INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Battelle Memorial Institute Medical Plan for BMI Retirees
Columbus, Ohio

Opinion

We have audited the financial statements of Battelle Memorial Institute Medical Plan for BMI Retirees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of September 30, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended September 30, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2025 and 2024, and the changes in net assets available for benefits for the year ended September 30, 2025 in accordance with the modified cash basis of accounting.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the

financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The accompanying financial statements (modified cash basis) present the net assets of the Battelle Memorial Institute ("Battelle" or BMI) Medical Plan for BMI Retirees (the "Plan") and changes therein. The net assets of the Plan are part of the Battelle Voluntary Employees' Beneficiary Association (VEBA) master trust ("Trust Fund") held by Northern Trust as of September 30, 2025 and 2024. The Trust Fund also holds assets of the Medical Plan for BMI Active Staff, the Dental Plan for BMI Active Staff, the Dental Plan for BMI Retirees, the BMI Employees' Long-term Disability Benefits Plan, and the Health Reimbursement Arrangement for Retired Staff of BMI.

During the plan year ended September 30, 2025, $2,113,108 of assets was transferred between VEBA subaccounts (from the Plan into Medical Plan for BMI Active Staff) to apply toward medical claims payable under the VEBA. There was no tax impact resulting from this asset transfer, due to Battelle's tax-exempt status.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On March 19, 2019, Battelle Memorial informed current employees of Battelle Corporate Operations and participating subsidiaries that the Battelle Memorial Institute Medical Plan for BMI Retirees and the Health Reimbursement Arrangement for Retired Staff of Battelle Memorial Institute (HRA) will be closed to new entrants after June 1, 2019, and that the last day of coverage under both plans will be December 31, 2020. Current retirees were notified of the December 31, 2020, last day coverage in a letter dated March 21, 2019. This does not apply to former employees of the Battelle Corporate Operations and participating subsidiaries that are eligible for this plan as a result of being a participant in the BCO Long-Term Disability Plan ("LTD Plan"). An individual that is a participant in both the Plan and the BCO LTD Plan is eligible to receive continued coverage under the plans referenced above after December 31, 2020, and prior to the earlier of the end date of participation in the BCO LTD Plan; the attainment of age 65; or a future date that the Plan is later terminated in its entirety, assuming all other eligibility criteria continue to be satisfied.

In June 2019, the VEBA Board of Trustees voted to transfer excess assets from the BCO LTD VEBA subaccount in the Master Trust to a new Master Trust subaccount of the Plan, specifically for the purpose of paying the eligible medical claims and reimbursements for the disabled participants as described above, and their eligible dependents.

The amendment, described above, does not affect the future and current retirees of PNNL.

General — This self-insured Plan provides health benefits (medical, hospital surgical, major medical, and prescription drug) to eligible retired participants and beneficiaries, who elect to participate, of the U.S. components and electing subsidiaries of Battelle. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Retirees must elect continuance of coverage, meet the age requirement of 55, and have completed 10 years of service.

Health Reimbursement Accounts - Non-bargaining Medicare-eligible retirees, dependent spouses, surviving spouses, and certain disabled participants, who meet the eligibility requirements, may enroll in the Health Reimbursement Arrangement for Retired Staff of Battelle Memorial Institute ("HRA Plan"). This plan provides Health Reimbursement Arrangements (HRAs) for Medicare-eligible retirees, dependent spouses, surviving spouses, and certain disabled participants. Retirees do not contribute to this plan. Retirees covered under this subcomponent plan can request reimbursement for certain medical expenses from their HRA.

The HRA's are administered under the HRA Plan, which is recognized as a separate welfare benefit plan under ERISA.

Through December 31, 2015, Medicare-eligible bargaining retirees who retired on or after April 1, 2013, as well as eligible dependent spouses, surviving spouses, and certain disabled participants were ineligible for the HRA Plan. Effective January 1, 2016, eligible bargaining retirees and spouses may also participate in this plan.

Of the total benefits paid during the fiscal year, $2,546,206 was contributed to the HRA Plan for benefits for retirees enrolled in the Health Reimbursement Arrangement for Retired Staff of Battelle Memorial Institute.

