Independent Auditor's Report

To the Participants, Administrator, and Trustees of
RMC/Cargo Largo 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RMC/Cargo Largo 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended September 30, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RMC/CARGO LARGO
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

NOTE 1: DESCRIPTION OF THE PLAN

General

The following description of the RMC/Cargo Largo 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan sponsored by Recovery Management Corporation (the “Company”) for the benefit of its eligible employees. The Company established the Plan effective as of October 1, 1993. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company’s Administrative Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Eligibility

Employees are eligible to participate in the Plan upon reaching age 18 and completing three months of service.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may make these contributions on a pretax basis or, if elected, as Roth contributions on an after-tax basis. Employees who do not make an affirmative deferral election are automatically enrolled in the Plan at a default deferral rate of 3% of eligible compensation, unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company may, but is not required to, make matching contributions equal to a discretionary percentage of participants’ contributions, as determined by the Committee. Currently, the Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Plan Amendment

Effective July 1, 2025, the Plan was amended (Amendment Number One) to add an automatic escalation feature to the Plan's Salary Reduction Agreement provisions. Under this feature, a participant who affirmatively elects automatic escalation will have their elective deferral

percentage increased annually, effective the first day of each Plan Year, by the percentage the participant elects, up to the maximum percentage elected by the participant (or, if none is specified, the lesser of 100% or the Plan's maximum deferral limit). Participants may file a contrary election at any time. This amendment did not have a significant effect on Plan benefits or net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions, and allocations of the Company's discretionary contribution, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on account balances or earnings, as defined by the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants are immediately 100 percent vested in their voluntary contributions and the related earnings. Vesting in the Company's contribution portion of their accounts is based on years of continuous service according to the following schedule or upon the attainment of age 65.

<u>Vesting Service</u> <u>(whole years)</u>	<u>Vesting</u> <u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Upon termination of service, a participant may receive a distribution of his or her vested account balance. If the vested account balance is \$1,000 or less, the amount is distributed in a lump sum. If the vested account balance is between \$1,000 and \$5,000, the amount is automatically rolled over to an individual retirement account unless the participant elects otherwise. If the vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution or other permitted forms of distribution. Benefits are recorded when paid.

Forfeited Accounts

At September 30, 2025 and 2024, forfeited nonvested accounts totaled \$69,621 and \$18,165, respectively. These accounts are used to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates from 4.25% to 9.5%, which are commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are collected from the participants ratably through payroll deductions. Loans are generally repayable within five years, except that loans used to acquire a participant's primary residence may be repaid over a period not to exceed fifteen years.

Administrative Expenses

The Plan sponsor bears certain administrative costs of the plan, including the costs of officers and employees who perform administrative functions. Administrative expenses paid by the Plan include fees charged by the Plan's trustee, recordkeeper, auditors, and investment advisors.

Income Tax Status

The prototype Plan sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the prototype Plan, as then designed, was in compliance with applicable requirements of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the United States of America; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements and schedules are prepared in accordance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussions of fair value measurements.

RMC/CARGO LARGO
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

Purchases and sales of securities are recorded in accordance with a trade-date basis. Interest income is recorded in accordance with the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Valuation of Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2025 and 2024.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment instruments. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3: FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the

RMC/CARGO LARGO
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies, as of September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued based on the performance of the underlying assets.

Interest-bearing cash: Valued based on the performance of the underlying assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025:

<u>Investment Category</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

NOTE 4: FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, as agent for Ascensus Trust Company, trustee of the Plan as of September 30, 2024, and INTRUST Bank, N.A., trustee of the Plan as of September 30, 2025, have certified that the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate:

- Investments held at September 30, 2025 and 2024
- Notes receivable from participants at September 30, 2025 and 2024
- Net appreciation (depreciation) in fair value of investments for the years ended September 30, 2025 and 2024
- Interest and dividends for the years ended September 30, 2025 and 2024
- Interest income on notes receivable from participants for the years ended September 30, 2025 and 2024
- Investment information included in the Schedule of Assets (Held at End of Year) as of September 30, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

NOTE 5: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 6: EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has a number of service providers. Such providers are parties in interest under ERISA.

The Plan has outstanding notes receivable from participants of the Plan. Such participants are parties in interest under ERISA.

The Company is the Plan Sponsor. The Company contributed \$296,702 and \$140,443 to the Plan during the years ended September 30, 2025 and 2024, respectively.

For the plan year ended September 30, 2024, ForUsAll was the Third-Party Administrator of the Plan, Ascensus Trust Company was the trustee of the Plan, and The Vanguard Group, Inc. was the recordkeeper of the Plan. Certain investments owned by the Plan were shares of mutual funds managed by Vanguard and, therefore, these transactions qualified as party-in-interest transactions. Fees incurred by the Plan for investment management services were included in the net appreciation in fair value of the investments, as they were paid through revenue sharing rather than direct payment.

Effective January 6, 2025, the Plan transitioned trustee, recordkeeping, and investment management services to INTRUST Bank, N.A. The investment options available under the Plan did not change as part of the transition. INTRUST Bank, N.A. is the trustee, recordkeeper, and investment manager as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Trustee and recordkeeping fees are paid through revenue sharing generated by the Plan's mutual fund investments, with any remaining balance paid from Plan assets. Fees paid through revenue sharing are not separately reported as an expense and are included in the net appreciation in fair value of investments. Fees paid by the Plan for investment management services are paid directly from Plan assets and reported as an administrative expense of the Plan.

The Plan's auditors are parties in interest. Audit fees are paid by the Plan.

NOTE 6: CERTAIN RISKS AND CONCENTRATIONS

For the years ended September 30, 2025 and 2024, approximately 79% of the Plan's net assets available for benefits were invested in eight investments.
