Independent Auditor's Report

To the Plan Administrator
FoodPRO Corporation 401(k) Plan
Frederick, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of FoodPRO Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2025, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of FoodPRO Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of FoodPRO Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodPRO Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FoodPRO Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodPRO Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplementary Schedule Required by ERISA

The supplementary schedule on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedule, other than the information in the Supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of FoodPRO Corporation 401(k) Plan as of September 30, 2024, were audited by McLean, Koehler, Sparks & Hammond, who merged with Hill, Barth & King LLC as of December 1, 2025 and whose report dated July 11, 2025, expressed an unmodified opinion in accordance with ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FoodPRO Corporation 401 (k) Plan

Notes to Financial Statements

For the years ended September 30, 2025 and 2024

1. Description of Plan

The following is a description of the FoodPRO Corporation (the “Company” and “Plan Sponsor”) 401(k) Plan (the “Plan”) that provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The FoodPRO Corporation 401(k) Plan is a defined contribution salary deferral pension plan which provides an individual account for each participant and provides benefits upon retirement that are based on amounts contributed by the employer and employee, plus earnings on those contributions, less any Plan administrative expenses. The Plan was established on January 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan covers all employees of FoodPRO Corporation, except non-resident alien employees who have no earned income from sources within the United States. An employee becomes eligible to contribute employee contributions after reaching 18 years of age. Once this requirement is met, employees are immediately eligible to begin participating in the Plan and receive employer matching contributions.

Effective July 1, 2022, eligible employees are automatically enrolled in the Plan in a target date fund based upon the projected retirement date of the employee with a default deferral of 5% of eligible compensation. The automatic deferral percentage remains at 5% indefinitely until the participant elects to change it.

Contributions

Eligible participants may defer up to 100% of their eligible compensation, not to exceed the limits of Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415 of \$23,500 and \$23,000 for calendar years 2025 and 2024, respectively. The Plan also allows for rollover of amounts from other qualified defined contribution and benefit plans by participants.

The Company contributes matching contributions in order to maintain the “safe harbor” status of the Plan. The safe harbor matching contributions are equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The Company is allowed to make profit sharing contributions to the Plan.

All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions of \$7,500 for the calendar year 2024, under IRC Sections 401 (a)(30), 402(g), and 414(v). For calendar year 2025, the catch-up contribution limit under IRC § 414(v) is \$7,500 for eligible participants age 50 or older, except that participants who attain ages 60 through 63 during 2025 are eligible for an increased catch-up contribution limit of \$11,250.

FoodPRO Corporation 401 (k) Plan

Notes to Financial Statements

For the years ended September 30, 2025 and 2024

1. Description of Plan (continued)

Contributions (continued)

Participant and Company contributions are directed by the participant into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching and discretionary contributions, and Plan earnings, forfeitures, less any administrative expenses. Allocations are based on participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can redirect their investments at any time to any of the available funds in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Discretionary profit sharing contributions are subject to a 20% per year vesting schedule based upon the participants' years of service. A participant begins vesting after 2 years of service and will become 100% vested after being credited with six or more years of service. If a participant is hired after July 1, 2017, they receive vesting credit based on the elapsed time method. Under the elapsed time method, only a participant's whole years of service are counted to compute years of service for vesting purposes. Participants that were hired before July 1, 2017 receive vesting credit under the general method. Under the general method, participants are granted a year of service if they earn at least 1,000 hours of service in a Plan Year. Any discretionary profit sharing contributions which are not vested, are forfeited upon termination. If a participant is re-employed prior to incurring five consecutive one year breaks in service, and such participant repays the amount of any distribution from their account paid to them, the amount forfeited will be restored to their account. Notwithstanding the above, a participant shall be fully vested in their entire account upon attainment of age 65, upon their death, or upon total and permanent disability prior to termination or retirement.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years; however, this limit can be extended to ten years if the loan is used by the participant for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate deemed reasonable by the Plan administrator. The interest rate on current outstanding loans ranges from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service, death, disability, or retirement at age 65, a lump sum of the participants' vested account balance will be distributed to the participant or beneficiary.

Involuntary distributions can be made by the Company if the vested balance is greater than \$1,000 and less than \$5,000.

