Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
THE VANGUARD GROUP, INC.
23-1945930

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

2. Information on Other Service Providers Receiving Direct or Indirect Compensation. Except for those persons for whom you answered "Yes" to line 1a above, complete as many entries as needed to list each person receiving, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of value) in connection with services rendered to the plan or their position with the plan during the plan year. (See instructions).

(a) Enter name and EIN or address (see instructions)

(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		144592
j Total expenses. Add all expense amounts in column (b) and enter total	2j		6712464

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		10879266
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PICKETT, CHANEY & MCMULLEN, LLP**

(2) EIN: **48-1246310**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2025 This Form is Open to Public Inspection.
For calendar plan year 2025 or fiscal plan year beginning 01/01/2025 and ending 12/31/2025		
A Name of plan MILBANK COMPANIES 401(K) PROFIT SHARING RETIREMENT PLAN		B Three-digit plan number (PN) ▶ 001
C Plan sponsor's name as shown on line 2a of Form 5500 MILBANK MANUFACTURING CO.		D Employer Identification Number (EIN) 44-0542075
Part I	Distributions	
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 23-2186884		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3
Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)	
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A		
If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____		
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)		6a
b Enter the amount contributed by the employer to the plan for this plan year		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III	Amendments	
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.	
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? ☐ Yes ☐ No		
11 a Does the ESOP hold any preferred stock? ☐ Yes ☐ No		
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) ☐ Yes ☐ No		
12 Does the ESOP hold any stock that is not readily tradable on an established securities market? ☐ Yes ☐ No

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants
of the Milbank Companies 401(k) Profit Sharing Retirement Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Milbank Companies 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MILBANK COMPANIES 401(k) PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of The Milbank Companies 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan and covers substantially all employees of Milbank Manufacturing Company (the “Company”). The Plan establishes a qualified cash arrangement permitting eligible employees to authorize the Company to make voluntary contributions on their behalf by payroll withholding. Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee, custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions – Participating employees may elect to contribute to the Plan up to 100% of their annual earnings as 401(k) deferrals or Roth contributions, subject to certain Internal Revenue Code (“IRC”) provisions. The Plan also allows “catch up” contributions for participants who turn 50 years of age during the Plan year. Refer to the schedule below for employer contributions.

The Plan’s auto-enrollment deferral feature enrolls all newly eligible participants into the Plan at a rate of 6%, unless the participant affirmatively elects another amount. Participants will have their deferral amount increased by 2%, up to a maximum of 14%, unless they affirmatively opt out of the automatic increase feature. The auto-escalation will take place on the date of pay increases at each union location, based on the respective unions’ contract date, and on July 1 for the Corporate employees.

The Company declared a profit-sharing contribution of \$240,000 for the 2025 Plan year for non-union participants. The contribution will be allocated to eligible participants based on their relative compensation. A participant must work at least 1,000 hours during the Plan year and be employed on the last day of the Plan year in order to receive an allocation of the discretionary profit-sharing contribution.

There are three locations of the Company where the employees are members of collectively bargained unions. There are specific sections in the union agreements that govern items such as Plan entry, matching contributions, whether or not participants may take a loan from the Plan, etc.

The following table describes certain Plan provisions for union and non-union employees.

Plan Provisions	Union Employees of the Concordia, MO Facility	Union Employees of the El Dorado, AR Facility	Union Employees of the Kansas City, MO Facility	Non-Union Employees
Entry Date for Employee Contributions	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service
Entry Date for Employer Contributions	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January, April, July or October	One year of service, entry dates on first day of January or July
Employer Matching Contribution	25% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees
Employer Fixed Hourly Contribution	50¢ per hour worked beginning August 1, 2023, 46¢ per hour worked prior	50¢ per hour worked	50¢, 75¢ or \$1 per hour worked (excludes overtime hours) based on years of service	None
Employer Profit Sharing Contribution	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, Company declared a profit sharing contribution of \$240,000.
Union Contract Dates	August 1, 2023 to July 31, 2026	February 7, 2023 to February 6, 2028	November 19, 2025 to November 18, 2029	Not applicable
Participants' Notes Receivable	Not permitted	Permitted	Permitted	Not permitted

Investment Options – Participants invest their contributions and their portion of the Company's contribution in a variety of mutual funds, and a common collective trust.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of the Plan's investment earnings or losses. Each participant's account is charged with the participant's withdrawals and distributions. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Certain participants may obtain a Plan loan for no less than \$1,000 and no more than the lesser of \$50,000 or one-half the employee's vested account balance. Participant loans may be repaid over a term up to five years, unless the loan is for purchasing a principal residence, in which case the loan must be repaid within 15 years. Each participant may not have more than one loan outstanding at any given time. Interest is set at the Prime rate plus 2%. Participant loans are drawn from participant account balances. Principal and interest payments are made by the participants, through either payroll deductions or a separate lump-sum payment.

