INDEPENDENT AUDITORS' REPORT

USA Pensions and Benefits Committee and Plan Participants
RBC U.S.A. Retirement and Savings Plan
Minneapolis, Minnesota

Opinion

We have audited the accompanying financial statements of RBC U.S.A. Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of RBC U.S.A. Retirement and Savings Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RBC U.S.A. Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RBC U.S.A. Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RBC U.S.A. Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RBC U.S.A. Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RBC U.S.A. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the RBC U.S.A. Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for complete information regarding the Plan’s definitions, benefits, eligibility, and other matters.

General — The Plan is a defined contribution plan covering all eligible employees for RBC Wealth Management, RBC Capital Markets, the U.S. office of Royal Bank of Canada, and RBC Bank (Georgia) (the “RBC Companies” or “the Company”) in the United States. The Plan Sponsor is RBC Holdco. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (the “Code”). Fidelity Investments Institutional Operations Company, Inc. is the Plan’s “Administrator” and Fidelity Management Trust Company is the Plan’s “Trustee”. The USA Pensions and Benefits Committee (the “Committee”) provides oversight of the plan.

Eligibility — Employees may make pretax and after-tax contributions to the Plan upon hire. Employees receive employer matching contributions beginning the first of the month following one year of service.

Contributions — Employees may contribute up to 50% of their compensation to the Plan on a pretax basis or on an after-tax basis to their Roth 401(k) account. In addition, employees may also contribute up to 5% of their compensation to the Plan on an after-tax basis. Participant contributions are subject to maximum amounts as described in the Code, which was \$23,500 for the 2025 plan year. Employees who have attained age 50 before the end of the plan year may also elect to make pretax and/or Roth 401(k) catch-up contributions up to 100% of compensation. Catch-up contributions were subject to an annual limit of \$7,500 under Internal Revenue Service (IRS) regulations during 2025 and \$11,250 catch-up contributions for employees ages 60-63. Catch-up contributions are not subject to RBC Companies’ matching contributions. Employees may also contribute to the Plan by making rollover contributions, which represent distributions from other qualified plans.

A fixed matching contribution is paid by the RBC Companies throughout the year as eligible employees make deferrals that are equal to one dollar for every dollar of a participant’s pretax contribution or after-tax Roth 401(k) contribution, up to a maximum of 6% of participant compensation. All matching contributions are invested in accordance with participant investment elections.

Employees who have not enrolled in the Plan at the time of hire are automatically enrolled for a 6% pretax contribution. If no investment elections are in place, the contribution is allocated to the appropriate JPMorgan Smart Retirement fund based on a normal age 65 retirement. Employees may opt out of this automatic enrollment. Additionally, employees may request a refund of an automatically enrolled amount if they make that request within 90 days of the initial contribution and the related company match would be forfeited.

Employee and employer contributions are limited to the extent necessary to comply with the applicable sections of the Code. Financial Consultants, Financial Advisors, Branch Manager, Regional Directors, or Complex Directors employed by RBC Capital Markets, LLC, are limited to \$1,500 fixed matching contributions. After-tax contributions (excluding Roth 401(k)) and catch-up contributions are not eligible for fixed matching contributions.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant account is credited with the participant’s voluntary pretax and/or after-tax contributions, Roth 401(k) after-tax contributions, the RBC Companies fixed matching contributions, fund earnings and/or losses, and charged with withdrawals and an allocation of fund expenses.

Investments — Participants may direct and redirect the balance of their account and contributions into any of the Plan’s investment options, including the Fidelity Brokerage Link investment option. The Fidelity Brokerage Link investment is a self-directed mutual fund brokerage account, which participants may choose to invest in a variety of eligible registered mutual funds. Investment elections may be changed by the participant daily. Participants may change the investment of

accounts or portions of accounts, including the RBC Common Stock dividends, from the RBC Stock Fund (the Company's unitized common stock fund which invests in RBC shares) into one or more other investment funds. The various investment options available to the participants include the RBC Stock Fund, mutual funds including target date funds, common collective trusts and Fidelity Brokerage Link.

