INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee of
EXO-S US, LLC 401(k) Plan
Howe, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of EXO-S US, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EXO-S US, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EXO-S US, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EXO-S US, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EXO-S US, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EXO-S US, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of the Plan

The following brief description of the EXO-S US, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

- (a) General - The Plan is a qualified 401(k) and profit sharing plan covering all employees of EXO-S US, LLC (the "Company" or "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Any employee age 18 or older and has completed three consecutive months of service, or one year of service if earlier are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In accordance with SECURE 2.0 Act for plan years beginning on or after January 1, 2025, certain long-term, part-time employees may also be eligible to participate in the Plan for purposes of making elective deferrals upon attaining eligibility.
- (b) Plan Expenses - Certain direct expenses are paid by the Plan. All other administrative expenses are paid by the Company.
- (c) Contributions - Contributions to the Plan are made by the participant and on a discretionary basis by the Company. An individual participant may elect to contribute a percentage of their salary or a defined dollar amount of their compensation not to exceed Internal Revenue Service ("IRS") limits. Participants direct their contribution into various investment options. Additional catch-up contributions are allowed for participants age 50 and over. The Company provides a matching contribution at their discretion for eligible employees who have attained age 18 and have completed at least three months of service during the Plan year. The Employer matched 50% of participant contributions up to 4% during the years ended December 31, 2025 and 2024. The Company may also provide discretionary profit sharing contributions to all employees who have attained age 18 and have completed one year of service. The profit sharing contribution for the years ended December 31, 2025 and 2024 was 1.34% of eligible compensation.
- (d) Forfeitures - Forfeitures may be used to reduce Company contributions or Plan expenses. Forfeitures used during the years ending December 31, 2025 and 2024 amounted to \$45,524 and \$37,989, respectively. The remaining balances of forfeited non-vested accounts were \$37,699 and \$52,952, as of December 31, 2025 and 2024, respectively.

Unclaimed property at year-end is included in the net assets balance and accompanying statement of changes in net assets available for benefits. Unclaimed property during the years ending December 31, 2025 and 2024 amounted to \$25,941 and \$17,329, respectively.

- (e) Withdrawals and Benefits - Distributions from the Plan may begin when a participant reaches the age of 59 ½. Distributions are also allowed for death, disability, or termination of employment. The Plan allows for hardship withdrawals in accordance with Plan restrictions. Distributions may be made in the form of a lump-sum distribution or annual installments. The value of the account, regardless of payment method, will be equal to the vested account balance at the time of retirement.

Notes to Financial Statements

December 31, 2025 and 2024

Description of the Plan (continued)

- (f) Vesting - Participants are immediately vested with respect to their deferrals. Employer discretionary profit sharing and matching contributions are subject to the following vesting schedule: Participants are 25% vested after one year of service; the vested portion increases to 50% after two years of service, 75% after three years of service, and 100% after four years of service. A participant who dies, reaches the age of retirement, or becomes permanently disabled immediately becomes 100% vested in matching and discretionary profit sharing contributions.
- (g) Participant Accounts - Each participant's account is credited with the participant's contributions and their allocation of (a) the Company's matching or profit sharing contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (h) Notes Receivable - A participant is permitted to borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans can be for no longer than a 5-year term, except for the purchase of a principal residence. Loans are repaid through payroll deductions. The interest rate on a loan is the prime rate listed in the Wall Street Journal plus 1% at the time each loan was disbursed. Participants are limited to one loan outstanding at any one time.

(2) Summary of Significant Accounting Policies

- (a) Basis of Accounting - The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- (b) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (c) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

- (d) Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.
- (e) Payment of Benefits - Benefits payments are recorded when paid.
- (f) Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.
- (g) Subsequent Events - The Plan evaluated subsequent events through July 17, 2026, the date the Plan's financial statements were available to be issued.

(3) Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by Empower Trust Company, LLC, the custodian of the Plan, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. The custodian has certified to the completeness and accuracy of all amounts and types of investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025, and the related investment activity reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

(4) Plan Termination and Amendment

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Additionally, the Company may amend the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefit.

(5) Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund.

Common Collective Trust Fund: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2025

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$ 8,073,019	\$ -	\$ -	\$ 8,073,019
Total investments in the Fair value heirarchy	8,073,019	-	-	8,073,019
Investments measured at NAV	617,465	-	-	617,465
Total	\$ 8,690,484	\$ -	\$ -	\$ 8,690,484

Assets at Fair Value as of December 31, 2024

	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$ 7,430,717	\$ -	\$ -	\$ 7,430,717
Total investments in the Fair value heirarchy	7,430,717	-	-	7,430,717
Investments measured at NAV	363,298	-	-	363,298
Total	\$ 7,794,015	\$ -	\$ -	\$ 7,794,015

(6) Income Taxes

The Plan is a prototype plan that has obtained an opinion letter stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
