To the Plan Administrator of
Geneva Software, Inc. 401(k) Retirement Plan
Herndon, Virginia

Opinion

We have audited the financial statements of Geneva Software, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**MEMBER OF CPAMERICA INTERNATIONAL, AN AFFILIATE OF CROWE GLOBAL
MEMBER OF THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS' PRIVATE COMPANIES PRACTICE SECTION**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Geneva Software, Inc. 401(k) Retirement Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of Plan

The following description of Geneva Software, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering all full-time employees of Geneva Software, Inc. (the Plan Sponsor or the employer) who are age 21 or older. The Plan is effective as of January 1, 1998, and qualifies under the Internal Revenue Code as a 401(k) Plan. Effective January 1, 2025, the Plan was amended and restated to add Eligible Automatic Contribution Arrangement provisions and permit in-Plan Roth rollovers and in-Plan Roth transfers, subject to certain conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee is eligible to make elective deferrals in the Plan beginning on first day of the month following his or her date of hire. Employees must attain a minimum age of 21 to become a participant in the Plan for purposes of making elective deferrals and receiving employer contributions.

Contributions

Each year, under the salary deferral contribution portion of the Plan, employees may elect to make contributions to the Plan up to current IRS limits. The Plan also allows for catch up contributions for participants who are 50 and older. Participants who are eligible to make elective deferral contributions may also elect to designate all or any portion of their future elective deferral contributions as Roth elective deferral contributions. The employer provides matching contributions of 60% of employee elective deferrals (not to exceed 5% of gross annual salaries) up to a maximum contribution of \$2,500. The employer may, at its discretion, make profit-sharing contributions. There were no profit-sharing contributions during the years ended December 31, 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Effective 1 January 2025, the Plan was amended to add an Automatic Enrollment feature for Pre-tax Elective Deferral contributions in the amount of 5% of Plan compensation. The automatic enrollment will increase by 1% up to a maximum of 15% of Plan compensation. The first deferral rate increase will occur on the first day of the second Plan year following the Plan year in which the first automatic deferral occurs. Subsequent deferral election increases will occur on the first day of each Plan year. The automatic elections will not apply to a participant if an Elective Deferral Contribution election was in effect on January 1, 2025.

Geneva Software, Inc. 401(k) Retirement Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with (a) the employee's contributions, (b) investment earnings and losses and (c) the employer's contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of investment earnings and losses, and administrative expenses, are based on account balances, or specific participant transactions, as defined in the Plan document.

Vesting

Participants are vested in employer contributions based on years of continuous service. A participant is fully vested after 3 years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	33%
2	67%
3	100%

Investment Elections

Contributions to the Plan are invested according to participant instructions. The Plan Sponsor has selected a list of investment options and has provided participants with information describing these investment options.

Payment of Benefits

Participants are entitled to receive distributions of their vested account in the Plan, upon termination of their employment, retirement, death or disability, or termination of the Plan without the establishment of a successor Plan.

A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments in substantially equal installments.

The Plan allows participants to make hardship withdrawals, provided that they have an immediate and severe financial need. The amount of any such withdrawal is limited to the amount of the financial need. Further contributions to the Plan are not allowed for a period of six months following a hardship withdrawal.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used first to pay administrative expenses, next to reduce future employer matching contributions, and then to reduce future non-elective employer contributions. The balance of forfeited non-vested accounts totaled \$3,253 and \$10,647 as of December 31, 2025, and 2024, respectively. Forfeitures totaling \$20,199 and \$166 were used to offset employer contributions for the years ended December 31, 2025, and 2024, respectively.

Geneva Software, Inc. 401(k) Retirement Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Interest on participant loans is 1% plus the prime rate published in the Wall Street Journal. For the years ended December 31, 2025 and 2024, respectively, the interest rates on outstanding participant loans ranged from 4.25% - 9.50%, maturing on various dates through April 15, 2035. A participant may only have two loans outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting and in accordance with *FASB ASC 962, Plan Accounting Defined Contribution Pension Plans*.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Delinquent loans are loans for which any scheduled repayment remains unpaid at the end of the period specified in the loan documents and any loans for which there is an outstanding principal balance existing after the last scheduled repayment date.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2025 and 2024

2. Summary of Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and some are paid by the Plan, which are included in these financial statements. Investment-related expenses are included as a reduction in the net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

3. Fair Value Measurements

In accordance with FASB ASC 820, Fair Value Measurement, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investments (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (Continued)

The following tables summarize the Plan's investments by level within the fair value hierarchy as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 26,284,886	\$ -	\$ -	\$ 26,284,886
Total Investments at Fair Value	\$ 26,284,886	\$ -	\$ -	\$ 26,284,886

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 22,549,510	\$ -	\$ -	\$ 22,549,510
Total Investments at Fair Value	\$ 22,549,510	\$ -	\$ -	\$ 22,549,510

4. Party-In-Interest Transactions

The Plan's investments are held by American Funds as the Custodian. American Funds also provides day-to-day support and recordkeeping services to the Plan. Therefore, transactions with American Funds qualify as party-in-interest transactions.

In addition, the Plan issues loans to participants, which are secured by the participant account balances. These transactions qualify as party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The Internal Revenue Service has ruled, in a letter dated June 30, 2020, that the volume submitter Plan document under which the Plan is designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). On January 1, 2025, the Plan adopted its most recent Plan amendment. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

6. Tax Status (Continued)

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 9, 2026, the date the financial statements were issued.