Vesting — Participants are immediately vested in their pretax contributions, Roth 401(k) contributions, after-tax contributions, and rollover contributions, plus earnings thereon. Participants are 25% vested in the fixed employer matching contributions after two years of service and in 25% increments per year thereafter. All participants are fully vested after five years of service. In addition, all participants become fully vested upon death or disability, attaining retirement age, or if the Plan is terminated.

Forfeitures — After a participant's termination of employment, the unvested portion of the participant's account, if any, is forfeited at the time the participant takes a distribution from the Plan or is forfeited at the request of RBC. Forfeited amounts are retained in the Plan and used to reduce future RBC Companies' contributions or to pay administrative expenses of the Plan. Forfeitures of \$4,214,433 were used to reduce RBC Companies' contributions for the Plan year ended December 31, 2025. Forfeiture account balances were \$3,384,336 and \$2,083,510 as of December 31, 2025 and 2024, respectively.

The following summarizes the changes in the forfeiture accounts for the Plan year ended December 31, 2025:

Forfeiture accounts:		
Additions to forfeiture accounts	\$	5,695,413
Forfeitures used for employer contributions		(4,214,433)
Forfeitures used for administrative expenses		<u>(180,154)</u>
Net increase in forfeiture accounts	\$	<u>1,300,826</u>

If a participant is rehired by the RBC Companies or by an affiliate within five years after termination, the participant shall receive full restoration of the amount previously forfeited.

Notes Receivable from Participants — Participants may borrow from their vested account balance an amount not to exceed the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance within the past year. Additionally, the minimum loan amount is \$1,000. The normal maximum loan repayment period is five years. If the purpose of the loan is to acquire a principal residence, then the loan repayment period shall not exceed 15 years. In general, participants are limited to one loan from their vested account balance. A second loan is permitted if used for the acquisition of a principal residence. Interest on participant loans is fixed and is based on the Reuters published prime rate, plus 1% at the time of the loan. Current interest on existing loans ranges from 4.25% to 9.50%. Loans are due at various dates through 2040. Loans are generally repaid through regular payroll deductions and are deemed to be in default if payments are greater than 90 days past due.

Payment of Benefits — Upon termination of employment, participants may generally request a lump-sum distribution of the employee pretax, Roth 401(k) and after-tax contributions account balances. Each participant who has terminated employment and whose vested account balance is less than \$1,000 will automatically receive a lump-sum payment. If a participant's account balance is greater than \$1,000 but less than \$7,000, it is automatically rolled to a Fidelity Individual Retirement Account unless elected otherwise. Participants may also request in-service distributions, which are limited to the employee pretax, Roth 401(k), after-tax, catch-up, Roth catch-up and rollover contributions (excluding investment earnings on pretax, Roth 401(k), catch-up and Roth catch-up contributions) account balance, for financial hardship purposes as defined by the Plan. In addition, eligible participants between ages 50 and 59 1/2 may request special distribution of certain amounts from the Plan, subject to minimum service requirements. Participants may withdraw vested matching amounts that have

been in their account for at least 24 months. Distributions from the Plan are generally made in cash, except for the RBC Stock Fund where participants can choose to have their value paid in cash or RBC common shares.

Dividend Reinvestment — Participants can elect to have quarterly dividends paid on RBC stock in the RBC Stock Fund to be either reinvested or paid out in cash. Reinvested dividends have no current tax consequence to the Plan or participants. The dividends are included in interest and dividends. Dividends that are paid out in cash are considered taxable income in the year that they are paid. Total amount of dividends paid out for the year ended December 31, 2025, and included in benefits paid to participants, was \$1,239,016.

