Board of Trustees
New Orleans Employers -
International Longshoremen's Association - Pension Fund
New Orleans, Louisiana

Opinion

We have audited the accompanying financial statements of New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund Defined Benefit Plan (the Fund), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund (the Fund) as of September 30, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New Orleans Employers – International Longshoremen’s Association, AFL-CIO Pension Fund’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Orleans Employers – International Longshoremen’s Association, AFL-CIO Pension Fund’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Orleans Employers – International Longshoremen’s Association, AFL-CIO Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of assets (held at end of year) and the schedule of assets (acquired and disposed of within year) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Fund’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NEW ORLEANS EMPLOYERS -
INTERNATIONAL LONGSHOREMEN'S ASSOCIATION, AFL-CIO
PENSION FUND
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

1. FUND DESCRIPTION:

The following brief description of the New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund (the Fund), is provided for general information purposes only. Participants should refer to the Fund Document for more complete information.

The Fund was established under the terms of an Agreement and Declaration of Trust dated May 10, 1957, as amended, between the New Orleans Steamship Association, its successor; MidGulf Association of Stevedores, Inc., its successor; West Gulf Maritime Association, and various local unions of the ILA. The Fund is administered by the Board, which also administers a Welfare Fund and a Vacation and Holiday Fund, which were also created under the agreement identified above.

The Fund is a noncontributory defined benefit plan, which provides normal retirement, disability, and early retirement pension benefits. The Fund also provides pre-retirement and post-retirement death benefits to qualified surviving spouses and beneficiaries of deceased participants. Qualified employee participants consist principally of employees who are employed for 500 hours or more in the industry during a labor contract year and are covered by collective bargaining agreements between various local unions of the ILA; the New Orleans Steamship Association, its successor; MidGulf Association of Stevedores, Inc., its successor; West Gulf Maritime Association, and other employers.

The Fund is funded principally by investment income and employer contributions, which are based upon man-hours worked. The Fund anticipates that both net contributions (less administrative expenses) and net investment earnings (less investment fees) will be needed to cover benefit payments. The Fund is to continue for a term co-extensive with the terms of the collective bargaining agreements and the Agreement and Declaration of Trust, provided that provisions authorizing continuation of the Fund are contained therein. If the Fund is not extended, the Board shall continue to perform and carry out the provisions of the Fund on the basis that all employees who become thereafter eligible to receive benefits in accordance with the provisions of the Fund shall receive such benefits as if the Fund were extended until the total assets of the Fund are disbursed.

The Board is of the opinion that the Fund complies with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants in the Fund as of the date of the actuarial valuations October 1, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Current retirees and beneficiaries	1,761	1,827
Inactive participants with vested rights	151	159
Active participants	<u>630</u>	<u>624</u>
Total participants as of the valuation date	<u>2,542</u>	<u>2,610</u>

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The financial statements of the Fund have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments traded on a national exchange are valued at the last reported sales price. Shares in common collective trusts, limited partnerships, and pooled separate funds are reported at net asset value. The change in net unrealized appreciation (depreciation) in fair value of investments is included in investment income. Gains and losses on investments that were both bought and sold during the year are included in net appreciation (depreciation).

Actuarial Present Value of Accumulated Fund Benefits:

Accumulated Fund benefits are those future periodic payments that are attributable under the provisions of the Fund, to the service that employees have rendered. Accumulated Fund benefits include benefits expected to be paid to: (a) retired or terminated vested employees or their beneficiaries, (b) beneficiaries of vested employees who have died, and (c) present vested employees or their beneficiaries. The Fund benefits are based on the benefit schedule, which was in effect at September 30, 2024 and 2023 (beginning of year)(see note 3 – Accumulated Fund Benefits), respectively. Benefits payable under all circumstances (retirement, death and disability) are included in accumulated Fund benefits, to the extent they are deemed attributable to employee services rendered to the valuation date.

Contributions:

The Fund records contributions as reported by the employers. Employer contributions are based upon man-hours worked by International Longshoremen's Association bargaining unit labor and upon the rates established by collective bargaining agreements among the New Orleans Steamship Association, its successor; MidGulf Association of Stevedores, Inc., its successor; West Gulf Maritime Association, and other signatory employers; and the local unions. Contributions are determined in accordance with Preferred Schedule B of the Rehabilitation Plan, which the Plan entered into on April 22, 2009 (see Note 12 – Pension Protection Act). The Rehabilitation Plan was adopted by the employers and unions. Any remaining contributions received are allocated between the eligible Funds (Welfare and Vacation and Holiday) at the discretion of the Board of Trustees (the Board), pursuant to the collective bargaining agreements. In 2025 and 2024, \$5.00 per hour worked was allocated to the Management-ILA Managed Health Care Trust Fund (MILA)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Contributions: (Continued)

in accordance with the Master Contract between the United States Maritime Alliance and the International Longshoremen's Association, AFL-CIO (ILA). All hourly contributions were allocated to the Pension Fund in accordance with Schedule B of the Rehabilitation Fund by the Board in 2025 and 2024, with the exception of the \$5.00 per hour MILA contribution rate.

Pension Benefit Payments:

Pension benefit payments to participants are recorded upon distribution.

Vesting:

Fund participants vest after five years of creditable employment.

Expenses:

Indirect expenses incurred in the administration of the Fund and other affiliated funds administered by the Board are paid through the Director's Operating Account and are allocated as described below. Expenses directly related to a specific fund are also paid through the Director's Operating Account and are charged to such fund. Investment expenses amounted to \$679,389 and \$814,865 in 2025 and 2024, respectively. Expenses not directly related to a specific fund are allocated based upon each employee's time attributable to each fund, as approved by the Board of Trustees. It is believed that the current allocation of staff and administrative expenses achieve the desired result of a meaningful allocation of expenses. The indirect expense allocation was changed from 52% to 48% effective October 1, 2017. Indirect expenses totaled \$671,789 and \$630,976 for the years ended September 30, 2025 and 2024, respectively.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported contributions, income and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

3. ACCUMULATED FUND BENEFITS:

The actuarial present value of accumulated fund benefits was determined by consulting actuaries The Segal Company as of October 1, 2024 and 2023, the most recent valuation dates. Such amounts result from applying actuarial assumptions to adjust the accumulated fund benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The statement of accumulated fund benefits at October 1, 2024 and 2023, the most recent valuation dates, were as follows:

	<u>2024</u>	<u>2023</u>

Significant Actuarial Assumptions: (Continued)

Actuarial Value of Assets	Market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return and is recognized over the five-year period. Finally, an additional adjustment (if necessary) is made so that the final actuarial value of assets is within a 20% corridor of market value.

3. ACCUMULATED FUND BENEFITS: (Continued)

Significant Actuarial Assumptions: (Continued)

The foregoing actuarial assumptions are based upon the presumption that the Fund will continue. Were the Fund to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated fund benefits.

The last changes to the Preferred Schedule of the Rehabilitation Fund were as follows:

- 1) Changed unreduced retirement with 30 years of creditable employment to a 4% per year early retirement reduction for each year the participant is below age 62 for participants who commence benefits after October 1, 2009.
- 2) Eliminated the 30% and 20% supplemental benefit payable from retirement until age 62 for participants who commence benefits after October 1, 2009.
- 3) Eliminated subsidies in the pre-retirement 50% survivor benefit for terminated vested participants with spouse as beneficiary for benefits commencing after October 1, 2009.
- 4) Eliminated subsidies in the post-retirement 50% joint and survivor benefit for active and terminated vested participants with spouse as beneficiary for benefits commencing after October 1, 2009.
- 5) Eliminated the pre-retirement lump sum estate death benefit to the extent it exceeds the amount that may be distributed without consent under IRC 411(a)(11) effective January 26, 2009.

The Annual Amendment and Update to the Preferred Schedule of the Rehabilitation Fund was adopted on September 30, 2024. No additional changes were made.

The calculations of the present value of all future benefits and of benefits to be Funded by future contributions, which are used for funding purposes, were also made by consulting actuaries The Segal Company as of October 1, 2024 and 2023 as follows:

	<u>2024</u>	<u>2023</u>
Present value of all future benefits	\$ <u>178,327,578</u>	\$ <u>183,112,334</u>

3. ACCUMULATED FUND BENEFITS: (Continued)

As of October 1, 2024 and 2023, using The Segal Company's mortality assumptions, the actuarial present value of vested Fund benefits for withdrawal liability purposes is as follows:

	<u>2024</u>	<u>2023</u>
Withdrawal liability	\$ 192,188,320	\$ 194,318,689
Net assets available for benefits	<u>(128,689,045)</u>	<u>(117,705,522)</u>
Unfunded present value of vested benefits	\$ <u>63,499,275</u>	\$ <u>76,613,167</u>

The major assumptions used in the valuation of the current year's unfunded present value of vested benefits for withdrawal liability purposes by The Segal Company are as follows:

Interest:	For liabilities up to market value of assets, 5.24% for 20 years and 4.58% beyond. For liabilities in excess of market value of assets, same as used for funding as of September 30, 2023.
Administrative Expenses:	Calculated as prescribed by PBGC formula (29 CFR Part 4044, Appendix C); not applicable to those liabilities determined using funding interest rates.
Mortality:	Same as used for plan funding as of September 30, 2023 (the corresponding mortality rates as of a year earlier were used for the prior year's value).
Retirement Rates:	Same as used for plan funding as of September 30, 2023 (the corresponding retirement rates as of a year earlier were used for the prior year's value).