Payment of Benefits – Distributions of vested balances are available upon termination of employment, retirement, reaching age 59 ½, death, or disability. Distributions can be made in a lump-sum amount, or periodically, subject to the life expectancies of the participant, designated beneficiaries, and joint survivors.

In-Service Withdrawals – Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Vesting – Participants are 100% vested in their voluntary contributions. Company contributions become 100% vested if a participant dies, becomes disabled, or reaches the normal retirement age of sixty-five while employed by the Company. If a participant terminates employment with the Company for any other reason prior to normal retirement age, vesting in the Company contributions occurs as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeitures – Participants forfeit their nonvested Company contributions on the earlier of the date of receipt of their vested balance or the last day of the Plan year in which they have a break in service. A break in service is defined as five consecutive Plan years in which the participant is employed for less than 501 hours per year. Forfeitures can be used to offset employer contributions, or to pay certain Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024, was \$8,219 and \$5,555, respectively. During 2025, forfeitures of approximately \$98,300 were used to offset employer contributions.

Administrative Expenses – The Plan pays certain administrative expenses incurred in operating the Plan, while the remaining expenses of the Plan are paid by the Company. The expenses paid by the Plan in 2025 were as follows:

Recordkeeping and information management	\$ 74,071
Investment advisory	32,850
Participant loan fees	9,900
Other participant fees	<u>27,771</u>
	<u>\$ 144,592</u>

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA, and in accordance with union contracts. In the event that the Plan should be terminated, all remaining Plan assets would be fully vested and allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds, common collective trust, and the money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are recorded in the year that services are rendered.

Payment of Benefits – Benefit payments are reported in the year of payment.

Date of Management's Review – Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued, and there were no events requiring recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2025:				
Mutual Funds	\$ 82,100,078	\$ -	\$ -	\$ 82,100,078
Total assets in the fair value heirarchy	<u>\$ 82,100,078</u>	<u>\$ -</u>	<u>\$ -</u>	82,100,078
Investments measured at net asset value (a)				<u>2,090,298</u>
Investments measured at fair value				<u>\$ 84,190,376</u>
December 31, 2024:				
Mutual Funds	\$ 71,069,689	\$ -	\$ -	\$ 71,069,689
Total assets in the fair value heirarchy	<u>\$ 71,069,689</u>	<u>\$ -</u>	<u>\$ -</u>	71,069,689
Investments measured at net asset value (a)				<u>2,160,237</u>
Investments measured at fair value				<u>\$ 73,229,926</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Notes receivable from participants and related income
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common collective trust managed by the Vanguard Group. The Vanguard Group is affiliated with the Vanguard Fiduciary Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan pays certain fees to Vanguard to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**THE MILBANK COMPANIES
401(k) PROFIT SHARING RETIREMENT PLAN**

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants
of the Milbank Companies 401(k) Profit Sharing Retirement Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Milbank Companies 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MILBANK COMPANIES 401(k) PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of The Milbank Companies 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan and covers substantially all employees of Milbank Manufacturing Company (the “Company”). The Plan establishes a qualified cash arrangement permitting eligible employees to authorize the Company to make voluntary contributions on their behalf by payroll withholding. Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee, custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions – Participating employees may elect to contribute to the Plan up to 100% of their annual earnings as 401(k) deferrals or Roth contributions, subject to certain Internal Revenue Code (“IRC”) provisions. The Plan also allows “catch up” contributions for participants who turn 50 years of age during the Plan year. Refer to the schedule below for employer contributions.

The Plan’s auto-enrollment deferral feature enrolls all newly eligible participants into the Plan at a rate of 6%, unless the participant affirmatively elects another amount. Participants will have their deferral amount increased by 2%, up to a maximum of 14%, unless they affirmatively opt out of the automatic increase feature. The auto-escalation will take place on the date of pay increases at each union location, based on the respective unions’ contract date, and on July 1 for the Corporate employees.