Voting Rights — Participants who have accounts invested in the RBC Stock Fund will receive the same information as is distributed to other shareholders of RBC. Each participant with an interest in the RBC Stock Fund will have the right, in accordance with and subject to the terms of the Plan, to direct the trustee of the Plan to vote the whole common shares represented by his or her interest in the fund. The trustee will vote the RBC common shares as to which voting directions are not received from participants in the same proportion as it votes the shares as to which voting directions are received from participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The Plan's financial statements and supplemental schedule have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Contributions — Participant and RBC Companies' fixed matching contributions are recorded in the period the employer makes the payroll deductions. Employer match true-up contributions are recorded as a receivable for the period to which they are related. Participant accounts are credited with the true-up contribution in the beginning of the following year. In the event of a delinquent participant contribution, actual lost earnings are determined and recorded in the effected participant's account to make the participant whole. If negative earnings are calculated on a delinquent participant contribution, it will not be taken from the participant's balance.

Benefits Paid to Participants — Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan who had not yet been paid as of December 31, 2025 and 2024. The unpaid amount was \$0 for the year ended December 31, 2025.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The USA Pensions Benefits Committee determines the Plan's valuation policies utilizing information provided by the Trustee. Common collective trust funds are stated the net asset value determined by the issuer of the common/collective trust. The RBC Stock Fund is valued based on the underlying assets as shown in Note 3. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31,

2025 and 2024. Notes receivable will be subject to any origination and periodic maintenance fees charged by the Trustee and record keeper and approved by the Committee. The origination fee will be an administrative fee charged to the Participant's Account.

Administrative Expenses — Administrative expenses are paid by the Plan Sponsor through the use of forfeitures as provided in the second amendment to the Trust Agreement between Trustee and the Plan Sponsor. Additionally, certain transaction costs for loans and investment redemptions are paid by the participants via reduction of participant account balances.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan provides various investment options in shares of registered investment companies, common collective trusts, and RBC Stock Fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. RBC COMMON STOCK FUND

The following summarizes the components of the RBC Common Stock Fund, on December 31, 2025 and 2024:

	2025	2024
Royal Bank of Canada Common Stock Fund:		
Royal Bank of Canada common stock	\$ 586,426,951	\$ 427,136,729
Fidelity institutional cash money market funds	11,487,308	7,783,395
Net Receivables (Payables)	<u>200,820</u>	<u>39,091</u>
Total	<u>\$ 598,115,079</u>	<u>\$ 434,959,215</u>

This investment makes up 12% and 10% of total investments as of December 31, 2025 and 2024.

4. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the Trustee as defined by the Plan. RBC is the Plan Sponsor. These transactions qualify as exempt party-in-interest transactions, as defined by ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

The Plan invests in the common stock of the Plan sponsor, RBC, which is a related party. On December 31, 2025 and 2024, the Plan held 3,439,656 and 3,544,409 shares, respectively, of common stock of RBC, with a cost basis of \$240,692,255 and \$228,596,991 respectively. During the year ended December 31, 2025, the Plan recorded dividend income of \$15,064,270 from the RBC Common Stock Fund. These transactions qualify as exempt party-in-interest transactions. During 2025 and 2024 the Plan's stock fund had the following transactions related to the Plan sponsor's common stock:

	2025	2024
Number of common shares purchased, shares	-	-
Number of common shares sold, shares	104,753	267,503
Market value of common shares sold, \$	17,859,339	32,236,787
Cost of common shares sold, \$	3,021,632	7,714,787

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the RBC Companies have the right under the Plan to discontinue contributions at any time and to amend or terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuations techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets for liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual and Money Market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end mutual and money market funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Personal Directed Brokerage Accounts: Consist of mutual and money market funds which are valued as identified above.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis on December 31, 2025 and 2024:

In accordance with DOL Form 5500 presentation, the Fidelity MIP II Class 3 is presented at Fair Value where the Plan presents as Net Asset Value as practical expedient and therefore, this reconciliation is presented.

9. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the RBC Companies by a letter dated December 18, 2015, that the Plan was designed in accordance with the applicable regulations of the Code requirements. The RBC Companies and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through the date and time the financial statements were issued.