For purposes of withdrawal liability, these actuarial assumptions and methods, in the aggregate, are reasonable (taking into account the experience of the Fund and reasonable expectations) and which, in combination, offer the actuary's best estimate of anticipated experience under the fund.

4. FUND TERMINATION:

In the event the Fund terminates, the net assets of the Fund will be allocated, as prescribed by ERISA and its related regulations. Certain benefits under the Fund are insured by the PBGC if the Fund terminates. Only vested benefits are guaranteed. Specifically, the PBGC guarantees a monthly benefit payment equal to 100% of the first \$11 of the Fund's monthly benefit accrual rate, plus 75% of the next \$33 of the accrual rate, times each year of credited service. At September 30, 2025, the maximum guaranteed benefits insured by PBGC for multi-employer plans was \$35.75 per month times the participant's years of credited service.

Federal law has a number of special rules that apply to financially troubled multi-employer Funds. Under so-called "plan reorganization rules," a plan with adverse financial experience may need to increase required contributions and may, under certain circumstances, reduce benefits that are not eligible for the PBGC's guarantee. If the Fund is in reorganization status, it must provide notification that the Fund is in reorganization status and that, if contributions are not increased, accrued benefits under the Fund may be reduced or an excise tax may be imposed.

An insolvent fund must reduce benefit payments to the highest level that can be paid from the fund's available financial resources.

5. CASH AND CASH EQUIVALENTS: (Continued)

The balances in interest-bearing and noninterest-bearing accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per insured bank. Due to the nature of the Fund issuing monthly pension checks, there are certain days within fiscal year 2025 and 2024 in which the bank balance exceeds the FDIC limit.

Cash Equivalents:

Cash equivalents consist of money market government obligation funds. These types of money market funds are designed to maintain a \$1 share price at all times, but there can be no assurance that a money market fund will be able to maintain a stable net asset value of \$1 per share. Money market funds are treated as securities and are registered with the Securities and Exchange Commission, pursuant to the Investment Company Act of 1940.

Shares in a money market Fund are not FDIC-insured, not guaranteed by the Federal Government, and are not deposits or obligations of any bank or guaranteed by the bank. Government money market funds are on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/Full Faith & Credit listing. This designation denotes that the Fund meets certain quality and pricing guidelines, such as: a rating of AAAm by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV \$1.00 at all times, allow a maximum seven-day redemption of proceeds, and invest 100% in U.S. Government securities. Government money market funds are rated AAAm by Standard & Poor's after evaluating a number of factors, including credit quality, market price, exposure and management.

6. FAIR VALUE MEASUREMENTS:

FASB ASC 820-10 establishes a fair value hierarchy, which prioritizes the valuation inputs of investments into three broad levels as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date;

Level 2: Inputs other than quoted prices that is observable for the asset or liability either directly or indirectly, including inputs in the markets that are not considered to be active;

Level 3: Inputs that are unobservable (i.e., supported by little or no market activity).

6. FAIR VALUE MEASUREMENTS: (Continued)

FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. General valuation techniques that may be used to measure fair value are described as follows:

Market approach – uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades or other sources;

Cost approach – based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

Income approach – uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The Fund categorized its fair value measurements within the fair value hierarchy established by FASB ASC 820-10 as shown in the following tables.

6. FAIR VALUE MEASUREMENTS: (Continued)

- *Cash and cash equivalents* – the cash and cash equivalents consist primarily of U.S. government and treasury obligations. It seeks to maintain a stable net asset value (“NAV”) of \$1 and is classified as Level 1. Cash and cash equivalents also include net pending cash, which is valued using inputs currently available on comparable securities of issuers with similar price quotations in inactive markets (where observable), and Fundamental data relating to the issuer (Level 2).
- *U.S. Government and Foreign Securities* – investments are determined by quoted prices in active (Level 1) and inactive markets (Level 2) for securities with similar terms and maturity dates: U.S. government securities and foreign securities that are “off the run”.
- *Corporate bonds, notes, and debentures* – the investment grade corporate bonds held by the Fund generally do not trade in active markets. If a bond does, it is measured at the quoted price without adjustment (Level 1); otherwise, corporate debt securities are valued using inputs including yields currently available on comparable securities of issuers with similar credit ratings, price quotations in inactive markets (where observable), bond spreads, and Fundamental data relating to the issuer (Level 2).
- *Common stock* – securities held in corporate stocks are generally valued based on quoted market prices in active markets obtained from exchange or dealer for identical assets, and are accordingly classified as Level 1, with no valuation adjustments applied.
- *103-12 Investment Entities* – securities in 103-12 investment entities are primarily invested in common stock and are generally valued based on quoted market prices in active markets obtained from exchange or dealer for identical assets, and are accordingly, classified as Level 1, with no valuation adjustments applied.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended September 30, 2025 and 2024, there were no significant transfers in or out of levels 1, 2, or 3.

Considerable judgment is required in interpreting market data to develop the fair value estimates. Accordingly, the estimates presented therein may not be indicative of the amounts that the Fund could realize in a current market exchange. The use of different market assumptions or valuation methodologies may have a material effect on the estimates.

7. INVESTMENTS CALCULATED AT NET ASSET VALUE:

The Pension Fund is invested in certain entities that calculate net asset value per share. These investments do not have a readily determinable fair value (i.e., shares of these investments are not actively traded in financial markets) and are in investment companies or similar entities that report their investment assets at fair value. These investments are generally categorized as common collective trusts, limited partnerships, and pooled investment Funds.

The following summarizes the investment strategy of the entities that calculate net asset value per share, as well as the terms and conditions under which the investments may be redeemed.

Common Collective Trusts:

Amalgamated Bank – Longview Ultra Construction Loan Investment Fund

The Longview Ultra Construction Loan Investment Fund (the Fund) was established to invest the pooled contributions of eligible trusts principally in real estate construction loans which are secured by properties constructed with union labor. All loans made by the Fund have an initially approved exit strategy.

No participation shall be withdrawn from the LongView ULTRA Construction Loan Investment Fund (the Fund), in whole or in part, unless an irrevocable written request for or notice of intention of taking such action have been given the Trustee one year prior to the valuation date upon which any such partial or complete withdrawal is to be affected and entered in the records of the Trustee and approved by the Trustee. No withdrawal shall be made which would cause a participation to be less than \$2,000,000 (other than the withdrawal of a participation in full).

Amalgamated Bank shall seek to make cash distributions as soon as practicable after the effective date of withdrawal but is not required to liquidate or encumber assets or defer investments in order to effect withdrawals. Any withdrawal from the Fund may, at the option of the Trustee, be made in cash or in kind, or partly in cash and partly in kind. The Pension Fund requested a complete withdrawal on February 24, 2010 and has been receiving partial distributions of cash on a consistent basis since that time.

The Fund experienced a net gain for the years ended September 30, 2025 and September 30, 2024 in the amount of \$10,770 and \$1,059, respectively.

The fair market value of the Fund was \$3,722 and \$10,180 at September 30, 2025 and 2024, respectively.

Common Collective Trusts: (Continued)

Loomis Sayles High Yield Conservative Trust

The Loomis Sayles Trust Company, LLC Collective Trust for Employee Benefit Funds (the "Collective Trust") is divided into separate collective trusts, one of which is the Loomis Sayles High Yield Conservative Trust (the "Trust"). The Trust is a separate pool of assets constituting, in effect, a separate trust with its own investment objective and policies. Loomis Sayles & Company, L.P. is the sole member of Loomis Sayles Trust Company, LLC (the "Trustee"). The Trust's investment objective is total investment return through investment in fixed income securities, and to outperform the Barclays Capital U.S. Corporate High Yield Index.

