Juniper Networks, Inc. 401(k) Plan

Report on the Audit of the Financial Statements in liquidation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements in liquidation of Juniper Networks, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements in liquidation comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements in liquidation.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Juniper Networks, Inc. 401(k) Plan's financial statements in liquidation performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements in liquidation, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements in liquidation section:

- the amounts and disclosures in the accompanying financial statements in liquidation, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements in liquidation related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements in liquidation section of our report. We are required to be independent of Juniper Networks, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further described in Note 1 to the financial statements in liquidation, on July 1, 2025, the Board of Directors of Juniper Networks, Inc. approved the termination of the Juniper Networks, Inc. 401(k) Plan, effective as of the closing of the merger with Hewlett Packard Enterprise Company. The accompanying financial statements as of December 31, 2025 and 2024, have been prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements in liquidation

Management is responsible for the preparation and fair presentation of the financial statements in liquidation in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements in liquidation that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements in liquidation.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements in liquidation are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements in liquidation

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements in liquidation as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements in liquidation.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements in liquidation, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements in liquidation.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Juniper Networks, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements in liquidation.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements in liquidation, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements in liquidation as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements in liquidation but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements in liquidation. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements in liquidation and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements in liquidation or to the financial statements in liquidation themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Juniper Networks, Inc. 401(k) Plan Notes to Financial Statements in Liquidation

Note 1 – The Plan and its Significant Accounting Policies

General – The following description of the Juniper Networks, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1996 by Juniper Networks, Inc. (the Company), to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan termination – On January 10, 2024, Juniper Networks, Inc. (Juniper Networks) and Hewlett Packard Enterprise Company (HPE) announced the signing of a definitive merger agreement (Merger Agreement). The merger was completed on July 2, 2025.

Per the terms of the Merger Agreement, the Juniper Networks Board of Directors adopted a resolution, effective July 1, 2025, to terminate the Plan. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan's termination also ceased employee and employer contributions into the Plan and ceased issuing new participant notes receivable from the Plan. Existing Juniper Networks employees who became HPE employees were eligible to participate in the HPE Plan on August 1, 2025. Plan assets will be distributed as administratively possibly in June 2026.

Administration – The Company has appointed the Investment Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (Fidelity), and an affiliate of Fidelity, to act as the trustee and third-party administrator to process and maintain the records of participant data, respectively. Certain expenses are paid by the Plan unless paid by the Company.

Estimates – The preparation of financial statements in liquidation in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements in liquidation of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual method of accounting. Effective July 1, 2025, the Board of Directors of Juniper Networks elected to terminate the Plan. In conjunction with the termination of the Plan, the accompanying financial statements as of December 31, 2025 and 2024, have been prepared on the liquidation basis of accounting.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Juniper Networks, Inc. 401(k) Plan

Notes to Financial Statements in Liquidation

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gain include the Plan's gains and losses on investments bought or sold as well as held during the year.

Contributions – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation or the related participant compensation is earned.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of benefits – Benefits are recorded when paid.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service on June 30, 2020. The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements in liquidation. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risk. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through July 2, 2026, which is the date the financial statements in liquidation were available to be issued.

Reclassification – The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements in liquidation. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

Notes to Financial Statements in Liquidation

Note 2 – Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the valuation techniques used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using NAV practical expedient of the CCT as reported by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCTs have no unfunded commitments and can be redeemed daily with no restrictions.

Self-directed brokerage accounts: Include primarily investments in common stocks, mutual funds, and money market funds that are valued at the closing price reported on the active market on which the individual securities are traded.

Juniper Networks, Inc. 401(k) Plan

Notes to Financial Statements in Liquidation

The valuation techniques described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

2025				
	Level 1	Level 2	Level 3	Total

Note 3 – Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 4 – Participation and Benefits

Eligibility – Employees were eligible to participate in the Plan upon reaching the age of 21.

Participant contributions – Prior to the Plan's termination, participants could elect to have the Company contribute their eligible pre-tax or taxed (as Roth contributions) compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan permitted the automatic enrollment of eligible employees in the Plan with a contribution of 6% of eligible compensation unless the employee affirmatively elected otherwise. Participants who had the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld were invested in accordance with the participant's direction.

Participants were also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – Prior to the Plan's termination, the Company was allowed to make contributions to the Plan in the form of discretionary matching contributions, as defined in the Plan and approved by the Company. During 2024, the Company matched 30% of each eligible participant's contribution.

Vesting – Participants were immediately vested in their entire account, including employer discretionary matching contributions.

Participant accounts – Each participant's account was credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution. Allocations of the Company's contributions were based on participant contributions as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries could elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount or installment payments equal to the value of the participant's interest in their account. Participants could also request partial payments from their accounts. The Plan provided for the automatic lump-sum distribution of participant account balances that did not exceed \$1,000.

Notes receivable from participants – Prior to the Plan's termination, the Plan allowed participants to borrow up to the lesser of \$50,000 or 50% of their account balance. The notes receivable were secured by the participant's balance. Such notes receivable bore interest at the available market financing rates and were required to be repaid to the Plan within a five-year period, unless the proceeds were used for the purchase of a principal residence, in which case the maximum repayment period could be longer. The specific terms and conditions of such notes receivable were established by the Plan administrator. Outstanding notes receivable at December 31, 2025, carried interest rates ranging from 5.25% to 10.50% with maturities through June 2035.