The Company declared a profit-sharing contribution of \$240,000 for the 2025 Plan year for non-union participants. The contribution will be allocated to eligible participants based on their relative compensation. A participant must work at least 1,000 hours during the Plan year and be employed on the last day of the Plan year in order to receive an allocation of the discretionary profit-sharing contribution.

There are three locations of the Company where the employees are members of collectively bargained unions. There are specific sections in the union agreements that govern items such as Plan entry, matching contributions, whether or not participants may take a loan from the Plan, etc.

The following table describes certain Plan provisions for union and non-union employees.

Plan Provisions	Union Employees of the Concordia, MO Facility	Union Employees of the El Dorado, AR Facility	Union Employees of the Kansas City, MO Facility	Non-Union Employees
Entry Date for Employee Contributions	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service
Entry Date for Employer Contributions	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January, April, July or October	One year of service, entry dates on first day of January or July
Employer Matching Contribution	25% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees
Employer Fixed Hourly Contribution	50¢ per hour worked beginning August 1, 2023, 46¢ per hour worked prior	50¢ per hour worked	50¢, 75¢ or \$1 per hour worked (excludes overtime hours) based on years of service	None
Employer Profit Sharing Contribution	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, Company declared a profit sharing contribution of \$240,000.
Union Contract Dates	August 1, 2023 to July 31, 2026	February 7, 2023 to February 6, 2028	November 19, 2025 to November 18, 2029	Not applicable
Participants' Notes Receivable	Not permitted	Permitted	Permitted	Not permitted

Investment Options – Participants invest their contributions and their portion of the Company's contribution in a variety of mutual funds, and a common collective trust.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of the Plan's investment earnings or losses. Each participant's account is charged with the participant's withdrawals and distributions. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Certain participants may obtain a Plan loan for no less than \$1,000 and no more than the lesser of \$50,000 or one-half the employee's vested account balance. Participant loans may be repaid over a term up to five years, unless the loan is for purchasing a principal residence, in which case the loan must be repaid within 15 years. Each participant may not have more than one loan outstanding at any given time. Interest is set at the Prime rate plus 2%. Participant loans are drawn from participant account balances. Principal and interest payments are made by the participants, through either payroll deductions or a separate lump-sum payment.

Payment of Benefits – Distributions of vested balances are available upon termination of employment, retirement, reaching age 59 ½, death, or disability. Distributions can be made in a lump-sum amount, or periodically, subject to the life expectancies of the participant, designated beneficiaries, and joint survivors.

In-Service Withdrawals – Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Vesting – Participants are 100% vested in their voluntary contributions. Company contributions become 100% vested if a participant dies, becomes disabled, or reaches the normal retirement age of sixty-five while employed by the Company. If a participant terminates employment with the Company for any other reason prior to normal retirement age, vesting in the Company contributions occurs as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeitures – Participants forfeit their nonvested Company contributions on the earlier of the date of receipt of their vested balance or the last day of the Plan year in which they have a break in service. A break in service is defined as five consecutive Plan years in which the participant is employed for less than 501 hours per year. Forfeitures can be used to offset employer contributions, or to pay certain Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024, was \$8,219 and \$5,555, respectively. During 2025, forfeitures of approximately \$98,300 were used to offset employer contributions.

Administrative Expenses – The Plan pays certain administrative expenses incurred in operating the Plan, while the remaining expenses of the Plan are paid by the Company. The expenses paid by the Plan in 2025 were as follows:

Recordkeeping and information management	\$ 74,071
Investment advisory	32,850
Participant loan fees	9,900
Other participant fees	<u>27,771</u>
	<u>\$ 144,592</u>

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA, and in accordance with union contracts. In the event that the Plan should be terminated, all remaining Plan assets would be fully vested and allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds, common collective trust, and the money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are recorded in the year that services are rendered.

Payment of Benefits – Benefit payments are reported in the year of payment.