Unless otherwise requested by a participating trust or otherwise required by the circumstances, the Trustee shall use reasonable efforts to effect withdrawals in cash. Notwithstanding the foregoing, the Trustee, in its sole discretion, may (i) effect withdrawals in cash, ratably in kind, a combination of cash and ratably in kind, or in any other manner as the Trustee shall determine to be appropriate and in the best interest of the participating trusts and consistent with applicable law, and (ii) determine that distributions to different participating trusts as of the same valuation date may be composed of different proportions of cash and non-cash assets.

The Trust experienced a net gain for the years ended September 30, 2025 and 2024 in the amount of \$196,527 and \$1,651,278, respectively.

The fair market value of the Trust was \$-0- and \$12,281,125 at September 30, 2025 and 2024, respectively.

A benchmark consisting of 65% MSCI All Country World Index and 35% Barclays Capital Aggregate Index will be used as the primary reference benchmark.

The Fund may invest in other Wellington Trust Collective Investment Funds and Common Trust Funds (the "Underlying Funds") if consistent with the Fund's investment objective and policies. In some cases, investment by the Fund into an Underlying Fund is an inherent part of the structure of the investment approach. At other times, a portfolio manager may invest in an Underlying Fund to achieve a particular investment exposure.

Investments in Underlying Funds are governed by the investment guidelines for that Fund. At August 31, 2015, the Fund invested in the CIF Opportunistic Equity Portfolio, CTF Opportunistic Fixed Income Allocation Portfolio, and the CTF Short-Term Government Portfolio. The investment objective of the CIF Opportunistic Equity Portfolio is an unconstrained, non-benchmark oriented-investment approach. The investment objective of the CTF Opportunistic Fixed Income Allocation Portfolio is an unconstrained, non-benchmark oriented investment approach. Barclays Capital US Aggregate Bond Index will be used as the primary reference benchmark. The investment objective of the CTF Short-Term Government Portfolio is to provide safety and liquidity of principal while striving to attain a competitive yield versus other short-term investment vehicles, and versus the Barclays 1-Month T-Bill Index.

Some Wellington Trust commingled Funds accept regular contributions and withdrawals only on the first business day of each month or quarter, while others process these transactions daily. For monthly valued Funds, notification of a contribution or withdrawal must generally be received by the 22nd calendar day of the preceding month, though some Funds require up to 90 days prior notice. For Funds that accept contributions and withdrawals only quarterly, notification of a contribution or withdrawal must generally be received at least 45 calendar days prior to the relevant calendar quarter-end. Wellington Trust may require a longer notice period or delay payment of a withdrawal request for any commingled Fund if they determine that these actions are in the best interest of the Fund.

The Fund experienced a net gain for the years ended September 30, 2025 and 2024 in the amount of \$343,733 and \$490,843, respectively.

Segall Bryant & Hamill Collective Investment Trust

SEI Trust Company, a trust company organized under the laws of the Commonwealth of Pennsylvania (the "Trustee"), established a trust on December 15, 2015, as amended and restated November 1, 2017, known as the Segall Bryant & Hamill Collective Investment Trust (the "Trust"). The purpose of the Trust is to provide for the collective investment of assets of participating tax-qualified pension and profit-sharing plans and related trusts, and governmental plans. The Trust consists of separate collective investment funds as established in accordance with the Declaration of Trust. The Segall Bryant & Hamill International Small Cap Trust commenced operations on February 29, 2016, the Segall Bryant & Hamill Emerging Markets Small Cap Trust commenced operation on June 7, 2017, the Segall Bryant & Hamill Quality High Yield Trust commenced operations on March 1, 2021, and the Segall Bryant & Hamill SMID Cap Trust commenced operations on April 20, 2022 (each a "Fund", and collectively, the "Funds").

The investment objective of the Segall Bryant & Hamill International Small Cap Trust is to seek long-term capital appreciation by investing primarily in common stocks of small capitalization companies located in developed markets outside of the U.S. The primary performance benchmark for the Fund is MSCI EAFE Small Cap Index. There is no assurance that the Fund will achieve its investment objective.

Withdrawals may be requested with respect to a given Fund as of any day that such Fund is open for business. The withdrawal date for any withdrawal request is the valuation date on which the net asset value for such withdrawal request is determined. Any participating plan (or plan participant or beneficiary, where permitted), that desires to withdraw partially or totally from participation in a Fund (each a withdrawing unit holder) shall deliver a request of withdrawal to the trustee specifying the withdrawal date and the dollar amount to be withdrawn or the number of fund units to be redeemed. The request must be made electronically or in writing, in such manner as the trustee prescribes. The trustee shall be fully protected in following the instructions of the withdrawing unit holder as to the amounts and proportions of the assets of any withdrawals to be obtained from any fund. For withdrawals initiated by a participating plan in excess of twenty percent (20%) of such participating plan's investment in a fund, the participating plan must notify the trustee directly, in writing, five business days prior to the applicable withdrawal date. For the avoidance of doubt, the aforementioned withdrawal notice requirement shall not apply to plan participant or beneficiary-initiated withdrawals. Unless specifically agreed to by the Trustee, no withdrawal notice may be canceled within three business days before the applicable withdrawal date.

Boyd Watterson State Government Fund

Boyd Watterson State Government Fund, L.P. and Subsidiary (the "Fund"), a Delaware limited partnership, was formed on July 17, 2017 to acquire, develop, own, and operate a diversified portfolio of real estate investments in commercial property. The Fund was formed as a partnership between Boyd Watterson State Government GP, LLC ("General Partner") and numerous limited partners (collectively, the "Partners"). Boyd Watterson State Government REIT, was formed on August 23, 2017 as a Maryland corporation to acquire, hold, manage, administer, control, and dispose of property, including engaging in business as a real estate investment trust. Boyd Watterson State Government Fund, L.P. is the sole Class A shareholder of the Boyd Watterson State Government REIT. In accordance with REIT requirements, there are nonvoting Class B shareholders that represent the noncontrolling interest. Class B shareholders earn an annual preferred return of 12.5%. The Fund was formed to operate as a perpetual life, open-end, commingled collective investment fund and intends to invest primarily in real estate leased to state government agencies.

Each Limited Partner may request that the Partnership redeem some or all of its Units by providing the General Partner with written notice setting forth the number of Units it desires to redeem in a form acceptable to the General Partner (a "Redemption Notice") at least 60 days prior to a calendar quarter end. Unless waived by the General Partner, partial redemptions of Units shall only be permitted in increments of \$250,000 and shall not be permitted for amounts less than \$250,000. Unless the notice period is waived by the General Partner, each Redemption Notice will become effective upon the 60th day following delivery of the Redemption Notice (the "Redemption Effective Date") to the General Partner. Units subject to a valid Redemption Notice shall become "Redemption Interests" upon the Redemption Effective Date. A Limited Partner may revoke a Redemption Notice at any time prior to the Units that are the subject of such Redemption Notice being redeemed only with the written consent of the General Partner.

Net income or loss of the Fund is allocated on an annual basis to the capital accounts of the partners in proportion to their capital commitments. The Fund's share of partnership income for the year ended September 30, 2025 was \$200,280 and the Fund's share of partnership loss for the year ended September 30, 2024 was \$568,666, respectively, and is included in net appreciation/depreciation.

GCM Grosvenor Opportunistic Credit Fund, Ltd.

GCM Grosvenor Opportunistic Credit Fund, Ltd. (the Fund) was established as a Cayman Islands exempted company pursuant to the Companies Law of the Cayman Islands under the Memorandum and Articles of Association dated July 5, 2016. The Fund commenced operations on November 1, 2016. The Bank of New York Mellon acts as administrator to the Fund. Grosvenor Capital Management LP (the Investment Advisor) sponsored the formation of the Fund.

Substantially all of the assets of the Fund that are available for investment have been and shall be invested in CGM Grosvenor Opportunistic Credit Master Fund, LP (Master Fund).

The performance of the Fund is directly affected by the performance of the Master Fund. The Investment Advisor is also a sponsor of the Master Fund and manages its portfolio, on a fully discretionary basis, through investing in Portfolio Funds, which generally implement "non-traditional" or "alternative" investment strategies.

The Master Fund does not permit voluntary withdrawals. However, the Fund may cause part or all of a series of interests in the Master Fund to cease participating in new investments made by the Master Fund by converting some or all of its interests into liquidating series. This conversion is only allowable upon December 31 of any fiscal year, subject to not less than 90 days' prior written notice. The Master Fund will generally distribute any cash attributable to a liquidating series as soon as reasonably practicable after the time it is established and generally on a quarterly basis as proceeds are available from the realization of investments held at the conversion date.

The ability of the Master Fund to distribute cash depends on the Master Fund's ability to value and withdraw/redeem its capital from Portfolio Funds, which, in turn, is dependent upon its ability to obtain valuations and withdrawal/redemption proceeds from Portfolio Funds. If the Master Fund is unable to withdraw/redeem its capital, the distribution of the Fund's capital may be delayed.

