Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **THE CJ CPA GROUP, PLLC**

(2) EIN: **27-4461251**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		15000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year **280266**.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

Report of Independent Auditors

To the Pension Committee and Participants of
the Darling Ingredients Retirement Income Plan for Union Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Darling Ingredients Retirement Income Plan for Union Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets in liquidation as of as of September 15, 2025 and December 31, 2024, and the related statements of changes in net assets in liquidation for the period from January 1, 2025 to September 15, 2025 and January 1, 2024 to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Darling Ingredients Retirement Income Plan for Union Employees’ financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 15, 2025 and December 31, 2024, and for the period from January 1, 2025 to September 15, 2025 and January 1, 2024 to December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Darling Ingredients Retirement Income Plan for Union Employees and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 9 to the financial statements, the Board of Directors of Darling Ingredients Inc. approved the termination of the Plan. The effective termination date of the Plan was October 31, 2024. Management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Darling Ingredients Retirement Income Plan for Union Employees' internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4j— Schedule of Reportable Transactions for the period from January 1, 2025 to September 15, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Darling Ingredients Retirement Income Plan for Union Employees (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was a noncontributory defined benefit plan that provided for the retirement of employees of Darling Ingredients Inc. (“Darling” or the “Company”) at certain locations represented by certain bargaining units as defined by the Plan. The Plan was subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. An employee became a participant in the Plan upon meeting the requirements as specified for the location where the employee was employed as defined in the Plan document. Upon meeting the eligibility requirements, employees were recognized as a participant from the date of commencement of their service with the Company.

Effective February 28, 2019, the Plan was amended to freeze the accrual of service, as defined in the Plan, for employees of Location 5. Additionally, effective on this date, no employee or former employee employed at this location shall become an active participant and no inactive or former participant shall again become an active participant.

During 2000 and continuing through 2015, various amendments were made to the Plan to freeze benefit accruals for different classes of employees and bargaining units.

Plan Termination

On November 6, 2023, the Plan Administrator resolved to terminate the Plan. As of the date of the report of independent auditors, the Plan has provided participants with a notice of termination. As part of the termination, participants retained all benefits they would have been entitled to receive prior to the termination. On May 28, 2025, majority of assets totaling approximately \$9,600,000 were transferred out of the Plan. See Note 9 for further discussion on the Plan’s termination.

Pension Benefits

The Plan provided an annual pension benefit based upon a benefits formula, as defined by the Plan, which applied a benefit multiple to a participant’s length of employment. Any pension payable to a participant under an associated plan reduced the amount payable under the Plan.

Vesting

Employees were fully vested upon the earlier of five years of service or when the normal retirement age was attained during service with the Company.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

1. Description of Plan (continued)

Contributions and Funding

No actuarial estimate was calculated for the period of November 1, 2024 through September 15, 2025. The Plan was funded entirely through contributions by the Company. It was the Company's intention to make contributions to the Plan sufficient to meet the minimum funding requirements prescribed by ERISA. The Company's contributions to the Plan were based upon funding requirements as determined by the actuary. Actuarial valuations of the Plan, made as of January 1, 2024, were the basis for determining the Company's contributions to the Plan for the year ended December 31, 2024. The Company contributed to the Plan the actuarially determined amount necessary to fund the Plan's current service cost on a current basis and to fund the prior service cost plus interest thereon over the periods prescribed for ERISA minimum funding purposes. The Plan has met the ERISA minimum funding requirements for the periods from January 1, 2025 through September 15, 2025 and January 1, 2024 through December 31, 2024. Participants were neither required nor permitted to make contributions to the Plan.

Administrative Expenses

The Plan's expenses were paid either by the Plan or the Company, as provided by the plan document. Expenses that were paid directly by the Company were excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan were recorded as deductions in the accompanying statements of changes in net assets in liquidation. In addition, certain investment related expenses were included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets in liquidation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Board of Directors of Darling Ingredients Inc. approved the termination of the Plan. The effective termination date of the Plan was October 31, 2024. As a result, the Plan's financial statements were prepared on the liquidation basis, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments would be fair value. There were no material changes to the financial statements as a result of the change under the liquidation basis of accounting.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Company determined the Plan's valuation policies using information provided by the investment advisors, custodian, and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants were recorded when paid.

Subsequent Events

Subsequent events were evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Prepared and Certified by the Asset Custodian (unaudited)

Certain information related to investments from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at September 15, 2025 and December 31, 2024, net appreciation (depreciation) in fair value of investments, and dividend income for the period from January 1, 2025 to September 15, 2025 and January 1, 2024 to December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the custodian of the Plan.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their years of service and a fixed benefit amount as defined in the Plan on the date the benefit information is presented (the valuation date).