Date of Management's Review – Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued, and there were no events requiring recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2025:				
Mutual Funds	\$ 82,100,078	\$ -	\$ -	\$ 82,100,078
Total assets in the fair value heirarchy	<u>\$ 82,100,078</u>	<u>\$ -</u>	<u>\$ -</u>	82,100,078
Investments measured at net asset value (a)				<u>2,090,298</u>
Investments measured at fair value				<u>\$ 84,190,376</u>
December 31, 2024:				
Mutual Funds	\$ 71,069,689	\$ -	\$ -	\$ 71,069,689
Total assets in the fair value heirarchy	<u>\$ 71,069,689</u>	<u>\$ -</u>	<u>\$ -</u>	71,069,689
Investments measured at net asset value (a)				<u>2,160,237</u>
Investments measured at fair value				<u>\$ 73,229,926</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Notes receivable from participants and related income
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common collective trust managed by the Vanguard Group. The Vanguard Group is affiliated with the Vanguard Fiduciary Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan pays certain fees to Vanguard to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE MILBANK COMPANIES
401(k) PROFIT SHARING RETIREMENT PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants
of the Milbank Companies 401(k) Profit Sharing Retirement Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Milbank Companies 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MILBANK COMPANIES 401(k) PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of The Milbank Companies 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan and covers substantially all employees of Milbank Manufacturing Company (the “Company”). The Plan establishes a qualified cash arrangement permitting eligible employees to authorize the Company to make voluntary contributions on their behalf by payroll withholding. Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee, custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions – Participating employees may elect to contribute to the Plan up to 100% of their annual earnings as 401(k) deferrals or Roth contributions, subject to certain Internal Revenue Code (“IRC”) provisions. The Plan also allows “catch up” contributions for participants who turn 50 years of age during the Plan year. Refer to the schedule below for employer contributions.

The Plan’s auto-enrollment deferral feature enrolls all newly eligible participants into the Plan at a rate of 6%, unless the participant affirmatively elects another amount. Participants will have their deferral amount increased by 2%, up to a maximum of 14%, unless they affirmatively opt out of the automatic increase feature. The auto-escalation will take place on the date of pay increases at each union location, based on the respective unions’ contract date, and on July 1 for the Corporate employees.

The Company declared a profit-sharing contribution of \$240,000 for the 2025 Plan year for non-union participants. The contribution will be allocated to eligible participants based on their relative compensation. A participant must work at least 1,000 hours during the Plan year and be employed on the last day of the Plan year in order to receive an allocation of the discretionary profit-sharing contribution.

There are three locations of the Company where the employees are members of collectively bargained unions. There are specific sections in the union agreements that govern items such as Plan entry, matching contributions, whether or not participants may take a loan from the Plan, etc.

The following table describes certain Plan provisions for union and non-union employees.

Plan Provisions	Union Employees of the Concordia, MO Facility	Union Employees of the El Dorado, AR Facility	Union Employees of the Kansas City, MO Facility	Non-Union Employees
Entry Date for Employee Contributions	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service
Entry Date for Employer Contributions	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January, April, July or October	One year of service, entry dates on first day of January or July
Employer Matching Contribution	25% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees
Employer Fixed Hourly Contribution	50¢ per hour worked beginning August 1, 2023, 46¢ per hour worked prior	50¢ per hour worked	50¢, 75¢ or \$1 per hour worked (excludes overtime hours) based on years of service	None
Employer Profit Sharing Contribution	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, Company declared a profit sharing contribution of \$240,000.
Union Contract Dates	August 1, 2023 to July 31, 2026	February 7, 2023 to February 6, 2028	November 19, 2025 to November 18, 2029	Not applicable
Participants' Notes Receivable	Not permitted	Permitted	Permitted	Not permitted

Investment Options – Participants invest their contributions and their portion of the Company's contribution in a variety of mutual funds, and a common collective trust.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of the Plan's investment earnings or losses. Each participant's account is charged with the participant's withdrawals and distributions. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Certain participants may obtain a Plan loan for no less than \$1,000 and no more than the lesser of \$50,000 or one-half the employee's vested account balance. Participant loans may be repaid over a term up to five years, unless the loan is for purchasing a principal residence, in which case the loan must be repaid within 15 years. Each participant may not have more than one loan outstanding at any given time. Interest is set at the Prime rate plus 2%. Participant loans are drawn from participant account balances. Principal and interest payments are made by the participants, through either payroll deductions or a separate lump-sum payment.

Payment of Benefits – Distributions of vested balances are available upon termination of employment, retirement, reaching age 59 ½, death, or disability. Distributions can be made in a lump-sum amount, or periodically, subject to the life expectancies of the participant, designated beneficiaries, and joint survivors.