Benefits — The Plan provides coverage or reimbursement for eligible expenses for covered health services. The Plan includes a retail prescription provision, and a mail order prescription program provision. Benefits paid from the Plan were $4,148,846.

Contributions — The cost of the Plan is shared by the retirees and the employer on a basis determined by the employer based on the prior year's actual claims experience. Retiree participant monthly contributions for the 2025 calendar year were as follows:

Participants Retiring	2025 Retiree Contribution
(1) Columbus — Pre–65 Retirees	Not applicable
(2) PNNL — Pre–65 Retirees	Range from $560–$883 for single coverage; $1,121–$1,767 for retiree and spouse; $1,678–$2,001 for retiree and child(ren); $2,238–$2,884 for family coverage; $1,117 for dependent child(ren) coverage
(3) Columbus — Medicare-Eligible Retirees	Yearly Health Reimbursement Account funding provided
(4) PNNL — Medicare-Eligible Retirees	Yearly Health Reimbursement Account funding provided

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are summarized as follows:

Basis of Accounting — The financial statements were prepared on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis of accounting, the investments are carried at their approximate fair market value while contributions, benefits, and other payments are recorded when they are paid or received.

Contributions — Contributions are recognized when received.

Rebates and other additions — At times the Plan receives rebates or other additions. These additions are recognized when received.

Benefits — Benefits are recognized when paid by the Trust or by the Company.

Administrative Expenses — Administrative expenses are recognized when paid. Certain administrative expenses are paid directly by Battelle.

Claims Administration Agreement — Battelle (the "Plan sponsor") has contracts with Ameriben, Community Insurance Company dba Anthem Blue Cross Blue Shield and CVS Caremark under which they provide certain services, including, among other things, processing of claims.

Investment Valuation and Income Recognition — The Plan's investment in the Trust Fund is presented at fair value. A separate account for the Plan is maintained by Northern Trust. Interest and dividend income is recognized when received. Purchases and sales of securities are recorded on the settlement-date basis. Investment income/(loss) includes the unrealized appreciation and depreciation of investments, as well as gains and losses on investments bought and sold.

Use of Estimates — The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan has an interest in the Trust Fund which invests in one investment security, a money market fund. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

The actuarial present value of postretirement benefit obligations is reported based on certain assumptions pertaining to discount rate, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements (modified cash basis).

3. BATTELLE TRUST FUND

The Plan owns a divided interest in the investments held in the Trust Fund.

Interest, dividends, net gains (losses), and certain administrative expenses are recorded by Northern Trust in a separate account for the Plan within the Trust Fund.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of September 30, 2025:

	Plan's Interest in Master Trust Balances	Master Trust Balances
Money Market Fund	$ 40,951	$ 1,808,382
Total investments	40,951	1,808,382
Cash—non-interest bearing	89,862	1,510,155
Total investments and cash	$ 130,813	$ 3,318,537

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of September 30, 2024:

	Plan's Interest in Master Trust Balances	Master Trust Balances
Money Market Fund	$ 2,149,405	$ 3,859,880
Total investments	2,149,405	3,859,880
Cash—non-interest bearing	53,488	53,488
Total investments and cash	2,202,893	3,913,368
Less: amounts due for securities purchased	(71)	(1,135,965)
Total	$ 2,202,822	$ 2,777,403

Investment income for the Trust Fund for the year ended September 30, 2025, is as follows:

Dividends	$ 174,952
Net investment income	$ 174,952

4. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan or Trust Fund for an asset or paid by the Plan or Trust Fund to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 — Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 — Inputs are unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that the observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Money Market Fund — The fund operates as a government money market fund which is valued at the daily closing price as reported by the fund. The money market fund is deemed to be actively traded and is classified in Level 1 of the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Trust Fund's assets that were accounted for at fair value on a recurring basis as of September 30, 2025 and 2024. Financial assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and their placement within the fair value hierarchy levels.