A terminated or retired participant may elect to receive payment from their account soon after it is valued or postpone payment until a later date. If payment is postponed, the account will continue to share in investment earnings. However, payment must start on April 1 of the year following the year the participant reaches 73 years of age, unless they are still working. Hardship withdrawals are permitted if certain criteria are met.

Upon the death of a participant before retirement or termination of employment, the current balance of such participant's individual account shall become payable as of the valuation date coincident with or next following his or her death.

Forfeited Accounts

At September 30, 2025 and 2024, forfeited non-vested accounts totaled \$89,393 and \$101,311, respectively. The balance of any forfeiture account is used to reduce employer matching contributions, reallocated to eligible participants as additional Company contributions or to pay for administrative expenses. During 2025, the Plan's third-party administrator identified and corrected prior recordkeeping errors affecting the forfeiture account. The correction reduced the forfeiture account by approximately \$39,000 and was recorded as an adjustment to participant/forfeiture account balances. This adjustment did not represent a use of forfeitures to reduce employer contributions, pay plan expenses, or reallocate forfeitures under the Plan document.

Setting Every Community Up for Retirement Enhancement Act 2.0

The Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act") was enacted on December 29, 2022. The SECURE Act 2.0 includes retirement-related provisions which directly impact the 401(k) Plan. The provisions of the SECURE Act 2.0 may be effective and operational immediately (i.e., prior to amending the Plan document). The Plan has adopted certain measures included in the SECURE Act 2.0 as follows:

- Increased RMD age from 72 to 73 for participants reaching age 72 after December 31, 2022
- Elimination of the pre-death RMDs for designated Roth accounts within the plan
- Application of top heavy rules to defined contribution plans covering excludable employees

The timing and manner for formal Plan amendments, as determined by the SECURE Act 2.0, is December 31, 2026, because the IRS guidance sets a fixed deadline regardless of plan year.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

In accordance with generally accepted accounting principles, the Plan has adopted the provisions which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the closing price reported in the active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in mutual funds and money market funds. Such investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Plan assets are not FDIC insured.

Plan Expenses

Personnel within the Company's organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included in Plan expenses. Certain expenses for the audit and certain outside administration services and trustee fees are paid directly by the Company. Administrative expenses presented on the Statement of Changes in Net Assets Available for Benefits include advisor and recordkeeper fees.

2. Significant Accounting Policies (continued)

Funding Policy

Contributions are funded as accrued.

Payment of Benefits

Benefit payments are recorded when paid.

3. Fair Value Measurements

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at September 30:

2025

	Fair Value	Level 1	Level 2	Level 3
Money market funds	\$ 89,554	\$ 89,554	\$ -	\$ -
Mutual funds	12,873,570	12,873,570	-	-
Total investments at fair value	<u>\$12,963,124</u>	<u>\$ 12,963,124</u>	<u>\$ -</u>	<u>\$ -</u>

2024

	Fair Value	Level 1	Level 2	Level 3
Money market funds	\$ 101,458	\$ 101,458	\$ -	\$ -
Mutual funds	11,538,306	11,538,306	-	-
Total investments at fair value	<u>\$11,639,764</u>	<u>\$ 11,639,764</u>	<u>\$ -</u>	<u>\$ -</u>

The fair value of the above investments is equal to its carrying value.

4. Certified Information

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at September 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, interest income from loans receivable from participants for the year ended September 30, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

FoodPRO Corporation 401 (k) Plan

Notes to Financial Statements

For the years ended September 30, 2025 and 2024

5. Related Party Transactions

Certain Plan investments at September 30, 2025 and 2024 are mutual funds held by the custodian, Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees for asset management services are paid by the Plan and/or the Plan Sponsor. Administrative expenses were paid for advisor services to Chapin Davis totaling \$35,873, and recordkeeper services were paid to Fidelity Management Trust Company totaling \$26,642, for the year ended September 30, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

Effective July 1, 2017, the Plan Administrator adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Company. The prototype plan received an opinion letter from the Internal Revenue Service, dated March 31, 2014, which stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan and preapproved plan document have been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of contributions and net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended September 30, 2025:

	<u>Employer</u>	<u>Participant</u>
Contributions per the financial statements	\$ 428,673	\$ 694,437
Plus: prior year employer contributions receivable	<u>228,495</u>	<u>-</u>
Contributions per Form 5500	<u>\$ 657,168</u>	<u>\$ 694,437</u>
Net change in net assets available for benefits per the financial statements	\$ 1,054,113	
Plus: prior year employer contributions receivable	<u>228,495</u>	
Increase in net assets available for benefits per Form 5500	<u>\$ 1,282,608</u>	

9. Subsequent Events

Subsequent events have been evaluated through July 15, 2026, the date the financial statements were available to be issued. There were no subsequent events requiring disclosure.