Net income or loss of the Fund is allocated on an annual basis to the capital accounts of the partners in proportion to their capital commitments. The Fund's share of partnership income for the years ended September 30, 2025 and 2024 was \$631,406 and \$604,894, respectively, and is included in net appreciation.

GCM Grosvenor Secondary Opportunities Feeder Fund II, L.P. (the Partnership), a Cayman Islands exempted limited partnership, was formed on January 11, 2017 and commenced operations on May 26, 2017. The purpose of the Partnership is to invest, directly or indirectly, as a limited partner in, and as a feeder vehicle of GCM Grosvenor Secondary Opportunities Fund II, LP (the Master Partnership), in accordance with and subject to the other provisions of the Amended and Restated Partnership Agreement dated May 26, 2017 (the Amended Agreement), the Master Partnership Agreement and the Master Partnership Subscription Agreement, and to do everything necessary or desirable for the accomplishment of the above purpose or the furtherance of any of the powers herein set forth and to do every other act and thing incident thereto or connected therewith permitted by the Act.

The Partnership shall not undertake any business with the public of the Cayman Islands other than so far as may be necessary for the carrying on of the business of the Partnership outside of the Cayman Islands.

A Limited Partner may be excused or excluded by the General Partner in certain circumstances as determined by the General Partner. A Limited Partner will not have the right to withdraw from the fund. A Limited Partner may be required to withdraw from the fund in whole or in part in certain circumstances. The Limited Partners will not be able to, directly or indirectly, transfer, or otherwise pledge or dispose of, any portion of their interests in the fund without the prior written consent of the General Partner in its sole discretion. Redemptions are not permitted and liquidity is available to the extent of distributable realized events. Should the General Partner consent to sale, transfer, assignment or other disposition of a Limited Partner's interest, the transferring Limited Partner will be required to release and indemnify the fund and each Indemnified Person for any losses relating to such Limited Partner's investment in the fund and such transfer and may be required to pay all costs incurred in connection with such transfer.

A majority-in-interest of the Limited Partners will have the right to terminate the fund upon 30 days' prior written notice for Cause. As used herein, "Cause" means the General Partner or the Manager has (i) been convicted or plead nolo contendere of a felony relating to the activities of the Fund, or (ii) committed any acts or omissions that constitute in a final, non-appealable decision fraud, willful malfeasance of bad faith in connection with the performance of its duties to the Fund.

RBC Global Asset Manager

RBC GAM International Fund is a separate investment fund established as a separate trust under the Trust, a tax-exempt group trust designed for qualified employee benefit and governmental plans. The Trust Agreement ensures that the Fund's assets are accounted for separately and that obligations related to the Fund are enforceable solely against its assets. The Fund's investment objective is long-term capital growth through a diversified portfolio of non-U.S. equity securities identified as undervalued by the Sub-Adviser. The Fund may invest directly in overseas markets, American and European Depository Receipts, and short-term instruments for defensive purposes. The Sub-Adviser's strategy focuses on identifying securities with undervalued sustainable free cash flow or assets, irrespective of industry or location.

Units in the REC GAM International Fund may be withdrawn voluntarily by providing at least five business days' notice before the relevant monthly Valuation Date or involuntarily at the sole discretion of the Investment Manager. Withdrawals are processed as of the applicable Valuation Date, with proceeds generally paid within three business days for partial withdrawals and in two installments for full withdrawals. Payments may be delayed due to legal or other constraints, without interest or obligation. Distributions are made in cash, in kind, or both, and may be subject to fees and expenses determined by the Investment Manager. The Investment Manager may also require the involuntary withdrawal of a Participating Trust's Units, including if it loses its qualified status or tax-exempt status.

The Investment Manager intends to follow a policy of retaining and reinvesting within the Fund on behalf of the Participating Trusts all of the net income and capital gains realized by the Fund. Accordingly, Participating Trusts should not expect to receive distributions from the Fund.

The Fund experienced a net gain for the years ended September 30, 2025 and 2024 in the amount of \$1,327,268 and \$2,135,633, respectively.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2025 AND 2024

8. INCOME TAX STATUS:

The Internal Revenue Service has ruled that the Fund qualifies under Section 501 of the Internal Revenue Code and is, therefore, not subject to tax under present federal income tax laws. The Fund has been amended since this ruling. However, the Fund's management believes that the Fund is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. The Fund's Federal Form 5500 *Annual Return/Report of Employee Benefit Funds* are subject to examination by the IRS, generally for three years after they were filed.

9. CONTINGENCIES:

The Fund is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Fund's financial position.

10. AFFILIATED FUNDS:

Amounts due to or due from other affiliated funds at September 30, 2025 and 2024 were as follows:

	<u>2025</u>	<u>2024</u>
Due from other funds:		
Director's Operating Account	\$ <u>75,000</u>	\$ <u>75,000</u>
Due to other funds:		
Welfare Fund	\$ 1,290	\$ -
Director's Operating Account	<u>12,655</u>	<u>38,913</u>
	\$ <u>13,945</u>	\$ <u>38,913</u>

The Fund transferred \$955,605 and \$984,722 to the Director's Operating Account for reimbursement of expenses paid on behalf of the Pension Fund for the years ended September 30, 2025 and 2024, respectively.

The Director's Operating Account paid expenses in the amount of \$929,348 and \$907,064 on behalf of the Pension Fund for the years ended September 30, 2025 and 2024, respectively.

11. SECURITIES LENDING AGREEMENTS:

Effective January 21, 2004, the Board of Trustees authorized the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the

same securities in the future. The Fund has entered into a contract with a company, which acts as their third-party securities lending agent.

The lending agent has access to the Fund's lendable portfolio of available assets, such as U.S. and non-U.S. equities, corporate bonds, government bonds, and government agency bonds. The lending agent continually reviews credit worthiness of potential borrowers through adequate analysis of all material provided to them. All loans were fully collateralized with cash, government securities or irrevocable letters of credit.

The Fund had the following securities on loan:

September 30, 2025 Market Value (<u>Carrying Value</u>)	September 30, 2024 Market Value (<u>Carrying Value</u>)
<u>\$ 140,051</u>	<u>\$ 46,554</u>

The collateral held relating to the above investments totaled \$145,623 and \$47,827 as of September 30, 2025 and 2024, respectively.

The term to maturity of the securities loaned is matched with the term to maturity of the investment of the cash collateral. Such matching existed at September 30, 2025 and 2024.

12. PENSION PROTECTION ACT:

The Pension Protection Act of 2006 requires the Fund's actuary to certify whether or not a Fund is either "Endangered" (Yellow Zone) or "Critical" (Red Zone). As of October 1, 2025 and 2024 the Fund was in critical status (Red Zone). Funds in the Red Zone are required to follow a set rehabilitation schedule which can be accelerated but not delayed.

On April 22, 2009 the Fund entered into a rehabilitation plan which commenced on October 1, 2010 and will last thirteen years as permitted by Section 205 of the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA). The rehabilitation plan requires increases in the employer contribution rate and benefit reductions. Participants who retired on or prior to October 1, 2009 were not affected by the rehabilitation plan. The rehabilitation plan was amended on September 22, 2010 to extend the rehabilitation period by an additional 15 years to September 30, 2039. The rehabilitation plan was further amended on September 23, 2011 to change the employer contribution rate increase in the Preferred Schedule of the Plan such that contributions will remain fairly level through October 1, 2014 and then increase by inflation.

12. PENSION PROTECTION ACT: (Continued)

The rehabilitation plan was amended again on September 18, 2012; September 25, 2013; September 17, 2014; September 24, 2015; September 12, 2016; September 19, 2017; September 26, 2018; September 10, 2019; September 2, 2020; September 30, 2021; September 30, 2022; September 30, 2023; and September 30, 2024; however, no changes were made to the employer contribution rate increases in the Preferred and Default Schedules.

13. RISKS AND UNCERTAINTIES:

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of accumulated Fund benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

14. CONCENTRATIONS:

In 2025, contributions from 2 of 14 total employers accounted for approximately 89% of total contributions to the Fund. Contributions from the single largest contributing employer accounted for approximately 52% of total contributions to the Fund. In 2024 contributions from 2 of 14 total employers accounted for approximately 88% of total contributions to the Fund. Contributions from the single largest contributing employer accounted for approximately 53% of total contributions to the Fund.

15. RECLASSIFICATIONS:

Certain reclassifications have been made to the 2024 comparative information to conform to the 2025 presentation. Such reclassifications had no effect on net assets available for fund benefits or the change in net assets available for fund benefits.

