INDEPENDENT AUDITORS' REPORT

Plan Administrator
Alliance Compressors, LLC Retirement Plan
Sidney, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Alliance Compressors, LLC Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Alliance Compressors, LLC Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT - CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Alliance Compressors, LLC Retirement Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Alliance Compressors, LLC Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT - CONTINUED

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Alliance Compressors, LLC Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Alliance Compressors, LLC Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended September 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLIANCE COMPRESSORS, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Alliance Compressors, LLC Retirement Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a non-contributory defined benefit pension plan covering certain employees of Alliance Compressors, LLC (the "Company") who have an hour of service on or after May 1, 2006, when the Company spun off the Plan from the Emerson Electric Co. Retirement Plan. On and after May 1, 2006, each employee became a participant of the Plan as of the date he or she became a full-time employee. A person is considered a full-time employee in the year in which 1,000 or more hours of service have been worked and will continue until the employee's severance date. The Plan was closed to employees hired after January 1, 2016 and current employees not meeting combined age and years of service criteria ceased accruing benefits effective October 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - There are no employee contributions under the Plan. Contributions from the Company are subject to IRS limitations and are based upon actuarial calculations of normal cost. The Company satisfied the minimum funding requirements of ERISA.

Pension Benefits - Employees are vested when they complete five years of credited service and have completed an hour of service on or after May 1, 2006. Salaried employees with five years of vesting service are entitled to annual retirement benefits, beginning at the normal retirement age of 65, equal generally to the greater of:

- The sum of .95% of the average compensation up to the average Social Security wage base, plus 1.45% of the average compensation in excess of the average Social Security wage base multiplied by years of pension credited service (maximum of 35 years), or
- \$156 multiplied by years (and fractions thereof) of pension credited service (maximum of 35 years).

Such benefit shall be reduced by the benefits accrued as of April 30, 2006 under the Emerson Electric Co. Retirement Plan.

Hourly employees with five years of vesting service are entitled to annual retirement benefits, beginning at the normal retirement age of 65, equal generally to .85% of the employee's compensation for each Plan year in which he or she was a participant.

Participants who have attained age 55 and completed at least five years of service are eligible for early retirement. The accrued retirement benefit is reduced for early retirement.

Distributions - The normal form of distribution under the Plan is, if married, a 50% joint and survivor annuity, and, if single, a life annuity. Participants may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination (only if the present value of the benefit is \$7,000 or less), as a life annuity payable monthly from retirement, as a 10-year certain annuity payable monthly upon retirement and if the participant dies within 10 years after benefits commence, a continuing monthly payment to the beneficiary for the remainder of the 10-year period or as a social security income leveling option if retirement and distribution of benefits is prior to age 62. Participants may also elect to receive their pension benefits in the form of a joint and survivor annuity with applicable percentages of 50%, 66-2/3%, 75% or 100%.

ALLIANCE COMPRESSORS, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Death and Disability Benefits - Upon death of a vested participant, a death benefit shall be paid to the participant's spouse, as long as the participant and spouse had been married for at least 90 days at the time of death. The amount of the death benefit will equal the amounts which would have been payable as a survivor annuity under the qualified joint and survivor annuity under the Plan. Certain active employees who become totally disabled after completion of five years of service shall receive annual disability benefits that are equal to the normal retirement benefit they have accumulated at the time they become disabled minus any worker's compensation (except for lump-sum) payments received. Certain other participants receive pension credited service accrual for their period of disability.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - Administrative expenses are paid directly by the Plan to the extent not paid by the Company. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 13, 2026, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and the present employees or their beneficiaries. For salaried employees, benefits under the Plan are based on the monthly average of the highest five consecutive participants' annual compensation amounts during the last 10 calendar years before the participants' retirement. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (valuation date). For hourly employees, benefits are based on pension compensation for each year of credited service. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, withdrawal, retirement or disability) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of October 1, 2024 and 2023 are summarized as follows:

	October 1, 2024	October 1, 2023
ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS		
Vested benefits		
Participants receiving benefits	\$ 4,353,883	\$ 3,797,360
Participants with deferred benefits	4,674,625	3,456,386
Active employees	8,772,912	6,961,540
	17,801,420	14,215,286
Non-vested accumulated benefits	365,333	250,643
TOTAL ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS	\$ 18,166,753	\$ 14,465,929

ALLIANCE COMPRESSORS, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS - CONTINUED

The changes in actuarial present value of accumulated plan benefits for the years ending October 1, 2024 and 2023 were as follows:

	October 1, 2024	October 1, 2023
ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS AT BEGINNING OF YEAR	<u>\$ 14,465,929</u>	<u>\$ 14,022,642</u>
INCREASE (DECREASE) DURING THE YEAR ATTRIBUTED TO		
Benefits accumulated	626,768	653,640
Benefits paid	(369,462)	(329,247)
Decrease in discount period	913,858	822,940
Change in actuarial assumptions	2,310,663	(1,005,957)
Actuarial losses	218,997	199,613
Plan amendments	-	102,298
NET INCREASE	<u>3,700,824</u>	<u>443,287</u>
ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS AT END OF YEAR	<u>\$ 18,166,753</u>	<u>\$ 14,465,929</u>

The significant actuarial assumptions used in the valuations were as follows:

- Investment return at an average rate of 6.75% as of October 1, 2024 and 2023
- Discount rate of 5.18% and 6.13% as of October 1, 2024 and 2023
- Salary increase rate of 4.00% as of October 1, 2024 and 2023
- Life expectancy of participants, as of October 1, 2024 and 2023, based on Pri-2012 without collar, separate annuitant and non-annuitant, sex distinct table
- Normal retirement age of 65 for all participants

The net increase in the actuarial present value of accumulated plan benefits is the result of benefits paid, discounts for interest, changes in participant mix, actuarial experience gains and losses, changes in actuarial assumptions, and Plan amendments.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors will be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Cash and cash equivalents: Valued at cost plus any accrued interest.

Government and corporate bonds: Valued based on independent broker/dealer securities having similar durations, yields, and credit ratings.

Collective Trusts: Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no redemption restrictions or unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025:

	Level 1	Level 2	Level 3	NAV **	Total
Cash and cash equivalents	\$ 157,354	\$ -	\$ -	\$ -	\$ 157,354

Total assets at fair value	\$ 157,354	\$ 11,094,437	\$ -	\$ 11,228,404	\$ 22,480,195

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024:

	Level 1	Level 2	Level 3	NAV **	Total
Cash and cash equivalents	\$ 121,691	\$ -	\$ -	\$ -	\$ 121,691

Total assets at fair value	\$ 121,691	\$ 10,802,277	\$ -	\$ 11,011,248	\$ 21,935,216

** Certain investments that are measured at fair value using the net asset value (NAV) per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at September 30, 2025 and 2024, net appreciation in fair value of investments, and interest and dividends for the years 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust Company (the Trustee of the Plan).

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with Northern Trust Company. Thus Northern Trust Company, as Trustee defined by the Plan, qualifies as a party-in-interest. Fees paid by the Plan for Trustee services for the years 2025 and 2024 totaled \$14,459 and \$10,135.

CAPTRUST Financial Advisors ("CAPTRUST"), as the Plan's investment advisor, qualifies as a party-in-interest. Total fees reimbursed to the Company that were paid to CAPTRUST for the years 2025 and 2024 totaled \$37,537 and \$15,417.

Willis Towers Watson US, LLC ("WTW"), as the Plan's actuary, qualifies as a party-in-interest. Total fees paid to WTW for the years 2025 and 2024 totaled \$84,747 and \$70,640.

ALLIANCE COMPRESSORS, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - RELATED PARTY TRANSACTIONS - CONTINUED

Casualty Actuaries, as the Plan's Form 5500 preparer, qualifies as a party-in-interest. Total fees paid for 5500 preparation services for the years 2025 and 2024 totaled \$3,630 and \$3,300.

Brady, Ware & Schoenfeld, Inc., as auditor of the Plan, qualifies as a party in interest. Audit fees paid by the Plan for the years 2025 and 2024 totaled \$18,500 and \$5,000.

The Plan Sponsor also provides certain accounting, record keeping, and administrative services to the Plan, for which it receives no compensation.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that the Plan Administrator shall allocate the assets of the Plan in accordance with Title IV of ERISA.

Under ERISA, certain benefits would be guaranteed by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested, normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the Plan's termination, subject to a statutory ceiling on the amount of the individual's monthly benefit.

Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Reference should be made to the Plan document for further details.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on March 3, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (except as disclosed in Note 9). Therefore, no provision for income taxes has been included in the Plan's financial statements.

The compliance testing for the Plan year 2023 was underway, however, as described in Note 9, it has been determined that certain changes must be made to the Plan's design and corrective action taken prior to the Plan's testing for 2023 and beyond being finalized.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - VOLUNTARY CORRECTION PROGRAM

For the 2023 Plan year, compliance testing was initiated. Based upon this testing, it was determined that the reduction rate utilized for early retirements within a certain group of participants should be amended in order to ensure that the Plan would be in compliance with the benefits, rights and features test. As a result, the Plan was amended on May 17, 2024 with a retroactive date of October 1, 2022 to ensure that the rate reduction utilized was consistent for all participants.

