INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Aero Controls, Inc 401(k) Profit Sharing Plan and Trust
Auburn, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Aero Controls, Inc 401(k) Profit Sharing Plan and Trust, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aero Controls, Inc 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aero Controls, Inc 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Plan's Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aero Controls, Inc 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aero Controls, Inc 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Aero Controls, Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is organized as a defined contribution plan under Section 401 of the Internal Revenue Code and covers substantially all full-time employees of Aero Controls, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by a custodian appointed by the Board of Directors of the Employer. The Plan was established effective October 1, 1984.

Eligibility

Generally, all employees who have completed at least 3 months of service and are age 21 or older are eligible to participate in the Plan. Collective Bargaining employees and non-resident aliens are not eligible. Employees are eligible to participate in the salary deferral feature of the Plan once they have completed their 3-month orientation period. Employees are eligible to receive employer matching and profit-sharing contributions when they complete one year of service and 1,000 hours and are employed on the last day of the Plan year.

Contributions

Each year, participants may contribute up to the maximum dollar amount determined by law of their eligible compensation through salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contribution invested in a designated fund until changed by the participant. The Company, at its discretion, provide matching and profit-sharing contributions. During the year ended September 30, 2025, there were no discretionary matching contributions. Contributions are subject to IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the discretionary Company matching as well as allocations of the Company's discretionary profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' compensation, annual salary deferrals, or account balances according to Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance if they qualify under one of the hardship requirements by the Plan. Hardships under the Plan involve medical expenses and expenses related to the loss of their primary residence. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. There were no Participant loans outstanding as of September 30, 2025, and 2024.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as follows:

Less than 2 years of service	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.
- Plan Termination

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump sum amount equal to the participant's vested interest in his or her account. For vested transferred money purchase pension accounts, participants may elect to receive a lump sum payment or an annuity form of benefit payment. As of September 30, 2025, benefits paid to participants totaled \$ 428,932. A participant may generally withdraw funds from any of his accounts under the Plan prior to his retirement for any of the following reasons:

- Severance of employment
- Death
- Disability
- Attained age of 59 ½
- Plan termination
- Hardship

In addition, a participant may withdraw his rollover contribution accounts at any time subject to IRS limitations.

Forfeitures

At September 30, 2025 and 2024, forfeited nonvested accounts totaled \$92 and \$937. These accounts were used to allocate as an additional Company contribution or be used to pay plan expenses

Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America. In September 2009, the Financial Accounting Standards Board (“FASB”) implemented the Accounting Standards Codification (“ASC”) which establishes FASB ASC as the source of authoritative U.S. accounting and reporting standards for nongovernmental entities. Presented below is a summary of significant accounting principles followed in the preparation of the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by investment advisers and the custodian. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants / Participant loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2025, or 2024.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Plan Expenses

Plan expenses are paid by the Plan. Plan expenses include third party administration, audit fees, and investment expenses. Investment expenses include brokerage, investment management, investment consulting and clearing and custody fees. Some of these expenses are shown separately on the financial statements. Some investment related expenses are included in net appreciation of fair value of investments. Administrator may elect to charge specific processing and administrative fees of the Plan against the account of the participant who is responsible for the expense, including, but not limited to, such annual fees charged for the processing and administration of a participant's rollover account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan adopted a volume submitter profit sharing plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the volume submitter profit sharing plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has not received an opinion letter specific to the Plan, and the Plan has not been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the IRC.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025, and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Risk and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and statement of changes in net assets available for plan benefits.

NOTE 3 – PARTY-IN-INTEREST TRANSACTIONS AND ADMINISTRATION OF PLAN ASSETS

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the plan, an employer whose employees are covered by the plan, an employee organization whose members are covered by the plan, a person who owns 50 percent or more of such an employer or employee organization, or a relative of such persons mentioned. The Plan's investment options are held in participant directed accounts at John Hancock. Therefore, any transaction executed with the custodian qualifies as a party-in-interest transaction. Certain costs are incurred as transactions occur. These costs are included in the price of investments bought and/or sold and are not separately quantifiable.

The Plan's records are maintained by John Hancock Retirement the third-party administrator of the Plan (TPA); therefore, any transaction executed with the TPA qualifies as a party-in-interest transaction; however, there are no transactions with the TPA other than payment of its services. For the year ended September 30, 2025, TPA administrative fees were paid by the Plan. The Plan sponsor is a party-in-interest. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025, and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds (Investments, at fair value) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis as of September 30, 2025, and 2024:

		Fair Value Measurements Using:		
Assets at September 30, 2025	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments, at fair value	\$ 15,565,054	\$ 15,565,054	\$ -	\$ -
Total	<u>\$ 15,565,054</u>	<u>\$ 15,565,054</u>	<u>\$ -</u>	<u>\$ -</u>

		Fair Value Measurements Using:		
Assets at September 30, 2024	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments, at fair value	\$ 13,860,888	\$ 13,860,888	\$ -	\$ -
Total	<u>\$ 13,860,888</u>	<u>\$ 13,860,888</u>	<u>\$ -</u>	<u>\$ -</u>

In accordance with ASC Subtopic 820-10, Investments, at contract value (fully benefit-responsive investment contracts) are measured at contract value rather than fair value. As a result, these investments have not been classified within the fair value hierarchy. See note 5.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract (FBRIC) with Standard. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. As of September 30, 2025, and 2024, the FBRICs contract value were \$1,443,527 and \$1,751,146 respectively.

September 30,	2025	2024

AERO CONTROLS, INC. 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

The investment contract held by the Plan is a traditional guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate, that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the FBRIC is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events, such as the premature termination of the contract by the Plan, partial or total termination of the Plan, divestitures, layoffs, and the liberalization of plan withdrawal or transfer rules may limit the Plan's ability to transact at contract value with Standard.

Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, and plan disqualification.

No events are probable of occurring that would limit the Plan's ability to transact at contract value with the Plan participants or issuers.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

All Investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian, John Hancock, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 8 – SUBSEQUENT EVENTS

ASC Topic 855, Subsequent Events, establishes general standards of accounting for and disclosure of events that occur after the statement of net assets available for benefits date but before financial statements are issued or are available to be issued. For the year ended September 30, 2025, management has evaluated all subsequent events through July 1, 2026, which is the date the financial statements were available to be issued.

Effective May 13, 2026, Aero Controls, Inc., the Plan Sponsor, converted from a Washington corporation to Aero Controls, LLC, a Washington limited liability company. Management has indicated that the Plan Sponsor will continue to use its current EIN. The conversion did not have an impact on the Plan's net assets available for benefits or changes in net assets available for benefits.

No other subsequent events were identified that require recognition or disclosure in the financial statements.