2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Money Market Fund	$ 1,808,382	$ -	$ -	$ 1,808,382
Total investments	$ 1,808,382	$ -	$ -	$ 1,808,382

2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Money Market Fund	$ 3,859,880	$ -	$ -	$ 3,859,880
Total investments	$ 3,859,880	$ -	$ -	$ 3,859,880

5. BENEFIT OBLIGATIONS

The following information provides the Plan's benefit obligations for covered health services as of September 30, 2025 and 2024, and a summary of the changes in these benefit obligations for the year ended September 30, 2025.

The benefit obligations currently payable as of September 30, 2025 and 2024 are as follows:

	2025	2024
Amounts currently payable — claims payable and claims incurred but not reported	$ 455,909	$ 366,331

The changes in the benefit obligations currently payable for the year ended September 30, 2025, are:

Plan's total benefit obligations — beginning of year	$ 366,331
Claims incurred	4,162,294
Claims paid	(4,148,846)
Claims payable per invoices	76,130
Plan's total benefit obligations — end of year	$ 455,909

Where data are available, claims payable and claims incurred but not reported are determined by the Plan based on the actual claims paid following the Plan year-end for claims incurred during the Plan year. The remaining claims payable and claims incurred but not reported are estimated based on the prior year's actual claims experience. Claims incurred but not reported are estimated based on assumptions which are subject to change. Due to uncertainties inherent in the assumptions process, actual incurred but not reported claims could differ from these estimates.

Future claims will be funded through future VEBA assets, contractual payments, and (or) future employer contributions.

There are two separate postretirement benefit obligations populations, Columbus and PNNL.

The Columbus postretirement benefit obligations as of September 30, 2025 and 2024 are as follows:

	2025	2024
Columbus postretirement benefit obligations:		
Current retirees	$ 78,916	$ 87,109
Columbus total postretirement benefit obligations	$ 78,916	$ 87,109

Changes in the Columbus location's postretirement benefit obligations for the year ended September 30, 2025, are as follows:

Columbus postretirement benefit obligations:	
Balance — beginning of year	$ 87,109
Increase (Decrease) in postretirement benefits attributable to:	
Benefits earned and other changes	36,635
Increases due to passage of time	3,546
Claims reclassified to amounts currently payable	(49,560)
Participant contributions	8,292
Changes in actuarial assumptions and plan benefits[1]	(7,106)
Balance — end of year	$ 78,916

[1]Changes in per capita claims cost assumption offset by change in trend assumption and the discount rate decrease from 4.66% as of September 30, 2024 to 4.43% as of September 30, 2025.

Effect of 1% change in trend rates on accumulated postretirement benefit obligation at year end

	Plan year ending September 30, 2025
One-percentage point increase	1,664
One-percentage point decrease	(1,620)

In addition to the postretirement benefit obligation above, the Plan itself provides for a postretirement benefit obligation for PNNL. While this obligation is not contractually the responsibility of the Plan and its sponsor, Battelle, because it is provided for in the Plan, it is required to be disclosed. The Plan administers these benefits as required under Battelle's contract with the Department of Energy (DOE) to manage PNNL. The funding responsibility and the associated liabilities belong to the DOE. If Battelle's contract with DOE is terminated, the DOE is responsible for providing the funding of the obligation and assigning the structure and administration of the benefit plans for the PNNL participants. The PNNL postretirement obligations for the years ended September 30, 2025 and 2024, are as follows:

	2025	2024
PNNL postretirement benefit obligations:		
Current retirees	$ 4,613,312	$ 33,992,321
Other participants fully eligible for benefits	662,941	10,862,117
Participants not yet fully eligible for benefits	3,034,704	29,259,995
PNNL postretirement benefit obligations	$ 8,310,957	$ 74,114,433

Changes in the PNNL postretirement benefit obligations for the year ended September 30, 2025, are as follows:

PNNL postretirement benefit obligations:	
Balance — beginning of year	$ 74,114,433
Increase (Decrease) in postretirement benefits attributable to:	
Benefits earned and other changes	1,107,483
Increases due to passage of time	3,700,641
Claims reclassified to amounts currently payable	(6,740,675)
Participant contributions	2,226,042
Plan amendments[1]	(66,341,242)
Changes in actuarial assumptions and plan benefits[2]	244,275
PNNL postretirement benefit obligations — end of year	$ 8,310,957

[1]Pre-Medicare participants will no longer be employer subsidized for non-bargaining or bargaining employees, except employess on LTD over two years that are not Medicare-eligible will continue to get subsidized rates until they reach Medicare eligibility or their LTD ends.

