INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan
Ravenna, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Great-West Trust Company, LLC, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan and to meet our other ethical

responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

1 Description of Plan

The following description of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began April 15, 1986, is a defined contribution plan covering all employees of Allen Aircraft Products, Inc. ("Company") who meet the service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was restated effective December 7, 2020 to comply with Department of Labor ("DOL") regulations and incorporate all previous amendments.

Effective January 1, 2025, the Plan was restated to make the Plan safe harbor.

Eligibility:

Employees who are members of a collective bargaining unit are excluded from Plan participation. All other employees are eligible to become participants on the first day of the quarter after completing six consecutive calendar months of service, including 500 hours, after their date of hire.

The Plan allows for automatic enrollment upon initial entry into the Plan. Upon enrollment, 3% of compensation per payroll period is withheld, unless the participant affirmatively elects a different percentage.

Contributions:

Participants may elect salary reduction contributions of up to 50% of their base pay, which includes overtime and bonuses. Catch-up contributions are allowed in accordance with Internal Revenue Service guidelines. Prior to January 1, 2025, the employer matching contribution were equal to 100% of the first 3% of the participant's salary reduction contributions. Effective January 1, 2025, the employer matching contribution became equal to 100% of the first 3% and 50% of the next 2% of the participant's salary reduction contributions.

At the end of each Plan year, the Company may provide a contribution on a discretionary basis on behalf of all eligible employees irrespective of salary reduction contributions for the Plan year. These contributions are referred to as non-matching contributions. Participants share in the non-matching contributions if they were employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. For the years ended December 31, the Company contributed \$100,000 (2025) and \$100,000 (2024) of non-matching contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

1 Description of Plan, Continued

Allocation of Non-Matching Contributions and Forfeitures:

A participant's share of forfeiture amounts from the non-vested portion of terminated participants' accounts are first used to pay expenses and then allocated in proportion to each participant's annual compensation as compared with the aggregate compensation of all participants for the Plan year. Total forfeitures allocated to participants were \$41,843 (2025) and \$4,047 (2024). Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants in the same manner as the employer's contribution. Forfeitures for the years ended December 31, 2025 and 2024 were \$101,978 and \$113,419, respectively.

A participant's share of non-matching contributions from the Company is allocated based on job classification allocations.

A participant whose employment is terminated before the end of a Plan year does not share in non-matching contributions unless termination is due to death, disability, or retirement.

Rollover contributions from other plans are also accepted.

Participants having 10 years of vested service are eligible to receive distributions before normal retirement age if they elect early retirement on or after age 55.

Vesting:

A participant's salary reduction and rollover contributions are fully vested. Employer matching and non-matching contributions are vested as follows:

Years of Credited Service	%
1 or less	0%
2 to 3	25%
3 to 4	50%
4 to 5	75%
5 or more	100%

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus accrued interest. The Plan permits participants to borrow against their vested interest in the Plan. The maximum loan amount available within any 12-month period is the lesser of (i) \$50,000 or (ii) 50% of the participant's vested interest in their account. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

1 Description of Plan, Continued

Notes Receivable from Participants, Continued:

Generally, loans must be repaid within five years and bear interest at rates equivalent to those charged by local lending institutions. Principal and interest are paid ratably through payroll deductions. The availability of hardship withdrawals and further limitations are discussed in greater detail in Plan documents.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account. Benefit payments to participants are recorded upon distribution.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments held in the Plan are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Certain professional fees of the Plan were paid on behalf of the Plan by the Company. Administrative fees are paid directly from investment earnings. Plan forfeitures may also be used to pay reasonable Plan expenses.

Risks and Uncertainties:

The Plan includes investments in mutual funds and common collective trust funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions:

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued.

3 Tax Status

On June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

4 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee:

	2025	2024
Investments, at fair value	\$ 21,570,241	\$ 20,040,937
Notes receivable from participants	\$ 177,786	\$ 195,336
Interest income on notes receivable from participants	\$ 17,473	\$ 17,070
Interest and dividend income	\$ 1,076,587	\$ 930,850
Net unrealized/realized appreciation	\$ 1,424,245	\$ 1,733,496

5 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Putnam Fiduciary Trust Company, an affiliate of Great-West Trust Company. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

6 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

* Quoted prices for similar assets or liabilities in active markets

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

6 Fair Value Measurements, Continued

- * Quoted prices for identical assets or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds:

The fair value of the mutual funds is based on quoted market prices.

Common Collective Trust Funds:

The fair value of the common collective trust funds is based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. Short-term securities with remaining securities of 60 days or less, are valued at amortized cost. These fall into the Level 2 category of the valuation hierarchy.

For the S&P 500 Fund, subscriptions to the fund will be accepted on a daily basis. Units will be credited based upon the net asset value per unit as of the close of the business on the date the subscription is received by the Trustee. Withdrawals generally will be permitted daily at a redemption price equal to the net asset value per units redeemed, as determined by the Trustee. Withdrawals request must be received by the Trustee prior to the closing of the New York Stock Exchange on the date on which the withdrawal is desired in order to receive the net asset value per unit for such date.

For the Stable Value Fund, the Fund invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks, and other financial institutions. The Fund is valued on a daily basis by the Stable Value trustee. All income and expenses shall be deemed to be accrued, received, or paid at an equal rate from day to day. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation.