In-Service Withdrawals – Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Vesting – Participants are 100% vested in their voluntary contributions. Company contributions become 100% vested if a participant dies, becomes disabled, or reaches the normal retirement age of sixty-five while employed by the Company. If a participant terminates employment with the Company for any other reason prior to normal retirement age, vesting in the Company contributions occurs as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeitures – Participants forfeit their nonvested Company contributions on the earlier of the date of receipt of their vested balance or the last day of the Plan year in which they have a break in service. A break in service is defined as five consecutive Plan years in which the participant is employed for less than 501 hours per year. Forfeitures can be used to offset employer contributions, or to pay certain Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024, was \$8,219 and \$5,555, respectively. During 2025, forfeitures of approximately \$98,300 were used to offset employer contributions.

Administrative Expenses – The Plan pays certain administrative expenses incurred in operating the Plan, while the remaining expenses of the Plan are paid by the Company. The expenses paid by the Plan in 2025 were as follows:

Recordkeeping and information management	\$ 74,071
Investment advisory	32,850
Participant loan fees	9,900
Other participant fees	<u>27,771</u>
	<u>\$ 144,592</u>

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA, and in accordance with union contracts. In the event that the Plan should be terminated, all remaining Plan assets would be fully vested and allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds, common collective trust, and the money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are recorded in the year that services are rendered.

Payment of Benefits – Benefit payments are reported in the year of payment.

Date of Management's Review – Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued, and there were no events requiring recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2025:				
Mutual Funds	\$ 82,100,078	\$ -	\$ -	\$ 82,100,078
Total assets in the fair value heirarchy	<u>\$ 82,100,078</u>	<u>\$ -</u>	<u>\$ -</u>	82,100,078
Investments measured at net asset value (a)				<u>2,090,298</u>
Investments measured at fair value				<u>\$ 84,190,376</u>
December 31, 2024:				
Mutual Funds	\$ 71,069,689	\$ -	\$ -	\$ 71,069,689
Total assets in the fair value heirarchy	<u>\$ 71,069,689</u>	<u>\$ -</u>	<u>\$ -</u>	71,069,689
Investments measured at net asset value (a)				<u>2,160,237</u>
Investments measured at fair value				<u>\$ 73,229,926</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Notes receivable from participants and related income
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common collective trust managed by the Vanguard Group. The Vanguard Group is affiliated with the Vanguard Fiduciary Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan pays certain fees to Vanguard to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE MILBANK COMPANIES
401(k) PROFIT SHARING RETIREMENT PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants
of the Milbank Companies 401(k) Profit Sharing Retirement Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Milbank Companies 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MILBANK COMPANIES 401(k) PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of The Milbank Companies 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan and covers substantially all employees of Milbank Manufacturing Company (the “Company”). The Plan establishes a qualified cash arrangement permitting eligible employees to authorize the Company to make voluntary contributions on their behalf by payroll withholding. Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee, custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions – Participating employees may elect to contribute to the Plan up to 100% of their annual earnings as 401(k) deferrals or Roth contributions, subject to certain Internal Revenue Code (“IRC”) provisions. The Plan also allows “catch up” contributions for participants who turn 50 years of age during the Plan year. Refer to the schedule below for employer contributions.

The Plan’s auto-enrollment deferral feature enrolls all newly eligible participants into the Plan at a rate of 6%, unless the participant affirmatively elects another amount. Participants will have their deferral amount increased by 2%, up to a maximum of 14%, unless they affirmatively opt out of the automatic increase feature. The auto-escalation will take place on the date of pay increases at each union location, based on the respective unions’ contract date, and on July 1 for the Corporate employees.

The Company declared a profit-sharing contribution of \$240,000 for the 2025 Plan year for non-union participants. The contribution will be allocated to eligible participants based on their relative compensation. A participant must work at least 1,000 hours during the Plan year and be employed on the last day of the Plan year in order to receive an allocation of the discretionary profit-sharing contribution.

There are three locations of the Company where the employees are members of collectively bargained unions. There are specific sections in the union agreements that govern items such as Plan entry, matching contributions, whether or not participants may take a loan from the Plan, etc.

The following table describes certain Plan provisions for union and non-union employees.