[2]The discount rate increased from 5.15% as of September 30, 2024 to 5.49% as of September 30, 2025. The claims cost and retiree contributions (employer subsidy) were updated to reflect plan changes, updated plan enrollment, and experience. The health care cost trend rates were updated to reflect DOE guidance.

Effect of 1% change in trend rates on accumulated postretirement benefit obligation at year end:

	Plan year ending September 30, 2025
One-percentage point increase	317,274
One-percentage point decrease	(281,564)

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements (modified cash basis), reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefit obligations include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service. Prior to an active employee's full eligibility date, the postretirement benefit obligations represent the portion of the expected postretirement benefit obligations that is attributable to that employee's service rendered to the valuation date. The postretirement benefit obligations represent the amount that is to be funded by contributions and from existing Plan assets.

The actuarial present value of the expected postretirement benefit obligations is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims data in order to estimate future annual incurred claims costs per participant, with such estimates adjusted for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those of death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, as well as adjusted to reflect the portion of those costs expected to be borne by retired participants who are eligible for Medicare.

The reported values do not reflect any amount associated with any subsidy provided by the Medicare Prescription Drug Improvement and Modernization Act of 2003 (the "Act"). Any drug benefit resulting

from this Act will be used to decrease retirees' contributions and not the employer subsidy, thereby causing no net effect of the Act on the Plan.

Mortality table assumptions for the valuations as of September 30, 2025 and 2024 are as follows:

Healthy lives:
2025: Pri-2012 generational white collar separate annuitant and non-annuitant healthy mortality tables projected using scale MP-2021.
2024: Pri-2012 generational white collar separate annuitant and non-annuitant healthy mortality tables projected using scale MP-2021.

Disabled lives:
2025: Pri-2012 generational combined annuitant and non-annuitant disabled mortality tables projected using scale MP-2021.
2024: Pri-2012 generational combined annuitant and non-annuitant disabled mortality tables projected using scale MP-2021.

The other significant assumptions used in the valuation of postretirement benefit obligations as of September 30, 2025 and 2024, are as follows:

	2025	2024
Weighted-average discount rate Columbus	4.43%	4.66%
Weighted-average discount rate PNNL	5.49%	5.15%
Long term rate of return Columbus	3.25%	1.75%
Long term rate of return PNNL	N/A	N/A

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. Some administrative expenses of the Plan are paid directly by the Company. The Plan paid certain administrative fees to the trustee, third-party administrator, the auditor, and various investment managers which qualify as party-in-interest transactions.

Certain investments of the Trust Fund are shares of money market funds managed by Northern Trust. Northern Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although the employer has not expressed any intent to terminate the Plan, it may do so at any time upon adequate advance notice to participants. If the Plan is terminated, assets of the Plan, to the extent available, will be applied against claims. Any claims incurred prior to the date of termination that are unpaid upon the exhaustion of Trust Fund assets will be paid by the Plan sponsor.

8. TAX STATUS

The Trust Fund established under the Plan to hold the Plan's net assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) and, accordingly, the Trust Fund's business-related net investment income is exempt from income taxes. The Trust Fund has obtained an exemption letter dated June 25, 1975, from the Internal Revenue Service (IRS), and the Plan sponsor believes that the Trust Fund, as amended, continues to qualify and to operate in accordance with the applicable requirements of the IRC.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that as of September 30, 2025, there were no uncertain tax positions taken or expected to be taken that would require recognition as a liability or disclosure in the financial statements (modified cash basis).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

Plan management has performed an evaluation of subsequent events through July 15, 2026, which is the date the financial statements were available for issuance.

Effective January 1, 2026 (and as referred to in Note 5 above), the subsidy provided by Battelle is being eliminated for all retirees, including retirees who are bargaining employees at the time of retirement but excluding disabled retirees. The contribution rate for 2026 and beyond will be entirely paid by retirees.