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan
Ravenna, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Great-West Trust Company, LLC, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan and to meet our other ethical

responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

1 Description of Plan

The following description of the Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began April 15, 1986, is a defined contribution plan covering all employees of Allen Aircraft Products, Inc. ("Company") who meet the service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was restated effective December 7, 2020 to comply with Department of Labor ("DOL") regulations and incorporate all previous amendments.

Effective January 1, 2025, the Plan was restated to make the Plan safe harbor.

Eligibility:

Employees who are members of a collective bargaining unit are excluded from Plan participation. All other employees are eligible to become participants on the first day of the quarter after completing six consecutive calendar months of service, including 500 hours, after their date of hire.

The Plan allows for automatic enrollment upon initial entry into the Plan. Upon enrollment, 3% of compensation per payroll period is withheld, unless the participant affirmatively elects a different percentage.

Contributions:

Participants may elect salary reduction contributions of up to 50% of their base pay, which includes overtime and bonuses. Catch-up contributions are allowed in accordance with Internal Revenue Service guidelines. Prior to January 1, 2025, the employer matching contribution were equal to 100% of the first 3% of the participant's salary reduction contributions. Effective January 1, 2025, the employer matching contribution became equal to 100% of the first 3% and 50% of the next 2% of the participant's salary reduction contributions.

At the end of each Plan year, the Company may provide a contribution on a discretionary basis on behalf of all eligible employees irrespective of salary reduction contributions for the Plan year. These contributions are referred to as non-matching contributions. Participants share in the non-matching contributions if they were employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. For the years ended December 31, the Company contributed \$100,000 (2025) and \$100,000 (2024) of non-matching contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

1 Description of Plan, Continued

Allocation of Non-Matching Contributions and Forfeitures:

A participant's share of forfeiture amounts from the non-vested portion of terminated participants' accounts are first used to pay expenses and then allocated in proportion to each participant's annual compensation as compared with the aggregate compensation of all participants for the Plan year. Total forfeitures allocated to participants were \$41,843 (2025) and \$4,047 (2024). Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants in the same manner as the employer's contribution. Forfeitures for the years ended December 31, 2025 and 2024 were \$101,978 and \$113,419, respectively.

A participant's share of non-matching contributions from the Company is allocated based on job classification allocations.

A participant whose employment is terminated before the end of a Plan year does not share in non-matching contributions unless termination is due to death, disability, or retirement.

Rollover contributions from other plans are also accepted.

Participants having 10 years of vested service are eligible to receive distributions before normal retirement age if they elect early retirement on or after age 55.

Vesting:

A participant's salary reduction and rollover contributions are fully vested. Employer matching and non-matching contributions are vested as follows:

Years of Credited Service	%
1 or less	0%
2 to 3	25%
3 to 4	50%
4 to 5	75%
5 or more	100%

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus accrued interest. The Plan permits participants to borrow against their vested interest in the Plan. The maximum loan amount available within any 12-month period is the lesser of (i) \$50,000 or (ii) 50% of the participant's vested interest in their account. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

1 Description of Plan, Continued

Notes Receivable from Participants, Continued:

Generally, loans must be repaid within five years and bear interest at rates equivalent to those charged by local lending institutions. Principal and interest are paid ratably through payroll deductions. The availability of hardship withdrawals and further limitations are discussed in greater detail in Plan documents.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account. Benefit payments to participants are recorded upon distribution.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments held in the Plan are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Certain professional fees of the Plan were paid on behalf of the Plan by the Company. Administrative fees are paid directly from investment earnings. Plan forfeitures may also be used to pay reasonable Plan expenses.

Risks and Uncertainties:

The Plan includes investments in mutual funds and common collective trust funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions:

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 10, 2026, which is the date the financial statements were available to be issued.

3 Tax Status

On June 30, 2020, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

4 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee:

	2025	2024
Investments, at fair value	\$ 21,570,241	\$ 20,040,937
Notes receivable from participants	\$ 177,786	\$ 195,336
Interest income on notes receivable from participants	\$ 17,473	\$ 17,070
Interest and dividend income	\$ 1,076,587	\$ 930,850
Net unrealized/realized appreciation	\$ 1,424,245	\$ 1,733,496

5 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Putnam Fiduciary Trust Company, an affiliate of Great-West Trust Company. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

6 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

* Quoted prices for similar assets or liabilities in active markets

NOTES TO FINANCIAL STATEMENTS

Allen Aircraft Products, Inc. 401(k) Profit Sharing Plan

6 Fair Value Measurements, Continued

- * Quoted prices for identical assets or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds:

The fair value of the mutual funds is based on quoted market prices.

Common Collective Trust Funds:

The fair value of the common collective trust funds is based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. Short-term securities with remaining securities of 60 days or less, are valued at amortized cost. These fall into the Level 2 category of the valuation hierarchy.

For the S&P 500 Fund, subscriptions to the fund will be accepted on a daily basis. Units will be credited based upon the net asset value per unit as of the close of the business on the date the subscription is received by the Trustee. Withdrawals generally will be permitted daily at a redemption price equal to the net asset value per units redeemed, as determined by the Trustee. Withdrawals request must be received by the Trustee prior to the closing of the New York Stock Exchange on the date on which the withdrawal is desired in order to receive the net asset value per unit for such date.

For the Stable Value Fund, the Fund invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks, and other financial institutions. The Fund is valued on a daily basis by the Stable Value trustee. All income and expenses shall be deemed to be accrued, received, or paid at an equal rate from day to day. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation.
