Independent Auditors' Report

To the Plan Administrator and Participants of the
Jay Franco & Sons, Inc. Employee Stock Ownership Plan

Opinion on the Financial Statements

We have audited the financial statements of Jay Franco & Sons, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits (liquidation basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (liquidation basis) for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, effective July 21, 2022, the Board of Directors of the Company entered into a Stock Redemption Agreement and amended the Plan to convert the Plan to a profit-sharing plan and then terminate the Plan. As a result, the Plan has changed its basis of accounting from the ongoing basis to the liquidation basis used in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2025 AND 2024 AND FOR THE YEAR ENDED DECEMBER 31, 2025

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Jay Franco & Sons, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information. Jay Franco & Sons, Inc. (the "Company") established the Plan effective as of January 1, 2007. The Plan was amended and restated effective January 1, 2013.

The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Company. Aegis Fiduciary Services, LLC (the "Trustee") is the Plan's independent trustee. The Plan's investments are held by the Trustee of the Plan.

TERMINATION

Effective July 21, 2022, the Board of Directors of the Company entered a Stock Redemption Agreement (the "Agreement") and amended the Plan to convert the Plan to a profit-sharing plan and then terminate the Plan. As a result, there were no further new entrants into the Plan and no further contributions or payment of benefits except as described below. As part of the conversion, the accounts maintained for each participant no longer held shares of the Jay Franco & Sons, Inc. Class B ESOP convertible preferred stock ("Class B ESOP Stock"), but were credited with proceeds from the sale of the Class B ESOP Stock for a total price of $3,384,978 or $122.85 per share. The share price was negotiated between the Company and the Employee Stock Owner Trust ("ESOT"). The ESOT obtained a fairness opinion from an independent valuation expert prior to accepting the agreed upon price.

Per the Agreement, the accounts of each participant were then to be distributed as follows: (1) 60% of the vested balance as soon as practicable and (2) the remaining portion of the vested balance to be distributed as soon as practicable after the Plan's receipt of a favorable IRS determination letter with respect to the Plan. The favorable IRS determination letter was received on May 5, 2026.

As a result of the Plan termination, the Plan has changed its basis of accounting in 2022 from the going concern basis to the liquidation basis in presenting the financial statements.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

ELIGIBILITY

Prior to the amendment and Agreement in July 2022, Company employees aged 21 or older become participants in the Plan on the first day of January of the Plan year in which they completed their first year of service. A year of service is defined as a consecutive 12-month period in which an employee has been credited with at least 1,000 hours. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are not eligible for an allocation of Company's contributions for such year. Employees covered under collective bargaining agreements, leased employees, and non-resident aliens were excluded from participation in the Plan.

CONTRIBUTIONS

The Company's contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. Prior to the amendment and Agreement in July 2022, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan. Employee contributions are not permitted.

PAYMENT OF BENEFITS

Prior to the amendment and Agreement in July 2022, participants elected to receive either a lump-sum distribution or installment distributions in accordance with Plan provisions upon retirement, disability, death, or termination. Required minimum distributions will be made to employees who have attained a certain age in accordance with ERISA. If ownership and transfer of stock is restricted, or if the Plan Administrator otherwise determines, distribution will be in cash. If, instead, distribution is in the Company stock, the participant will have the opportunity to sell the stock back to the Company for cash. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

See Termination section in Note 1 for payment of benefits effective with the amendment and Agreement in July 2022 as a result of the termination.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

ADMINISTRATIVE EXPENSES

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company and the Plan both paid the operating expenses for the Plan for the year ended December 31, 2025. All expenses of the Plan are anticipated to be paid by the Company going forward through the termination period.

VOTING RIGHTS

Prior to the amendment and Agreement in July 2022, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights are to be exercised. The Trustee was permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee was however, required to vote any unallocated shares at the direction of the Plan Administrator on behalf of the collective best interests of Plan participants and beneficiaries.

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which separate individual accounts are maintained for each participant. Prior to the amendment and Agreement in July 2022, each participant's account was credited as of the last day of each Plan year with an allocation of shares of the Company's Class B ESOP Stock from employer cash contributions, net change in fair value of the Company Class B ESOP Stock and forfeitures of terminated participants' non-vested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan year, or who retired, passed away or became disabled during the Plan year, received an allocation.

