fair value	$ -	5,793,313
Notes receivable from participants	$ -	81,624

The following schedule summarizes the investment return and the classification in the statement of activities for the short year ended October 20, 2025:

	2025
Interest and dividend income	$ 91,796
Net appreciation in fair value of investments	$ 1,230,820
Participant loan interest	$ 7,738

(7) FAIR VALUE MEASUREMENTS OF INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) *820, Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Temporary cash - forfeitures are valued at market value which approximates net realizable value.Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 20, 2025 and December 31, 2024.

	Assets at Fair Value as of October 20, 2025			
	Level 1	Level 2	Level 3	Total
Temporary cash	$ -	-	-	-
Interest bearing money market	-	-	-	-
Mutual Funds	-	-	-	-
	$ -	-	-	-

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Temporary cash - forfeitures	$ 5,354	-	-	5,354
Interest bearing money market	273,170	-	-	273,170
Mutual Funds	7,018,795	-	-	7,018,795
	$ 7,297,319	-	-	7,297,319

The following schedule summarizes the investment return and the classification in the statements of activities for the periodss ended October 20, 2025 and December 31, 2024:

	2025	2024
Interest and dividends	$ 91,796	507,261
Participant loan interest	7,738	9,377
Net appreciation (depreciation) in fair value of investments	1,230,820	597,473
	$ 1,330,354	1,114,111

(8) CONCENTRATIONS

Approximately 48% of the assets held in the Plan were accounted for by two mutual funds for the ye ended December 31, 2024. All assets were transferred to a new plan effective October 20, 2025.

(9) SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 14, 2026, which is the date the financial statements were available to be issued.