16. SUBSEQUENT EVENTS:

The Fund evaluated its September 30, 2025 financial statements for subsequent events through July 13, 2026, the date which the financial statements were available to be issued.

Section 3: Certificate of Actuarial Valuation

Service pension

- **Service Requirement:** 30 years of Creditable Employment
- **Amount:** Normal retirement benefit with a 4% per year early retirement reduction for each year the participant is below age 62

Early retirement

- **Age Requirement:** Age 51 with 10 years of Creditable Employment
- **Amount:** Normal retirement benefit reduced by 6% per year below age 62

Disability

- **Eligibility:** Fifteen consecutive plan years averaging at least 800 hours of employment per year and unable to work in the industry
- **Amount:** 70% of normal retirement benefit

Vesting

- **Eligibility:** 5 Years of Creditable Employment
- **Amount:** Accrued benefit, payable at 62
- **Normal Retirement Age:** 62

Supplemental Benefit

- **Eligibility:** Retire prior to age 62 with a 30-Year Service Pension or Early Retirement Pension. Supplemental benefit was eliminated for participants commencing benefits after October 1, 2009.
- **Amount:** 30% of the monthly pension benefit, payable until age 62.

Spouse's pre-retirement death benefit

- **Eligibility:** Available to the spouse of a married participant with 5 Years of Creditable Employment
- **Amount:** 50% of the benefit that would have been payable to participant, payable at the participant's earliest retirement age. The death benefit for active participants is based on a subsidized 50% joint and survivor annuity. The death benefit for deferred vested inactive participants is based on an actuarially reduced 50% joint and survivor annuity. If the participant had at least 15 Years of Creditable Employment, the benefit may be actuarially reduced and paid immediately. If the participant had 15 consecutive plan years averaging at least 800 hours, the benefit is calculated based on the disability benefit.

Section 3: Certificate of Actuarial Valuation

Pre-retirement death benefit for non-married participants (if payable to a non-spouse beneficiary)

- **Eligibility:** Available to the beneficiary of a non-married participant with 5 years of Creditable Employment
- **Amount:** 120 equal monthly benefit payments equal to the amount that would have been payable to the participant had he retired immediately prior to death, elected a 10 Year Certain and Life Thereafter Annuity, and then died prior to receiving any benefits.

Pre-retirement death benefit for non-married participants (if payable to a participant's estate)

- **Eligibility:** Available to the estate of a non-married participant with 5 years of Creditable Employment
- **Amount:** Lump sum payment equal to the present value of the 120 equal monthly benefit payments that would be paid to a non-spousal beneficiary under the 10 Year Certain and Life Thereafter Annuity option, limited to the amount that may be distributed without consent under IRC § 411(a)(11).

Post-retirement death benefit

Husband and Wife: If married, pension benefits are paid in the form of an actuarially reduced 50% joint and survivor annuity unless this form is rejected by the participant and spouse. If not married, benefits are payable for the life of the participant.

Optional forms of benefits

Straight Life Annuity, 10-year Certain and Life Annuity, 50% Joint and Survivor Annuity; 75% Joint and Survivor Annuity, 100% Joint and Survivor Annuity. The Joint and Survivor Annuities are available both with and without “pop-up.”

Participation

After completion of 800 hours of employment in a plan year.

Section 3: Certificate of Actuarial Valuation

Years of creditable employment

One year of Creditable Employment is granted for each plan year with at least 800 hours of employment. One year of Creditable Employment is granted for each plan year with between 500-799 hours of employment, provided the Employee has an average of at least 800 hours of employment per plan year.

Changes in plan provisions

There were no changes in plan provisions reflected in this actuarial valuation.

Employee Plans

To Whom It May Concern:

As required by ERISA Section 305 and the Internal Revenue Code (IRC) Section 432, we have completed the actuarial status certification as of October 1, 2025 for the following plan:

Name of Plan: New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund
Plan number: EIN 72-6023317 / 001
Plan sponsor: Board of Trustees, New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund
Address: 721 Richard Street, Suite B, New Orleans, LA 70130-4505
Phone number: 504.525.0309

As of October 1, 2025, the Plan is in critical status but not declining status.

This certification also notifies the IRS that the Fund is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on information received from the sponsor and based on the annual standards of the rehabilitation plan.

Actuarial Status Certification as of October 1, 2024 Under IRC Section 432

December 27, 2024

Illustration Supporting Actuarial Certification of Status (Schedule MB, line 4b)

This is to certify that Segal has prepared an actuarial status certification under Internal Revenue Code Section 432 for the New Orleans Employers - International Longshoremen's Association, AFL-CIO Pension Fund as of October 1, 2024 in accordance with generally accepted actuarial principles and practices. It has been prepared at the request of the Board of Trustees to assist in administering the Fund and meeting filing and compliance requirements under federal law. This certification may not otherwise be copied or reproduced in any form without the consent of the Board of Trustees and may only be provided to other parties in its entirety.

The measurements shown in this actuarial certification may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); differences in statutory interpretation and changes in plan provisions or applicable law.

This certification is based on the October 1, 2023 actuarial valuation, dated May 14, 2024. This certification reflects the changes in the law made by the Multiemployer Pension Reform Act of 2014 (MPRA) and the American Rescue Plan Act of 2021 (ARPA). Additional assumptions required for the projections (including those under MPRA and ARPA), and sources of financial information used are summarized in Exhibit 6.

Segal does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretation on which this certification is based reflects Segal's understanding as an actuarial firm.

This certification was based on the assumption that the Plan was qualified as a multiemployer plan for the year.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied in this actuarial certification is complete and accurate. In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that offer my best estimate of anticipated experience under the Plan. In addition, as allowed by IRC Section 432(b)(3)(B), in my opinion, the contributions used for insolvency projections are reasonable. Furthermore, as required by IRC Section 432(b)(3)(B)(iii), the projected industry activity and contributions as otherwise specified takes into account information provided by the Plan sponsor.

Under IRC Section 432

Exhibit 1: Status Determination as of October 1, 2024

Critical status:	Status/Condition	Component Result	Final Result
1. Initial critical status tests:			
C1. A funding deficiency is projected in four years (ignoring any amortization extensions)?		Yes	Yes
C2. a. A funding deficiency is projected in five years (ignoring any amortization extensions), b. and the present value of vested benefits for non-actives is more than present value of vested benefits for actives, c. and the normal cost plus interest on unfunded actuarial accrued liability (unit credit basis) is greater than contributions for current year?		Yes	No
C3. a. A funding deficiency is projected in five years (ignoring any amortization extensions), b. and the funded percentage is less than 65%?		Yes	Yes
C4. a. The funded percentage is less than 65%, b. and the present value of assets plus contributions is less than the present value of benefit payments and administrative expenses over seven years		No	No
C5. The present value of assets plus contributions is less than the present value of benefit payments and administrative expenses over five years?		No	No
2. Emergence test:			
C6. a. Was in critical status for the immediately preceding plan year, b. and either a funding deficiency is projected for the plan year or any of the next nine plan years, without regard to the use of the shortfall method but taking into account any extension of amortization periods under ERISA Section 304(d)(2) or ERISA Section 304 as in effect prior to PPA'06, c. or insolvency is projected for the current year or any of the 30 succeeding plan years?		Yes	Yes
Plan did not emerge?

3) have a funded percentage greater than or equal to 80%,	Yes	
4) and not have a funding deficiency projected in seven years?	Yes	No
In endangered status? (Yes when either (E1) or (E2) is Yes, unless (E3) is also Yes)		No
In seriously endangered status? (Yes when BOTH (E1) and (E2) are Yes, unless (E3) is also Yes)		No
Neither critical status nor endangered status:		
Neither critical nor endangered status?		
		No

This certification also notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on information received from the sponsor and based on the annual standards of the rehabilitation plan. The annual standards of the rehabilitation plan specify that the deficiency as of September 30, 2025 shall not exceed \$90,000,000. Since the projected funding deficiency is \$34,875,000, the annual standard for 2024 has been met.

Exhibit 6: Actuarial Assumptions and Methodology

The actuarial assumptions and plan of benefits are as used in the October 1, 2023 actuarial valuation certificate, dated May 14, 2024 except as specifically described below. We also assumed that experience would emerge as projected, except as described below. The calculations are based on a current understanding of the requirements of ERISA Section 305 and IRC Section 432.

Contribution rates

Effective October 1, 2024, an average contribution rate of \$10.78 was assumed based on information provided by the plan sponsor.

Asset information

The financial information as of October 1, 2024 was based on an unaudited financial statement provided by the Fund Auditor.

For projections after that date, the assumed administrative expenses were increased by 2.5% per year and the benefit payments were projected based on the October 1, 2023 actuarial valuation. The projected net investment return was assumed to be 6.50% of the average market value of assets for the 2024–2054 Plan Years. Any resulting investment gains or losses due to the operation of the asset valuation method are amortized over 15 years in the Funding Standard Account.

