INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
W.K. & O./High Cascade 401(k) Plan
Carson, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of W.K. & O./High Cascade 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of W.K. & O./High Cascade 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of W.K. & O./High Cascade 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about W.K. & O./High Cascade 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of W.K. & O./High Cascade 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about W.K. & O./High Cascade 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

W.K. & O./HIGH CASCADE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following description of the W.K. & O./High Cascade ("Company") 401(k) Plan, ("Plan"), provides only general information. Reference should be made to the Plan agreement, as amended, for a more complete description of its provisions.

GENERAL. The Plan was established January 1, 1991, and is a defined contribution 401(k) plan covering substantially all employees of the Company and Company affiliates which have more than three months of service and are age eighteen or older. The Plan's trustees manage the operation and administration of the plan. The Principal Financial Group serves as trustee, custodian, agent of the Plan and Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

PLAN AMENDMENT. Effective January 1, 2025, the Plan was amended to increase the matching provision to 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Effective April 1, 2025, The Plan was amended and restated to include the employees of Columbia Gorge Marine, LLC.

CONTRIBUTIONS. Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation, and which the Company has then contributed to the Plan on behalf of the participants. Participants may contribute a percent of current compensation as defined in the Plan, subject to certain limitations. Effective January 1, 2015, the Company adopted a Section 401(k) safe harbor design for the Plan which means that the Plan automatically complies with the nondiscrimination requirements of Section 401 of the IRC. Through December 31, 2024, the Company provided for a fully vested 100% matching contribution for the first 3% of eligible compensation plus 50% of the next 2% of eligible compensation that a participant contributed to the Plan. Effective January 1, 2025, the Company provided for a fully vested 100% matching contribution for the first 6% of eligible compensation that a participant contributes to the Plan.

PARTICIPANT ACCOUNTS. Each participant's account is credited with the participant's contributions and an allocation of the Company's matching contributions and investment earnings. Participant's accounts are reduced by plan expenses and distributions made to the participant or designated beneficiary. Allocations are based upon employee compensation, investment earnings or percentage of ownership in account balances as defined by the Plan's provisions.

VESTING. Participants are fully vested in their elective, rollover and safe harbor matching contributions plus earnings thereon.

INVESTMENT OPTIONS. Upon enrollment, a participant may direct employee and employer contributions to certain investment accounts selected by the Trustees and as permitted by the Plan's provisions.

PAYMENT OF BENEFITS. Normal retirement under the Plan is age 60. The Plan permits early retirement at age 55 with three years of service. Participants are entitled to receive their vested account balance in a lump sum payment. Death benefits are paid to the designated beneficiary of the participant.

Upon termination of service a participant may elect to receive a lump-sum amount equal to the participant's vested account balance or roll their account balance to another company's qualified plan or IRA (if the balance exceeds \$5,000). At December 31, 2025 and 2024, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan, but had not been paid.

1. DESCRIPTION OF PLAN - Continued

HARDSHIP WITHDRAWALS. Pre-retirement distributions of elective deferrals are available on a hardship basis. These distributions are limited to the specific financial need and are available only after utilizing all other distribution and loan options available under the Plan's provisions. They must be approved by the employer and administered on a nondiscriminatory basis.

NOTES RECEIVABLE FROM PARTICIPANTS. Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment fund and participant loan fund. Loans must be repaid within five years, unless the purpose of such a loan is to acquire a dwelling unit to be used as the principal residence by the participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates plus 1% as determined annually by the administrative committee. Rates currently range from 4.25% to 9.50%. Principal and interest are paid ratable through semi-monthly payroll deductions. Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan employs accounting policies generally accepted in the United States of America. The Financial Accounting Standards Board ("FASB") has issued guidance which establishes the FASB Accounting Standards Codification (the "Codification" or "FASB ASC") as the source of authoritative accounting principles recognized by the FASB to be applied to nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America.

BASIS OF ACCOUNTING. The accompanying financial statements have been prepared on the accrual basis of accounting.

USE OF ESTIMATES. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

RISKS AND UNCERTAINTIES. The Plan provides for investment options in mutual funds, a stable value fund, a fixed income guaranteed option, and collective investment funds which invest in portfolios of investment securities through Principal Financial Group, the trustee and custodian of the Plan assets. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

From time to time, investments may include securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan has implemented the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC 740, *Income Taxes*. Using that guidance, the Plan does not believe it has any uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of December 31, 2025 and 2024.

SUBSEQUENT EVENTS. The Plan has evaluated subsequent events through June 17, 2026, the date that the financial statements were available for issue.

3. FAIR VALUE MEASUREMENTS AND DISCLOSURES

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 for financial assets and financial liabilities are described below:

Level 1	Values are based on quoted prices in active markets for identical securities.
Level 2	Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.
Level 3	Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs may reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial assets or financial liability.