The actuarial present value of accumulated plan benefits was determined by the Plan's consulting actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

4. Actuarial Present Value of Accumulated Plan Benefits (continued)

The significant actuarial assumptions used in the January 1, 2024 valuations were:

Retirement Age:	Active and inactive participants are assumed to retire at the normal retirement age, as defined in plan provisions.
Mortality:	2024 – Pri-2012 Blue collar base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2023)
Interest Rate Used to Value Liabilities:	4.70% as of January 1, 2024
Inflation:	2.40% increase per year as of January 1, 2024
Withdrawal Assumption	2024 – 2003 Society of Actuaries Small Plan Age Table, multiplied by 1.
Assumed Asset Return	5.00% for the year ended December 31, 2024

Actuarial present value of accumulated benefits were prepared by the actuary as of January 1, 2024 for the fiscal year ended December 31, 2024. There was no actuarial present value of accumulated plan benefits for the period of January 1, 2024 through September 15, 2025 as the valuations were as of January 1, and the Plan terminated effective October 31, 2024. The present values of accumulated plan benefits for the period of January 1, 2024 through September 15, 2025 were projected from the January 1, 2024 valuation with the actuarial assumptions based on actual contributions and benefit payments for the period of January 1, 2024 through September 15, 2025.

The actuarial present values of accumulated plan benefits were as follows:

At	September 15, 2025	January 1, 2024
Vested benefits:		
Participants currently receiving payments	\$ -	\$ 7,720,192
Inactive participants	-	4,064,997
Active participants	-	1,376,025
	-	13,161,214
Non-vested benefits	-	702
Total actuarial present value of accumulated plan benefits	<u>\$ -</u>	<u>\$ 13,161,916</u>

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

4. Actuarial Present Value of Accumulated Plan Benefits (continued)

The changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated benefits at January 1, 2024	\$ 13,161,916
Increase (decrease) attributable to:	
Benefits paid	(13,491,326)
Benefits accumulated and plan experience	42,690
Other changes	286,720
Actuarial present value of accumulated benefits at September 15, 2025	\$ -

The actuarial services for the period from January 1, 2025 to September 15, 2025 and January 1, 2024 to December 31, 2024 were provided by the Principal Financial Group. There were no changes in actuarial assumptions for the period from January 1, 2024 to September 15, 2025 as the final valuation performed by the actuary was as of January 1, 2024 due to the Plan termination effective October 31, 2024.

5. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

5. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following was a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 15, 2025 and December 31, 2024.

Pooled separate accounts: Valued at the net asset value ("NAV") of the units held by the Plan at year-end based on information reported by the custodian. The NAV, which was used as a practical expedient for fair value, of each of the separate accounts was calculated in a manner consistent with the U.S. GAAP for investment companies and was determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invested in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invested in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which was based on quoted prices of similar assets, was used to determine the NAV of the separate account which was not publicly traded. Investments in these funds could have be redeemed daily upon request. There were no significant unfunded commitments as of September 15, 2025 and December 31, 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient.

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$12,717,290	N/A	Daily	12 months

6. Income Tax Status

The Internal Revenue Service ("IRS") determined and informed the Company by letter dated February 21, 2018, stating that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the plan was amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believed that the Plan was designed, and is was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan is qualified, and the related trust was tax-exempt. Accordingly, no provision for federal income taxes were provided in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America required plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization had taken an uncertain position that more likely than not would be sustained upon examination by IRS. The Plan was subject to routine audits taken by taxing jurisdictions; however, there were no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Related Party and Party-in-Interest Transactions

Certain plan investments were shares of pooled separate accounts managed by Principal Life Insurance Company, which are members of the Principal Financial Group. Principal Trust Company and Principal Life Insurance Company were, collectively, the custodian of the Plan. Therefore, these transactions qualified as party in interest transactions.

Fees incurred by the Plan for the investment management services were included in net appreciation (depreciation) in fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. For the years ended December 31, 2024 and 2023, the Plan also made direct payments to the custodian totaling \$97,536 and \$117,160, respectively. These costs incurred by the Plan were included in administrative expenses on the statement of changes in net assets in liquidation.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and those changes could materially affect the amounts reported in the statements of net assets in liquidation.

Plan contributions were made, and the actuarial present value of accumulated plan benefits was reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which were subject to change. Due to uncertainties inherent in the estimations and assumptions process, it was at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. Plan Termination

On November 6, 2023, the Board of Directors of Darling Ingredients Inc. approved the termination of the Plan. Benefit accruals under the Plan had previously been frozen for different classes of employees on various dates, as described in Note 1. As a result of the termination resolution, all participants became fully vested in their accrued benefits as of October 31, 2024. The Plan's assets were used to provide for all benefit liabilities under the Plan, either through the purchase of irrevocable annuity contracts from a third-party insurance company or, for eligible participants, through a one-time lump sum payment.

NOTES TO FINANCIAL STATEMENTS

*As of September 15, 2025 and December 31, 2024, and for the Period from January 1, 2025
To September 15, 2025 and January 1, 2024 to December 31, 2024*

9. Plan Termination (continued)

The net assets of the Plan were allocated, as prescribed by the Employee Retirement Income Security Act (“ERISA”) and its related regulations, generally to provide benefits in the following order:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years, and further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), up to the applicable limitations.
3. All other vested benefits not insured by the PBGC.
4. All nonvested benefits.

The PBGC guarantees certain benefits under the Plan, subject to statutory limits. Whether a particular participant’s accumulated plan benefits was paid depended on both the priority of those benefits and the level of benefits guaranteed by the PBGC at the time of Plan termination. Upon the distribution of Plan assets in satisfaction of accrued benefits, either through the purchase of an annuity contract or in another form as permitted by the Plan, all PBGC guarantees have ended.