Independent Auditor's Report

To the Plan Administrator
FoodPRO Corporation 401(k) Plan
Frederick, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of FoodPRO Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2025, and the related statement of changes in net assets available for benefits for the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of FoodPRO Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of FoodPRO Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodPRO Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FoodPRO Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodPRO Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplementary Schedule Required by ERISA

The supplementary schedule on page 16 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedule, other than the information in the Supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of FoodPRO Corporation 401(k) Plan as of September 30, 2024, were audited by McLean, Koehler, Sparks & Hammond, who merged with Hill, Barth & King LLC as of December 1, 2025 and whose report dated July 11, 2025, expressed an unmodified opinion in accordance with ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FoodPRO Corporation 401 (k) Plan

Notes to Financial Statements

For the years ended September 30, 2025 and 2024

1. Description of Plan

The following is a description of the FoodPRO Corporation (the “Company” and “Plan Sponsor”) 401(k) Plan (the “Plan”) that provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The FoodPRO Corporation 401(k) Plan is a defined contribution salary deferral pension plan which provides an individual account for each participant and provides benefits upon retirement that are based on amounts contributed by the employer and employee, plus earnings on those contributions, less any Plan administrative expenses. The Plan was established on January 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan covers all employees of FoodPRO Corporation, except non-resident alien employees who have no earned income from sources within the United States. An employee becomes eligible to contribute employee contributions after reaching 18 years of age. Once this requirement is met, employees are immediately eligible to begin participating in the Plan and receive employer matching contributions.

Effective July 1, 2022, eligible employees are automatically enrolled in the Plan in a target date fund based upon the projected retirement date of the employee with a default deferral of 5% of eligible compensation. The automatic deferral percentage remains at 5% indefinitely until the participant elects to change it.

Contributions

Eligible participants may defer up to 100% of their eligible compensation, not to exceed the limits of Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415 of \$23,500 and \$23,000 for calendar years 2025 and 2024, respectively. The Plan also allows for rollover of amounts from other qualified defined contribution and benefit plans by participants.

The Company contributes matching contributions in order to maintain the “safe harbor” status of the Plan. The safe harbor matching contributions are equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The Company is allowed to make profit sharing contributions to the Plan.

All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions of \$7,500 for the calendar year 2024, under IRC Sections 401 (a)(30), 402(g), and 414(v). For calendar year 2025, the catch-up contribution limit under IRC § 414(v) is \$7,500 for eligible participants age 50 or older, except that participants who attain ages 60 through 63 during 2025 are eligible for an increased catch-up contribution limit of \$11,250.

FoodPRO Corporation 401 (k) Plan

Notes to Financial Statements

For the years ended September 30, 2025 and 2024

1. Description of Plan (continued)

Contributions (continued)

Participant and Company contributions are directed by the participant into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching and discretionary contributions, and Plan earnings, forfeitures, less any administrative expenses. Allocations are based on participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can redirect their investments at any time to any of the available funds in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Discretionary profit sharing contributions are subject to a 20% per year vesting schedule based upon the participants' years of service. A participant begins vesting after 2 years of service and will become 100% vested after being credited with six or more years of service. If a participant is hired after July 1, 2017, they receive vesting credit based on the elapsed time method. Under the elapsed time method, only a participant's whole years of service are counted to compute years of service for vesting purposes. Participants that were hired before July 1, 2017 receive vesting credit under the general method. Under the general method, participants are granted a year of service if they earn at least 1,000 hours of service in a Plan Year. Any discretionary profit sharing contributions which are not vested, are forfeited upon termination. If a participant is re-employed prior to incurring five consecutive one year breaks in service, and such participant repays the amount of any distribution from their account paid to them, the amount forfeited will be restored to their account. Notwithstanding the above, a participant shall be fully vested in their entire account upon attainment of age 65, upon their death, or upon total and permanent disability prior to termination or retirement.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years; however, this limit can be extended to ten years if the loan is used by the participant for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate deemed reasonable by the Plan administrator. The interest rate on current outstanding loans ranges from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, death, disability, or retirement at age 65, a lump sum of the participants' vested account balance will be distributed to the participant or beneficiary.