Projected industry activity

As required by Internal Revenue Code Section 432, assumptions with respect to projected industry activity are based on information provided by the plan sponsor. Based on this information, the number of active participants is assumed to be 624 as of October 1, 2024 and remain level thereafter and, on the average, contributions will be made for each active for 1,858 hours per active participant at the average hourly contribution rate of \$10.78.

Future normal costs

Based on the assumed industry activity, we have determined the Normal Cost based on an open group forecast with the number of active participants assumed to be 624 as of October 1, 2024 and remain level thereafter. New entrants are assumed to have similar demographics as actual hires in the last three years.

Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are presented to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allows for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible actuary.

Actuarial models

Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are presented to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allow for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible actuary.

Justification for change in actuarial assumptions (Schedule MB, line 11)

For purposes of determining current liability, the current liability interest rate was changed due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirement of IRC Section 431(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.

Based on past experience and future expectations, the following actuarial assumptions were changed as of October 1, 2024:

- Administrative expenses, previously \$850,000.

Section 3: Certificate of Actuarial Valuation

Exhibit K: Statement of actuarial assumptions, methods and models

(Schedule MB, Line 6)

Rationale for demographic and economic assumptions

Current data is reviewed in conjunction with each annual valuation. Based on professional judgment, the following assumptions were changed:

- The administrative expense assumption was raised from \$850,000 to \$875,000 annually.

Mortality rates

Pre-retirement: RP-2014 Blue Collar Employees, set forward three years for males and two years for females, with 75% of the MP2021 projection scale applied.

Healthy Retirees: RP-2014 Healthy Blue Collar Healthy Annuitants: set forward three years for males and two years for females, with 75% of the MP2021 projection scale applied.

Disabled Retirees: RP-2014 Disabled Retiree, set forward three years for males and two years for females, with 75% of the MP2021 projection scale applied.

The RP-2014 mortality table was determined to contain sufficient provision appropriate to reasonably reflect future mortality improvement, based on a review of mortality experience as of the measurement date.

³ Withdrawal rates are doubled for active participants with less than five years of service and cease upon attainment of retirement eligibility.

Termination rates and disability rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of terminations and disability retirements and the projected number based on the prior years’ assumption over the most recent three years.

Section 3: Certificate of Actuarial Valuation

Retirement rates

Age	Annual Retirement Rates
51 – 57	1%
58 – 62	5%
63	10%
64 – 65	5%
66	35%
67 – 68	10%
69 – 70	20%
71	100%

The retirement rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements and the projected number, as well as the actual and expected ages at retirement, based on the prior years' assumption over the most recent three years.

Description of weighted average retirement age

66, determined as follows: The weighted average retirement age for each participant is calculated as the sum of the product of each potential retirement age times the retirement rate at that age assuming no other decrements. The overall weighted retirement age is the average of the individual retirement ages, assuming no other decrements, based on all the active participants included in the October 1, 2024 actuarial valuation.

Section 3: Certificate of Actuarial Valuation

Retirement rates for inactive vested participants

Annual Retirement Rates	
Age	
61	50%
62 – 64	75%
65	100%

The retirement ages for inactive vested participants were based on historical and current data, adjusted to reflect plan provisions and estimated future experience and professional judgment. As part of the analysis, a comparison was made between the number of actual retirements and the projected retirements by age based on the prior years' assumption over the most recent three years.

Future benefit accruals

Those with average hours below 800 are assumed to average 800 hours prospectively. Those with average hours of at least 800 are assumed to maintain their average hours worked prospectively. The future benefit accruals were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and the actual benefit accruals over the most recent three years.

Unknown data for participants

Same as those exhibited by participants with similar known characteristics. If not specified, participants are assumed to be male.

Definition of active participants

Employees who worked at least 500 hours in the current year and had at least one full year of Creditable Employment.

Percent married

60%

Age of spouse

Spouses are assumed to be 3 years younger than participants.

Section 3: Certificate of Actuarial Valuation

Benefit election

Married participants are assumed to elect the 50% Joint and Survivor form of payment and non-married participants are assumed to elect the Straight Life form of payment.

The benefit elections were based on historical and current demographic data, adjusted to reflect the plan design and estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and the actual option election patterns over the most recent three years.

Delayed retirement factors

Inactive vested participants who are assumed to commence receipt of benefits after attaining normal retirement age qualify for delayed retirement increases.

Net investment return

6.50%

The net investment return assumption is a long-term estimate derived from historical data, current and recent market expectations, and professional judgment. As part of the analysis, a building block approach was used that reflects inflation expectations and anticipated risk premiums for each of the portfolio's asset classes as provided by Segal Marco Advisors, as well as the Plan's target asset allocation.

Annual administrative expenses

\$875,000 payable monthly for the year beginning October 1, 2024 (equivalent to \$845,795 payable at the beginning of the year).

Actuarial value of assets

Market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return and is recognized over the five-year period. Finally, an additional adjustment (if necessary) is made so that the final actuarial value of assets is within a 20% corridor of market value.

Section 3: Certificate of Actuarial Valuation

Actuarial cost method

Unit Credit Actuarial Cost Method. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by service.

This cost method develops the annual cost or expense of the Plan in two parts: that attributable to benefits accruing in the current year, known as the normal or service cost; and that due to service earned prior to the current year, known as the actuarial accrued or past service liability. Each of these components is calculated individually for each active employee.

The normal cost is the present value of the portion of projected benefits that is attributable to service accrued in the current year. The unfunded actuarial liability reflects the difference between the portion of projected benefits attributable to service credited prior to the valuation date and assets already accumulated. The unfunded actuarial liability is paid off in accordance with a specified amortization procedure.

Under the Unit Credit cost method, if actual plan experience is close to the assumptions, the normal cost will increase each year for each employee as he or she approaches retirement age. The total contribution is made up of the sum of the individual normal costs and the amortization payment on the unfunded actuarial liability.

Benefits valued

Unless otherwise indicated, includes all benefits summarized in Exhibit M.

Current liability assumptions

Interest: 3.85%, within the permissible range prescribed under IRC Section 431(c)(6)(E) *Mortality:* Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1(a)(1); Pri-2012 separate annuitant and non-annuitant healthy mortality tables (sex-specific) with generational projection using Scale 2024AdjustedMP2021 (previously, the RP-2014 employee and annuitant mortality tables, adjusted backward to the base year (2006) using scale MP-2014, projected forward generationally using scale MP-2021 was used).

Estimated rate of investment return

- On actuarial value of assets (Schedule MB, line 6g): 6.5%, for the Plan Year ending September 30, 2024
- On current (market) value of assets (Schedule MB, line 6h): 14.4%, for the Plan Year ending September 30, 2024

FSA contribution timing (Schedule MB, line 3a)

Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to an April 15 contribution date.

Section 3: Certificate of Actuarial Valuation

Actuarial models

Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are presented to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allow for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible actuary.

Justification for change in actuarial assumptions (Schedule MB, line 11)

For purposes of determining current liability, the current liability interest rate was changed due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirement of IRC Section 431(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.

Based on past experience and future expectations, the following actuarial assumptions were changed as of October 1, 2024:

- Administrative expenses, previously \$850,000.

**NEW ORLEANS EMPLOYERS – INTERNATIONAL LONGSHOREMEN’S
ASSOCIATION, AFL-CIO PENSION PLAN (“PLAN”)**

**REHABILITATION PLAN
ANNUAL UPDATE EFFECTIVE OCTOBER 1, 2024**

THIS AGREEMENT is made by the Board of Trustees (“Trustees”) of the Plan, pursuant to their annual review and update of the Rehabilitation Plan, in consultation with the Plan’s actuary. It is the current “Rehabilitation Plan” effective October 1, 2024, and replaces the Annual Update Effective October 1, 2023.

Introduction

The Pension Protection Act of 2006 (“PPA”), as amended by the Worker, Retiree, and Employer Recovery Act of 2008 (“WRERA”), requires the sponsor of a multiemployer pension plan, certified by the plan’s actuary to be in “Critical Status”, to develop a rehabilitation plan intended to enable the plan to cease being in Critical Status when the rehabilitation plan ends. The rehabilitation plan is to be based on reasonable anticipated experience and actuarial assumptions.

On December 27, 2008, the Plan was certified by its actuary to be in Critical Status for the plan year beginning October 1, 2008. On January 26, 2009, the Trustees notified the Participants; Beneficiaries; participating Local Unions of the International Longshoremen’s Association, AFL-CIO, namely the General Longshore Workers, Local 3000, New Orleans Clerks and Checkers Union, Local 1497, General Longshore Workers, Local 3033, and the Container Maintenance, Repair and Mechanics Union, Local 2036; the International Longshoremen’s Association, AFL-CIO; and all participating Employers, that the Plan is in Critical Status and of the possibility of a reduction of adjustable benefits and imposition of a surcharge on contributing Employers.