In response to the operating failure, the Plan Sponsor is handling the correction in two steps: 1) retirements on or after October 1, 2022 have been updated through a self-correction process (4 retirees impacted), and 2) retirements prior to October 1, 2022 have been submitted for approval through the Voluntary Correction Program (17 retirees impacted). Under the Voluntary Correction Program ("VCP"), the Plan Sponsor intends to make lump-sum payments to each of the impacted retirees once a compliance statement is received. As of the date that these financial statements were available to be issued, the Plan has not yet received a compliance statement from the IRS relative to the VCP and lump sum payments have not been made. Subsequent to year end, a notice was received that required further actions under the VCP in order for the VCP to be accepted. The Plan Sponsor is still working to address the additional actions necessary for remediation and have identified 4 additional impacted retirees.

NOTE 10 - FUNDING POLICY

The Plan's funding policy is for the Company to contribute an amount that at a minimum would satisfy the minimum requirements of the Employee Retirement Income Security Act of 1974 (ERISA), and would be deductible under Section 404 of the Internal Revenue Code. Pension funding is actuarially determined by comparing the net actuarial value of assets with the funding target. The funding target is the present value of benefits accrued or earned as of the valuation date. The Plan has met ERISA's minimum funding requirements at October 1, 2024 and 2023.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2025 and 2024, there were no differences between the financial statements and the Form 5500.

Mortality:

Healthy Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).

Disabled Same as described above for Healthy Mortality.

Married: 90% of married participants are assumed to elect 50% Joint Survivor Annuity and the remaining 10% are assumed to elect the 10 years certain and continuous for Salaried employees and single life annuity for hourly employees.

Percent married

80%

Spouse age

Wife three years younger than husband.

Covered pay

October 1, 2023 to September 30, 2024 pensionable earnings projected by the Salary Increase Rate assumption to approximate pay for the October 1, 2024 plan year.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date

First day of plan year

Funding target

Present value of accrued benefits as required by regulations under IRC §430.

Target normal cost

Present value of benefits expected to accrue during the plan year as required by regulations under IRC §430.

Actuarial value of assets

Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 5.74% for the prior year and 5.92% for the second prior year (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing

rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

WTW has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware of any other significant benefits required to be valued that were not.

Sources of Data and Other Information

WTW used asset data supplied by the trustee. Copeland Corporation furnished participant data as of October 1, 2024. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale – Significant Economic Assumptions for Contributions

Discount rate

The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.

Plan-related expenses

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and generally currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates of increase in:

Compensation

Assumed compensation increases are based on a combination of assumed future (i) inflation, (ii) merit increases and (iii) promotional increases. As part of a review of assumptions in 2021, WTW reviewed Alliance Compressors, LLC's historical compensation increase experience, considered future expectations of inflation, as well as merit and promotional processes, and changing demographics of the plan.

Compensation rates differ by age because of observed differences in compensation increases by age.

We relied on the plan sponsor for the rate of compensation increase assumption, as the plan sponsor has access to pertinent information related to their business and is in a better position to set this assumption. However, we believe that the assumption chosen does not significantly conflict with what would be reasonable based on historical salary increase experience.

Assumptions Rationale – Significant Demographic Assumptions

Healthy mortality

For ASC 960, assumptions were selected by the plan sponsor and, as required by U.S. GAAP represents a best estimate of future experience. Assumptions used for funding purposes are as prescribed by IRC §430(h).

We believe the assumptions do not significantly conflict with what would be reasonable because they reflect recent experience, and are adjusted to reflect the plan sponsor's expectations regarding future mortality improvement.

Termination

Termination rates were based on actual plan experience through Fiscal 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed termination rates differ by age and service because of observed differences in termination rates by service.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Retirement

Retirement rates were based on actual plan experience through Fiscal 2021, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Retirement rates differ by age because of observed differences in retirement rates by age.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Source of Prescribed Methods

Funding methods The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law,” as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation The segment interest rates used to calculate the funding target and normal cost were updated from an applicable month of October 2023 to October 2024 as required by IRC §430.

The mortality table used to calculate the funding target was updated to reflect the latest mortality improvement scale as required by guidance issued by the IRS under IRC §430 and was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by the IRS under IRC §430.

The assumed plan-related expenses amount added to the normal cost was updated to reflect the amount expected to be paid during the plan year beginning October 1, 2024

Change in methods since prior valuation The mortality table used for disabled lives was changed from the alternative disabled life mortality tables as defined under Revenue Ruling 96-7 to the same table that is used for healthy lives.
