Plan Administrator and Management
AltaPointe Healthcare Management 403(b) Plan

We have audited the financial statements of AltaPointe Healthcare Management 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended September 30, 2025, and we will issue our report thereon dated July 14, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 20, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Fair value measurements of Plan investments. Management's estimate of fair value is based on valuation techniques and levels of input that give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). We evaluated the key factors and assumptions used to develop the estimate of fair value in determining that it is reasonable in relation to the financial statements taken as a whole. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of financial information certified by the custodians in Note 3 to the financial statements. All investment information disclosed in the accompanying financial statements and supplementary schedule, including investments held at September 30, 2025 and 2024, and net appreciation in fair value of investments and dividends for the year ended September 30, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Trust Company, the Trustee.

The disclosure of related party and party-in-interest transactions in Note 6 to the financial statements. Certain plan investments are shares of mutual funds and a group annuity contract managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees incurred by the Plan for these custodian services were \$90,115 for the year ended December 31, 2025. The Company pays directly any other fees related to the Plan's operations.

The disclosure of risks and uncertainties in Note 9 to the financial statements. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. During our audit we identified matters requiring communication to management. These items are included in the significant deficiencies letter dated July 14, 2026.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 14, 2026.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

Plan Administrator
AltaPointe Healthcare Management 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AltaPointe Healthcare Management 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AltaPointe Healthcare Management 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024 and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of AltaPointe Healthcare Management 403(b) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 2 to the financial statements, AltaPointe Healthcare Management 403(b) Plan does not have sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to October 1, 2020. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of AltaPointe Healthcare Management 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of AltaPointe Healthcare Management 403(b) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024**

1. DESCRIPTION OF THE PLAN

The following description of the AltaPointe Healthcare Management 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of AltaPointe Healthcare Management, LLC (the Company) under the provisions of Section 403(b) of the Internal Revenue Code (IRC). The Plan was restated from MARC, Inc. 403(b) Retirement Plan effective November 1, 2020 (The Plan's original effective date was October 1, 1993). All employees of the Company and adopting companies, AltaPointe Health Systems, Baldwin County Medical Health Center, Inc., and CHEAHA Regional Mental Health Center, who are 19 years or older are eligible to participate in the Plan upon employment. Eligible employees enter the Plan as of the first day of the month following the date on which such employees became eligible. Employees who are 19 years or older are eligible to receive the employer match after six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a percentage of their eligible compensation as pre-tax deferrals or post-tax Roth deferrals, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company will make a matching contribution of 100% of the first 1% of base compensation that the participant contributes, plus 50% of the next 4% of compensation that the participant contributes, not to exceed 3% of the participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals and allocation of (a) the Sponsor's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

**ALTAPOINTE HEALTHCARE MANAGEMENT
403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024**

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary will receive a lump sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan. Partial withdrawals and withdrawals for financial hardship are permitted for active participants or beneficiaries who must receive or are eligible to receive, required minimum distributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1 to 5 years, unless the loan is for a principal residence and then the term shall be 15 years. The loans are secured by the balance in the participant's account and bear interest at prime with a rate range of 5.25% to 10.50% at September 30, 2025. Principal and interest are paid ratably through payroll deductions.

Forfeitures

When participants cease their participation in the Plan prior to full vesting, the nonvested amounts in their Employer Accounts become forfeitures in the Plan year in which the participants receive distributions of their entire vested account. Forfeitures are retained in the Plan and used to pay administrative expenses. Any remaining forfeitures are used to reduce future employer contributions. The amount of forfeitures and earnings thereon retained in the Plan as of September 30, 2025 and 2024 was \$78,353 and \$101,344, respectively. For plan year ending September 30, 2025 and 2024, \$116,070 and \$56,525, respectively, was used to reduce employer contributions and \$2,037 and \$1,202, respectively, was used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

The original plan name was MARC, Inc. 403(b) Retirement Plan (MARC), formed October 1, 1993, and was restated November 1, 2020, under the new plan name of Altapointe Healthcare Management 403(b) Plan. The sponsor of the MARC plan was acquired by Altapointe Healthcare Management, Inc. in July of 2019. Due to circumstances of the acquisition, various accounting, human resources and payroll records related to the custodial accounts owned by current and former employees were not accessible by the Plan. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan and thru the years, the effect, if any, on the completeness or accuracy of the Plan's financial statements and supplemental schedule cannot be determined.

ALTAPOINTE HEALTHCARE MANAGEMENT
403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of contract value measurements and Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to custodial expenses are included as administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 14, 2026, the date the financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2025 and 2024, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividends for the year ended September 30, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Trust Company, the custodian.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at September 30, 2025 and 2024.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. GROUP ANNUITY CONTRACT

The Plan is engaged in a Group Annuity Contract (GAC) with Principal that is fully benefit-responsive. Principal maintains the contributions allocable to the GAC in a general account. The contract is a group unallocated fixed annuity featuring a highly competitive current interest rate. The rate is declared monthly and credited daily at an annual effective rate. The contract credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of date of initial deposit.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed interest rate was 3.03% in 2025 and 2024. The average yield of the fund and the average yield credited to participants are one and the same, since there are no ownership rights to the assets in the general account, which supports the obligations of the fixed account options.

Certain events, such as the premature termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. These events would also permit Principal to terminate the GAC and settle at amounts that differ from contract value. The plan administrator does not believe that the occurrence of such events is probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a group annuity contract managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees incurred by the Plan for these custodial services were \$90,115 for the year ended September 30, 2025. The Company pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

8. TAX STATUS

The Company adopted a prototype non-standardized 403(b) plan, which received a favorable opinion letter from the IRS on March 31, 2017, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Administrator and Management
AltaPointe Healthcare Management 403(b) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of AltaPointe Healthcare Management 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended September 30, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered AltaPointe Healthcare Management 403(b) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Prudential Retirement Insurance and Annuity Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in AltaPointe Healthcare Management 403(b) Plan's internal control to be a significant deficiency.

Plan Definition of Compensation

During our audit, we noted that compensation was not being applied per the plan document. Per the plan document, bonuses are included in the definition of compensation. However, we noted that for one participant, deferrals and employer match were not withheld on the participant's bonus paycheck.

We recommend that the plan sponsor review the plan definition of compensation per the plan document and correct the ensure that employee deferrals and employer match are calculated and withheld from all bonus pay received.

Timeliness of Compliance Testing

During our audit, we noted that the Plan's annual compliance testing was not completed on a timely basis. As a result, the compliance testing results were not available and reviewed prior to the Form 5500 filing deadline. Timely completion of compliance testing is an important internal control to ensure that the Plan maintains compliance with applicable Internal Revenue Code and ERISA requirements and that any required corrective actions are identified and implemented before regulatory filing deadlines.

The delay in completing compliance testing increases the risk that compliance failures may not be identified and corrected in a timely manner and may result in the filing of incomplete information or the need for subsequent amendments or corrective actions.

We recommend that management establish and monitor a formal year-end compliance calendar that includes defined deadlines for the preparation, review, and completion of all required compliance testing well in advance of the Form 5500 filing deadline. Management should also assign responsibility for monitoring the status of compliance testing and periodically follow up with the third-party administrator and other service providers to ensure testing is completed timely.

Implementing these procedures will help ensure that compliance testing results are available for review before required filing deadlines and that any identified compliance issues can be addressed promptly.

This communication is intended solely for the information and use of management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Warren Averett, LLC