Allocations of forfeitures and employer stock and/or cash contributions were based on a participant's eligible compensation, relative to total eligible compensation. Prior to the amendment and Agreement in July 2022, plan earnings were allocated to each participant's account and were based on the number of shares of participant's Company Class B ESOP Stock owned at the beginning of the Plan year, relative to total stock owned by the Plan.

Effective with the Plan termination, the final Class B ESOP Stock allocation was made on the date of conversion of the Plan in July 2022.

Investment income earned in the Plan after the conversion is allocated to participants based on their investment balance in the Plan.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

VESTING

Prior to the amendment and Agreement in July 2022, if a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. A participant is 0% vested until they reach 2 years of service, at which time they become 20% vested per year until fully vested at 6 years of service. Effective with the amendment and Agreement in July 2022, all participants are 100% vested in the Plan.

PUT OPTION

Under federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the appraised value of the stock.

The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The Company did not make contributions to repurchase stock from participants during the year ended December 31, 2025.

DIVERSIFICATION

Prior to the amendment and Agreement in July 2022, diversification was offered to participants close to retirement so that they had the opportunity to move part of the value of their investment in the Company stock into investments which were more diversified. Participants who were at least age 55 with at least ten years of active participation in the Plan could have elected to diversify a portion of their account.

Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could have diversified up to 25% of the value of the total number of shares that have been allocated to his or her account, less any shares previously distributed. In the sixth year, the percentage changes to 50%. Participants who elected to diversify received a cash distribution

.

FORFEITURES

Prior to the amendment and Agreement in July 2022, If a participant terminated employment before becoming fully vested or incurs five consecutive one-year breaks in service, the unvested portion of the participant's account is subject to forfeiture. Forfeitures of participant accounts will be added to employer contributions. There were $-- of forfeitures during the year ended December 31, 2025. There were no unallocated forfeitures at December 31, 2025 and 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of the Plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is accrued on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

SUBSEQUENT EVENTS

These financial statements were approved by management and available for issuance on July 9, 2026. Management has evaluated subsequent events through this date.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, as applicable.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

INTEREST-BEARING CASH

The carrying value of interest bearing cash approximates fair value.

MONEY MARKET FUND

The money market fund is valued at the daily closing price as reported by the fund. The fund held by the Plan is an open-end mutual fund registered with the Securities and Exchange Commission and are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded and is categorized as Level 1.

The following tables summarizes the Plan's investments measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Investments, at Fair Value			
December 31, 2025	Level 1	Level 2	Level 3	Total
Cash - interest bearing	$ 7,023	$ --	$ --	$ 7,023
Money market fund	2,253,182	--	--	2,253,182
Total Investments, at Fair Value	$ 2,260,205	$ --	$ --	$ 2,260,205

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

	Investments, at Fair Value			
December 31, 2024	Level 1	Level 2	Level 3	Total
Cash - interest bearing	$ 8,105	$ --	$ --	$ 8,105
Money market fund	2,161,548	--	--	2,161,548
Total Investments, at Fair Value	$ 2,169,653	$ --	$ --	$ 2,169,653

CHANGES IN FAIR VALUE LEVELS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan Administrator evaluates transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTE 4 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Prior to the effective date of the termination in July 2022, the Plan's investments were in shares of Class B ESOP Stock of the Plan sponsor and, as such, qualified as party-in-interest transactions. Company contributions, when made, are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payments of interest and principal on the loans, which are reimbursed to the Trustee through contributions as determined by the Company.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation of the Plan. The Company pays these individuals' salaries and other administrative expenses on behalf of the Plan. Apex Pension Strategies, Inc. acts as the third party administrator and performs administrative services related to the recordkeeping and financial reporting of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the Code and ERISA rules on prohibited transactions. The Plan has a number of service providers and such providers are parties-in-interest under ERISA.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective July 21, 2022, the Board of Directors of the Company approved a plan to convert the Plan to a profit-sharing plan and then terminate the Plan. As part of the termination of the Plan, all participants have become fully vested in their account balances.

NOTE 7 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated September 22, 2014, stating that the Plan is qualified under the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Management believes that the Plan is operating in accordance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

As further disclosed in Note 1, the Plan received a favorable determination letter from the IRS approving the Plan termination on May 6, 2026.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