This Rehabilitation Plan is necessary to comport with Internal Revenue Code (“Code”) §432 to restore the financial health of the Plan and does the following:

1. Specifies the Rehabilitation Period and expected emergence from Critical Status based on a 13-year rehabilitation period elected by Trustees under WRERA §205;
2. Includes a Default Schedule and Preferred Schedule of benefit and contribution changes that will be provided to the bargaining parties as required by Code §432(e), one of which must be implemented as part of any collective bargaining agreement (“CBA”) or other written agreement, between a participating Local Union or the International Longshoremen’s Association, AFL-CIO and any participating employer, that is negotiated after the date of receipt by the bargaining parties;
3. Describes how an initial contribution schedule will automatically be implemented if there is no initial contribution schedule adopted by the bargaining parties in a timely manner, and how a subsequent contribution schedule will be implemented if the

bargaining parties fail to adopt a contribution schedule with terms consistent with an updated schedule in a timely manner, all in accordance with Code §432(e)(3)(C); and

4. Provides annual standards to meet the requirements of the Rehabilitation Plan and describes how the Rehabilitation Plan will be updated and amended.

The Trustees adopt this Rehabilitation Plan Annual Update, as required by Code §432(e)(3)(B), based on actuarial projections presented by the Plan's actuary.

Rehabilitation Period and Expected Emergence Date

The "Rehabilitation Period" is the 13-year period beginning October 1, 2010, pursuant to the Trustees' election in accordance with WRERA §205, with the Plan initially being projected to emerge from Critical Status by the beginning of the Plan Year beginning October 1, 2023, based on reasonable assumptions. The Plan is now projected to emerge from Critical Status on October 1, 2029, based on current reasonable assumptions and actuarial projections.

Default and Preferred Schedules

The Default Schedule, attached hereto as Attachment A and made a part of this Rehabilitation Plan, contains all permissible reductions in benefits and increases in contributions to emerge from critical status, effective for benefits that begin after October 1, 2009. The Preferred Schedule, attached hereto as Attachment B and made a part of this Rehabilitation Plan, contains similar but less severe reductions in benefits but includes higher contributions on a cumulative basis to emerge from Critical Status, effective for benefits that begin after October 1, 2009.

Automatic Implementation of Schedules

The schedule of benefit reductions and contribution rates provided by the Plan Sponsor and relied upon by the bargaining parties in negotiating a CBA shall remain in effect for the duration of the CBA unless the bargaining parties otherwise agree. If (i) any such CBA expires on or after the effective date of this Rehabilitation Plan and the Plan is still in Critical Status, and (ii) after receiving the then current updated schedule(s) from the Plan Sponsor, the bargaining parties fail to adopt a contribution schedule with terms consistent with the updated Rehabilitation Plan and schedule, the contribution schedule applicable under the expired CBA, as updated and in effect when the CBA expires, shall be implemented by the Plan Sponsor effective 180 days after expiration of the CBA. If the failure of the bargaining parties to agree relates to the initial adoption of the Default Schedule or Preferred Schedule or to an initial contribution schedule with terms consistent with the Rehabilitation Plan, then the Default Schedule shall be automatically implemented effective 180 days after expiration of the CBA. This paragraph is intended to comply with Code §432(e)(3)(C) and will be interpreted and applied in a manner consistent therewith.

Non-active Participants

- ***Retired Participants and their Beneficiaries and Alternate Payees***

- Participants who retire on or before October 1, 2009, are not affected by this Rehabilitation Plan (there is no change in their current benefits).
- Participants who terminate covered employment with an employer who has agreed to the schedules consistent with this Rehabilitation Plan shall have their benefits determined based on the schedule in such agreement or contract, provided their benefits begin after October 1, 2009.
- All other participants whose benefits begin after October 1, 2009, and before a new CBA or contract is negotiated, shall have their benefits prospectively determined based on the provisions of the Preferred Schedule.

- ***Inactive Vested Participants and their Beneficiaries and Alternate Payees***

- Participants who terminate covered employment after a new CBA or contract consistent with this Rehabilitation Plan is negotiated shall have their benefits determined based on the schedule in such CBA or contract, provided their benefits begin after October 1, 2009.
- All other participants who have terminated or will terminate covered employment and have vested rights to a pension (including those who may later retire on a reciprocal pension) shall have their benefits prospectively determined based on the provisions of the Preferred Schedule unless they retired on or before October 1, 2009.

Notwithstanding the above, all benefit reductions described in the Default Schedule will be implemented prospectively for inactive vested participants, retirees, beneficiaries, and alternate payees who first begin to receive benefits after October 1, 2009, if the Default Schedule is implemented for active participants in the bargaining unit. Participants who are included in more than one bargaining unit shall be subject to the provisions that apply to the bargaining unit for which the participant last worked in covered employment.

Annual Standards for Meeting Rehabilitation Requirements and Updating Rehabilitation Plan

On an annual basis and in conjunction with the actuarial valuation, the Plan's actuary will perform a projection to review and certify the Plan's status in accordance with Code §432(b)(3) and determine whether it is making scheduled progress toward attaining the goals of the Rehabilitation Plan. The Trustees will update and amend the Rehabilitation Plan accordingly.

Based on reasonable assumptions made during the initial year of Critical Status, the Plan was expected to emerge from Critical Status by the Plan Year beginning October 1, 2023. The Plan was reviewed each year thereafter based on updated actuarial projections, which continued to indicate it was meeting its annual standards and would emerge from Critical Status with varying dates later than initially projected. The Trustees performed their annual review of the Plan in 2024 and reviewed Preferred Schedule contributions for future years. They discussed current and projected man-hours, contribution rates, current and projected investment performance, and reasonable assumptions for actuarial projections. Based on those discussions, they agreed to make no changes to the Preferred Schedule except to provide for no contribution rate increase for the Plan Year beginning October 1, 2024. They further agreed the following assumptions are reasonable to update the Rehabilitation Plan: 624 active participants averaging 800 hours of work, with a total of 1,154,730 contribution hours at an average contribution rate of \$10.809 per hour. Since no employer is currently subject to the Default Schedule, the actuary was not requested to run projections to update it. Based on these assumptions and actuarial projections, the Plan is projected to remain solvent and to emerge from Critical Status on October 1, 2029.

The Trustees recognize the possibility that actuarial experience could be less favorable than the assumptions. Therefore, the Trustees establish the following annual standards to reflect possible actuarial losses while nevertheless keeping the Plan on target to emerge from Critical Status. The standards have been met for the year.

Determination for Year Beginning October 1:	Annual Standards for Credit Balance (Deficiency) Projected on September 30:*
2023	(\$100,000,000)
2024	(\$90,000,000)
2025	(\$90,000,000)
2026	(\$80,000,000)
2027	(\$70,000,000)
2028	(\$70,000,000)
2029	--
* Each year's projection will reflect only contribution increases scheduled to have taken effect up to that point.	

Operational Standards

Notwithstanding any provision to the contrary and for the purpose of complying with the restrictions set forth in Code §432(f)(2)(A) incorporated herein by reference, effective January 26, 2009, the Plan shall not make any payment exceeding the monthly amount paid under a single life annuity (plus any social security supplements) or any other amount specified by Treasury Regulations. Notwithstanding the foregoing, any benefit which under Code § 411(a)(11) may be immediately distributed without the participant's consent, any makeup

payment in the case of a retroactive annuity starting date, or any similar payment of benefits owed with respect to a prior period, may be distributed as permitted under Code §432(f)(2)(B).

Other Issues

Although bargaining agreements are negotiated for less than the full period needed to exit Critical Status, it is expected that future contract renewals will be consistent with the Default or Preferred Schedule as applicable. The Board of Trustees may adjust these schedules at any time during the period the Plan remains in Critical Status; however, any such changes will not affect bargaining agreements already in effect unless there is a reopener.

If the Default Schedule must be implemented, and then a Preferred Schedule is bargained as part of subsequent negotiations, the Trustees will develop a revised Rehabilitation Plan if and as needed to reflect such subsequent negotiations.

Benefit changes reflected in this Rehabilitation Plan will become effective as soon as legally permissible after this Rehabilitation Plan is adopted by the Trustees and the bargaining parties adopt a schedule or the default schedule is imposed.

