Independent Auditor's Report

To,
The Participants and the Plan Administrator,
Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements of Indorama Ventures Xylenes & PTA LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 18, 2025, and December 31, 2024, and the related statements of changes in net assets available for benefits for the period January 01, 2025, to September 18, 2025, and the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of September 18, 2025, and December 31, 2024, and for the period January 01, 2025, to September 18, 2025, and year ended December 31, 2024, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter - Plan merger

As further discussed in Notes 1 and 8, effective July 31, 2025, the Plan was merged with and into the Indorama Ventures Employee 401(k) Plan 1 and ceased to exist as a separate plan on that date. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

1. Description of Plan

The following description of the Indorama Ventures Xylenes & PTA LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Indorama Ventures Xylenes & PTA LLC (the Plan Sponsor/ the Company/Plan Administrator), excluding union employees whose employment is governed by a collective bargaining agreement, leased employees, certain non-resident aliens who have no earned income from sources within the United States and employees who are residents of Puerto Rico. Employees are eligible upon completion of 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Indorama Ventures Xylenes & PTA LLC 401(k) Trust is the trustee, and Empower Trust Company, LLC is the directed trustee, who is responsible for oversight of the Plan. Empower Annuity Insurance Company of America serves as the record keeper.

Plan merger

Effective July 31, 2025, the Plan merged into the Indorama Ventures Employee 401(k) Plan 1 and ceased to exist as a separate plan on that date. Upon merger, all accumulated assets and liabilities of the Plan became assets and liabilities of the Indorama Ventures Employee 401(k) Plan 1. As of September 18, 2025, all Plan assets, totaling \$92,868,313, were transferred out of the Plan to Indorama Ventures Employee 401(k) Plan 1. This transfer represents the total net assets of the Plan as of the merger date, including current year contributions, investment income, and other activity through the date of merger.

Contributions

Each year, participants may contribute up to 80% percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions as permitted by the Internal Revenue Code. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 7% percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

For each Plan year, the Sponsor contributes 100% of the first 7% of eligible compensation that a participant hired prior to April 15, 2016, contributes to the Plan. For each participant hired on or after April 15, 2016, the Sponsor contributes 75% of the first 6% of eligible compensation that a participant contributes to the Plan. The matching contribution is allocated among the participant-directed investment options. The Sponsor may also elect to make a discretionary nonelective contribution to the Plan. Participants must be employed on the last day of the Plan year to be eligible for the discretionary contribution.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after 1 year of credited service and continues to vest in increments of 30% and 50% until 100 percent vested after 3 years of credited service. Below is a tabular representation of the same:

<u>Years of vesting service</u>	<u>Vested percentage</u>
Less than 1 year	0%
1 year	20%
2 years	50%
3 years	100%

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined over the Wall Street Journal Prime Rate, is set at 1% percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. Terms range from 5 to 15 years or greater for the purchase of a primary residence. Delinquent loans are treated as deemed distributions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to \$5,000, the amount may be automatically distributed in the form of automatic rollover. In addition, the Plan allows for hardship distributions if certain criteria are met. As of September 18, 2025, and December 31, 2024, there were no amounts allocated to participants but unpaid.

Forfeited accounts

Participants who terminate employment before they are fully vested forfeit all rights to any non-vested portion of their account. Forfeitures of terminated employees' non-vested accounts are used to pay Plan expenses or to reduce employer contributions, as defined in the Plan agreement. At September 18, 2025, and December 31, 2024, forfeited nonvested accounts totaled \$NIL and \$1,179, respectively which includes adjustments for earnings and losses, amounting to \$1,006 and \$2,048 for the period January 1, 2025, to September 18, 2025, and December 31, 2024, respectively. Forfeitures of terminated employees' nonvested accounts totaled \$8,650 during the period January 1, 2025, to September 18, 2025, and \$42,517 during the year December 31, 2024. During period January 1, 2025 to September 18, 2025, and year ended December 31, 2024, \$9,142 and \$43,386 was utilized to reduce employer match. During the period from January 01, 2025, to September 18, 2025, \$1,693 were transferred out of the Plan as a result of the Plan merger.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company, as applicable. See note 3 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeitures of non-vested employer contributions are recorded when incurred and are used to pay plan administrative expenses or reduce future employer contributions in accordance with the Plan document

Subsequent Events

The Plan evaluated all events and transactions that occurred after September 18, 2025, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no assets measured at fair value as of September 18, 2025.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	85,132,081	-	-	85,132,081
Total assets in the fair value hierarchy	85,132,081	-	-	85,132,081
Fully benefit responsive investment contracts*	-	-	-	3,273,100
Net assets available for benefits-Total investments	85,132,081	-	-	88,405,181

*Assets measured at contract value and therefore excluded from the fair value hierarchy. (Note 5)

There were no transfers between Level 1, Level 2, and Level 3 during the period January 1, 2025, to September 18, 2025, and year ended December 31, 2024.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The net crediting rate and actual average yield earned by the plan for the benefit responsive fund is 1.95% percent for the period January 01, 2025, to September 18, 2025, and for the year ended December 31, 2024. The contract cannot be terminated before the scheduled maturity date.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

6. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for the period January 1, 2025, to September 18, 2025, and year ended December 31, 2024. Accordingly, Empower Trust Company, LLC, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of September 18, 2025, and December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2025, to September 18, 2025, and year ended December 31, 2024.

Indorama Ventures Xylenes & PTA LLC 401(k) Plan

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

7. Related-Party and Party-In-Interest Transactions

Empower Trust Company, LLC, serves as Trustee has performed services for, sold products to, managed, and maintained certain investments of the Plan for which fees are paid by the Plan. Apart from this the Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Plan Termination

As discussed in Note 1, the Plan was merged into the Indorama Ventures Employee 401(k) Plan 1 effective July 31, 2025, and ceased to exist as a separate plan on that date. In connection with the merger, all net assets of the Plan, including current year contributions, investment income, and other activity through the date of the merger, were transferred to the successor plan. Accordingly, the Plan does not continue as a going concern subsequent to the merger date.

The Plan Sponsor retains the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Plan adopted a pre-approved plan offered by Empower Retirement LLC. The pre-approved plan received an IRS Opinion Letter dated November 14, 2022, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