Involuntary distributions can be made by the Company if the vested balance is greater than \$1,000 and less than \$5,000.

A terminated or retired participant may elect to receive payment from their account soon after it is valued or postpone payment until a later date. If payment is postponed, the account will continue to share in investment earnings. However, payment must start on April 1 of the year following the year the participant reaches 73 years of age, unless they are still working. Hardship withdrawals are permitted if certain criteria are met.

Upon the death of a participant before retirement or termination of employment, the current balance of such participant's individual account shall become payable as of the valuation date coincident with or next following his or her death.

Forfeited Accounts

At September 30, 2025 and 2024, forfeited non-vested accounts totaled \$89,393 and \$101,311, respectively. The balance of any forfeiture account is used to reduce employer matching contributions, reallocated to eligible participants as additional Company contributions or to pay for administrative expenses. During 2025, the Plan's third-party administrator identified and corrected prior recordkeeping errors affecting the forfeiture account. The correction reduced the forfeiture account by approximately \$39,000 and was recorded as an adjustment to participant/forfeiture account balances. This adjustment did not represent a use of forfeitures to reduce employer contributions, pay plan expenses, or reallocate forfeitures under the Plan document.

Setting Every Community Up for Retirement Enhancement Act 2.0

The Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act") was enacted on December 29, 2022. The SECURE Act 2.0 includes retirement-related provisions which directly impact the 401(k) Plan. The provisions of the SECURE Act 2.0 may be effective and operational immediately (i.e., prior to amending the Plan document). The Plan has adopted certain measures included in the SECURE Act 2.0 as follows:

- Increased RMD age from 72 to 73 for participants reaching age 72 after December 31, 2022
- Elimination of the pre-death RMDs for designated Roth accounts within the plan
- Application of top heavy rules to defined contribution plans covering excludable employees

The timing and manner for formal Plan amendments, as determined by the SECURE Act 2.0, is December 31, 2026, because the IRS guidance sets a fixed deadline regardless of plan year.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

In accordance with generally accepted accounting principles, the Plan has adopted the provisions which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the closing price reported in the active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in mutual funds and money market funds. Such investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Plan assets are not FDIC insured.

Plan Expenses

Personnel within the Company's organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included in Plan expenses. Certain expenses for the audit and certain outside administration services and trustee fees are paid directly by the Company. Administrative expenses presented on the Statement of Changes in Net Assets Available for Benefits include advisor and recordkeeper fees.

Payment of Benefits

Benefit payments are recorded when paid.

3. Fair Value Measurements

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at September 30:

2025

	Fair Value	Level 1	Level 2	Level 3
Money market funds	\$ 89,554	\$ 89,554	\$ -	\$ -
Mutual funds	12,873,570	12,873,570	-	-
Total investments at fair value	<u>\$12,963,124</u>	<u>\$ 12,963,124</u>	<u>\$ -</u>	<u>\$ -</u>

2024

	Fair Value	Level 1	Level 2	Level 3
Money market funds	\$ 101,458	\$ 101,458	\$ -	\$ -
Mutual funds	11,538,306	11,538,306	-	-
Total investments at fair value	<u>\$11,639,764</u>	<u>\$ 11,639,764</u>	<u>\$ -</u>	<u>\$ -</u>

The fair value of the above investments is equal to its carrying value.

4. Certified Information

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at September 30, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, interest income from loans receivable from participants for the year ended September 30, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

5. Related Party Transactions

Certain Plan investments at September 30, 2025 and 2024 are mutual funds held by the custodian, Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees for asset management services are paid by the Plan and/or the Plan Sponsor. Administrative expenses were paid for advisor services to Chapin Davis totaling \$35,873, and recordkeeper services were paid to Fidelity Management Trust Company totaling \$26,642, for the year ended September 30, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

Effective July 1, 2017, the Plan Administrator adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Company. The prototype plan received an opinion letter from the Internal Revenue Service, dated March 31, 2014, which stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan and preapproved plan document have been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.