Other Rehabilitation Actions By Trustees

The Trustees, in accordance with Code §432(e)(3)(B), shall annually update this Rehabilitation Plan, amending, revising, or changing same, solely in their discretion, based on information furnished by the Plan's actuary, and present it to the bargaining parties. Notwithstanding any other provision herein, the Trustees shall annually update any schedule of contribution rates to reflect the Plan's experience and present it to the bargaining parties. Notwithstanding subsequent changes in benefit and contribution schedules, a schedule of contribution rates provided by the Trustees and relied upon by the bargaining parties in negotiating a CBA or similar written agreement, shall remain in effect for the duration of the CBA or similar written agreement, unless the bargaining parties otherwise agree.

The Trustees shall amend this Rehabilitation Plan at any time as needed to comply with Code §432 or any final federal regulation or similar official ruling of general application that may be subsequently issued thereunder.

Good Faith Compliance

This Rehabilitation Plan is adopted by the Trustees in good faith compliance with a reasonable interpretation of the statutory requirements of Code §432, as amended by WRERA. The Trustees shall amend this Rehabilitation Plan should a subsequent interpretation of the statute by the Department of Treasury or Department of Labor conflict with the terms hereunder or deem amendment appropriate.

This Annual Update of the Rehabilitation Plan is executed on August 7, 2025, by the Chairman and Co-Chairman of the Board of Trustees as authorized.

DEFAULT SCHEDULE

Benefit Changes (After ERISA Section 204(h) Notice Is Issued)

- Reduce future accrual rate to \$0.0309, for plan years commencing on and after October 1, 2009, multiplied by the hours worked during the Plan Year after implementation of Schedule.
- Eliminate fully subsidized retirement with 30 years of creditable employment for participants who commence benefits after October 1, 2009.
- Eliminate subsidized early retirement for all participants who retire after October 1, 2009. The new early retirement factors for retirement are based on actuarial equivalence using the 1990 US Life Table for males with 8.00% interest and are attached in Exhibit A. The basis for actuarial equivalence shall be reviewed periodically and, if appropriate, updated.
- Eliminate disability benefits for all participants who become disabled after October 1, 2009.
- Eliminate the 30% and 20% supplemental benefit payable from retirement until age 62 for participants who begin benefits after October 1, 2009.
- Eliminate subsidies in the 50% joint and survivor benefit with spouse as beneficiary, both pre-retirement and post-retirement for participants who begin benefits after October 1, 2009. The new joint and survivor factors will be the same as are currently used for 50% joint and survivor benefits with non-spouse beneficiaries.
- Eliminate the pre-retirement lump sum estate death benefit to the extent it exceeds the amount that may be distributed without consent under Code §411(a)(11) effective January 26, 2009, which makes permanent the suspension of accelerated payments imposed when the notice of critical status was sent on January 26, 2009.

Effective Date

Effective on or after January 26, 2009, payment of all accelerated benefits restricted under Code §432(f)(2)(A) is prohibited. Benefit changes, reductions or adjustments under the Default Schedule applied to participants, beneficiaries, and alternate payees whose benefits begin after October 1, 2009, shall be effective on or after the date this Default Schedule is automatically implemented and effective.

Modifications to the contributions or benefit reductions of this Default Schedule may be made as warranted by experience or as mandated by law.

Employer contributions set forth under the Default Schedule shall apply to all contributions payable for all hours worked on or after the date of implementation of the Default Schedule.

The benefits of pensioners, surviving spouses and alternate payees who began to receive benefits on or before October 1, 2009, are not subject to reduction upon imposition of the Default Schedule except to the extent provided under the form of benefit elected, the terms of the Plan and/or to the extent permitted by law or regulation.

PREFERRED SCHEDULE

Benefit Changes

- Change unreduced retirement with 30 years of creditable employment to a 4% per year early retirement reduction for each year the participant is below age 62 for participants who begin benefits after October 1, 2009.
- Eliminate the 30% and 20% supplemental benefit payable from retirement until age 62 for participants who begin benefits after October 1, 2009.
- Eliminate subsidies in the pre-retirement 50% survivor benefit for terminated vested participants with spouse as beneficiary for benefits beginning after October 1, 2009. The new joint and survivor factors will be the same as are currently used for 50% joint and survivor benefits with non-spouse beneficiaries.
- Eliminate subsidies in the post-retirement 50% joint and survivor benefit for active and terminated vested participants with spouse as beneficiary for benefits beginning after October 1, 2009. The new joint and survivor factors will be the same as are currently used for 50% joint and survivor benefits with non-spouse beneficiaries.
- Eliminate the pre-retirement lump sum estate death benefit to the extent it exceeds the amount that may be distributed without consent under Code §411(a)(11) effective January 26, 2009, which makes permanent the suspension of accelerated payments imposed when the notice of critical status was sent on January 26, 2009.

October 1, 2029	3%	164% (16%)

Effective Date

Effective on or after January 26, 2009, payment of lump sum benefits restricted under Code §432(f)(2)(A) is prohibited. Any benefit changes, reductions or adjustments under the Preferred Schedule apply to participants, beneficiaries, and alternate payees beginning to receive benefits after October 1, 2009, effective on or after the date this Preferred Schedule is adopted.

Modifications to the contributions or benefit reductions of this Preferred Schedule may be made as warranted by experience or mandated by law.

The benefits of pensioners, surviving spouses, and alternate payees, who began to receive benefits on or before October 1, 2009, are not subject to the reduction of benefits as set forth under the Preferred Schedule.

In seriously endangered status? (Yes when BOTH (E1) and (E2) are Yes, unless (E3) is also Yes)		No
Neither critical status nor endangered status:		
Neither critical nor endangered status?		No

This certification also notifies the IRS that the Plan is making the scheduled progress in meeting the requirements of its rehabilitation plan, based on information received from the sponsor and based on the annual standards of the rehabilitation plan. The annual standards of the rehabilitation plan specify that the deficiency as of September 30, 2026 shall not exceed \$90,000,000. Since the projected funding deficiency is \$28,539,273, the annual standard for 2025 has been met.

Section 2: Actuarial Valuation Results

Withdrawal liability assumptions

- The actuarial assumptions and methods are reasonable (taking into account the experience of the Plan and reasonable expectations) and, in combination, represent the actuary's best estimate of anticipated experience under the Plan to determine the unfunded vested benefits for withdrawal liability purposes.
- The present value of vested benefits is based on a blend of two liability calculations:
 - The first calculation applies to benefits that could be settled immediately because assets on hand are sufficient to cover their market value. Since withdrawal liability is a final settlement of an employer's obligation to the Plan, the discount rates used are based on estimated annuity purchase rates. ERISA Sec. 4044 interest rates promulgated by the PBGC for multiemployer plans terminating by mass withdrawal on the measurement date are used as a proxy for annuity purchase rates.
 - The second calculation applies to benefits that cannot be settled immediately because they are not currently funded. This calculation uses the interest rate determined by the plan actuary for minimum funding, based on the expected return on current and future assets.

Assumption	Description
Interest	For liabilities up to market value of assets, the 4044 interest rates as specified in the PBGC yield curve published for September 30, 2024 (5.24% for 20 years and 4.58% beyond, in the prior year valuation). For liabilities in excess of market value of assets, same as used for plan funding as of September 30, 2024 (the corresponding funding rate as of a year earlier was used for the prior year's value)
Administrative Expenses	Calculated as per PBGC reg. 4044.52(d)
Mortality	Same as used for plan funding as of September 30, 2024 (the corresponding mortality rates as of a year earlier were used for the prior year's value)
Retirement Rates	Same as used for plan funding as of September 30, 2024 (the corresponding retirement rates as of a year earlier were used for the prior year's value)

Schedule R Update of Rehabilitation Plan

The Rehabilitation Plan was amended and updated October 1, 2025. The amended Rehabilitation Plan is attached. The section entitled Annual Standards for Meeting the Rehabilitation Requirements and Updating of Rehabilitation Plan was amended so that the Plan’s expected date of emergence from Critical Status is October 1, 2029, which is one year earlier than last year’s expected emergence date which was October 1, 2030. After October 1, 2012, the Trustees have determined that contribution rates will remain level through October 1, 2024, and then increase by 3% per year through October 1, 2029. Higher contribution rate increases at this time would adversely affect an already difficult labor market. Since much of the Plan’s liability constitutes inactive liability and projected assets, including scheduled increases in contributions, and show that the Plan is not insolvent, further benefit adjustments would be counterproductive for business reasons and workforce morale. The Trustees have further allocated all available contributions to fund the Plan. Reasonable long-term investment return expectations and industry assumptions selected by the Trustees indicate that the Plan will remain solvent and emerge from Critical Status on October 1, 2029. The Trustees continue to believe they have exhausted all reasonable measures, and that the current industry assumptions and long-term investment return expectations are reasonable.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