Pursuant to FASB ASC 820, fair value is a market-based measure, considered from the perspective of a market participant who owns an asset or owes a liability. Accordingly, when market observable data is not readily available, assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Prices and inputs are used that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe the prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

W.K. & O./HIGH CASCADE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

3. FAIR VALUE MEASUREMENTS AND DISCLOSURES - Continued

The following is a summary of the inputs used, as of December 31, 2025 and 2024, involving the Plan's financial assets and liabilities carried at fair value. The inputs or methodologies used for valuing investments may not be an indication of the risk associated with investing in those securities.

VALUATION OF INVESTMENTS - MUTUAL FUNDS. Investments in mutual funds are carried at fair value which is the net asset value per unit of each mutual fund multiplied by the number of units owned. The value of each unit is computed by the mutual fund company on the last business day of the plan year, based on quoted market prices of the underlying securities, bonds and other financial instruments owned by each fund.

VALUE OF INVESTMENTS - COLLECTIVE INVESTMENT FUNDS. Investments in collective investment funds are carried at fair value which is the net asset value per unit of each trust multiplied by the number of units owned. The value of each unit is computed by the trust company on the last business day of the plan year, based on quoted market prices of the underlying securities, bonds and other financial instruments owned by each trust divided by the total number of units outstanding in the trust.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	10,994,023			10,994,023
Collective investment funds	13,557,731			13,557,731
Total investments, at fair value	\$24,551,754	\$-0-	\$-0-	\$24,551,754

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	9,715,748			9,715,748
Collective investment funds	11,506,916			11,506,916
Total investments, at fair value	\$21,222,664	\$-0-	\$-0-	\$21,222,664

4. CONTRACT VALUE MEASUREMENT AND DISCLOSURES

As of December 31, 2025, the Plan maintained one stable value fund related investment option and one fixed income guaranteed option, both issued by The Principal Financial Group. The accounts are credited with contributions by the employer and employees and earnings on the underlying investments and are charged for participant withdrawals and administrative expenses. The stable value fund and fixed income guaranteed option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2025 and 2024, the contract value of the stable value fund in the Principal account were \$3,856,399 and \$4,274,980, respectively. As of December 31, 2025 and 2024, the contract value of the fixed income guaranteed option in the Principal account were \$19,338 and \$-0-, respectively.

Because the stable value fund and fixed income guaranteed option are fully benefit-responsive, contract value is the relevant measurement attribute for the portions of the net assets available for benefits attributable to the funds. The stable value fund and fixed income guaranteed option are presented at contract value on the face of the statement of net assets available for benefits. Contract value, as reported to the plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but the minimum gross rate may not be less than 1.5 percent. Such interest rates are reviewed every six months for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the plan's normal operations; (4) the failure of the plan to qualify under 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax exempt under Section 501(a) of the IRC; or (5) premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreements without the consent of the issuer.

5. INFORMATION CERTIFIED BY CUSTODIAN OF THE PLAN

The following summary of unaudited information regarding the Plan and included in the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year) was certified by the custodian of the Plan, Principal Trust Company, as of December 31, 2025 and 2024. The information was furnished to the Plan Administrator and the Plan Administrator has obtained certification from the custodian that such information is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

6. NOTES RECEIVABLE FROM PARTICIPANTS

	<u>2025</u>	<u>2024</u>
Notes receivable from participants consist of notes from participants, secured by account balances, due in monthly installments with varying terms from five to fifteen years from date of issuance, including interest at 4.25% to 9.50% per annum and includes accrued/unpaid interest of \$203 at December 31, 2025 and \$68 at December 31, 2024	<u>\$214,261</u>	<u>\$253,742</u>

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. INCOME TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan has been amended to meet the requirements of certain changes to the law; therefore, the plan administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

9. RELATED PARTY TRANSACTIONS/PARTY-IN-INTEREST TRANSACTIONS

Principal Financial Group, Cable Hill LLC (through May 1, 2025), and Coldstream Capital Management (as of May 1, 2025) perform various services for the Plan and receive fees associated with these services which are included in plan expenses. These fees qualify as party-in-interest transactions totaling \$101,039 and \$95,921 at December 31, 2025 and 2024, respectively.

Certain Plan investments are shares of investments managed by affiliates of the Plan's custodian, trustee and TPA, Principal Trust Group; therefore, these transactions qualify as party-in-interest transactions.

10. RECONCILIATION TO FORM 5500

From time to time the classification of certain financial information will differ between the financial statements and the Form 5500. These differences relate to the classification only and have no effect upon net assets available for benefits of either period.