Plan Provisions	Union Employees of the Concordia, MO Facility	Union Employees of the El Dorado, AR Facility	Union Employees of the Kansas City, MO Facility	Non-Union Employees
Entry Date for Employee Contributions	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service	First pay period after completing 90 days of service
Entry Date for Employer Contributions	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January or July	One year of service, entry dates on first day of January, April, July or October	One year of service, entry dates on first day of January or July
Employer Matching Contribution	25% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees	50% of the first 6% deferred by employees
Employer Fixed Hourly Contribution	50¢ per hour worked beginning August 1, 2023, 46¢ per hour worked prior	50¢ per hour worked	50¢, 75¢ or \$1 per hour worked (excludes overtime hours) based on years of service	None
Employer Profit Sharing Contribution	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, none declared for 2025	Discretionary, Company declared a profit sharing contribution of \$240,000.
Union Contract Dates	August 1, 2023 to July 31, 2026	February 7, 2023 to February 6, 2028	November 19, 2025 to November 18, 2029	Not applicable
Participants' Notes Receivable	Not permitted	Permitted	Permitted	Not permitted

Investment Options – Participants invest their contributions and their portion of the Company's contribution in a variety of mutual funds, and a common collective trust.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of the Plan's investment earnings or losses. Each participant's account is charged with the participant's withdrawals and distributions. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Certain participants may obtain a Plan loan for no less than \$1,000 and no more than the lesser of \$50,000 or one-half the employee's vested account balance. Participant loans may be repaid over a term up to five years, unless the loan is for purchasing a principal residence, in which case the loan must be repaid within 15 years. Each participant may not have more than one loan outstanding at any given time. Interest is set at the Prime rate plus 2%. Participant loans are drawn from participant account balances. Principal and interest payments are made by the participants, through either payroll deductions or a separate lump-sum payment.

Payment of Benefits – Distributions of vested balances are available upon termination of employment, retirement, reaching age 59 ½, death, or disability. Distributions can be made in a lump-sum amount, or periodically, subject to the life expectancies of the participant, designated beneficiaries, and joint survivors.

In-Service Withdrawals – Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Vesting – Participants are 100% vested in their voluntary contributions. Company contributions become 100% vested if a participant dies, becomes disabled, or reaches the normal retirement age of sixty-five while employed by the Company. If a participant terminates employment with the Company for any other reason prior to normal retirement age, vesting in the Company contributions occurs as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeitures – Participants forfeit their nonvested Company contributions on the earlier of the date of receipt of their vested balance or the last day of the Plan year in which they have a break in service. A break in service is defined as five consecutive Plan years in which the participant is employed for less than 501 hours per year. Forfeitures can be used to offset employer contributions, or to pay certain Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024, was \$8,219 and \$5,555, respectively. During 2025, forfeitures of approximately \$98,300 were used to offset employer contributions.

Administrative Expenses – The Plan pays certain administrative expenses incurred in operating the Plan, while the remaining expenses of the Plan are paid by the Company. The expenses paid by the Plan in 2025 were as follows:

Recordkeeping and information management	\$ 74,071
Investment advisory	32,850
Participant loan fees	9,900
Other participant fees	<u>27,771</u>
	<u>\$ 144,592</u>

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA, and in accordance with union contracts. In the event that the Plan should be terminated, all remaining Plan assets would be fully vested and allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds, common collective trust, and the money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are recorded in the year that services are rendered.

Payment of Benefits – Benefit payments are reported in the year of payment.

Date of Management's Review – Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued, and there were no events requiring recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust – The issuer calculates a net asset value based on the market value of its underlying investments, less operating expenses, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

	Fair Value Measurements Using:			Fair Value
	Level 1	Level 2	Level 3	
December 31, 2025:				
Mutual Funds	\$ 82,100,078	\$ -	\$ -	\$ 82,100,078
Total assets in the fair value heirarchy	<u>\$ 82,100,078</u>	<u>\$ -</u>	<u>\$ -</u>	82,100,078
Investments measured at net asset value (a)				<u>2,090,298</u>
Investments measured at fair value				<u>\$ 84,190,376</u>
December 31, 2024:				
Mutual Funds	\$ 71,069,689	\$ -	\$ -	\$ 71,069,689
Total assets in the fair value heirarchy	<u>\$ 71,069,689</u>	<u>\$ -</u>	<u>\$ -</u>	71,069,689
Investments measured at net asset value (a)				<u>2,160,237</u>
Investments measured at fair value				<u>\$ 73,229,926</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The investment is valued daily, there are no unfunded purchase commitments, and no withdrawal restrictions.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Notes receivable from participants and related income
- Net appreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common collective trust managed by the Vanguard Group. The Vanguard Group is affiliated with the Vanguard Fiduciary Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan pays certain fees to Vanguard to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
